created a new life for the military skills that had been trained into him and his own inborn leadership ability could not be erased After founding a mercenary marine company he had earned a reputation for defeating dangerous pirate fleets When Inda discovers that his home country is about to be attacked from the sea by an ancient enemy he throws his carefully guarded anonymity to the winds and returns home After nearly a decade at sea Inda finds his home utterly changed His good friend Evred the formerly powerless and harassed younger prince is now king Evred has heard of Inda s martial accomplishments at sea and is determined to make Inda his Royal Shield Arm the person in charge of defending the entire kingdom Though Inda is skilled his experience is entirely naval Can a former pirate captain alter his tactics to become a successful ground commander in time to save his endangered homeland
