Rodriguez,2018-04-01 Suffering is part of the human experience and everyone in the world is seeking relief But there is something greater something that we all share indeed something that we all are that can alleviate that pain it is the formless presence the loving boundless awareness at the heart of all experience This book cuts through the esotericism surrounding spiritual awakening to help you realize your true nature and show you how to integrate that realization into everyday life In life there is turmoil and inevitable pain There is war hunger failure heartbreak and trauma We struggle in relationships and with our attachments thoughts feelings and memories trapped in the prison of psychological self consciousness Most of us have been conditioned to believe that we are all separate individuals to whom uncomfortable or upsetting things happen We feel alone and isolated from the world and convince ourselves that the beauty truth and goodness we long for are out of our reach Really it s this imaginary division that causes us to suffer Boundless Awareness seeks to relieve this suffering by drawing attention to the beautiful encompassing cohesive nature of awareness itself as found in your direct experience Using practical contemplative exercises and brief meditations the author guides you along a broad path of spiritual awakening

Deep Awake Tim Freke,2016-12-13 Frustrated with outdated forms of spirituality that urge us to reject the ego the bestselling author of The Jesus Mysteries invites us to embrace our personal selves as a doorway to spiritual awakening Is the author of more than 20 books on the world s spiritual traditions Tim Freke is in a unique position to present a revolutionary new approach to spiritual awakening With astonishing clarity and directness he explains why popular spiritual teachings that urge us to reject the mind attack the ego and detach from the vicissitudes of life are misguided Using the powerful tool of paralogical thinking he reveals that everyone has both a deep I and a personal self The deep I is our spiritual essence which is one with everyone and everything We experience the deep I as a feeling of limitless love The personal self by contrast is our tender humanity it feels pleasure and pain hope and heartache love and loss The personal self feels separate from the world Tim s powerful paralogical insights reveal that the personal self is not an obstacle to our spiritual essence which must be overcome but rather a doorway to the deep I Indeed it is only through the personal self that we can find and then embody the deep I in our lives The ego is not the villain but rather the hero of the spiritual journey When we are deep awake we wake up to oneness and celebrate separateness We embrace both our spirituality and our humanity

Authentic spirituality is not about detaching ourselves from life but about wholeheartedly diving in so that we can express our deep love and our unique human passion in the world

The Leap Steve Taylor, 2017-02-14 What does it mean to be enlightened or spiritually awakened In *The Leap* Steve Taylor shows that this state is much more common than is generally believed He shows that ordinary people from all walks of life can and do regularly wake up to a more intense reality even if they know nothing about spiritual practices and paths Wakefulness is a more expansive and harmonious state of being that can be cultivated or that can arise accidentally It may also be a process we are undergoing collectively Drawing on his years of research as a psychologist and on his own experiences Taylor provides what is perhaps the clearest psychological study of the state of wakefulness ever published Above all he reminds us that it is our most natural state accessible to us all anytime anyplace

Awakening Consciousness Lindsay S Godfree, 2017-02-27 Shifting from a deep depression to a spiritual awakening experience and seeing Divinity everywhere is not something that anyone expects or that someone sets off to accomplish But that is what happened to Lindsay as she does everything she can think of to feel better It is quite an amazing journey of discovery While this type of spiritual experience is not exactly main stream she has been able to make sense out of her life story and connect with people who seem to have had similar experiences To those who are awakening to an expanded version of self Lindsay wants to say You are not alone Everyone is waking up into greater consciousness and eventually to experience Oneness For those who are trying to make sense of this epic shift in consciousness that is happening through us Lindsay offers some insight and choices The message she wants to share from experiencing God or Cosmic Consciousness is this I want everyone to know that everything that
