Using information derived from research and interviews with cab drivers, Vidich has written a basic work on N cab drivers (hacks) that also provides passengers (fares) with a survival manual. Cab drivers are quoted by new columnists, politicians, and at dinner parties; yet a hard look at the profession and its role in the transportation city has been completely lacking. Vidich brings out in clear language the conflicts between the cab driver's posit dispenser of a public service and his needs as a working person subjected to violence and pressure. It is difficult more enjoyable introduction to an industry whose members are a folk tradition. At the same time, this book pro into the history and sociology of an important urban institution. It is a book about cab drivers everywhere; and and fares in all cities have a new handbook in this volume. It will help you prepare for and pass your exam on th but it does not include any study guide. The book focuses only on carefully selected practice questions. Seven m #9642 Geography #9642 Map Reading Skills #9642 General Knowledge #9642 Rules and Procedures #9642 WH Accessible Vehicle #9642 Preparation for the TLC Exam #9642 Driver / Passenger Relations are covered in this test. Briefly sketches the history of taxi cabs, shares the stories of New York cabbies, and passengers describe experiences riding in taxis. The vehicle for hire (VFH) market – broadly comprising taxis, limousines, and app-base transport – has faced multiple and significant changes over the years, with the period since 2010 a time of maj This book documents the development of the market over time, examining its regulation and control structures, history, trends, and market theories, and discussing how these are both promoted and challenged by the change sector. This book reviews recent developments in the VFH industry, from the influx of new market entrants and emergence of app-based services to their widespread use, comparing international markets and their regulation, on a series of case studies in key locations in North America, Europe, and Asia. It establishes and details econom social, and political theory affecting the VFH industry and devotes its second half to the definition and emergent transport typologies and markets in which the sector has a role (or potential role). The book concludes, from a r

standpoint, on the balance between market participants, addressing the immediate future facing the industry, in impacts of Covid and other external factors. It considers the short- and long-term effects of market change, the regulators, and the market conditions imposed upon them. Written for industry practitioners – both suppliers and – as well as the academic community, this book will inform the community and prompt further analysis of a significant growing field in transportation. Publisher description Whether you are an owner operator or an in-house chauffeur in the limousine industry does have its pros or cons. Whether its bribing the dispatchers somehow or receiving limo chauffeurs tend to survive financially one way or the other even though the special black cars or taxis are city in the United States and around the world. These new transportation companies are now the new competitors in the global limousine industry. Pricewise or servicewise, the transportation consumer will make his or her own choice.
