Do you really need a computer anymore? They're clunky and even laptops aren't as portable as they could be, and they don't have touchscreens. Yes, they're great for running power-hungry applica-tions, but what if you just use it for email, web searching, and organizing pictures? iPad's do all that and more. If you've used an iPad before, then the OS will be familiar to you, but there's a number of new things you should know about. If you've never used an iPad, then this book will help you navigate around the device in a way that's easy to understand and not so comprehensive that you feel overwhelmed. This book is based off of the iPad 10.2 (the one with a Home button--not the Pro models that have abandoned buttons); that doesn't mean it's not use-ful if your iPad doesn't have one, but some features will work slightly differently. Note: This book is based off of the book Your First iPad but includes extra information on accessi-bility. Ready to get

started? Let's go! Apple in October 2018 overhauled its iPad Pro lineup, introducing revamped 11 and 12.9-inch tablets that adopt an iPhone XS-style design with an edge-to-edge display, slim bezels, and no Home button. With no Home button for navigation or biometric authentication, the iPad Pro features a TrueDepth camera system with Face ID to replace Touch ID. This book is a detailed in DEPTH guide that will help you to maximise your iPad Pro experience. It has ACTIONABLE tips, tricks and hacks. It contains specific step-by-step instructions that are well organised and easy to read. Here is a preview of what you will learn: - How to set up your iPad (automatic & manual)- How to identify and remove unnecessary apps- Accessing the Control Center, iOS 12 and iPad new gestures- Send and receive sms messages on iPad via Text Message Forwarding- Learn to create and use Memoji in iOS 12- Learn the changes to notifications in iOS 12- Apple Pay Cash- How to use Siri- How to perform quick website search in Safari- Much, much, more! Scroll up and Click the "Buy Button" to add this book to your shelve. The Rough Guide to the iPad is the ultimate companion to the revolutionary Apple iPad. Making sure you get the most out of your newest toy, the guide provides full coverage of the latest Apple software and hardware advances, including the multitouch screen, the iBookstore and the new iPad email system, as well as all those Apple features you can't live without: surfing the web, downloading movies and music and hundreds and hundreds of apps are covered in full detail. This first Rough Guide technology title published in full colour will help you through the whole process, from buying the right model to getting the best deal, all the way through to customising your settings and spending safely online. Whether you were first in line at the Apple store on release day, or if you are simply fantasizing about buying your own, The Rough Guide to the iPad is the book for you. >A Simplified Guide to Mastering your iPad Congratulations on purchasing the new iPad 7th Generation which is an upgrade on the 2018 iPad model with bigger display.
