Discover a secret library of Sumerian cuneiform tablets kept by the Babylonian mystery school of Mesopotamia preserving the most ancient writings on the planet. A revised and updated Deluxe Edition hardcover of the underground classic! This book is a compendium of information from every sphere—astronomical, scientific, the Book of Revelation and geopolitics. It contains absolutely amazing revelations that direct us to one precise point in time in 2017. Planet X is a cryptogram and this book contains the keys necessary to decode it. When everything is considered together, it fits together perfectly like a watch. The existence of Planet X is beyond any reasonable doubt, to a moral certainty. We examine proofs of its existence. In fact, if you want to ask one simple question that posits the theory of the reality of Planet X, just ask yourself where did 2.2 Trillion disappear to in the Pentagon's budget that Rumsfeld said was missing, and why do we have over 100 Underground Deep Bunkers throughout the U.S.? Why are critical government infrastructures moving from their susceptible positions on the East Coast to the protected areas of Colorado? But let's look at the astronomical evidence. I have seen Planet X on the Wide-field Infrared Survey Explorer (WISE) through WorldWide Telescope. This is a NASA infrared-wavelength astronomical space telescope, launched in December 2009. It is currently in the constellation Pisces, and is clearly marked as an Unidentified Object (but quite plainly visible dark red star) known as IC 5385. If you'd like to view it yourself, you can install WorldWide Telescope. Just Google it and you'll be right at the page. It's an observatory on your desktop and the

most sophisticated online program I've seen. You can view in multi-wavelength views and see stars and planets in context to each other. But back to our main topic—Planet X. This book is a must-read and a Survival Guide to the most important story of the century. It's also a page-turner, so I invite you to read and experience it now. The issues presented here are addressed to the type of thinking that has not considered the importance of the questions they raise. The results of their reading are committed to the Spirit of God who is the guide to all truth. The Lord Jesus said the wind blows where it wishes, and you hear the sound of it, but cannot tell where it comes from or where it goes. So is everyone that is born of the Spirit. John 3:8 In above writing it is hope that objective of its reading would be a cause of being borne by the Spirit. Millennia ago, Egyptian and Celtic authors recorded prophetic warnings for the future and their harbinger signs are now converging on 2012. These predictions are contained in The Kolbrin Bible, a secular wisdom text studied in the days of Jesus and lovingly preserved by generations of Celtic mystics in Great Britain. Nearly as big as the King James Bible, this 3600-year old text warns of an imminent, Armageddon-like conflict with radical Islam, but this is not the greatest threat. The authors of The Kolbrin Bible predict an end to life as we know it, by a celestial event. It will be the return of a massive space object, in a long elliptical orbit around our sun. Known to the Egyptians and Hebrews as the "Destroyer," the Celts later called it the "Frightener." This is a collection of essays by leading neuropsychologists and cognitive neuroscientists to honor Alexander Romanovich Luria and to highlight the enduring impact of his legacy on cognitive neuroscience and clinical neuropsychology. A wide range of topics is covered, from functional neuroimaging in neuropsychology to bedside evaluation techniques. Several generations of neuropsychologists and cognitive neuroscientists are among contributors, including those who closely worked with Luria, their own students, and others influenced in their work by Luria's pioneering insights. What is Planet X? It could be a comet, rogue planet, or as this book maintains, a dying brown dwarf companion to Sol. In the years to come, its elliptical orbit will bring it into the core of our system, where it will enrage our Sun. Once that happens, Earth's greatest pains will come the moment fate puts us in the cross hairs of a perfect solar storm. The purpose of this book is to help those who now agree that time is of the essence. It does this by offering a practical tool kit of how-to survival knowledge, for those who'll be left to fend for themselves. Regardless of whether you can afford to build a bunker or can barely afford a shovel, the information in this book is designed to be equally useful. This is because the key to surviving Planet X is more about what's in your head than what's in your wallet. Newly Revealed Egyptian-Celtic Wisdom Text Offers the Knowledge of Those Who Survived Past Global Catastrophes — So We Can Live! The Kolbrin Bible is a 2-part, 11-book secular anthology. The first six books are called the "Egyptian texts" and were penned by Egyptian academicians following the Hebrew Exodus. The last five books are called the "Celtic texts" and were penned by Celtic priests following the death of Jesus. Several accounts describe an object in orbit around our sun called the "Destroyer," which the Celtic authors call the "Frightener." According to recently translated Sumerian texts, this object (also known as Nibiru or Planet X) is in a 3600-year orbit around our sun, and The Kolbrin Bible warns us of its imminent return and of yet another Biblical tribulation. Ancient Warnings for These Times Millennia ago, Egyptian and Celtic authors recorded prophetic warnings for the future and their harbinger signs are now converging on these times. These predications are contained in The Kolbrin Bible, a

Known to the Egyptians and Hebrews as the "Destroyer," the Celts later called it the "Frightener." Manuscripts 3:4 When blood drops upon the Earth, the Destroyer will appear, and mountains will open up and belch forth fire and ashes. Trees will be destroyed and all living things engulfed. Waters will be swallowed up by the land, and seas will boil. Manuscripts 3:5 The Heavens will burn brightly and redly; there will be a copper hue over the face of the land, followed by a day of darkness. A new moon will appear and break up and fall. Manuscripts 3:6 The people will scatter in madness. They will hear the trumpet and battlecry of the Destroyer and will seek refuge within dens in the Earth. Terror will eat away their hearts, and their courage will flow from them like water from a broken pitcher. They will be eaten up in the flames of wrath and consumed by the breath of the Destroyer. Manuscripts 3:10 In those days, men will have the Great Book before them; wisdom will be revealed; the few will be gathered for the stand; it is the hour of trial. The dauntless ones will survive; the stouthearted will not go down to destruction. The Destroyer is also known today as Wormwood, Nibiru, Planet X and Nemesis. There are also troubling prophetic correlations to the future predictions of Mother Shipton's "Fiery Dragon" and the "Red Comet" warning of Astronomer Carlos Ferrada. This book guides you through the development process with detailed instructions for designing, building, and shielding communities for self-sufficiency, survival, and colonization.

interpretation of stone tablets - the Language Tablet From the creator of the Cuck Philosophy YouTube channel comes this timely and explosive re-evaluation of Marx and Nietzsche for the 21st-century left. Modernity has been defined by humanity's capacity for self-destruction. Over the last century, the means which threaten not only life's joy but its very existence have only multiplied. At the same time, as a new wave of nationalism and right-wing politics spreads across the world, fewer and fewer people are being convinced that socialism could improve their everyday lives, let alone save us from our own destruction. In this timely and explosive book, philosopher and YouTuber Jonas ?eika (aka Cuck Philosophy) re-invigorates socialism for the twenty-first century. Leaving behind its past associations with bureaucracy and state tyranny, and its lifeless and drab theoretical accounts, ?eika instead uses the works of Marx and Nietzsche to reconnect socialism with its human element, presenting it as something not only affecting, but created by living, breathing, suffering human individuals. At a time when ecological collapse is hurtling towards us, and capitalism offers no solution except more growth and exploitation, How to Philosophise with a Hammer and Sickle shows us the way forward to a socialism grounded in human experience and accessible to all. Did I not promise, that all knowledge would be restored to its original truth? Christ's prophecy has been fulfilled. The following words have become absolute reality: "I have yet many things to say unto you, but ye cannot bear them now. Howbeit when he, the Spirit of truth is come, he will guide you into all truth." (John 16, 12-13). This book of my teachings has been formed from the lessons of love and charity and dictated to you through human understanding. Since ancient times I have entrusted to you my teachings, through my envoys, my emissaries, my interpreters, and you have used it to create myths and traditions. But

you will not fulfill your purpose unless you meditate and study this lesson with respect and love. Truly I say to you that he who meditates and analyzes the teachings of my Book, with a true desire to elevate his knowledge, will acquire the light for his spirit and he will feel Me nearer to him. While researching information for the publication of my 9th book *The Flat Earth As Key To Decrypt The Book Of Enoch*, I was led to understanding that not only does the Bible support premise that the earth is a flat circular plane but that it is covered by the firmament as a solid transparent dome like canopy. This led me to revisit the canonical and extra Biblical texts such as *The Book Of Enoch*, *The Book Of Jasher*, *The Book Of Jubilees*, and myriad others, to see if not only did they affirm such idea but if they contained other little known insight which might expound upon this matter in some detailed manner. This book is the end result of that search and compilation of all of those source references. And because I include in this study much extra Biblical material which few are familiar with, I doubt one will be able to find a more complete investigation of the firmament as topic than that which is presented here. The seeker of lost paradise may seem a fool to those whom have never sought the other worlds. When the Bolton Jewish Community converts a disused retirement home to a boarding school and hires a Russian refugee to direct it and the retirees as staff, the small town of Bolton, Pennsylvania celebrates the change. But when the director admits a Palestinian boy, schedules Palestine National Day and a fundraiser for a Catholic homeless shelter, the family that endowed the retirement home fifty years earlier sues to regain their trust fund. This action sets in motion a series of events that results in the notion that the school director might be Jesus Christ himself. But is he? *Waiting for the Messiah*, the sequel to the critically-acclaimed novel *Lost and Found*, is a modern-day imagining of the second coming of Christ to a small Jewish community. Full of warmth, humor and the celebration of the extraordinary in the ordinary, it appeals to the faithful of all religions and iconoclasts alike. Disentangles intersections of race, class, pop culture, body image, and sexuality while confronting what it means to be a young Black woman in America. This book proves the return of the Destroyer as the ancient Hebrews and Egyptians called it in both the. We also know it by many different names such as: Nibiru, Herculubus, Red Planet, Frightener and so on. Author and Planet X historian Greg Jenner spent decades connecting the dots for this book so that you can master this content in a single day. In this book, he reveals startling connections between the Holy Bible, *The Kolbrin Bible* and other folklore, wisdom texts and predictions. He outlines the return of the Destroyer by arguing its cyclical nature. To prove the cyclical nature of the destroyer, he includes three epic sagas gleaned from the *Kolbrin Bible*, including the sinking of Atlantis, the Deluge (Noah's Flood) and Exodus. As you will discover later, the Destroyer caused or contributed to all three of these events." If you are amongst those who have experienced life-changing dreams, visions, premonitions and epiphanies of catastrophic events to come, you'll love this book. As an essential companion book to *The Kolbrin Bible*, it is also a related title to include *Planet X Forecast and 2012 Survival Guide* and *Crossing the Cusp: Surviving the Edgar Cayce Pole Shift* by Marshall Masters." Millennia ago, Egyptian and Celtic authors recorded prophetic warnings for the future and their harbinger signs are now converging. authors of *The Kolbrin Bible* predict an end to life as we know it, by a celestial event. It will be the return of a massive space object, in a long elliptical orbit around our sun. Known to the Egyptians and Hebrews as the "Destroyer," the Celts later called it the "Frightener." In this tense and twisty latest from Norway's maven of crime, time shifts between Inspector Sejer's interrogation of the accused Ragna Reigel and the shocking events that led up to her arrest. How did this lonely, quiet woman come to kill a man--or did she? How did a lonely, quiet woman come to kill a man--or did she? Ragna Riegel is a soft-spoken woman of routines. She must have order in her life, and she does, until one day she finds a letter in her mailbox with her name on the envelope and a clear threat written in block capitals on the sheet inside. With the arrival of the letter, and eventually others like it, Ragna's carefully constructed life begins to unravel into a nightmare--threatened by an unknown enemy, paranoid and unable to sleep, her isolation becomes all the more extreme. Ragna's distress does culminate in a death, but she is the perpetrator rather than the victim. The *Whisperer* shifts between Inspector Sejer's interrogation of Ragna and the shocking events that led up to her arrest. Sejer thinks it is an open-and-shut case, but is it? Compelling and unnerving, *The Whisperer* probes plausible madness in everyday life and asks us to question assumptions even in its final moments. *My Kratom Hell* is a first-hand experience written by a Kratom addict. The book serves as a personal account written as a form of therapy but also as a way to help other Kratom quitters successfully quit the habit. The book covers how Kratom romances a user, reasons for using it and how to go about quitting this opioid plant drug. The author covers sensitive topics such as Kratom hair loss, digestive issues, thyroid impact, complete Kratom informative and useful quitting tips and advice. The most important take-away is that *My Kratom Hell* is written by one a user for other users, first hand. The first easily accessible translation of the esoteric writings that inspired some of the world's greatest artists, scientists, and philosophers. Here is an essential digest of the Greco-Egyptian writings attributed to the legendary sage-god Hermes Trismegistus (Greek for thrice-greatest Hermes), a combination of the Egyptian Thoth and the Greek Hermes. The figure of Hermes was venerated as a great and mythical teacher in the ancient world and was rediscovered by the finest minds of the Renaissance. The writings attributed to his hand are a time capsule of Egyptian and Greek esoteric philosophy and have influenced figures including Blake, Newton, Milton, Shelley, Shakespeare, Botticelli, Leonardo da Vinci, and Jung. Providing a fascinating introduction to the intersection of the Egyptian and Hellenic cultures and the magico-religious ideas of the antique world, *The Hermetica* is a marvelous volume for anyone interested in understanding the West's roots in mystical thought. *The Royal Inscription of Esarhaddon, King of Assyria (680–669 BC)* is the inaugural volume of the Royal Inscriptions of the Neo-Assyrian Period Project. The volume provides reliable, up-to-date editions of all of the known royal inscriptions of Esarhaddon, a son of Sennacherib who ruled Assyria for twelve years (680–669 BC). Editions of 143 firmly identifiable texts (which mostly describe successful battles and the completion of building projects, all done *ad maiorem gloriam deorum*), 29 poorly preserved late Neo-Assyrian inscriptions that may be attributed to him, and 10 inscriptions commissioned by his mother Naqia (Zakutu) and his wife Esharra-hammam are included. To make this corpus more user-friendly to both specialist and laymen, each text edition (with its English translation) is supplied with a brief introduction containing general information, a catalogue containing basic information about all exemplars, a commentary containing further technical

information and notes, and a comprehensive bibliography (arranged chronologically from earliest to latest). The volume also includes: (1) a general introduction to the reign of Esarhaddon, the corpus of inscriptions, previous studies, and dating and chronology; (2) translations of the relevant passages of three Mesopotamian chronicles; (3) 19 photographs of objects inscribed with texts of Esarhaddon; (4) indexes of museum and excavation numbers and selected publications; and (5) indexes of proper names (Personal Names; Geographic, Ethnic, and Tribal Names; Divine, Planet, and Star Names; Gate, Palace, Temple, and Wall Names; and Object Names). The book is accompanied by a CD-ROM containing transliterations of selected inscriptions arranged in a 'musical score' format. The Royal Inscriptions of the Neo-Assyrian Period (RINAP) series will present up-to-date editions of the royal inscriptions of a number of late Neo-Assyrian rulers, beginning with Tiglath-pileser III (744–727 BC). This new series is modeled on the publications of the now-defunct Royal Inscriptions of Mesopotamia (RIM) series and will carry on where its RIMA (Royal Inscriptions of Mesopotamia, Assyrian Periods) publications ended. The project is under the direction of G. Frame (University of Pennsylvania) and is supported by the National Endowment for the Humanities. "Greg Jenner spent decades connecting the dots for this book. Now you can do the same, in a single evening!"--Marshall Masters Greg Jenner is one of the top Planet X historians alive today -- if not the best! He believes that the ancients were extremely clear in their warnings to us about Planet X, and in this groundbreaking work, he makes it all click together like a box of Legos. According to Jenner, "The Kolbrin Bible is the Rosetta Stone of Planet X!" This is because the historical accounts contained in this ancient secular anthology have enable him to correlate a broad range of wisdom texts, folklore and prophecy. For example he found several passages in The Kolbrin Bible, which clearly describe the destruction of Atlantis during a previous Planet X flyby! Related Title - The Egyptian Texts of the Bronzebook: The First Six books of The Kolbrin Bible Following Pharaoh's defeat at the hand of Moses, the Egyptians searched the Middle East for clues to the one true G-d of Abraham. What now survives of that noble effort comprises the first six books of The Kolbrin Bible. Related Title - The Kolbrin Bible: 21st Century Master Edition The Kolbrin Bible dates back 3600 years and offers unique and enlightened insights from the past to both challenge and affirm our present day beliefs. This 11-book secular anthology is nearly as large as the King James Bible. One of the jewels in the crown of Johann Sebastian Bach's sacred music is its use of astonishingly subtle and complex allegorical and representational devices. But when similar devices appear in the context of one of Bach's untexted, secular, instrumental collections such as the Six Solos (sonatas and partitas) for violin, the question arises whether he might be intending to embed discernible theological significances there as well, thus infusing the secular with the sacred. Such designs would be reasonably plausible within Bach's musical, cultural, and religious context. Shute carefully investigates the extent to which musical features of the Six Solos that seem to invite theological parallels might indeed have been intended to do so. Although the precise extent of Bach's intentions cannot be ascertained with certainty, the degree of correlation among strong potential signifiers would seem to suggest that they, and many other features of the Six Solos, are best explained as the product of extensive theological-allegorical designs on Bach's part, like those evident in his texted vocal music. The Egyptian Texts of The Bronzebook: The First Six Books of The Kolbrin Bible is all that remains of a 3600-year old anthology penned by Egyptian academicians and

scribes after the Hebrew Exodus. The result of a regional search for the one true G-d of Abraham, it offers alternate accounts of Exodus and Noah's Flood. Written in Egyptian Hieratic, first translated to Phoenician and then into English, it describes a planet the Egyptians called the "Destroyer." According to recently translated Sumerian texts, this object (also known as Nibiru or Planet X) is in a 3600-year orbit around our sun. The Egyptians say it caused Noah's Flood and the Plagues of Exodus. Like the Druids, Sumerians and Mayans, they also warn us of its imminent return and of yet another Biblical tribulation. The "Other" Exodus Story While there are parallels to the Exodus story of the Torah (Old Testament), the Egyptian accounts tell us that: The Ten Plagues of Exodus were caused by the flyby of a planet through our solar system. Pharaoh and his army perished at the Red Sea after slaughtering over half the Jews. The Ten Plagues of Exodus were all parts of the same natural global disaster. Following the Red Sea debacle, Egypt paid dearly to repel a bloody invasion from the South. Shaken to their national core, the Egyptians conducted the first regional anthropological and historical study of the Middle East. Their aim was to find clues that would lead them to the one true G-d of Abraham, and they published their initial findings in a 21-volume work titled The Great Book. During the last millennium BCE, Phoenician papyrus traders translated The Great Book from Egyptian Hieratic into their own 22-letter alphabet and entrusted a copy to the Celtic priests in Britain. After the death of Jesus, Joseph of Arimathea (his great uncle on the side of Joseph) founded the Glastonbury Abbey. It became the repository for these texts as well as those authored by Celtic priests, and in 1184 CE, English King Henry II ordered an attack on the Abbey. The surviving priests secreted the remaining texts to Scotland where they were translated into English and eventually merged to create The Kolbrin Bible. The Caro-Kann Defence, long renowned for being a solid and reliable defence against 1.e4, is undergoing a renaissance at the moment. In addition to being a mainstay in the repertoires of a recent World Champion (Viswanathan Anand) and a 2018 World Championship candidate (Ding Liren), it is being flooded with new and creative ideas from a range of other top players, notably Anand's Indian Olympiad teammates Vidit and Adhiban. The pawn structures in this opening leave considerable room for individual interpretation. This book is written for the Black side, though new ideas for White are suggested and old ones occasionally improved. It contains not only the author's personal take on how to deal with all major White tries after 1.e4 c6, but also a range of alternatives for Black- to cater for different types of Caro-Kann player. This repertoire builds on the existing state of theory, taking it in novel, exciting and decidedly modern directions, while not forgetting about the opening's sound strategic underpinnings. Rejecting Christian doctrines and metaphysics in favour of the religious consciousness which characterizes human identity, Cupitt "takes leave" of God by abandoning objective theism. Almost A4 size. 50 pages. Full colour. Our journey through the heavenly spheres as described in the Urantia Book is so thrilling and awesome that I decided to present it in as much detail as possible for the benefit of those Urantia students who enjoy a more visual representation of our future career. I begin with our short but intense test as mortals on the material plane of existence on Urantia (the name given to Planet Earth) and then chronicle our journey upwards through the morontia worlds of our local system and constellation before reaching our local universe headquarters where we attain spirit status. The journey continues through the minor and major sectors of our superuniverse until we reach Uversa, our superuniverse capital. From here we are prepared for our transit through the seven circuits of Havona before the last transit sleep to Paradise and the eventual destiny of ascending mortals--the Finaliter Corps."Love of adventure, curiosity, and dread of monotony--these traits inherent in evolving human nature--were not put there just to aggravate and annoy you during your short sojourn on earth, but rather to suggest to you that death is only the beginning of an endless career of adventure, an everlasting life of anticipation, an eternal voyage of discovery." p.159/6. It is this eternal voyage that I present to you in this Handbook. Godchild Covenant is set against a global tribulation caused by the planet Nibiru (Planet X) in 2012. In the midst of this maelstrom, the dubious characters who've lurked in the shadows of Anthony Jarman's life now come forward to propel the story at a breathtaking pace. Likeable and gifted with psychic abilities, Anthony enjoys political success until his enemies manage to conscript him into the hopeless role of a "releaser." In the midst of this dark passage, destiny recasts his fate when he meets Tanya. Beautiful and dynamic, but sad, she captures Anthony's interest at first sight. The attraction is mutual, but Tanya cannot yield as easily. The loss of her family still pulls her soul towards lonely tears, away from her pressing need for a new future. As they struggle with their feelings, the ghost of an old love from Anthony's past returns to bond them together in the service of a desperate cause. The Science Behind Godchild Covenant Godchild Covenant: Return of Nibiru, is rooted in a realistic catastrophe scenario based on the impending flyby of a planet the Sumerians called Nibiru. The Egyptians called it the "Destroyer," and the Mayans warn us that this "Red Comet" will return in 2012. In researching this book, author Marshall Masters, a former science feature producer for the Cable News Network first researched current solar system observations and then compared those findings with historical accounts in the ancient texts of the Egyptians and Sumerians. Nibiru and the Ancients Founded in the area of modern day Iraq, Sumer is the oldest known civilization, and the Sumerians wrote extensively about Nibiru. According to their accounts, it orbits our sun every 3600 years. Reddish in color, it is approximately 5 times the size of Earth. Further parallels to these accounts are also found in ancient Egyptian and Mayan records as well. A similar object was also documented in the Egyptian Texts of the Bronzebook. This 3600-year old work was penned by Egyptian academics following the Exodus. They called it the "Destroyer" and say it caused the Biblical disasters of Noah's Flood

and the Ten Plagues of Exodus. They also warn that it will return in the near future. The Mayans offered the same warning. They called this object the "Red Comet" and told us its return will mark the beginning of the next Mayan Calendar on December 21, 2012. Like the Egyptians, they feared the natural disasters caused by this object and kept a constant vigil on the planet Venus for any sign of its return. Nibiru and 2012 Today, we not only observe Venus, but the entire solar system as well, and what we're seeing is troubling for some. In the last 75 years, the effective energy output of our sun has increased 0.4%, causing the most violent solar activity in recorded history. According to NASA, the next solar cycle will reach its maximum in 2012, and it will be stronger than the last. Meanwhile, as the global warming debate continues here on Earth, astronomers have observed significant surface warming on Mars and Pluto at levels that could cause an extinction event here on Earth. Additionally, there is a sharp increase in atmospheric perturbations and a host of new X-ray and radio emissions on the other planets in our solar system, as well.

Poetry. LGBT Studies. An urban songline of New York. From the author of the memoir *L is for Lion*, comes a panegyric of the geology of Manhattan. These poems glitter. Manhattan schist is rendered as a template for the skyline and characters of New York. Grit and stardust collide in this debut collection of poetry and song. The book begins with the bright reflective quality of Mica and ends with the gentrified vision of the city where "New York is nine millions doors, and you have not one key." In between are stories of urban icons: iceman, fish peddler, heart butcher, meter maid, San Gennaro, the magic of grandmothers' hands, the vision of the oldest living tree in the city, immigrants who fell out windows and died in explosions, Italian phrases that link the essence of the sun to a rose to a heart, crushed tomatoes, sunsets, supermarkets, the glory of hot tar, the lessons of marines and lesbians. You will learn history and geology, Italian American heroes, and spiritual imperatives, through the syllables of this one poet's soul. "The bad news you expect and the good news you need!" -- Cover.

Neil Gross shows that the U.S. academy's liberal reputation has exerted a self-selecting influence on young liberals, while deterring promising conservatives. His study sheds new light on both academic life and American politics, where the conservative movement was built in part around opposition to the "liberal elite" in higher education. The early 21st century is a complex time presenting unique challenges for men. This book examines many of those challenges, from dysfunctional relationships and confusion about what it means to be 'male' in the postmodern world, to understanding the dark side of the masculine psyche, as well as how to apply the best qualities of 'warrior consciousness' to experience overall success and fulfillment in life. Shortly after accepting the flat earth as a model for the world, I decided to revisit the Book of the Courses of the Heavenly Luminaries to see if my new understanding would somehow mirror what Enoch was sharing as the motion of the sun and moon. As I began to read chapters 71-82, I found to my utter

amazement that I was able to grasp those passages. I knew then that the vision that the angel Uriel had shown to Enoch could only be deciphered if one were to imagine Enoch's description of the revolution of the sun and the moon. As seen from above the flat circular plane of the earth as described by Isaiah; and that Enoch must have been taken up to perhaps where Polaris is, centered directly above the North Pole, and while looking down at the backdrop of the earth, was instructed on the motions of both the sun and moon. Without such conception, it is in my opinion impossible to apply these descriptions to the model of the earth as a spherical planet. Authored by Celtic priests when the first Gospels of the New Testament were being created, the Celtic Texts of the Coelbook (the last five books of The Kolbrin Bible) documents the fusion of Celtic and Druid mysticism, Judaism and Egyptian anthropology. Some regard it as a key Celtic wisdom text because it includes a revealing biography of Jesus with several never-before published first-person quotes. This work is rooted in a 3600-year-old Egyptian text (the first six books of The Kolbrin Bible) written following the Exodus. It describes how Noah's Flood and the Ten Plagues of Exodus were caused by a planet (also known as Nibiru or Planet X) that orbits our sun every 3600 years. The Egyptians called it the "Destroyer" and the Celtic priests called it the "Frightener." Inspired by the Hebrew Exodus from Egypt This story begins with Moses and the Hebrew Exodus. Convinced their gods had failed them, the Egyptians conducted the first regional anthropological study of the Middle East, in search of clues that would lead them to the one true G-d of Abraham. They published their findings in a 21-volume work titled The Great Book. During the last millennium BCE, Phoenician traders translated The Great Book from Egyptian Hieratic into their own 22-letter alphabet and entrusted a copy to the Celtic priests in Britain. Inspired by the Egyptian texts, the Celtic priests wrote their own wisdom text in ancient Celtic and called it the Coelbook. Work began on the earliest parts of The Coelbook in approximately 20 CE and finished in approximately 500 CE. Viewed as a religious work by many, the Celtic texts offer a timeless insight into Druid folklore, mysticism and philosophy. It is now published as The Celtic Texts of the Coelbook (the last five books of the The Kolbrin Bible) in honor of it's Celtic authors. What now survives of that noble effort comprises the first six books of The Kolbrin Bible. Related Title - The Kolbrin Bible: 21st Century Master Edition The Kolbrin Bible dates back 3600 years and offers unique and enlightened insights from the past to both challenge and affirm our present day beliefs. This 11-book secular anthology is nearly as large as the King James Bible. Millennia ago, Egyptian and Celtic authors recorded prophetic warnings for the future and their harbinger signs are now converging. These predictions are contained in The Kolbrin Bible, a secular wisdom text studied in the days of Jesus and lovingly preserved by generations of Celtic mystics in Great Britain. Nearly as big as the King James Bible, this 3600-year old text warns of an imminent, Armageddon-like conflict with radical Islam, but this is not the greatest threat. The authors of The Kolbrin Bible predict an end to life as we know it, by a celestial event. It will be the return of a massive space object, in a long elliptical orbit around our sun. Known to the Egyptians and Hebrews as the "Destroyer," the Celts later called it the "Frightener."
