Macroeconomics Campbell McConnell, Sean Flynn, Stanley Brue, 2011-01-12 McConnell Brue and Flynn's Economics Principles Problems and Policies is the 1 Principles of Economics textbook in the world. It continues to be innovative while teaching students in a clear unbiased way. The 19th Edition builds upon the tradition of leadership by sticking to 3 main goals: Help the beginning student master the principles essential for understanding the economizing problem, specific economic issues, and the policy alternatives; help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics and the economy. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective.

Contemporary Labor Economics Campbell R. McConnell, Stanley L. Brue, David A. Macpherson, 2003. This textbook presents the new labor economics. While traditional topics such as labor law, structure of unions, and collective bargaining are included, the focus is on labor economics as an applied field of micro and macro theory. The authors assert that labor economics has become a critical part of the core of analytical economics and not merely tangential. Micro and Macro Economic principles are the only prerequisites to this one-term book.
