Dance Data, Cognition, and Multimodal Communication Mar 11 2022 *Dance Data, Cognition, and Multimodal Communication* is the result of a collaborative and transdisciplinary effort towards a first definition of "dance data", with its complexities and contradictions, in a time where cognitive science is growing in parallel to the need of a renewed awareness of the body's agency in our manyfold interactions with the world. It is a reflection on the observation of bodily movements in artistic settings, and one that views human social interactions, multimodal communication, and cognitive processes through a different lens—that of the close collaboration between performing artists, designers, and scholars. This collection focuses simultaneously on methods and technologies for creating, documenting, or representing dance data. The editors highlight works focusing on the dancers' embodied minds, including research using neural, cognitive, behavioural, and linguistic data in the context of dance composition processes. Each chapter deals with dance data from an interdisciplinary perspective, presenting

theoretical and methodological discussions emerging from empirical studies, as well as more experimental ones. The book, which includes digital Support Material on the volume's Routledge website, will be of great interest to students and scholars in contemporary dance, neuro-cognitive science, intangible cultural heritage, performing arts, cognitive linguistics, embodiment, design, new media, and creativity studies.

History, Power, Text Dec 08 2021 *History, Power, Text: Cultural Studies and Indigenous Studies* is a collection of essays on Indigenous themes published between 1996 and 2013 in the journal known first as *UTS Review* and now as *Cultural Studies Review*. This journal opened up a space for new kinds of politics, new styles of writing and new modes of interdisciplinary engagement. *History, Power, Text* highlights the significance of just one of the exciting interdisciplinary spaces, or meeting points, the journal enabled. 'Indigenous cultural studies' is our name for the intersection of cultural studies and Indigenous studies showcased here. This volume republishes key works by academics and writers Katelyn Barney, Jennifer Biddle, Tony Birch, Wendy Brady, Gillian Cowlshaw, Robyn Ferrell, Bronwyn Fredericks, Heather Goodall, Tess Lea, Erin Manning, Richard Martin, Aileen Moreton-Robinson, Stephen Muecke, Alison Ravenscroft, Deborah Bird Rose, Lisa Slater, Sonia Smallacombe, Rebe Taylor, Penny van Toorn, Eve Vincent, Irene Watson and Virginia Watson—many of whom have taken this opportunity to write reflections on their work—as well as interviews between Christine Nicholls and painter Kathleen Petyarre, and Anne Brewster and author Kim Scott. The book also features new essays by Birch, Moreton-Robinson and Crystal McKinnon, and a roundtable discussion with former and current journal editors Chris Healy, Stephen Muecke and Katrina Schlunke.

Taboo May 05 2024 From the two-times winner of the Miles Franklin Award From Kim Scott, two-times winner of the Miles Franklin Literary Award, comes a work charged with ambition and poetry, in equal parts brutal, mysterious and idealistic, about a young woman cast into a drama that has been playing for over two hundred years ... *Taboo* takes place in the present day, in the rural South-West of Western Australia, and tells the story of a group of Noongar people who revisit, for the first time in many decades, a taboo place: the site of a massacre that followed the assassination, by these Noongar's descendants, of a white man who had stolen a black woman. They come at the invitation of Dan Horton, the elderly owner of the farm on which the massacres unfolded. He hopes that by hosting the group he will satisfy his

wife's dying wishes and cleanse some moral stain from the ground on which he and his family have lived for generations. But the sins of the past will not be so easily expunged. We walk with the ragtag group through this taboo country and note in them glimmers of re-connection with language, lore, country. We learn alongside them how countless generations of Noongar may have lived in ideal rapport with the land. This is a novel of survival and renewal, as much as destruction; and, ultimately, of hope as much as despair.

FOR TABOO "If Benang was the great novel of the assimilation system, and

That Deadman Dance redefined the frontier novel in Australian writing,

Taboo makes a strong case to be the novel that will help clarify - in the way

that only literature can - what reconciliation might mean" Australian Book

Review "Scott's book is stunning - haunted and powerful ... Verdict: Must

Read" Herald Sun "Remarkable" Stephen Romei, Weekend Australian

"Stunning prose" Saturday Paper "This is a complex, thoughtful, and

exceptionally generous offering by a master storyteller at the top of his game"

The Guardian "Undaunted, and daring as ever Scott goes back to his ancestral

Noongar country in Western Australia's Great Southern region; back in time

as well to killings (or a massacre, the point is contested) of whites and

Aborigines there in 1880. . . Taboo never becomes a revenge story, whether

for distant or recent wrongs . . . The politics of Taboo - not to presume or

simplify too much - are quietist, rather than radical. Ambitious, unsentimental

[and] morally challenging" Sydney Morning Herald "Scott is one of the most

thoughtful, exciting and powerful storytellers of this continent today, with

great courage and formidable narrative prowess- and Taboo is his most daring

novel yet" Sydney Review of Books

That Deadman Dance Jun 06 2024 Throughout Bobby Wabalanginy's young life the ships have been arriving, bringing European settlers to the south coast of Western Australia, where Bobby's people, the Noongar people, have always lived. Bobby, smart, resourceful and eager to please, has befriended the settlers, joining them as they hunt whales, till the land, and work to establish their new colony. He is welcomed into a prosperous white family and eventually finds himself falling in love with the daughter, Christine. But slowly - by design and by hazard - things begin to change. Not everyone is so pleased with the progress of the white colonists. Livestock mysteriously starts to disappear, crops are destroyed, there are 'accidents' and injuries on both sides. As the Europeans impose ever-stricter rules and regulations in order to keep the peace, Bobby's Elders decide they must respond in kind, and Bobby is forced to take sides, inexorably drawn into a series of events that will for ever change the future of his country. *That Deadman Dance* is haunted by tragedy, as most stories of first contact between European and native peoples are. But through Bobby's life, this novel exuberantly explores a moment in time when things might have been different, when black and white lived together in amazement rather than fear of the other, and when the world suddenly seemed twice as large and twice as promising.

Dance for Me Aug 04 2021 What if the person who stole your heart wasn't who you thought they were? When my parents passed away, I grew up fast. Learning to stand on my own two feet has been a challenge, but I'm making it... my way. I make no apologies for the path I've chosen. My choices have served me well, but no one knows the real me. Except one man. He's a mystery to me. He's controlling, demanding, and he has me wrapped around his little finger. Anything he wants, I'll give it to him. The hours we share together aren't about love. It's just sex. Hot, dirty, passionate sex. It was never supposed to be anything more than that. Until everything changed. Now, I'm more confused than ever. The more I learn about him, the less I seem to understand. What I do know is that I'm falling, and I have the feeling when I land, it's going to hurt.

Decolonizing the Landscape Apr 11 2022 How does one read across cultural boundaries? The multitude of creative texts, performance practices, and artworks produced by Indigenous writers and artists in contemporary Australia calls upon Anglo-European academic readers, viewers, and critics to respond to this critical question. Contributors address a plethora of creative works by Indigenous writers, poets, playwrights, filmmakers, and painters, including Richard Frankland, Lionel Fogarty, Lin Onus, Kim Scott, Sam Watson, and Alexis Wright, as well as Durrudiya song cycles and works by Western Desert artists. The complexity of these creative works transcends categorical boundaries of Western art, aesthetics, and literature, demanding new processes of reading and response. Other contributors address works by non-Indigenous writers and filmmakers such as Stephen Muecke, Katrina Schlunke, Margaret Somerville, and Jeni Thornley, all of whom actively engage in questioning their complicity with the past in order to challenge Western modes of knowledge and understanding and to enter into a more self-critical and authentically ethical dialogue with the Other. In probing the limitations of Anglo-European knowledge-systems, essays in this volume lay the groundwork for enter-~~ing~~ into a more authentic dialogue with Indigenous writers and critics. Beate Neumeier is Professor and Chair of English at the University of Cologne. Her research is in gender, performance, and postcolonial studies. Poetics and Politics of Relationality in Contemporary Australian Aboriginal Fiction Nov 18 2022 This is the first sustained study of the formal particularities of works by Bruce Pascoe, Kim Scott, Tara June Winch, and Alexis Wright. Drawing on a rich theoretical framework that includes approaches to relationality by Aboriginal thinkers, Edouard Glissant, and Jean-Luc Nancy, and recent work in New Formalism and narrative theory, the book illustrates how they use a broad range of narrative techniques to mediate, negotiate, and temporarily create networks of relations that interlink all elements of the universe. Through this focus on relationality, Aboriginal writing gains both local and global significance. Locally, these narratives assert Indigenous sovereignty by staging an unbroken interrelatedness of people and their land. Globally, they intervene into current discourses about humanity's relationship with the natural environment, urging readers to acknowledge our interrelatedness with and dependence on the land that sustains us.

Dancing Barefoot Dec 20 2022 Dancing Barefoot is the full and true story of Patti Smith, widely acknowledged as one of the most significant American artists of the rock 'n' roll era, a performer whose audience and appeal reach far beyond the parameters of rock. An acclaimed poet, a respected artist, and a figurehead for many liberal political causes, Patti Smith soared from an ugly-duckling childhood in postwar New Jersey to become queen of the New York arts scene in the 1970s. This book traces the brilliant trajectory of her career, including the fifteen reclusive years she spent in Detroit in the 1980s and '90s, as well as her triumphant return to New York. But it is primarily the story of a performer growing up in New York City in the early and mid-1970s. Dancing Barefoot is a measured, accurate, and enthusiastic account of Smith's career. Guided by interviews with those who have known her—including Ivan Kral, Tom Verlaine, Richard Lloyd, John Cale, and Jim Carroll—it relies most of all on Patti's own words. This is Patti's story, told as she might have seen it, had she been on the outside looking in.

Song of the Crocodile Jul 03 2021 'SONG OF THE CROCODILE is a moving, wise and deeply rewarding novel from an astonishing writer' - Emily Maguire, author of AN ISOLATED INCIDENT Darnmoor, The Gateway to Happiness. The sign taunts a fool into feeling some sense of achievement, some kind of end- that you have reached a destination in the very least. Yet as the sign states, Darnmoor is merely a gateway, a waypoint on the road to where you really want to be. Darnmoor is the home of the Billymil family, three generations who have lived in this 'gateway town'. Race relations between Indigenous and settler families are fraught, though the rigid status quo is upheld through threats and soft power rather than the overt violence of yesteryear. As progress marches forwards, Darnmoor and its surrounds undergo rapid social and environmental changes, but as some things change, some stay exactly the same. The Billymil family are watched (and sometimes visited) by ancestral spirits and spirits of the recently deceased, who look out for their descendants and attempt to help them on the right path. When the town's secrets start to be uncovered the town will be rocked by a violent act that forever shatters a century of silence. Full of music, Yuwaalaraay language and exquisite description, Song of the Crocodile is a lament to choice and change, and the unyielding land that sustains us all, if only we could listen to it. 'In Song of the Crocodile, Yuwaalaraay author Nardi Simpson makes a lightning debut.' - Kill Your Darlings

Dancing on Bones Aug 28 2023 Dancing on Bones is the story of how the leaders of China, Russia, and North Korea manipulate the past to serve the present and secure the future of authoritarian rule. History didn't end. Democracy didn't triumph. America's leading role in the world is no longer assured. Instead, authoritarian rule is on the rise, and the global order established after 1945 is under attack. This is the phenomenon Katie Stallard tackles in Dancing on Bones, probing the version of history that leaders in China, Russia, and North Korea teach their citizens. These three states consistently top the list of threats to the global order and US national security. All are governed by autocratic regimes. All have nuclear weapons and

believe that the era of American hegemony is fading. All three share a sense of historical grievance, rooted in the wars of the last century - specifically World War II and the Korean War - that their leaders exploit to shore up popular support at home and fuel increasingly aggressive foreign policy. Decades after the real guns fell silent, these wars rage on in China, Russia, and North Korea, reimagined in popular media, public memorials, and patriotic education campaigns. This is not history as it was, but as the current rulers need it to be. Since coming to power in China, Xi Jinping has almost doubled the length of the war with Japan, Vladimir Putin has brought back bombastic military parades through Red Square, and Kim Jong Un has invested vast sums in rebuilding war museums in his impoverished state, while historians who try to challenge the official line are silenced and jailed. But this didn't start with the current leaders and it won't end with them. Drawing on first-hand, on-the-ground reporting, *Dancing on Bones* is the story of how the leaders of China, Russia, and North Korea manipulate the past to serve the present and secure the future of authoritarian rule. If we want to understand where these three nuclear powers are heading, we must understand the stories they are telling their citizens about the past.
