Stuttering Severity Instrument Mar 31 2021 SSI-4: stuttering Severity instrument - Fourth Edition is a reliable and valid norm-referenced stuttering assessment that can be used for both clinical and research purposes. It measures stuttering severity in both children and adults in the four areas of speech behavior: (1) frequency, (2) duration, (3) physical concomitants, and (4) naturalness of the individual's speech. Frequency is expressed in percent syllables stuttered and converted to scale scores of 2-18. Duration is timed to the nearest one tenth of a second and converted to scale scores of 2-18. The four types of Physical Concomitants are and converted to scale scores of 0-20. The SSI-4 can also be used in conjunction with the stuttering prediction instruments for Young Children (SPI). SSI-4 was normed on a sample of 72 preschool-aged children, 139 school-aged children, and 60 adults. It has four components, each of which is used to assess and monitor the stuttering severity in both children and adults for clinical and research use: (1) Examiner's Manual and Picture Plates, (2) Test Record and Frequency Computation Forms, (3) Subjective stuttering Scales, and (4) Computerized Scoring of stuttering Severity (Software Version 2.0). The Computerized Scoring of the stuttering Severity (Version 2; CSSS-2.0) software is provided to facilitate the calculation of frequency and duration. The CSSS-2.0 automatically produces a record of the percentage of syllables stuttered (frequency) and the duration of the three longest stuttering events. Minimum System Requirements: IBM PC or compatible Windows 2000(SP4)/2003/XP/Vista Processor: 600 MHz Pentium III;equivalent or higher 1.45 MB hard disk space External mouse and keyboard recommended (for scoring accuracy) CD-ROM drive Complete SSI-4 (c2009) Kit Includes: Examiner's Manual and Picture Plates 50 Test Record and Frequency Computation Forms CSSS 2.0

Guccione's Geriatric Physical Therapy E-Book Jul 28 2023 Offering a comprehensive look at physical therapy science and practice, Guccione's Geriatric Physical Therapy, 4th Edition is a perfect resource for both students and practitioners alike. Year after year, this text is recommended as the primary preparatory resource for the Geriatric Physical Therapy Specialization exam. And this new fourth edition only gets better. Content is thoroughly revised to keep you up to date on the latest geriatric physical therapy protocols and conditions. Five new chapters are added to this edition to help you learn how to better manage common orthopedic, cardiopulmonary, and neurologic conditions; become familiar with functional outcomes and assessments; and better understand the psychosocial aspects of aging. In all, you can rely on Guccione's Geriatric Physical Therapy to help you effectively care for today's aging patient population. Comprehensive coverage of geriatric physical therapy prepares students and clinicians to provide thoughtful, evidence-based care for aging patients. Combination of foundational knowledge and clinically relevant information provides a meaningful background in how to effectively manage geriatric disorders Updated information reflects the most recent and relevant information on the Geriatric Clinical Specialty Exam. Standard APTA terminology prepares students for terms they will hear in practice. Expert authorship ensures all information is authoritative, current, and clinically accurate. NEW! Thoroughly revised and updated content across all chapters keeps students up to date with the latest geriatric physical therapy protocols and conditions. NEW! References located at the end of each chapter point students toward credible external sources for further information. NEW! Treatment chapters guide students in managing common conditions in orthopedics, cardiopulmonary, and neurology. NEW! Chapter on functional outcomes and assessment lists relevant scores for the most frequently used tests. NEW! Chapter on psychosocial aspects of aging provides a well-rounded view of the social and mental conditions commonly affecting geriatric patients. NEW! Chapter on frailty covers a wide variety of interventions to optimize treatment. NEW! Enhanced eBook version is included with print purchase, allowing students to access all of the text, figures, and references from the book on a variety of devices.

Diversity and Motivation Mar 04 2024 When the first edition of *Diversity and Motivation* was published in 1995, it became a premier resource for faculty and administrators seeking effective and practical strategies that foster motivation among culturally diverse student groups. This revised and updated second edition of *Diversity and Motivation* offers a comprehensive understanding of teaching methods that promote respect, relevance, engagement, and academic success. Margery B. Ginsberg and Raymond J. Wlodkowski base their insights and concrete suggestions on their experiences and research as college faculty. The book defines norms, illustrates practices, and provides tools to develop four foundational conditions for intrinsically motivated learning: establishing inclusion, developing a positive attitude, enhancing meaning, and engendering competence. The authors provide perspectives on the social justice implications of each condition. *Diversity and Motivation* includes resources to help educators create a supportive community of learners, facilitate equitable discussions in linguistically diverse classrooms, design engaging lessons, and assess students fairly. The ideas in this book apply across disciplines and include teaching practices that can be easily adapted to a range of postsecondary settings. In addition, the authors include a cohesive approach to syllabus construction, lesson design, and faculty development. This new edition also contains a framework for motivating students outside traditional classroom settings.

Planning Programs for Adult Learners Oct 31 2023 Strengthen your adult education program planning with this essential guide *Planning Programs for Adult Learners: A Practical Guide*, 4th Edition is an interactive, practical, and essential guide for anyone involved with planning programs for adult learners. Containing extensive updates, refinements, and revisions to this celebrated book, this edition prepares those charged with planning programs for adult learners across a wide variety of settings. Spanning a variety of crucial subjects, this book will teach readers how to: Plan, organize, and complete other administrative tasks with helpful templates and practical guides Focus on challenges of displacement, climate change, economic dislocation, and inequality Plan programs using current and emerging digital delivery tools and techniques including virtual and augmented reality *Planning Programs for Adult Learners* provides an international perspective and includes globally relevant examples and research that will inform and transform your program planning process. Perfect for adult educators and participants in continuing education programs for adults, the book will also be illuminating for graduate students in fields including education, nursing, human resource development, and more.

The Road to Freedom Sep 29 2023 A workbook for sex offenders incorporating the latest developments in relapse prevention training. It features the four-path R-P model and invites offenders, in an easy-to-read style, to examine their own approach to offending, addressing the high risk factors that trigger and maintain that approach. This book looks beyond the cognitive and behavioral linchpins of offending to the powerful emotional needs that energize deviant sex. The authors believe that only by learning to meet these needs in healthy ways can offenders attain the positive reinforcements that lead to maintaining important lifestyle changes. Newly-added sections address the role of polygraphy in sex offender treatment and the role of the Internet in sexual compulsivity.

Bereavement Dec 21 2022 The loss of a loved one is one of the most painful experiences that most of us will ever have to face in our lives. This book recognises that there is no single solution to the problems of bereavement but that an understanding of grief can help the bereaved to realise that they are not alone in their experience. Long recognised as the most authoritative work of its kind, this new edition has been revised and extended to take into account recent research findings on both sides of the Atlantic. Parkes and Prigerson include additional information about the different circumstances of bereavement including traumatic losses, disasters, and complicated grief, as well as providing details on how social, religious, and cultural influences determine how we grieve. *Bereavement* provides guidance on preparing for the loss of a loved one, and coping after they have gone. It also discusses how to identify the minority in whom bereavement may lead to impairment of physical and/or mental health and how to ensure they get the help they need. This classic text will continue to be of value to the bereaved themselves, as well as the professionals and friends who seek to help and understand them.

Enhancing Adult Motivation to Learn Jan 10 2022

Kohlman Evaluation of Living Skills (KELS) Jun 02 2021

Counseling Adults in Transition Feb 08 2022 Rev. ed. of: *Counseling adults in transition* / Nancy K. Schlossberg, Elinor B. Waters, Jane Goodman.

Learning in Adulthood Feb 03 2024 The new edition of the authoritative book in the field of adult education — fully revised to reflect the latest research and practice implications. For nearly three decades, *Learning in Adulthood* has been the definitive guide in the field of adult education. Now in its fourth edition, this comprehensive volume is fully revised to reflect the latest developments in theory, research, and practice. The authors integrate foundational research and current knowledge to present fresh, original perspectives on teaching and learning in adulthood. Written by internationally-recognized experts, this market-leading guide draws from work in sociology, philosophy, critical social theory, psychology, and education to provide an inclusive overview of adult learning. Designed primarily for educators of adults, this book is accessible for readers new to adult education, yet suitably rigorous for those more familiar with the subject. Content is organized into four practical parts, covering topics such as the social context of adult learning, self-directed and transformational learning, postmodern and feminist perspectives, cognitive development in adulthood, and more. Offering the most comprehensive single-volume treatment of adult learning available, this landmark text: Offers a wide-ranging perspective on adult learning Synthesizes the latest thinking and work in the field Includes coverage of the sociocultural perspectives of adult learning Explores the broader social implications of adult education *Learning in Adulthood: A Comprehensive Guide*, 4th Edition is an indispensable resource for educators and administrators involved in teaching adults, as well as faculty and students in graduate programs in adult education.

Adult Psychopathology and Diagnosis Apr 05 2024 The most up-to-date coverage on adult psychopathology Now in its sixth edition, *Adult Psychopathology and Diagnosis* offers comprehensive coverage of the major psychological disorders and presents a balanced integration of empirical data and diagnostic criteria to demonstrate the basis for individual diagnoses. The accessible format, overview chapters on broader issues—such as interviewing—that affect all diagnoses, and case study approach provide the ideal support for students to examine and understand how diagnoses are reached and applied. Updated to reflect the latest advancements in psychopathology, this edition offers contributions by internationally renowned leaders in the field, thirty percent of whom are new to this edition. Coverage is featured of essential topics, including: Neurobiological foundations of disorders The problem of dual diagnoses Expanded coverage of anxiety and gender issues Eating disorders Overview chapter on interviewing Mental disorders as discrete clinical conditions with dimensional characteristics Encompassing the most current research in the field, *Adult Psychopathology and Diagnosis, Sixth Edition* provides a thorough introduction to the principles of the DSM-IV-TR classification system and its application in clinical practice, including dimensional and categorical classifications.

Later Language Development Feb 20 2023

The Adult Learner May 14 2022 How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of *The Adult Learner* has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of *The Adult Learner* will provide basic instructor aids. For each chapter, there will be a PowerPoint presentation, learning exercises, and added study questions. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.

It explores the traditions of key psychological theories and discusses issues and problems in applying them to an understanding of adult learning and development. It also examines the formation of identities and places increased emphasis on what it means to be a lifelong learner. Dealing with adult learning in a variety of contexts, the topics considered include: humanistic psychology self directed learners psychoanalytic approaches the formation of identities development of intelligence learning styles behaviourism group dynamics and group facilitators critical awareness.

Young Adult Literature, Fourth Edition May 02 2021 Editorial Advisory Board: Sarah Park Dahlen, Associate Professor, School of Information Sciences, University of Illinois Urbana-Champaign; Marianne Martens, Associate Professor, School of Information, Kent State University; Amy Pattee, Associate Professor and Co-coordinator of Dual-Degree MS LIS/MA Children's Literature, School of Library and Information Science, Children's Literature, Simmons University "Comprehensive and substantial ... a highly recommended resource," raved VOYA about the third edition. Now, to keep pace with changes in the field of publishing and realign itself to the newest generation of young adults, Cart returns with a sweeping update of his classic text. Relied upon by educators, LIS instructors and students, and practitioners for its insight and thoroughness, his book surveys the landscape of YA lit both past and present, sketching out its origins and showing how it has evolved to deal with subjects every bit as complex as its audience; closely examines teen demographics, literacy, audiobooks, the future of print, the role of literary criticism, and other key topics; provides updated coverage of perennially popular genre fiction, including horror, sci fi, and dystopian fiction; delves deeply into multicultural and LGBTQIA+ literature, substantially updated in this edition; features expansive interviews with best-selling authors like Eric Shanower, Jackie Woodson, and Bill Konigsberg as well as several publishers and leaders in the field; discusses the impact of the Printz Award, ALAN's Walden Award, the National Book Award, The Los Angeles Times Book Award, and other honors; and features abundant bibliographic material to aid in readers' advisory and collection development.

Aging and Older Adulthood Apr 24 2023 Reflects the most important theoretical foundations and research directions concerning aging and older adulthood This authoritative volume provides the latest insights into, and theoretical interpretation of, our understanding of the human aging process. Newly updated and revised, this edition of the well-established student textbook offers relatable scenarios that touch upon real-world issues faced by older adults and their families. The book explains how research studies attempt to answer questions of both theoretical and practical importance as they relate to aging and older adulthood, and it explains the hypotheses and findings of the studies in a manner that is comprehensible to readers of all levels of research experience. *Aging and Older Adulthood* begins by describing the demographic characteristics of the older population, and follows with a chapter on theoretical models that apply to the study of adult development and aging, as well as approaches commonly taken to conduct research and ethical concerns involved in the study of this group. It then offers a series of chapters exploring biological aging, sensation perception and attention, memory, intellectual functioning, cognition and real-world problem-solving, personality and coping, social interaction and social ties, lifestyles and retirement, mental health and psychotherapy, and death and bereavement. The final chapter looks at aging in the future. Each chapter includes fully updated research findings, as well as new and expanded coverage of concepts and ideas in areas such as neuroscience, and diabetes. New edition of a highly respected text exploring our contemporary understanding of a broad

range of topics related to older adulthood and the psychology of aging Offers thematic treatment of core issues including health, sensory perception, memory, intellect, social interactions, employment and retirement, and mental health Uses a dual lens of two models – the selective optimization with compensation model and the ecological model – to provide cohesiveness to the presentation of both theoretical and applied material Introduces each chapter with a relevant real-world scenario and refers back to it throughout the chapter Includes pedagogical feature boxes that reflect current understanding of contemporary issues in the field as well as key points and issues for further discussion Aging and Older Adulthood, 4th Edition is an excellent text for upper division undergraduate and graduate courses focusing on the older adulthood and aging, the psychology of aging, gerontological studies, and lifespan development.

EBOOK: Teaching Adults Mar 24 2023 The current edition of Teaching Adults, 3e provides an overview of teaching adults in a range of different contexts. In doing so, the author aims to cover the key principles that he believes teachers of adults will encounter and may find useful to know. The new edition will retain the strengths of the current edition: •Engaging writing style •Clear links between theory and practice •Accessible nature •Comprehensive overview of teaching The new edition will also feature the following: •Up to date further reading and references •The authors plan to strengthen the CPD coverage in the new edition The new edition aims to retain the overall theme of what is distinctive about adult education.
