partnership with the Washington Center for Improving the Quality of Undergraduate Education First year seminars and learning communities are two of the most commonly offered high impact practices on U S campuses The goals of these initiatives are similar helping students make connections to faculty and other students improving academic performance and increasing persistence and graduation As such it is not surprising that many institutions choose to embed first year seminars in learning communities This volume explores the merger of these two high impact practices In particular it offers insight into how institutions connect them and the impact of those combined structures on student learning and success In addition to chapters highlighting strategies for designing teaching in and assessing combined programs case studies offer practical insights into the structures of these programs in a variety of campus settings *The College Environment* Alexander W. Astin,1968 *Basic Study Manual* L. Sims,Jeramy Wallace,Lasana O. Hotep,Jennifer Taylor-Mendoza,Tabitha Conaway,2020-05-15 It is difficult to find justice centered books geared specifically for community college practitioners interested in achieving campus wide educational equity It is even more difficult to find a book in this vein written exclusively by community college practitioners Minding the Obligation Gap in Community Colleges and Beyond is just that a concerted effort by a cross representational group of community college practitioners working to catalyze conversations and eventually practices that attend to the most pressing equity gaps in and on our campuses By illuminating the constitutive parts of the ever increasing obligation gap this book offers both theory and practice in reforming community colleges so that they function as disruptive technologies It is our position that equity centered community colleges hold the potential to call out impede and even disrupt institutionalized policies pedagogies and practices that negatively impact poor ethno racially minoritized students of color If you and your college is interested in striving for educational equity campus wide please join us in this ongoing conversation on how to work for equity for all of the students that we serve *Grammar Alive!* Brock Haussamen,2003 Offers elementary teachers advice and strategies to help them teach apply and understand English grammar while still adhering to state and school standards
