Key Issues in the Teaching of Spanish Pronunciation Jul 12 2021
Key Issues in the Teaching of Spanish Pronunciation: From Description to Pedagogy is a resource that encourages Spanish teachers and curriculum designers to increase their incorporation of pronunciation into the classroom. Combining theory and practical guidance, it will help language practitioners integrate the teaching of Spanish pronunciation with confidence and effectiveness. The international group of scholars across its 15 chapters is made up of individuals with well-established research records and training in best pedagogical practices. Key features: A range of topics including vowels, various classes of consonants, prosody, the use of technology, the role of orthography, the importance of both perception and production, individual learner differences, and teacher training; Overviews of descriptive, empirical, and acquisition-based research associated with each aspect of the Spanish sound system; Guidance on the difficulties that teachers face when incorporating the teaching of pronunciation into the classroom; Clear explanations of concepts, accompanied by an abundance of concrete examples and references; Multiple sample activities and lesson plans tailored to different levels and backgrounds of students; A bilingual glossary of terms to help the content reach the widest audience possible. Written in a clear and accessible manner, Key Issues in the Teaching of Spanish Pronunciation is an essential resource for

teachers of Spanish at all levels. It is also an excellent reference book for researchers and both undergraduate and graduate university students interested in Spanish phonetics and language acquisition.

Annual Report of the American Tract Society Nov 08 2023

The Mediterranean World of Alfonso II and Peter II of Aragon (1162–1213) May 02 2023 Considering a wide array of sources, this book reveals the tenacity with which Alfonso II (1162-1196) and his son Peter II (1196-1213) of the Crown of Aragon forged a tighter Mediterranean regional network and augmented their regional success.

e-Research y español LE/L2 Sep 06 2023 e-Research y español LE/L2: Investigar en la era digital es el primer volumen que aborda de manera conjunta las aportaciones al español LE/L2 de la lingüística de corpus, la biblioteconomía y la edición digital. Es excelente para mejorar las técnicas de investigación a la vez que se toma conciencia sobre el uso de las tecnologías en los estudios sobre el español LE/L2. Características principales: visión interdisciplinar e internacional a partir del trabajo de expertos que ejercen su actividad docente, investigadora y profesional en diferentes ámbitos y en distintos países; planteamiento teórico-práctico mediante la exposición de una reflexión teórica y la descripción de casos prácticos; sólido marco teórico que se presenta en los dos primeros capítulos; estructura homogénea dividida en útiles apartados (necesidades, cómo ayudan las tecnologías y casos concretos) para que el lector pueda localizar los contenidos con facilidad; lectura del volumen que puede ser lineal (capítulo tras capítulo) o transversal (por ejemplo, los casos prácticos que se

presentan en cada capítulo); materiales complementarios en línea, como, por ejemplo, glosario hipertextual y enlaces a los corpus y programas mencionados en los capítulos. Escrito en español, de manera clara y accesible, y con abundantes ejemplos e ilustraciones, e-Research y español LE/L2: Investigar en la era digital es ideal para todas aquellas personas vinculadas con la investigación en torno al español LE/L2: estudiantes de máster y doctorado, directores de tesis (PhD o máster) y profesores. e-Research y español LE/L2: Investigar en la era digital is the first volume that jointly addresses the contributions of corpus linguistics, librarianship and digital publishing to Spanish as a second or foreign language (LE/L2). It is excellent for improving research techniques while raising awareness about the use of technologies in studies of Spanish LE/L2. Main features: interdisciplinary and international vision based on the work of experts who carry out their teaching, research and professional activities in different fields and in different countries; theoretical-practical approach through the presentation of a theoretical reflection and the description of practical cases; solid theoretical framework which is presented in the first two chapters; each chapter is divided into three useful sections (needs, how technologies help, and specific cases) so that the reader can easily locate the contents; reading can be linear (chapter by chapter) or transversal (for example, the practical cases presented in each chapter); supplementary online materials include a hypertext glossary and links to the corpus and programs mentioned in the chapters. Written in Spanish, in a clear and accessible way, and with abundant examples and illustrations, e-Research y español LE/L2: Investigar en la era digital is ideal for all those involved in research on Spanish LE/L2, master's and doctoral students, thesis

supervisors and professors.

*Manual of Romance Languages in Africa Jun 15 2024 With more
than two thousand languages spread over its territory,
multilingualism is a common reality in Africa. The main official
languages of most African countries are Indo-European, in many
instances Romance. As they were primarily brought to Africa in the
era of colonization, the areas discussed in this volume are thirty-
five states that were once ruled by Belgium, France, Italy, Portugal,
or Spain, and the African regions still belonging to three of them.
Twenty-six states are presented in relation to French, four to
Italian, six to Portuguese, and two to Spanish. They are considered
in separate chapters according to their sociolinguistic situation,
linguistic history, external language policy, linguistic
characteristics, and internal language policy. The result is a
comprehensive overview of the Romance languages in modern-day
Africa. It follows a coherent structure, offers linguistic and
sociolinguistic information, and illustrates language contact*

situations, power relations, as well as the cross-fertilization and mutual enrichment emerging from the interplay of languages and cultures in Africa.

Bibliografía cronológica de la lingüística, la gramática y la lexicografía del español (BICRES V) Jun 22 2022 Since the publication of the still very valuable *Biblioteca histórica de la filología* by Cipriano Muñoz y Manzano, conde de la Viñaza (Madrid, 1893), our knowledge of the history of the study of the Spanish language has grown considerably, and most manuscript and secondary sources had never been tapped before Hans-Josef Niederehe of the University of Trier courageously undertook the task to bring together any available bibliographical information together with much more recent research findings, scattered in libraries, journals and other places. The resulting *Bibliografía cronológica de la lingüística, la gramática y la lexicografía del español: Desde los principios hasta el año 1600 (BICRES)* began appearing in 1994. BICRES I covered the period from the early beginnings to 1600), followed by BICRES II (1601–1700), BICRES III (1701–1800), and together with Miguel Ángel Esparza Torres of Madrid there followed BICRES IV (1801 to 1860). Now, the fifth volume, has become available, covering the years from 1861 to 1899. Access to the bibliographical information of altogether 5,272 titles is facilitated by several detailed indexes, such as a short title index, a listing of printers, publishers and places of production, and an author index. More than twenty years of research in the major libraries of Spain and other European countries have gone into this unique work — relative sources of the Americas have also been covered — making it exhaustive source for any serious scholar of

any possible aspect of the Spanish language.

New Perspectives on Judeo-Spanish and the Linguistic History of the Sephardic Jews Oct 15 2021 At the intersection of Jewish studies and linguistic research, the essays assembled in this book approach the topic of the languages of Sephardic Jews from different perspectives, spanning chronologically from the Middle Ages to the present day. Drawing on diverse sources – from medical glossaries to inquisition archives, from rabbinic responsa to recordings of today's speakers – the scholars collaborating on this project have endeavoured to reconstruct fragments of a complex and elusive linguistic reality, which over the centuries has been shaped by the historical experience of its speakers. An innovative collection of rigorously conducted synchronic and diachronic studies that contributes to expanding our knowledge and opening new perspectives on crucial issues, such as the effects of contact on the linguistic structures, the possibility of a norm for polycentric languages, the relationship between the lexicon of a language and the vitality of its speech community.

Thirty-Second Annual Report of the American Tract Society Apr 20 2022 Reprint of the original, first published in 1857.

Manual of Romance Phonetics and Phonology Oct 27 2022 This handbook is structured in two parts: it provides, on the one hand, a comprehensive (synchronic) overview of the phonetics and phonology (including prosody) of a breadth of Romance languages and focuses, on the other hand, on central topics of research in Romance segmental and suprasegmental phonology, including comparative and diachronic perspectives. Phonetics and phonology have always been a core discipline in Romance linguistics: the wide synchronic variety of languages and dialects derived from spoken

Latin is extensively explored in numerous corpus and atlas projects, and for quite a few of these varieties there is also more or less ample documentation of at least some of their diachronic stages. This rich empirical database offers excellent testing grounds for different theoretical approaches and allows for substantial insights into phonological structuring as well as into (incipient, ongoing, or concluded) processes of phonological change. The volume can be read both as a state-of-the-art report of research in the field and as a manual of Romance languages with special emphasis on the key topics of phonetics and phonology.

*The Spanish Language Today Feb 28 2023 The Spanish Language Today describes the varied and changing Spanish language at the end of the twentieth century. Suitable for introductory level upward, this book examines: * where Spanish is spoken on a global scale * the status of Spanish within the realms of politics, education and media * the standardisation of Spanish * specific areas of linguistic variation and change * how other languages and dialects spoken in the same areas affect the Spanish language * whether new technologies are an opportunity or a threat to the Spanish language. The Spanish Language Today contains numerous extracts from contemporary press and literary sources, a glossary of technical terms and selected translations.*

*Revival: A History of Spanish Literature (1930) Mar 08 2021 The present English version, authorized by the publishers and heirs of M. Merimee, is based on the third French Edition. New material of two sorts has been added, however. First, the translator has been allowed to utilize an annotated, interleaved copy of the *Precis*, 1922, in which the author, and after his death his son Henri, himself a distinguished Hispanist, had set down material for the next revision. This accounts for many inserted names and phrases, and some paragraphs. Second, the translator has rewritten and added with some freedom.*

Técnicas de escritura en español y géneros textuales / Developing Writing Skills in Spanish Sep 13 2021 Técnicas de escritura en español y géneros textuales / Developing Writing Skills in Spanish es la primera publicación concebida para desarrollar y perfeccionar la expresión escrita en español a partir de una metodología basada en géneros textuales. Cada capítulo se ocupa de un género y está diseñado para guiar al escritor en la planificación, el desarrollo y la revisión de textos. Las novedades de esta segunda edición incluyen: un cuestionario sobre la escritura, listados con objetivos y prácticas escritas, nuevos materiales y actividades, repertorios de vocabulario temático, ejercicios de corrección gramatical y estilo, ampliación de las respuestas modelo y diferentes rutas para la escritura.

Características principales:

- *Tipologías variadas: textos narrativos, descriptivos, expositivos, argumentativos, periodísticos, publicitarios, jurídicos y administrativos, científicos y técnicos;*
- *Actividades para trabajar la precisión léxica, la gramática, el estilo*

y la reescritura de manera progresiva; • Vocabulario temático, marcadores discursivos y expresiones útiles para la escritura; • Pautas detalladas, consejos prácticos y estrategias discursivas en función del tipo de texto; • Modelos textuales de reconocidos periodistas y autores del ámbito hispánico; • Recursos adicionales recogidos en un portal de escritura en línea. Diseñado como libro de texto, material de autoaprendizaje u obra de referencia, Técnicas de escritura en español y géneros textuales / Developing Writing Skills in Spanish es una herramienta esencial para familiarizarse con las características lingüísticas y discursivas propias de la lengua y para dominar la técnica de la escritura en diferentes géneros textuales. Técnicas de escritura en español y géneros textuales / Developing Writing Skills in Spanish provides intermediate and advanced level students with the necessary skills to become competent and confident writers in the Spanish language. This new edition includes: new material and activities, chapter objectives, exercises on grammar and style correction, thematic vocabulary lists, and an expanded answer key with more detailed explanations. Designed for use as a classroom text, self-study material or reference work, Técnicas de escritura en español y géneros textuales / Developing Writing Skills in Spanish is ideal for all intermediate to advanced students of Spanish.

Toolkit for Counseling Spanish-Speaking Clients Feb 16 2022 This timely practical reference addresses the lack of Spanish-language resources for mental health professionals to use with their Latino clients. Geared toward both English- and Spanish-speaking practitioners in a variety of settings, this volume is designed to minimize misunderstandings between the clinician and client, and with that the possibility of inaccurate diagnosis and/or ineffective treatment. Coverage for each topic features a discussion of cultural

considerations, guidelines for evidence-based best practices, a review of available findings, a treatment plan, plus clinical tools and client handouts, homework sheets, worksheets, and other materials. Chapters span a wide range of disorders and problems over the life-course, and include reproducible resources for: Assessing for race-based trauma. Using behavioral activation and cognitive interventions to treat depression among Latinos. Treating aggression, substance use, abuse, and dependence among Latino Adults. Treating behavioral problems among Latino adolescents. Treating anxiety among Latino children. Working with Latino couples. Restoring legal competency with Latinos. The Toolkit for Counseling Spanish-Speaking Clients fills a glaring need in behavioral service delivery, offering health psychologists, social workers, clinical psychologists, neuropsychologists, and other helping professionals culturally-relevant support for working with this under served population. The materials included here are an important step toward dismantling barriers to mental health care.

Reception and Renewal in Modern Spanish Theatre, 1939-1963
Oct 07 2023 *The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship. John London analyses performance, stage design, translation, censorship, and critical reviews in relation to the works of many authors, including Noel Coward, Arthur Miller, Eugene Ionesco, and Samuel Beckett. He compares the original reception of these dramatists with the treatment they were given in Spain. However, his study is also a reassessment of the Spanish drama of the period. Dr London argues that only by tracing the reception of non-Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre, alongside the simultaneous rejection of Spanish avant-garde*

styles. A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre.

El español y la lingüística aplicada Apr 08 2021 Informed by the latest research in the fields of second language acquisition and applied linguistics, El español y la lingüística aplicada responds to the central questions that lie at the heart of learning Spanish as a second or foreign language. What does it mean to know a language? Can technology help second language learners? How does studying abroad promote language acquisition? Framing chapters in terms of these and other critical areas of inquiry, Robert J. Blake and Eve C. Zyzik examine the linguistic challenges and pitfalls involved in Spanish-language learning and delve into practical implications for students and teachers. Written entirely in Spanish, some chapters focus on specific areas of Spanish grammar that tend to pose difficulty for learners, while others explore broad pedagogical themes related to the concept of proficiency, the nature of input, and the impact of learning context. Each chapter ends with a series of guided questions for reflection and further research. Designed to address the pre-service training needs of Spanish language professionals, El español y la lingüística aplicada will also be of interest to anyone wishing to develop linguistic expertise in this important world language.

Teaching Translation from Spanish to English May 22 2022 While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, Beeby Lonsdale demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics can illuminate the translation process. Using Spanish to English translation as her example, she presents the basic principles of translation through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students. Published in English.
