

WUTHERING HEIGHTS

Children who are asked to read slightly above their comfort level will develop into superior readers. Reading is not a passive activity for pleasure. Reading requires an active, discriminating mind that is challenged to think, compare, and contrast. Students who have been challenged by good literature will never be satisfied with poor-quality books.

Literature study guides train students to become active readers. Our guides focus on vocabulary, spelling, comprehension, and composition skills. Each lesson includes a word study to help students build vocabulary. Comprehension questions teach students to think about what they have read, to identify the important content of each story, and to compose a clear, concise answer to a question, a difficult skill at any age.

Memoria Press Literature Series

FIRST FORM LATIN: Latin Grammar, Year One

It has never been easier to teach Latin! The uniqueness of this program lies in: a text organized into five units that enables the learner to comprehend the whole in its logical parts; a comprehensive full-size workbook that provides 4-6 pages of exercises for each lesson, guiding the student through every skill needed for mastery; a comprehensive teacher manual with key, scripted lesson plans, chalk talk, recitation, and review guidelines, quizzes, tests, flashcards, vocabulary drill sheets, and much more!

All the techniques developed by Cheryl Lowe over the last 25 years have been incorporated. *First Form Latin* is the first in a series of four texts that covers the entire Latin grammar at a pace that fosters mastery rather than frustration. This beautiful, concise text of approximately 30 two-page lessons visually and logically unfolds the Latin grammar before the eyes of the student, one double lesson at a time. This series enables the parent or teacher with no Latin background to have a state-of-the-art Latin program.

DOROTHY MILLS HISTORIES

Memoria Press is proud to bring these Dorothy Mills history books from the 1920s back into publication — with added illustrations! Mills' books include quotes from great classical historians such as Herodotus and Cicero, making them a great preparation for reading these authors in high school. We also wrote study guides so that you can have a total classical history curriculum in the middle school years. Our study guides contain reading notes, vocabulary, comprehension questions, enrichment activities, maps, and tests.
