Cohan, 2020-02-14 In this extraordinary memoir Deborah Cohan shares her story of caring for her elderly father a man who was often generous and loving but who also subjected her to a lifetime of cruelty rage and controlling behavior Trained as a sociologist and family violence counselor Cohan reflects on how she healed from decades of emotional abuse

Ungrading Susan Debra Blum, 2020 The moment is right for critical reflection on what has been assumed to be a core part of schooling In Ungrading fifteen educators write about their diverse experiences going gradeless Some contributors are new to the practice and some have been engaging in it for decades Some are in humanities and social sciences some in STEM fields Some are in higher education but some are the K 12 pioneers who led the way Based on rigorous and replicated research this is the first book to show why and how faculty who wish to focus on learning rather than sorting or judging might proceed It includes honest reflection on what makes ungrading challenging and testimonials about what makes it transformative CONTRIBUTORS Aaron Blackwelder Susan D Blum Arthur Chiaravalli Gary Chu Cathy N Davidson Laura Gibbs Christina Katopodis Joy Kirr Alfie Kohn Christopher Riesbeck Starr Sackstein Marcus Schultz Bergin Clarissa Sorensen Unruh Jesse Stommel John Warner

Rightness as Fairness Marcus Arvan, 2016-03-29 Rightness as Fairness provides a uniquely fruitful method of principled fair negotiation for resolving applied moral and political issues that requires merging principled debate with real world negotiation

The Writer's Practice John Warner, 2019-02-05 Unique and thorough Warner's handbook could turn any determined reader into a regular Malcolm Gladwell Booklist For anyone aiming to improve their skill as a writer a revolutionary new approach to establishing robust writing practices inside and outside the classroom from the author of Why They Can't Write After a decade of teaching writing using the same methods he'd experienced as a student many years before writer editor and educator John Warner realized he could do better Drawing on his classroom experience and the most persuasive research in contemporary composition studies he devised an innovative new framework a step by step method that moves the student through a series of writing problems an organic bottom up writing process that exposes and acculturates them to the ways writers work in the world The time is right for this new and groundbreaking approach The most popular books on composition take a formalistic view utilizing templates in order to mimic the sorts of rhetorical moves academics make While this is a valuable element of a writing education there is room for something that speaks more broadly The Writer's Practice invites students and novice writers into an intellectually engaging active learning process that prepares them for a wider range of academic and real world writing and allows them to become invested and engaged in their own work

Neurofunctional Prudence and Morality Marcus Arvan, 2020-01-29 Philosophers across many traditions have long theorized about the relationship between prudence and morality Few clear answers have emerged however in large part because of the inherently speculative nature

of traditional philosophical methods This book aims to forge a bold new path forward outlining a theory of prudence and morality that unifies a wide variety of findings in neuroscience with philosophically sophisticated normative theorizing The author summarizes the emerging behavioral neuroscience of prudence and morality showing how human moral and prudential cognition and motivation are known to involve over a dozen brain regions and capacities He then outlines a detailed philosophical theory of prudence and morality based on neuroscience and lived human experience The result demonstrates how this theory coheres with and explains the behavioral neuroscience showing how each brain region and capacity interact to give rise to prudential and moral behavior Neurofunctional Prudence and Morality A Philosophical Theory will be of interest to philosophers and psychologists working in moral psychology neuroethics and decision theory Chapter 3 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license
