**When Abortion Was a Crime** Leslie J. Reagan, 2022-02-22 The definitive history of abortion in the United States with a new preface that equips readers for what's to come *When Abortion Was a Crime* is the must-read book on abortion history Originally published ahead of the thirtieth anniversary of *Roe v Wade* this award-winning study was the first to examine the entire period during which abortion was illegal in the United States beginning in the mid-nineteenth century and ending with that monumental case in 1973 *When Abortion Was a Crime* is filled with intimate stories and nuanced analysis demonstrating how abortion was criminalized and policed and how millions of women sought abortions regardless of the law With this edition Leslie J Reagan provides a new preface that addresses the dangerous and ongoing threats to abortion access across the country and the precarity of our current moment While abortions have typically been portrayed as grim back-alley operations this deeply researched history confirms that many abortion providers including physicians practiced openly and safely despite prohibitions by the state and the American Medical Association Women could find cooperative and reliable practitioners but prosecution public humiliation loss of privacy and inferior medical care were a constant threat Reagan's analysis of previously untapped sources including inquest records and trial transcripts shows the fragility of patient rights and raises provocative questions about the relationship between medicine and law With the right to abortion increasingly under attack this book remains the definitive history of abortion in the United States offering vital lessons for every American concerned with health care civil liberties and personal and sexual freedom

**The Murder Artist** John Case, 2004-10-12 The bestselling author of *The Genesis Code* and *The Eighth Day* now strikes his most harrowing chord with a chilling novel that pushes suspense to nearly inhuman limits As a television news correspondent Alex Callahan has traveled to some of the most dangerous corners of the globe covering famine plague and war He's seen more than his share of blood and death and knows what it means to be afraid But what he's never known is the terror that grabs him when on a tranquil summer afternoon he ceases to be an observer of the dark side and to his shock becomes enmeshed in it Separated from his wife and struggling not to become a stranger to his six-year-old twin sons Alex is logging some all-too-rare quality time with the boys when they vanish without a trace amid the hurly-burly of a countryside Renaissance Fair Then the phone call comes A chilling silence slow steady breathing and the familiar plaintive voice of a child Daddy complete the nightmare and set in motion a juggernaut of frenzy and agony The longer the police search exhausting leads without success the deeper Alex's certainty grows that time is running out And when at last telltale signs reveal a hidden pattern of bizarre and ghoulish abductions Alex vows to use his own relentless investigative skills to rescue his children from the shadowy figure dubbed *The Piper* Whoever this elusive stranger is the profile that slowly emerges from previous crimes involving twins from the zealously secret world of professional magicians and from the eerie culture of voodoo suggests that *The Piper* is a predator unlike any other A twisted soul hell-bent on fulfilling an unspeakably dark dream A fiend with a terrifying true calling What Alex Callahan is closing in on is a monster with a mission

**The Choice** Danielle D'Souza Gill, 2020-10-06 See the debate on abortion from a new perspective as a young conservative discusses the effects that modern culture and politics have had on both sides of the argument Danielle D Souza Gill in a pathbreaking new book blows the lid off the abortion debate which is radically different than it was when the Supreme Court issued its landmark ruling of Roe v Wade in 1973 Technology has transformed the landscape and allowed people to see development in the womb Ultrasound has rendered many old assumptions about abortion obsolete The Democratic Left has become radicalized on abortion It is no longer a necessary evil but a positive good Consequently the Left has legitimized a form of mass killing in this country that dwarfs the deaths caused by cancer smoking homicide terrorism and war Writing with freshness intelligence and insight Danielle explores the contours of the debate taking into account new ideas new technology and new laws and putting forth a new vision for a life affirming society In Socratic style Danielle builds her case in response to the strongest contentions of the pro choice camp She engages their most powerful arguments head on carefully examines them and then dismantles them The result is a pro life argument so persuasive that it will reach into the heart of the most hardened opponent While it is a heartbreaking book it is in the end inspiring No matter what you believe about abortion this book will educate astonish and deeply move you It may move you to a position different from what you now hold If you read one book about abortion make it this one The Choice The Abortion Divide in America
