Forgotten Michael Forbes,2017-11-25 Sheriff Hayden Duke was born on the Starship Pilgrim and expects to die there Access points to the ship s controls are sealed and systems that guide her are out of reach It isn t perfect but he has all he needs to be content until his wife disappears The only clue is a bloody hand print beneath a hatch that hasn t opened in hundreds of years *The Finger of God* Jesse L. Jackson Jr.,2021-12-06 Let me offer an early disclaimer I know exactly who the Founders were I know exactly the crimes against humanity that they were responsible for and those they inherited and were not responsible for I do not spend time extolling the virtues of Mr Jefferson Mr Adams Mr Franklin and Mr Madison Nothing in this work or in my experiment my life s work can change the fact or alter the history of the debasement of humanity that preceded the Declaration of Independence 1776 the Constitution 1787 and the Bill of Rights 1791 they were a part of and the obvious fact that the major accomplishment of the Founders theories about self government did not apply to African Americans and Native Americans women and specifically Black women in their thinking Still there exists in their theological imagination infinite hope for their experiment This work seeks to identify the evidence that shows and suggests that some of them were aware of a grand architectural experiment and design for the nation and its future Every cracked broken and imperfect vessel can be used to bring forward hope I am a personal witness to this fact of human existence

Starship Eternal Michael Forbes,2015-01-09 A lost starship A dire warning from futures past A desperate search for salvation Captain Mitchell Ares Williams is a Space Marine and the hero of the Battle for Liberty whose Shot Heard Round the Universe saved the planet from a nearly unstoppable war machine He s handsome charismatic and the perfect poster boy to help the military drive enlistment Pulled from the war and thrown into the spotlight he s as efficient at charming the media and bedding beautiful celebrities as he was at shooting down enemy starfighters After an assassination attempt leaves Mitchell critically wounded he begins to suffer from strange hallucinations that carry a chilling and oddly familiar warning They are coming Find the Goliath or humankind will be destroyed Convinced that the visions are a side effect of his injuries he tries to ignore them only to learn that he may not be as crazy as he thinks The enemy is real and closer than he imagined and they ll do whatever it takes to prevent him from rediscovering the centuries lost starship Narrowly escaping capture out of time and out of air Mitchell lands at the mercy of the Riggers a ragtag crew of former commandos who patrol the lawless outer reaches of the galaxy Guided by a captain with a reputation for cold blooded murder they re dangerous immoral and possibly insane They may also be humanity s last hope for survival in a war that has raged beyond eternity **What Can I Do?** David Livermore,2011-02-22 While missions used to be the territory of experts and missionary professionals globalization has made the issues and needs of our world accessible to average Americans Many American Christians feel overwhelmed by the scope of the brokenness in the world and conclude all they can do is go on with their lives Others

respond by giving and praying and still others want to do more What Can I Do shows that global mission is something we all can be part of in tangible ways And while that might include going on a short term mission trip or providing financial support there are many more ongoing and holistic forms of engagement This book helps readers see that the roles they already have business leader scientist teacher student parent or neighbor can provide ways to engage in global mission Mission is what we were created to do It includes evangelistically calling people to follow Jesus wherever we go whatever we do But it s more than that This book will help us explore the way our ordinary everyday tasks of work and life can be part of God s mission to heal a broken world

Stranger God Richard Beck, 2017-10-18 Accessible challenging funny and one of the best reads on how to love others in any situation Love and hospitality can change the way you see the world and others That s exactly what modern day theologian Richard Beck experienced when he first led a Bible study at a local maximum security prison Beck believed the promise of Matthew 25 that states when we visit the prisoner we encounter Jesus Sure enough God met Beck in prison With his signature combination of biblical reflection theological reasoning and psychological insight Beck shows how God always meets us when we entertain the marginalized the oppressed and the refugee Stories from Beck s own life illustrate this truth God comes to him in the poor the crippled the smelly Psychological experiments show how we are predisposed to appreciate those who are similar to us and avoid those who are unlike us The call of the gospel however is to override those impulses with compassion to widen the circle of our affection In the end Beck turns to the Little Way of St Therese of Lisieux for guidance in doing even the smallest acts with kindness and he lays out a path that any of us can follow

Gilgamesh Epic and Old Testament Parallels Alexander Heidel, 1949 Cuneiform records made some three thousand years ago are the basis for this essay on the ideas of death and the afterlife and the story of the flood which were current among the ancient peoples of the Tigris Euphrates Valley With the same careful scholarship shown in his previous volume The Babylonian Genesis Heidel interprets the famous Gilgamesh Epic and other related Babylonian and Assyrian documents He compares them with corresponding portions of the Old Testament in order to determine the inherent historical relationship of Hebrew and Mesopotamian ideas
