This book presents selected papers from the International Symposium on Geotechnics for Transportation Infrastructure (ISGTI 2018). The research papers cover geotechnical interventions for the diverse fields of policy formulation, design, implementation, operation and management of the different modes of travel, namely road, air, rail and waterways. This book will be of interest to academic and industry researchers working in transportation geotechnics, as also to practicing engineers, policy makers, and civil agencies. The new 4th edition has been thoroughly updated with the latest and best cases and statutory references. It includes references to the most recent scholarly articles, books and other publications. It also includes coverage of some recent Supreme Court decisions such as: *Morse v. Frederick* (the BONG HITS 4 JESUS student free expression case) *Roper v. Simmons* (the juvenile death penalty case) *Davis v. Washington* and *Hammon v. Indiana* (clarifying the meaning of testimonial in the Court's earlier decision in *Crawford v. Washington* addressing Confrontation Clause issues with respect to statements made to police). This book is distinguished by its breadth of coverage and degree of flexibility in teaching. It deals with every aspect of how the law relates to minors, from free expression in school and

other school-related issues to child custody, to private law (e.g., torts and contracts), to the juvenile justice system (i.e., delinquency and the operation of c
