Political Ideologies Aug 25 2022 "Political Ideologies provides a broad-ranging introduction to both the classical and contemporary political ideologies. Adopting a global outlook, it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies are presented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies. Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique 'stop and think' feature calls for readers to reflect on their own ideological beliefs." -- Provided by publisher.

An Introduction to Political Theory Jul 24 2022 "This book provides an engaging and intellectually challenging introduction to political ideologies, while at the same time giving an accessible route into the subject for those new to politics. Supported by an outstanding companion website, it has strong claims to be the best undergraduate textbook on ideologies on the market." Dr. Mike Gough, University of East Anglia *Introduction to Political Theory* is a text for the 21st century. It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape. Bringing together classic and contemporary political concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. *Introduction to Political Theory* relates political ideas to political realities through effective use of examples and cases studies making theory lively, contentious and relevant. This thoroughly revised and updated second edition contains new chapters on global justice and political violence, as well as an expanded treatment of globalisation and the state. A wide range of pedagogical features helps to clarify, extend and apply students' understanding of the fundamental ideologies and concepts. This is comprised of: · Case studies demonstrate how political ideas, concepts and issues manifest in the real world · 'Focus' boxes encourage students to appreciate alternative viewpoints · A range of thought provoking photographs challenge students to examine concepts from a different angle · Suggestions for further reading and weblinks are also provided to help students to further their understanding *Introduction to Political Theory* is accompanied by an innovative website with multiple choice questions, biographies of key figures in political theory, further case studies and an innovative 'how to read' feature which helps students get to grips with difficult primary texts.

Principles of Comparative Politics Sep 13 2021 *Principles of Comparative Politics* offers the most comprehensive and up-to-date introduction to comparative inquiry, research, and scholarship. In this thoroughly revised Third Edition, students now have an even better guide to cross-national comparison and why it matters. The new edition retains a focus on the enduring questions with which scholars grapple, the issues about which consensus has started to emerge, and the tools comparativists use to get at the complex problems in the field. Among other things, the updates to this edition include a thoroughly-revised chapter on dictatorships that incorporates a discussion of the two fundamental problems of authoritarian rule: authoritarian power-sharing and authoritarian control; a revised chapter on culture and democracy that includes a more extensive examination of cultural modernization theory and a new overview of survey methods for addressing sensitive topics; a new section on issues related to electoral integrity; an expanded assessment of different forms of representation; and a new intuitive take on statistical analyses that provides a clearer explanation of how to interpret regression results. Examples from the gender and politics literature have been incorporated into various chapters, the Problems sections at the end of each chapter have been expanded, and the empirical examples and data on various types of institutions have been updated. Online videos and tutorials are available to address some of the more methodological components discussed in the book. The authors have thoughtfully streamlined chapters to better focus attention on key topics.

Essentials of Political Ideas Sep 25 2022 This new textbook from best-selling politics author Andrew Heywood investigates the ideas that have dominated political thinking across the globe, and examines the different ways in which they have been interpreted and reinterpreted. Written in an accessible and engaging style, it covers the key ideological traditions, offering an exposition of their history and development, their core themes and internal divisions and their impact on contemporary political behaviour, movements, parties and governments. This new introduction is written specifically for the new A Level syllabus in Political Ideas and covers all the issues and topics in the Edexcel and AQA specifications. It includes a range of useful features to help students develop and apply their understanding of ideas, ideologies and thinkers. Accompanying online resources for this title can be found at bloomsburyonlineresources.com/essentials-of-political-ideas. These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

Political Theory Mar 12 2024 The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

Bodymakers Jan 18 2022 Women with muscles are a recent phenomenon. While generating a good deal of interest, both positive and negative, their importance to the cultural landscape has yet to be acknowledged. Leslie Heywood looks at female body building as a metaphor for how women fare in our current political and cultural climate. **BODYMAKERS** reveals how female bodybuilders find themselves both trapped and empowered by their sport. 14 illustrations.

Political Ideologies Jul 04 2023 This informative and widely-used text is now available in a third edition. Building on the success of previous editions, it continues to provide a clear and accessible introduction to the complexities of political ideologies. The latest edition of *Political Ideologies*: introduces and considers the future of all the most widely studied ideologies: liberalism; conservatism; socialism; democracy; nationalism; fascism; ecologism and feminism sets each ideology clearly within its historical and political context includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty-first century has been fully revised and up-dated and provides an annotated guide for further reading.

Politics, Third Edition Jun 15 2024 Stimulating, succinct ,and accessible, this highly successful text offers a truly comprehensive introduction to the

study of politics, written from an international perspective. This third edition of Politics has a new chapter on the mass media and political communication and contains substantial new material on developments such as the "War on Terror," identity politics and multiculturalism, and state transformation. It also takes into account throughout of the increasing importance of the global dimension of politics, and features new boxed material on major thinkers and key concepts.

What Does Jeremy Think? Feb 16 2022 The Sunday Times Bestseller 'Seasoned Whitehall watchers often remark: "It wouldn't have been like this if Jeremy Heywood were still around." ... How could it be that the effectiveness of the once-revered civil service had become reliant on a single man?' Guardian

Political Theory, Third Edition May 14 2024 The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

Keeping the Republic Brief Edition and Murphy Portrait of American Politics Third Edition Nov 15 2021

Political Ideologies May 22 2022 This informative and widely-used text is now available in a third edition. Building on the success of previous editions, it continues to provide a clear and accessible introduction to the complexities of political ideologies. The latest edition of Political Ideologies introduces and considers the future of all the most widely studied ideologies: liberalism; conservatism; socialism; democracy; nationalism; fascism; ecologism and feminism sets each ideology clearly within its historical and political context includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty-first century has been fully revised and up-dated and provides an annotated guide for further reading.

Convention Center Follies Nov 08 2023 American cities have experienced a remarkable surge in convention center development over the last two decades, with exhibit hall space growing from 40 million square feet in 1990 to 70 million in 2011—an increase of almost 75 percent. Proponents of these projects promised new jobs, new private development, and new tax revenues. Yet even as cities from Boston and Orlando to Phoenix and Seattle have invested in more convention center space, the return on that investment has proven limited and elusive. Why, then, do cities keep building them? Written by one of the nation's foremost urban development experts, Convention Center Follies exposes the forces behind convention center development and the revolution in local government finance that has privileged convention centers over alternative public investments. Through wide-ranging examples from cities across the country as well as in-depth case studies of Chicago, Atlanta, and St. Louis, Heywood T. Sanders examines the genesis of center projects, the dealmaking, and the circular logic of convention center development. Using a robust set of archival resources—including internal minutes of business consultants and the personal papers of big city mayors—Sanders offers a systematic analysis of the consultant forecasts and promises that have sustained center development and the ways those forecasts have been manipulated and proven false. This record reveals that business leaders sought not community-wide economic benefit or growth but, rather, to reshape land values and development opportunities in the downtown core. A probing look at a so-called economic panacea, Convention Center Follies dissects the inner workings of America's convention center boom and provides valuable lessons in urban government, local business growth, and civic redevelopment.

Third-Wave Feminism and the Politics of Gender in Late Modernity Mar 20 2022 This book critically assesses third-wave feminist strategies for advancing a feminist 'politics of the self' within the late modern, postfeminist gender order – a context where gender equality has been mainstreamed, feminism has been dismissed, and a neoliberal culture of self-management has become firmly entrenched.

The Concise Oxford Dictionary of Politics Jun 03 2023 This best-selling dictionary contains over 1,700 entries on all aspects of politics. Written by a leading team of political scientists, it embraces the whole multi-disciplinary spectrum of political theory including political thinkers, history, institutions, and concepts, as well as notable current affairs that have shaped attitudes to politics. An appendix contains timelines listing the principal office-holders of a range of countries including the UK, Canada, the USA, Australia, New Zealand, Russia, and China. Fully revised and updated for the 3rd edition, the dictionary includes a wealth of new material in areas such as international relations, political science, political economy, and methodologies, as well as a chronology of key political theorists. It also boasts entry-level web links that don't go out of date. These can be accessed via a regularly checked and updated companion website, ensuring that the links remain relevant, and any dead links are replaced or removed. The dictionary has international coverage and will prove invaluable to students and academics studying politics and related disciplines, as well as politicians, journalists, and the general reader seeking clarification of political terms.

Political Ideas and Concepts Apr 20 2022

Global Politics Feb 11 2024 In turbulent global times, your study of this subject is increasingly necessary and urgent. Featuring a new chapter on critical theories, and revised to take a less Eurocentric approach to concepts and case studies, this new edition allows you to tackle global politics' important concepts, debates and problems: -How can theories help us to understand the politics of a global pandemic? -Do we live in a 'post-truth' world of 'fake news' and disinformation? -Does international aid work? -Does the United States remain a global hegemon? -What is the Anthropocene and how does it shape global politics? -Are global politics constrained by a 'North-South' divide? -What are the possible futures of global politics – and the politics of outer space? Delving into topics as diverse as anarchy, intersectionality, Confucianism, and neoconservatism, boxed features give you confidence in political analysis: -Focus on: learn more about the global colour line or the tragedy of the commons -Key figures: discuss the ideas of Hans Morgenthau, Frantz Fanon or bell hooks -Debating: argue whether the United Nations are obsolete, or whether nuclear weapons promote peace - Global politics in action: apply your learning to the migration crisis in Europe or the Arab Spring -Approaches to: consider human rights or the Covid-19 pandemic from the perspective of realist, liberal, postcolonial, Marxist, feminist, constructivist and post-structuralist theory -Global actors: understand the significance of Black Lives Matter, Amnesty International or the International Monetary Fund. Spanning the development of global politics, from the early origins of globalization through to the return of multipolarity in the twenty-first century, this is an essential text for undergraduates studying global politics and international relations.

Global Politics Dec 09 2023 The third edition of Global Politics: A New Introduction continues to provide a completely original way of teaching and learning about world politics. The book engages directly with the issues in global politics that students are most interested in, helping them to understand the key questions and theories and also to develop a critical and inquiring perspective. Completely revised and updated throughout, the third edition offers up-to-date examples engaging with the latest developments in global politics, including the Syrian war and the refugee crisis, fossil fuel divestment, racism and Black Lives Matter, citizen journalism, populism, and drone warfare. Global Politics: examines the most significant issues in global politics – from war, peacebuilding, terrorism, security, violence, nationalism and authority to poverty, development, postcolonialism, human rights, gender, inequality, ethnicity and what we can do to change the world; offers chapters written to a common structure, which is ideal for teaching and learning, and features a key question, an illustrative example, general responses and broader issues; integrates theory and practice throughout the text, by presenting theoretical ideas and concepts in conjunction with a global range of historical and contemporary case studies. Drawing on theoretical perspectives from a broad range of disciplines, including international relations, political theory, postcolonial studies, sociology, geography, peace studies and development, this innovative textbook is essential reading for all students of global politics and international relations.

Global Politics Nov 27 2022 This systematic and integrated analysis of the theory and practice of contemporary international relations, covers traditional and critical theory, core issues and recent developments in the field. Diversified and dewesternised, this new edition takes an impartial, global approach and considers a broad range of issues and actors. It places traditional Western thinkers in their historical context and brings in new, critical voices to show what the field of IR looks like today. A new critical theories chapter, expanded 'Approaches To...' boxes and accounts of the latest scholarship give readers a nuanced and pluralistic overview of IR theory. Updated empirical case studies bring the subject matter to life, and

show how concepts and theories apply in practice. Revised and updated by new co-author Ben Whitham, this new edition offers: - Updated key developments, from important social movements such as Black Lives Matter and MeToo to coverage of resurgent ethno-politics and nationalisms - Full page case studies of 'Global Politics in Action', illuminating major events in world affairs - 'Global Actor' case studies considering the nature and significance of key players on the world stage, from Google to the G-20 - 'Focus on' and 'Debating' features looking closely at issues and approaches and enable readers to develop their own critical skills - 'Key Concepts' boxes and a marginal glossary, along with discussion questions and suggestions for further reading aid study and reinforce learning - Online resources with materials for both lecturers and students, offering exam questions, PowerPoint slides, online-only case-studies, self-test questions, and more. This is the ideal text for lecturers and students looking for a broad, contemporary and inspiring overview of global politics today.

Key Concepts in Politics and International Relations Mar 08 2021 This accessible guide to the major concepts in politics has now been revised and expanded to include over 60 international relations terms to take account of the increasing influence of globalization upon politics. Each concept is defined clearly and fully, and its significance for political understanding is explored.

The Third Wave Dec 29 2022 Between 1974 and 1990 more than thirty countries in southern Europe, Latin America, East Asia, and Eastern Europe shifted from authoritarian to democratic systems of government. This global democratic revolution is probably the most important political trend in the late twentieth century. In *The Third Wave*, Samuel P. Huntington analyzes the causes and nature of these democratic transitions, evaluates the prospects for stability of the new democracies, and explores the possibility of more countries becoming democratic. The recent transitions, he argues, are the third major wave of democratization in the modern world. Each of the two previous waves was followed by a reverse wave in which some countries shifted back to authoritarian government. Using concrete examples, empirical evidence, and insightful analysis, Huntington provides neither a theory nor a history of the third wave, but an explanation of why and how it occurred. Factors responsible for the democratic trend include the legitimacy dilemmas of authoritarian regimes; economic and social development; the changed role of the Catholic Church; the impact of the United States, the European Community, and the Soviet Union; and the "snowballing" phenomenon: change in one country stimulating change in others. Five key elite groups within and outside the nondemocratic regime played roles in shaping the various ways democratization occurred. Compromise was key to all democratizations, and elections and nonviolent tactics also were central. New democracies must deal with the "torturer problem" and the "praetorian problem" and attempt to develop democratic values and processes. Disillusionment with democracy, Huntington argues, is necessary to consolidating democracy. He concludes the book with an analysis of the political, economic, and cultural factors that will decide whether or not the third wave continues. Several "Guidelines for Democratizers" offer specific, practical suggestions for initiating and carrying out reform. Huntington's emphasis on practical application makes this book a valuable tool for anyone engaged in the democratization process. At this volatile time in history, Huntington's assessment of the processes of democratization is indispensable to understanding the future of democracy in the world.

Understanding Third World Politics Apr 08 2021 Praise for the first edition: "... this masterful and concise volume overviews the range of approaches social scientists have applied to explain events in the Third World." --Journal of Developing Areas *Understanding Third World Politics* is a comprehensive, critical introduction to political development and comparative politics in the non-Western world today. Beginning with an assessment of the shared factors that seem to determine underdevelopment, B. C. Smith introduces the major theories of development--development theory, modernization theory, neo-colonialism, and dependency theory--and examines the role and character of key political organizations, political parties, and the military in determining the fate of developing nations. This new edition gives special attention to the problems and challenges faced by developing nations as they become democratic states by addressing questions of political legitimacy, consensus building, religion, ethnicity, and class.

Third Wave Agenda Jan 10 2024 In the length of time from Gloria Steinem to Courtney Love, young feminists have grown up with a plethora of cultural choices and images. In *THIRD WAVE AGENDA*, feminists born between the years 1964 and 1973 discuss the things that matter NOW, both in looking back at the accomplishments and failures of the past--and in planning for the challenges of the future. 10 halftones.

Political Ideologies Oct 07 2023 This substantially revised third edition of the leading text on political ideologies takes full account of the impact of the post-Cold War world order, the challenge of postmodernism, the advance of globalization, and the advent of global terrorism, and includes additional coverage of the prospects for ideologies in the 21st century.

Essentials of UK Politics May 02 2023 The new edition of this best-selling textbook, from the UK's leading politics textbook author, is written specifically to meet the needs of students who are studying AS level Government and Politics. It is a lively, accessible and comprehensive introduction to the subject, and gives full coverage of the Edexcel and AQA specifications and the core requirements of other boards. This third edition has been thoroughly revised to cover the election of a Conservative majority government after a term of coalition politics. Key features: • Previews – introduce each chapter and highlight the key areas to be covered • Getting you thinking – discuss the issues raised by a recent event or development • On-page definitions – define key terms in a single sentence • What is... boxes – flesh out political ideas and concepts • Focus on... boxes – explain important political processes • By comparison – contrast aspects of the UK and US political systems (which forms one of the required unit options for assessment) • For or against? – give the arguments on both sides of contentious issues • What you should know – reinforce the central points of each chapter • Exam-style questions – test understanding and help with exam preparation

Human Nature in Politics Third Edition Apr 01 2023 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Politics: The Key Concepts Oct 15 2021 *Politics: The Key Concepts* is an up-to-date and broad-ranging introduction to the terms that lie at the heart of political discourse. Entries are drawn from areas such as political theory, international politics, political science and methodology. As well as explaining core, established principles, this informative guide explores some of the more complex, topical and contested concepts from the world of politics. Concepts covered include: Capitalism Class Identity Institutionalism Referendum Marxism Pluralism Postmodernism Socialism Social Constructivism In an accessible A-Z format with helpful cross-referencing and suggestions for further reading, *Politics: The Key Concepts* is an invaluable reference for all students of politics, international relations and related courses.

Essentials of UK Politics and Government Oct 27 2022 *Essentials of UK Politics and Government* is the go-to textbook for all A-level Politics students studying the Edexcel specification. Building on Andrew Heywood's signature accessible style, this new fifth edition has been thoroughly updated by Kathy Schindler and Adam Tames who draw on their experience to provide an innovative guide to UK Politics. This book covers all the core topics from Democracy and Participation, Elections and Referendums and Voting Behaviour, to the Constitution, the Prime Minister and Parliament. Packed with contemporary examples, this edition includes material on the 2017 and 2019 General Elections, Covid-19 and the latest Brexit developments. Curated pedagogical features such as Key Topic Debates, Case Studies and Synoptic Links will encourage students to strengthen their critical thinking skills and hone their ability to debate with confidence. Accompanying the book is a content-rich companion website featuring bonus case studies, further sample student answers with annotations, tips for planning and organising revision and much more.

The Politics of Third Wave Feminisms Jul 12 2021 The past twenty years have witnessed a renewal of interest in feminist activism on both sides of the Atlantic. In part this has been a response to neoliberal and neoconservative attacks, both implicit and explicit, on the gains made by feminists during the 1960s and 70s. This study adds a comparative dimension to the ongoing analysis of feminism and feminist activism by mapping, analysing and theorising third wave feminisms in the US and Britain. A key addition to Gender and Politics literature, it explores third wave feminisms by situating them within a specific political context, neoliberalism, and in relation to feminist theories of intersectionality, both of which present radical opportunities and practical challenges for feminism and the feminist movement. Elizabeth Evans is Lecturer in Politics at the University of Bristol. Her

research focuses on gender and politics, including engagement with formal processes and political activism. She has published widely on aspects of feminism, gender and politics, and her previous book, *Gender and the Liberal Democrats*, was published in 2011.

Developments in West European Politics Feb 04 2021 *Developments in West European Politics* brings together specially commissioned chapters by leading authorities to provide a tightly integrated assessment of politics, government and policy set in a broad economic and social context. It focuses throughout on the impact of globalisation, West European integration and intra-European relations and the extent to which a new system of multi-level governance is emerging. Like other *Developments* titles it will be essential reading for students and specialists alike. Contributors include: Colin Crouch, Renaud Dehousse, Piero Ignazi, Herbert Kitschelt, Joni Lovenduski, Yves Meny, Loukas Tsoukalis

Political Ideas and Concepts Jun 22 2022

Politics Aug 05 2023

Methods in Analytical Political Theory May 10 2021 A guide to methods in analytical political theory, offering concrete advice and clear examples of good and bad practice.

The Government and Politics of Spain Sep 06 2023 Despite the widespread attention attracted by Spain's remarkable transition from General Franco's repressive dictatorship to a dynamic democracy, this is the first comprehensive study in English of the new Spanish political system. The book introduces the main institutions and features of the contemporary Spanish state and assesses to what extent these still bear the imprint of the Francoist legacy. Despite some remaining obstacles and difficulties, Paul Heywood argues, the country is now decisively in the political mainstream of the new Europe.

Key Concepts in Politics Jun 10 2021 An accessible and comprehensive guide to the major concepts encountered in political analysis. Each is defined clearly and fully, and its significance for political argument and practice is explored. The introduction explains how political concepts are used and why they are so often abused.

Politics Apr 13 2024 The fifth edition of this seminal textbook by best-selling author Andrew Heywood continues to lead the way in providing a comprehensive and authoritative introduction to politics. Renowned for its engaging and accessible style, this book helps students to understand the discipline's foundational concepts and theories and use these to make sense of its key subfields, from elections and voting to security and global governance. Systematically revised and updated throughout, it also uses a range of tried-and-tested pedagogical features to draw links between different standpoints and help make contemporary institutions, events and developments come to life. Drawing on a wide range of international examples, this text is the ideal choice for lecturers around the world. Carefully designed and written to map onto the way the subject is introduced at degree level, it remains the go-to text for undergraduate introductory and comparative politics courses. Furthermore, it can also be used as pre-course reading or as a point of reference throughout politics degrees, majors or minors. New to this Edition: - Restructured and revised to reflect the decline of democracy and the rise of populism and authoritarianism in different parts of the world - New *Politics in Action* features reflect the latest political developments – including 'Trump's triumph: politics as polarization'; 'South Africa: a one-party state?'; and 'North Korea: a rogue nuclear power?' - Discusses the transformation of the media landscape, assessing the advent and impact of social media and 'fake news' - New and improved text design reflecting the book's contemporary and engaging coverage - Accompanied by a brand new website, featuring a flashcard glossary, additional cases, interactive simulations and weblinks for students, PowerPoint slides for lecturers, a testbank and a guide to using the book.

Foundations of Comparative Politics Dec 17 2021 The new edition of this leading overview of comparative politics once again blends theory and evidence across democratic systems to provide unparalleled coverage. The student-friendly structure and clear, concise writing ensure that complex issues are clearly explained and students engage with the key theories. The third edition is updated throughout, with a new chapter, 'Public Spending and Public Policies', increased coverage of defective democracies, and revised coverage of e-democracy and the power of the media. The pedagogy is simplified with a focus on 'Briefings' and 'Controversies' that feature examples from across the globe, alongside clear key terms, 'What We Have Learned' and 'Lessons of Comparison' sections, and a wealth of online materials to complete a rich teaching and learning package.

Third Wave Feminism Feb 28 2023 This revised and expanded edition, new in paperback, provides a definitive collection on the current period in feminism known by many as the 'third wave'. Three sections - genealogies and generations, locales and locations, politics and popular culture - interrogate the wave metaphor and, through questioning the generational account of feminism, indicate possible future trajectories for the feminist movement. New to this edition are an interview with Luce Irigaray, a foreword by Imelda Whelehan as well as newly commissioned chapters.

Jihadists of North Africa and the Sahel Aug 13 2021 Offers unique insights into the inner workings of jihadist organisations over the past three decades in North Africa and the Sahel.

Political Ideologies Jan 30 2023 Ranging from traditional nineteenth-century ideologies such as liberalism, conservatism and socialism, to so-called 'new' ideologies such as feminism and green ideology, the author offers a clear exposition of both the historical development of each ideology and the impact they have had on contemporary political movements, parties and governments. Their distinctive ideas and values are highlighted, together with the competing, and sometimes conflicting, traditions which each have generated.
