Professionalism in the Information and Communication Technology Industry John Weckert,Richard Lucas,2013-10-15 Professionalism is arguably more important in some occupations than in others It is vital in some because of the life and death decisions that must be made for example in medicine In others the rapidly changing nature of the occupation makes efficient regulation difficult and so the professional behaviour of the practitioners is central to the good functioning of that occupation The core idea behind this book is that Information and Communication Technology ICT is changing so quickly that professional behaviour of its practitioners is vital because regulation will always lag behind

Global Ecology Colin Tudge,1991 Eminent science writer Colin Tudge offers an authoritative exploration of ecological science for general readers Illustrated with many full color photographs and drawings and written in clear easy to read style the book is a fascinating overview of the study of living things and their interactions with the environment and each other This body of knowledge encompasses a wide range of topics animal behavior and plant life evolution physiology climatology population balance species extinction and the impact of human civilization

Macroeconomics in Context Neva Goodwin,Jonathan M. Harris,Julie A. Nelson,Brian Roach,Mariano Torras,2015-03-12 Macroeconomics in Context lays out the principles of macroeconomics in a manner that is thorough up to date and relevant to students Like its counterpart Microeconomics in Context the book is attuned to economic realities and it has a bargain price The in Context books offer affordability engaging treatment of high interest topics from sustainability to financial crisis and rising inequality and clear straightforward presentation of economic theory Policy issues are presented in context historical institutional social political and ethical and always with reference to human well being

Global Politics Ben Whitham,Andrew Heywood,2023-03-31 In turbulent global times your study of this subject is increasingly necessary and urgent Featuring a new chapter on critical theories and revised to take a less Eurocentric approach to concepts and case studies this new edition allows you to tackle global politics important concepts debates and problems How can theories help us to understand the politics of a global pandemic Do we live in a post truth world of fake news and disinformation Does international aid work Does the United States remain a global hegemon What is the Anthropocene and how does it shape global politics Are global politics constrained by a North South divide What are the possible futures of global politics and the politics of outer space Delving into topics as diverse as anarchy intersectionality Confucianism and neoconservatism boxed features give you confidence in political analysis Focus on learn more about the global colour line or the tragedy of the commons Key figures discuss the ideas of Hans Morgenthau Frantz Fanon or bell hooks Debating argue whether the United Nations are obsolete or whether nuclear weapons promote peace Global politics in action apply your learning to the migration crisis in Europe or the Arab Spring Approaches to consider human rights or the Covid 19 pandemic from the perspective of realist liberal postcolonial Marxist feminist constructivist and post structuralist theory Global actors understand the significance of Black Lives Matter

Amnesty International or the International Monetary Fund Spanning the development of global politics from the early origins of globalization through to the return of multipolarity in the twenty first century this is an essential text for undergraduates studying global politics and international relations
