A Castle in the Air Oct 02 2021 Portia Hastings has spent her life rescuing her younger sister from one scrape or another. Now, she has to step through time to do it, following Miranda from the nineteenth century to the eighteenth. Almost immediately, Portia is beset by highwaymen, which might be the most exciting thing to happen to her in a long time, even if she'd never admit it. When one of the highwaymen is injured, Portia makes the inexcusable mistake of helping him—she is trained as a doctor after all. Her travel companions abandon her, and she's left at the mercy of a highwayman who demands she continue tending to his compatriot's wounds. Portia soon finds herself at a crumbling castle inhabited by the destitute Earl of Ravensford. Benedict Sterling is in desperate need of money, and his solution is a ball, where a wealthy bride will win the title of countess, even if it does come with one thunderously ill-tempered earl. Portia agrees to a scheme to help Benedict look like a slightly more appealing bridegroom, while she continues to search for Miranda. Then there's the small matter of the castle, complete with a ghost intent on driving her out. But once Portia sets her mind on something, she's not going anywhere.

A Funny Thing Happened on the Way to Heaven Jun 29 2021 Slipknot and Stone Sour singer Corey Taylor's New York Times bestselling journey into the world of ghosts and the supernatural Corey Taylor has seen a lot of unbelievable things. However, many of his most incredible experiences might just shock you. For much of his life, the Grammy Award-winning singer of Slipknot and Stone Sour and New York Times bestselling author of *Seven Deadly Sins* has brushed up against the supernatural world. Those encounters impacted his own personal evolution just as much as headlining at Castle Donington in front of 100,000 people at Download Festival or debuting at #1 on the Billboard Top 200. Since growing up in Iowa, his own curiosity drew him into situations that would've sent most people screaming scared and running for the hills. He's ballsy enough to go into the darkness and deal with the consequences, though. As a result, he's seen ghosts up close and personal, whether while combing through an abandoned house in his native Iowa as a child or recording an album in the fabled Houdini Hollywood Hills mansion. He's also got the memories (and scars) to prove it. For some reason, he can't seem to shake these spectral stories, and that brings us to this little tome right here... At the same time, being an erudite, tattooed, modern Renaissance Man, he was never one for Sunday Service. Simply put, he's seen ghosts, but he hasn't seen Jesus. Taylor especially can't find a reason why people do the insane things they do in HIS name. That's where everything gets really interesting. His second book, *A Funny Thing Happened on the Way to Heaven*, compiles Taylor's most intimate, incredible, and insane moments with the supernatural. His memories are as vivid as they are vicious. As he recounts these stories, he questions the validity of religious belief systems and two-thousand-year-old dogma. As always, his rapid-fire writing, razor sharp sense of humor, unbridled honesty, and cozy anecdotes make quite the case for his point. You might end up believing him or not. That's up to you, of course. Either way, you're in for a hell of a ride.

The Academy - Introductions Oct 26 2023 With an agoraphobic mother and a barely-there father, Sang abhors the isolation keeping her in the shadows. The only thing Sang craves is a fresh start and to be accepted as ordinary by her peers, because for her being different meant being cast out alone. When her family moves to a new school district, Sang infiltrates a group of boys nearly perfect in every way. Grateful for an influence outside of her parents' negativity, she quickly bonds with the boys, hoping to blend in and learn from them what it means to have a natural relationship with friends. Only the boys have secrets of their own and they'll do anything to keep her safe from the knowledge of the mysterious Academy that they've sworn allegiance to. Bit by bit, Sang discovers that her friends are far from the normalcy she expected. Will her loyalty change when she's forced to remain in the dark, or will she accept that she's traded one house of secrets for another? Meet Kota, Victor, Silas, Nathan, Gabriel, Luke and North in a story about differences and loyalty, truth and mystery, friendships and heart-throbbing intimacy. The Academy, ever vigilant.

Ghost Country Aug 24 2023 Sara Paretsky's genius made Chicago private eye V.I. Warshawski a household name. Now the New York Times bestselling author explores an unseen corner of the city she loves. In Ghost Country she has written a parable for the millennium, a powerful, haunting novel of magic and miracles, of four troubled people who meet beneath Chicago's shadowy streets--and of the woman whose mysterious appearance changes all of their lives forever. They come from different worlds and meet at a time of crisis for all of them. Luisa, a drunken diva fallen on hard times, discovers on Chicago's streets a drama greater than any she has experienced onstage. Madeleine, a homeless woman, sees the Virgin Mary's blood seeping through a concrete wall beneath a luxury hotel. Mara, a rebellious adolescent cast out by her wealthy grandfather, becomes the catalyst for a war between the haves and have-nots as she searches among society's castoffs for the mother she never knew. As the three women fight for their right to live and worship beneath the hotel, they find an ally in Hector Tammuz, an idealistic young psychiatrist risking his career to treat the homeless regardless of the cost. Tensions in the city are escalating when a mysterious woman appears during a violent storm. Erotic to some, repellent to others, she never speaks; the street people call her Starr. And as she slowly transforms their lives, miracles begin to happen in a city completely unprepared for the outcome. In this extraordinary novel, Sara Paretsky gives voice to the dispossessed, to men and women struggling to bury the ghosts of the past, fighting for their lives in a world hungry for miracles, terrified of change. A magical, unforgettable story of myth and madness, hope and revelation, Ghost Country is Sara Paretsky's most eloquent and ambitious

work yet.

She wants to marry her fiancé and leave behind everything in her past, especially her ex-husband, North Archer. But when Andie tries to gain closure with him, he asks one final favor of her before they go their separate ways forever. A very distant cousin of his has died and left North as the guardian of two orphans who have driven out three nannies already, and things are getting worse. He needs a very special person to take care of the situation and he knows Andie can handle anything. When Andie meets the two children she quickly realizes things are much worse than she feared. The place is a mess, the children, Carter and Alice, aren't your average delinquents, and the creepy old house where they live is being run by the worst housekeeper since Mrs. Danvers. If Andie can just get rid of all the guests and ghosts, she's pretty sure she can save the kids, and herself, from the past. But fate might just have another thing in mind...

Ghosts I Have Met and Some Others May 09 2022 If we could only get used to the idea that ghosts are perfectly harmless creatures, who are powerless to affect our well-being unless we assist them by giving way to our fears, we should enjoy the supernatural exceedingly, it seems to me. Coleridge, I

think it was, was once asked by a lady if he believed in ghosts, and he replied, No, madame; I have seen too many of them. Which is my case exactly. I have seen so many horrid visitants from other worlds that they hardly affect me at all, so far as the mere inspiration of terror is concerned.

Nominated for the 2018 Hurston/Wright Legacy Award for Debut Novel "What Solomon achieves with this debut--the sharpness, the depth, the precision--puts me in mind of a syringe full of stars. I want to say about this book, its only imperfection is that it ended. But that might give the wrong impression: that it is a happy book, a book that makes a body feel good. It is not a happy book. I love it like I love food, I love it for what it did to me, I love it for having made me feel stronger and more sure in a nightmare world, but it is not a happy book. It is an antidote to poison. It is inoculation

against pervasive, enduring disease. Like a vaccine, it is briefly painful, leaves a lingering soreness, but armors you from the inside out." --NPR "In Rivers Solomon's highly imaginative sci-fi novel *An Unkindness of Ghosts*, eccentric Aster was born into slavery on--and is trying to escape from--a brutally segregated spaceship that for generations has been trying to escort the last humans from a dying planet to a Promised Land. When she discovers clues about the circumstances of her mother's death, she also comes closer to disturbing truths about the ship and its journey." --BuzzFeed "What Solomon does brilliantly in this novel is in the creation of a society in which dichotomies loom over certain aspects of the narrative, and are eschewed by others...Harkening back to the past in visions of the future can hold a number of narrative purposes...The past offers us countless nightmares and cautionary tales; so too, I'm afraid, can the array of possible futures lurking up ahead." --Tor.com "This book is a clear descendent of Octavia Butler's Black science fiction legacy, but grounded in more explicit queerness and neuroatypicality." --AutoStraddle "Ghosts are 'the past refusing to be forgot,' says a character in this assured science-fiction debut. That's certainly the case aboard the HSS Matilda, a massive spacecraft arranged along the cruel racial divides of pre-Civil War America." --Toronto Star Aster has little to offer folks in the way of rebuttal when they call her ogre and freak. She's used to the names; she only wishes there was more truth to them. If she were truly a monster, she'd be powerful enough to tear down the walls around her until nothing remains of her world. Aster lives in the lowdeck slums of the HSS Matilda, a space vessel organized much like the antebellum South. For generations, Matilda has ferried the last of humanity to a mythical Promised Land. On its way, the ship's leaders have imposed harsh moral restrictions and deep indignities on dark-skinned sharecroppers like Aster. Embroiled in a grudge with a brutal overseer, Aster learns there may be a way to improve her lot--if she's willing to sow the seeds of civil war.

The Ghost Host: Episode 2 Aug 12 2022 It's bad enough that Echo already has ghosts haunting her 24/7, now her past mistakes want to join the fun and come back to haunt her, too? After battling Devourers for the soul of her childhood friend, Echo learns the depth of what her abilities might cost her. She's always been pretty good at failure, which is concerning when the fate of the spiritual world is suddenly in your hands. If that isn't enough pressure already, Echo's personal life is a mess. She and Malachi are both freaked out by her ability to control him and have no idea whether their relationship was ever based on more than their bond as Medium and Keeper. Kyran is keeping his distance from both of them to keep from doing something stupid, things are still tense with her parents, college is proving more than she bargained for, Agent Morton is doubting her stability and brings in his son Griffin to help keep her grounded--which only causes more problems between her and pretty much everyone, and Echo gets pulled into her first case: a young boy whose mysterious injuries and claims of monsters in his dreams has everyone baffled and terrified of what it might mean if he isn't lying. Oh yeah, and a past mistake Echo thought had already been dealt with is back to settle a score. It can't get much worse than that, right? Except, for Echo, things

can always get worse.

So when a rogue ghost begins tormenting her, they're the last people she's going to tell. Her best friends Holden and Zara are doing their best to help, but ghost attacks are only the beginning of Echo's problems. Handling the ghosts by giving them a voice on YouTube through her webshow has been her saving grace—even if her parents think it's all a hoax—but that gets a little complicated when the ghost of Madeline Crew reveals a little too much about her previous life and the FBI shows up at her door wanting to know how she gained access to long-buried government secrets. It just keeps getting worse from there. In the north of England, far from the intrusions of cities but not far from civilization, Silvie and her family are living as if they are ancient Britons, surviving by the tools and knowledge of the Iron Age. For two weeks, the length of her father's vacation, they join an anthropology course set to reenact life in simpler times. They are surrounded by forests of birch and rowan; they make stew from foraged roots and hunted rabbit. The students are fulfilling their coursework; Silvie's father is fulfilling his lifelong obsession. He has raised her on stories of early man, taken her to witness rare artifacts, recounted time and again their rituals and beliefs—particularly their sacrifices to the bog. Mixing with the students, Silvie begins to see, hear, and imagine another kind of life, one that might include going to university, traveling beyond England, choosing her own clothes and food, speaking her mind. The ancient Britons built ghost walls to ward off enemy invaders, rude barricades of stakes topped with ancestral skulls. When the group builds one of their own, they find a spiritual connection to the past. What comes next but human sacrifice? A story at once mythic and strikingly timely, Sarah Moss's *Ghost Wall* urges us to wonder how far we have come from the "primitive minds" of our ancestors.

Karma Moon--Ghost Hunter Feb 15 2023 While staying in a haunted Colorado hotel for her father's ghost-hunting television series, Karma Moon must battle her anxiety, interpret the signs of the universe, and get footage of a real ghost--you know, the usual. Karma Moon is a firm believer in everything "woo-woo," as her dad calls it. So when she asked her trusty Crystal Mystic if the call asking her dad to create a ghost-hunting docuseries was her dad's big break, it delivered: "No doubt about it." Because the universe never gets it wrong. Only people do. Karma and her best friend, Mags, join her dad's Totally Rad film crew at a famous haunted hotel in Colorado over her spring break. Their mission: find a ghost and get it on camera. If they succeed, the show will be a hit, they can pay rent on time, and just maybe, her mom will come back. Unfortunately, staying at a haunted hotel isn't a walk in the park for someone with a big case of the what-ifs. But her dad made Karma the head of research for the docuseries, so she, Mags, and a mysterious local boy named Nyx must investigate every strange happening in the historically creepy Stanley Hotel. Karma hopes that her what-ifs don't make her give up the ghost before they can find a starring spirit to help their show go viral--and possibly even get them a season two. With Melissa Savage's quirky cast of characters and spooky setting underlaid by a touching and relatable struggle against anxiety and grief over her fractured family, Karma Moon--Ghosthunter is bound to charm and delight.
