**Sete anos** Mar 11 2022 Depois do sucesso do romance Fim, Fernanda Torres lança coletânea de crônicas marcadas pelo humor e pelo tom confessional. Desde 2007, Fernanda tem mantido assídua relação com a imprensa. Estreou na revista piauí, com "No Dorso Instável de um Tigre", um relato bem-humorado sobre o medo do ator ao entrar em cena. O texto fez sucesso na época e rendeu a Fernanda o convite para manter uma coluna quinzenal na Veja Rio, de onde saíram alguns textos presentes na coletânea, como "Dercy" e "A Dança da Morte". Pouco depois, voltou a escrever para a piauí. Os perfis de Bráulio Mantovani e Hany Abu-Assad nasceram por encomenda da revista. O divertido texto sobre o filme Kuarup, que narra as agruras vividas durante os dois meses e meio de filmagem no meio da selva, também saiu na revista. Em 2010, Fernanda iniciou

colaboração com o caderno Poder da Folha de S.Paulo. Sua missão era escrever sobre as eleições para a presidência. Muitos dos textos sobre política incluídos em Sete anos tiveram origem nesse período. Depois das eleições, Fernanda passou a manter uma coluna mensal no caderno de cultura do mesmo jornal. Mas há um texto inédito. É o pungente "Despedida", que trata da morte de seu pai. Por pudor, Fernanda preferira não publicá-lo à época, mas agora decidiu compartilhar a experiência dolorosa com seus leitores. "As crônicas aqui reunidas foram escritas ao longo de sete anos e contam a história do meu noviciado", diz a autora na apresentação do livro. "Desenvolver uma ideia dentro de um espaço determinado de linhas, falar de temas de interesse comum sem abrir mão do tom pessoal e dar valor à concisão são algumas lições que tomei do jornalismo."

*Flash and Crash Days* Nov 18 2022 *Flash and Crash Days: Brazilian Theater in the Post-Dictatorship Period* deals with the theater produced in Brazil during the 1980s and 1990s, especially postmodernist directors, women playwrights, and theater companies. It attempts to answer the following questions: Did the thriving stage of the 1950s and 60s wither during the reign of terror in the early 1970s, unleashed in the wake of the 1968 state of siege declared by the generals? Did the return to civilian government fail to create conditions for a new theater? A cursory glance at what little U.S. commentary on Brazilian theater has appeared in recent years could well

lead one to answer all of the above questions in the affirmative. Scholars beyond Brazil's borders appear to have bonded with those individuals and companies which contested and then fell victim to repression in the 1960s and 1970s. So pervasive is this scholarly trend that a vacuum, an empty stage has been created. There seems to be an unstated assumption that theater in Brazil thrives only under repression and dictatorship. It is an illusory vacuum. *Flash and Crash Days* examines how the absence of censorship, on the one hand, and the exigencies of protest and ideological purity on the other, have given rise to a variety of theatrical modes which Brazil has never experienced in the past, allowing all voices the opportunity to be heard in the marketplace of artistic ideas: women's perspectives, particularly those expressed by playwrights; sexual identity, including gender construction and gay perspectives; psychological issues; the individual in society; religion; formal experimentation

*Glory and Its Litany of Horrors* Jun 06 2024 From Fernanda Torres, the celebrated Brazilian actress and bestselling author of *The End*, comes a riotous tragicomedy of a famed actor's path from national sex symbol to cult icon to raving madman after a disastrous performance as *King Lear*. Mario Cardoso's meteoric rise to fame begins in the early sixties, when the promise of sex and revolution permeates the Rio air. But as he conquers the stage, arthouse cinema, and primetime TV, the fever and the decadence of stardom take their toll, and

middle-aged Mario finds himself with an ebbing reputation, hairline, and bank account. He needs a royal comeback. Enter King Lear. Mario's turn as Shakespeare's mad monarch goes well until he's overtaken by a fit of laughter that gets more demented with each performance. Forced to cancel the show, he's confronted with his mother's unstaged madness—she's now convinced that Mario is in fact her long-departed husband. Broke and desperate, Mario signs on for an evangelical network production: Sodoma. Yet, as low as he's fallen, Mario's final set is one he never imagined. With the wicked humor and fleet-footed pace that made her novel *The End* a runaway bestseller in Brazil, Fernanda Torres's *Glory* and its *Litany of Horrors* is a razor-sharp take on the uneasy marriage of Art and the marketplace, and on the profession of acting in all its horror and glory. Praise for *The End*: “*The End*, a riotous, sex-stuffed novel by Torres, which takes Technicolor pleasure in detailing the deaths of five incorrigible old beach bums of the Bossa Nova generation.... Her five men, whom she kills off in reverse chronology, are ‘united by male allegiance, women, and the beach, in that order’.... With America undergoing a mass reckoning with male sexuality, a novel like this feels both taboo and gleeful, a guilty kind of reprieve.” —Hermione Hoby, *The New Yorker* “The intense but tenuous bonds of male friendship give shape and structure to this energetic, impressive debut from acclaimed Brazilian actress Torres.

Set against the vivid backdrop of Copacabana, the episodic novel follows five contentious and devoted friends—Ciro, Silvio, Neto, Alvaro, and Ribeiro—from the hedonistic nights of their youth to the humbling days of old age. Beginning with the violent death of Alvaro, the group’s last surviving member, the story meticulously works its way back through the complicated lives of each friend, culminating with the operatic death of Neto, who retains a spark of youth until his last moments. Torres paints a sharp, intimate portrait of male sexuality and psychology (including the experience of aging), illuminating the friends’ profound differences (such as between the decadent Silvio and the meeker Ribeiro) while never undermining the believability of their connection. As assured as the characterizations of the central characters are the investigations of the men and women who surround them, the wives who abide their exploits and the priests who speak at their funerals. The narration and momentum remain lively and sharp throughout.” —Publishers Weekly, Starred Review “Set in Rio de Janeiro, this fine literary debut from one of Brazil’s most distinguished actors tells the stories of five men as they approach their inevitable (and in some cases premature) ends. By turns tragic and hilarious, the novel is about friendship, betrayal and excess, and about male fury against the ravages of old age.” —Angel Gurría-Quintana, Financial Times “The End is the perfect summer release. Torres creates an aging, male Carioca

friend group that is a mess of cynicism, nostalgia, frustration, and a seemingly unending appetite for sex. This book is raunchy, sophisticated, and so wonderfully Brazilian. I devoured this book in one sitting. Parabens Fernanda!!!” —Daniela Roger, Books & Books (Coral Gables, FL) "The year of 2013 would have been worth it for Fernanda Torres' novel alone. How beautiful it is to see an authentic literary talent emerge so clearly.... In her debut *The End*, she goes beyond just being a good writer. Her tone is so well crafted." —Caetano Veloso “You think you see *The End* coming—or the ending coming—but Fernanda Torres has other plans for you on this journey. Torres presents five friends—fairly flawed, tragic clowns—and their views on life and those around them as they try to navigate their lives and deaths. This novel is a funny, smart, well conceived, and perfectly executed playful look at mortality.” —Nick Buzanski, Book Culture (New York, NY) “Famed actress Fernanda Torres’s debut novel, *The End*, is a brutally unflinching look at the lifelong friendships of five aging male friends and the women in their lives.... [Torres has an] agile hand at establishing voice, pacing, and tone. Hers is strong, economical prose.... The machismo of each character is impressively rendered.... *The End* is vivid and irascible as it confronts the reality of aging, regrets, and death.” —Monica Carter, Foreword Reviews, Five-Heart Review “Torres’ writing [has] flair and wit... [an] unforgiving portrait of men at their worst.” —Kirkus

**Brazil** Jan 26 2021 Myths and misconceptions about Brazil, the world's fifth largest and most populous country, are long-standing. Far from a sleeping giant, Brazil is the southern hemisphere's most important country. Entering its second decade of civilian constitutional government after a protracted period of military rule, it has also recently achieved sustained economic growth. Nevertheless, the nation's population of 157 million is divided by huge inequities in income and education, which are largely correlated with race, and crime rates have spiraled as a result of conflicts over land and resources. Ronald Schneider, a close observer of Brazilian society and politics for many decades, provides a comprehensive multidimensional portrait of this, Latin America's most complex country. He begins with an insightful description of its diverse regions and then analyzes the historical processes of Brazil's development from the European encounter in 1500 to independence in 1822, the middle-class revolution in 1930, the military takeover in 1964, and the return to democracy after 1984. Schneider goes on to offer a detailed treatment of contemporary government and politics, including the 1994 elections. His closing chapters analyze the economy and society, and explore Brazil's rich cultural heritage and assess Brazil's place in the international arena.

Pilauco: A Late Pleistocene Archaeo-paleontological Site

Feb 27 2021 This volume combines 10 years of accomplished research at the Pilauco site. The studies are

focused on a variety of scientific areas including geological, sedimentological, geomorphological and paleobotanical topics, as well as paleontology of vertebrata and invertebrata, micropaleontology, archaeology, biochemistry, taxonomy, taphonomy, astrophysics and the development of some particular touristic aspects. In 18 chapters a variety of authors describe the excavation and investigation of this unique location. The book presents Pilauco as an example for the natural laboratory which can be found in South America, a testing ground for many of the hypotheses regarding migrations of animals and humans. In this context the study of topics, such as the paleozoography, the role of megafauna species for the architecture of the forests, the animal extinctions or the early human settlements, is extremely important on a global scale. The Pilauco site features paleontological and archaeological evidences and is contemporaneous with the Monte Verde site (~ 15,000 cal. yr AP). It is located 100 km north from Monte Verde and lies within the Intermediate Depression in northwestern Chilean Patagonia. It was discovered by chance in 1986 and has been excavated and investigated since 2007.

### **Building International Investment Law Jun 25 2023**

This volume celebrates the first fifty years of the International Centre for Settlement of Investment Disputes (ICSID) by presenting the landmark cases that have been decided under its auspices. These cases have addressed every aspect of investment disputes: jurisdictional thresholds; the substantive obligations found in investment treaties, contracts, and legislation; questions of general international law; and a number of novel procedural issues. Each chapter, written by an expert on the chapter's particular focus, looks at an international investment law topic through the lens of one or more of these leading cases, analyzing what the case held, how it has been applied, and its overall significance to the development of international investment law. These topics

include: - applicable law; - res judicata in investor-State arbitration; - notion of investment; - investor nationality; - consent to arbitration; - substantive standards of treatment; - consequences of corruption in investor-State arbitration; - State defenses - counter-claims; - assessment of damages and cost considerations; - ICSID Arbitration Rule 41(5) objections; - mass claims, consolidation and parallel proceedings; - provisional measures; - arbitrator challenges; - transparency and amicus curiae; and - annulment. Because the law of international investment continues to grow in importance in an ever globalizing world, this book is more than a fitting way to mark the past fifty years and to welcome the next fifty years of development. It will prove both educational for practitioners new to the field and informative for seasoned investment lawyers. ### Globalization, Gender Politics, and the Media Jun 13

2022 From advertising to television and film, feminist media scholars have examined the changing nature of media representations from the 1990's onwards in comparison to the 1950s in the UK and the US. Many debates focus on the current ambiguity surrounding media representations which are inserted within post-feminist texts that tend to equate female empowerment with choice, individualism and consumerism. This has occurred in a context where there have been some achievements in gender equality worldwide, with women occupying more spaces in the marketplace, business and government. In the last decades, Latin America has been through many changes. Inequality levels have been reduced and political trends have resulted in the election of female politicians throughout the continent, corresponding with a revival of gender politics and feminist movements. At the same time, however, countries like Brazil are still home to gender discrimination and inequality, with high levels of domestic violence towards women, low levels of political representation, a culture of machismo, and the enduring predominance of stereotypical gender representations in

the media. *Globalization, Gender Politics, and the Media* looks at the correlation between gender inequality in society with media representations, situating the case of Brazil and Latin America within the global quest for gender justice. It emphasizes the need to equate material and economic concerns with the examination of the reproduction of values and beliefs on gender through cultural and media outlets. Questions that are asked include, how can the media better contribute to assist in gender development and nation-building? How can online platforms make a difference? What can be done within the mainstream media to advance women's rights? What is understood by the myth of the "Brazilian woman," and how does this connect to other notions of what the "Third World woman" is? Using a triangulation methodology, this book includes a small selection of interviews with experts from international organizations, politicians in Brazil, and bloggers, as well as a sample of media analysis of ads, commercials, posters, campaign material, and feminist blogs to examine the challenges that gender equality faces in this country and the ways in which the media can make a difference.

*Gender and Society in Contemporary Brazilian Cinema*  
Feb 19 2023 "Gender is an absolute ground zero for most human societies," writes David William Foster, "an absolute horizon of social subjectivity." In this book, he examines gender issues in thirteen Brazilian films made (with one exception) after the 1985 return to

constitutional democracy and elimination of censorship to show how these issues arise from and comment on the sociohistorical reality of contemporary Brazilian society. Foster organizes his study around three broad themes: construction of masculinity, constructions of feminine and feminist identities, and same-sex positionings and social power. Within his discussions of individual films ranging from *Jorge um brasileiro* to *A hora da estrela* to *Beijo no asfalto*, he offers new ways of understanding national ideals and stereotypes, sexual dissidence (homoeroticism and transgenderism), heroic models, U.S./Brazilian relations, revolutionary struggle, and human rights violations. As the first study of Brazilian cinematic representations of gender ideology in English or Portuguese, this book will be important reading in film and cultural studies.

A ilusão da glória.» O novo romance de Fernanda Torres acompanha as desventuras de Mario Cardoso, ator de meia idade caído em desgraça. Amado pelo público graças aos papéis como galã de telenovela, Mario decide reconquistar o prestígio junto da elite intelectual, encenando uma das grandes peças de William Shakespeare. Mas as coisas não correm propriamente como esperava e, para a sua versão de Rei Lear, nem aplausos do público nem reconhecimento da elite. Apenas bolsos vazios e uma carreira no precipício. Começa então um verdadeiro desfile de azares, que tem início na demência da mãe e termina num beco sem saída. Mistura eletrizante de comédia de erros e retrato do artista, A glória e seu cortejo de horrores é o palco de toda uma geração: na pele de Mario, vemos a derrocada das ilusões de tantos outros, num mundo cada vez mais rendido às fúteis aparências. «São Paulo. A fraqueza me abateu em São Paulo. A empresa de engenharia que apoiou o espetáculo resolveu comemorar os cinquenta anos da

fundação convidando os funcionários para a estreia. No foyer, antes da sessão, foi servido ravióli de funghi com creme quatro queijos, acompanhado de vinho tinto da Serra Gaúcha. Depois de passar a sexta no batente, os convivas encheram a pança. Mal subiu a cortina, os primeiros roncões ecoaram. Como as pausas dramáticas amplificavam a sinfonia de Morfeu, passamos a evitá-las ao máximo. Atropelávamos as falas e quanto mais corríamos com o texto, mais arrastada ficava a peça. Foi um suplício lento, moroso, insuportável. Quando as luzes se acenderam para o agradecimento, esperamos pacientes metade da plateia acordar a outra e nos brindar com bocejos e aplausos apáticos.» Sobre *A glória e seu cortejo de horrores* : «O livro revela um enorme salto conquistado pela autora desde o seu romance de estreia... Surpreende a cada capítulo com as observações certeiras que marcam a escrita de Fernanda Torres.» *Tribuna do Norte* «Uma comédia irresistível encenada no palco largo e farsesco da história recente.» Veja «Lê-la é entrar em contato com uma artista e tanto, cheia de talento e domínio da escrita.» Heloisa Buarque de Hollanda « *A glória e seu cortejo de horrores* gruda na mão, no bestunto e no coração da gente, de tal jeito que o único consolo possível, ao chegar à última página, é correr de novo para a primeira e reler o livro todo, como, confesso, eu mesmo acabei fazendo.»

Human Growth and Nutrition in Latin American and Caribbean Countries Sep 04 2021 This book analyzes

biological and sociocultural factors that influence nutritional status, physical growth, development and maturation of children and adolescents in Latin American and Caribbean (LAC) countries in the perspective of human ecology. Chapters in this book bring together both theoretical and empirical studies that take into account human biological and environmental conditions to understand how ethnic diversity, culturally determined lifestyle and dietary habits influence biological variation of human growth and nutrition in nine LAC countries: Argentina, Brazil, Chile, Cuba, Dominican Republic, El Salvador, Guatemala, Mexico, and Peru. The book is divided into three sections. Chapters in the first section analyze nutritional and epidemiological aspects of child growth in the region. Articles in the second section focus on methods to evaluate human growth, development, and maturation. Finally, the third section brings together a series of studies representing different LAC countries, analyzing biocultural impacts on child growth and nutrition. By bringing together studies about the relationship between human biology, cultural diversity, nutrition and health in a region with huge environmental challenges, this volume addresses many of the challenges to achieve the United Nation's Sustainable Development Goals 2 (Zero Hunger) and 3 (Good Health and Well-Being). Chapters in this volume present and discuss data on the effects of malnutrition on children's and adolescent's health and development, such as chronic

undernutrition or stunting (growth deficit) and excess weight (overweight and obesity) as the risk factors for child morbidity and mortality due to non-communicable diseases. *Human Growth and Nutrition in Latin American and Caribbean Countries* will be a valuable resource for both students and researchers in different disciplines dedicated to the interdisciplinary research on the intersection between human biology, cultural diversity, nutrition and health. It will also be a useful source of information for both health professionals and policy makers developing and implementing interventions and public policies to achieve UN's SDGs 2 and 3, particularly in the LAC regions.

**Fin** Apr 04 2024 Fernanda Torres, la autora revelación de la literatura brasileña, da voz a una generación perdida y retrata a todo un país. Una magnífica novela que demuestra que en todo el mundo vivir crea las mismas heridas. «Arrebatador. Un debut impresionante.» Mario Sergio Conti Cinco jóvenes se conocen en las playas de Río de Janeiro. Compartirán carnavales y fiestas llenas de sexo, drogas y alcohol durante la explosión de los años sesenta y setenta. Serán testigos de la radical transformación de un país que cambiará para siempre sus costumbres y valores. Un periodo que supondrá para esos amigos separaciones, excesos y arrepentimientos. Álvaro, Sílvio, Ribeiro, Neto y Ciro son muy diferentes entre sí, pero todos ellos, al encontrarse casi al final de sus vidas, carecen de nuevos horizontes. El éxito, la realización y la serenidad ya no son importantes. Solo parecen contar con su particular inventario de frustraciones. En las páginas de Fin hay sol, playa, felicidad, juventud, pero también fracaso, resignación y melancolía. Fin es «pequeño en tamaño pero grandioso en su voz narrativa» (Ronaldo

Gomes, Livro sobre livro). Performing Authorship May 01 2021 The figure of the auteur continues to haunt the study of film, resisting both the poststructuralist charges that pointed to its absence and the histories of production that have described its pitfalls. In an era defined by the instability of identities and the recycling of works, *Performing Authorship* offers a refreshingly new take on the cinematic auteur, proposing that the challenges that once accelerated this figure's critical demise should instead pump new life into it. This book is about the drama of creative processes in essay, documentary and fiction films, with particular emphasis on the effects that the filmmaker's body exerts

on our sense of an authorial presence. It is an illuminating analysis of films by Jean-Luc Godard, Woody Allen, Agnes Varda, Orson Welles, Jean Rouch, Eduardo Coutinho and Sarah Turner that shows directors shifting between opposite movements towards exposure and masking, oscillating between the assertion and divestiture of their authorial control. In the process, Cecilia Sayad argues, the film author is not necessarily at the work's origin, nor does it constitute the end product. What this new concept of performing authorship describes is the making and unmaking of a subject.

*Atlas of Pediatric Dermatoscopy* Jul 03 2021 This atlas, containing a wealth of clinical and dermoscopic images, describes and illustrates the applications of dermoscopy in a wide variety of skin disorders that may be encountered in the pediatric population. Key features and other salient aspects are highlighted with the aim of enabling the clinician to reach a fast and reliable diagnosis in all cases. Dermoscopy is a non-invasive technique that allows rapid and magnified in vivo observation of the skin, with visualization of morphologic features imperceptible to the naked eye. Dermoscopy has revolutionized the approach to pigmented skin lesions, greatly improving diagnostic accuracy. Furthermore, over the past few years it has been demonstrated to be very useful in the diagnosis, follow-up, and therapeutic monitoring of a range of other skin disorders, including cutaneous/mucosal infections, ectoparasitoses, inflammatory diseases, and hair and nail

abnormalities. Being non-invasive, dermoscopy is particularly suitable for use in the pediatric population, in which invasive diagnostic procedures may be problematic.

**The End** May 05 2024 *The End* centers on five friends in Rio de Janeiro who, nearing the end of their lives, are left with memories—of parties, marriages, divorces, fixations, inhibitions, bad decisions—and the physical indignities of aging. Alvaro lives alone and spends his time going from doctor to doctor and bemoaning the evils of his ex-wife. Silvio is a junkie who can't give up the excesses of sex and drugs even in his old age. Ribeiro is an athletic beach bum enjoying a prolonged sex life thanks to Viagra. Neto is the square member of the group, a faithful husband until his last days. And Ciro is the Don Juan envied by all—but the first to die, struck down by cancer. For all of them, successful careers, personal revelations, and Zen serenity are out of the question, blocked by a seemingly insurmountable wall of frustrations. Orbiting around them are a priest questioning his vocation and a cast of complicated women, neglected and embattled by these self-involved men. Edgy and wise, this tragicomic debut delves into taboo subjects—death, infidelity, impotence, the difficulties of marriage—with unsentimental honesty, and brings Rio and these characters to life in full color.

**Listening to Others** May 25 2023 *Listening to Others* is the first English-language volume dedicated solely to the vast corpus of the preeminent Brazilian director, Eduardo Coutinho (1933–2014). From his early work in the 1960s to his last, posthumous film in 2015, Coutinho transformed documentary filmmaking in Brazil and beyond. Described as an informal linguist and savage anthropologist, Coutinho filmed encounters with people different from himself that foregrounded their voices and his role as an attentive listener, creating a "cinema of listening." This collection brings together leading scholars of film, literature, visual culture, Brazilian studies, and Latin American studies, from the United States and Latin America, to examine both Coutinho's masterpieces and less studied films. Using a range of approaches, the contributors invite new ways of understanding the documentarian's trajectory and importance as his work transformed in response to dictatorship, democratization, and other political, social, and technological changes over the course of five decades. The volume also features original translations of a selection of Coutinho's writings and key texts by Brazilian critics to offer a historical perspective on his filmmaking and its reception.

**Hurricane Season** Jan 09 2022 The English-language debut of one of the most thrilling and accomplished young Mexican writers Winner of the Queen Sofía Spanish Institute's Translation Prize Longlisted for the National Book Award Shortlisted for the Booker Prize Winner of

the Internationaler Literaturpreis New York Public Library Best Books of 2020 Chicago Public Library Best Book of 2020 *The Witch is dead*. And the discovery of her corpse has the whole village investigating the murder. As the novel unfolds in a dazzling linguistic torrent, with each unreliable narrator lingering on new details, new acts of depravity or brutality, Melchor extracts some tiny shred of humanity from these characters—innies whom most people would write off as irredeemable—forming a lasting portrait of a damned Mexican village. Like Roberto Bolaño's *2666* or Faulkner's novels, *Hurricane Season* takes place in a world saturated with mythology and violence—real violence, the kind that seeps into the soil, poisoning everything around: it's a world that becomes more and more terrifying the deeper you explore it.

*Sevastopol* Sep 28 2023 Three subtly connected stories converge in this chimerical debut, showcasing a powerful new Brazilian voice Three subtly connected stories converge in this chimerical debut, each burrowing into a turning point in a person's life: a young woman gives a melancholy account of her obsession with climbing Mount Everest; a Peruvian-Brazilian vanishes into the forest after staying in a musty, semi-abandoned inn in the haunted depths of the Brazilian countryside; a young playwright embarks on the production of a play about the city of Sevastopol and a Russian painter portraying Crimean War soldiers. Inspired by Tolstoy's *The*

Sevastopol Sketches, Emilio Fraia masterfully weaves together these stories of yearning and loss, obsession and madness, failure and the desire to persist, in a restrained manner reminiscent of Anton Chekhov, Roberto Bolano, and Rachel Cusk.

**Southern Screens: Cinema, Culture and the Global**

**South** Jan 21 2023 *Southern Screens: Cinema, culture and the global South* adopts a transversal south-south approach to the study of screen culture across national and cultural territories. It examines the conditions by which screen culture participates in the generation, sharing, and circulation of new knowledge that is both southern and about the global South. The contributors, all of them

residents of the world's southernmost nations, examine new and traditional media that manifests an affinity with southern cultural imaginaries and territories identifiable through the sociological category of "Global South." Some of their chapters engage in analysis linked to specific national contexts, others follow comparative approaches to screen culture across national, regional, and socio-historical borders. Sketching a new tapestry of references to other areas of southern social science and cultural theory, *Southern Screens* traces a critical genealogy that here finds a productive place within an emerging, comparative discussion of the screen cultures of the Global South. This book was originally published as a special issue of *Critical Arts: South-North Cultural and Media Studies*.

The Collected Works Nov 30 2023 Saint Rafael Arnaiz was born in Burgos, Spain, on April 9, 1911. When he was twenty-one years old, he left behind the comforts of

his wealthy family and an unfinished degree in architecture to join the Trappist-Cistercian abbey of San Isidro de Dueñas. A sudden onset of diabetes and the beginning of the Spanish Civil War (1936–1939) turned his monastic journey into an unusual one. In these unfavorable circumstances and despite the shortness of his life (he died soon after his twenty-seventh birthday), Rafael developed a solid spirituality, which in its simplicity is a straight path to holiness. He has been compared to mystics like Teresa of Ávila and John of the Cross, whose writings inspired him, and his theology of the cross, born from his prayer, places him in continuity with the best of the monastic tradition. In his letters and journals, compiled in this volume, his heart speaks of the joys and struggles of striving to live for God alone.
