Moonlighting as a tranny prostitute is a great way to pick up some easy money before heading back to your day job as a police officer. So if you like sordid and lustful tales of crossdressing street-walkers, corrupt cops, and a splash of female domination then this is the naughty yarn for you! You'll singe your fingers as you turn the pages on this steaming and erotic story of a man at odds with himself and conflicted about his profession, but a man who is nonetheless quite comfortable in the gender-bending role of a tranny hooker, taking immense satisfaction in the job's necessary requirements. David Barabara, AKA 'Barbie', is an undercover cop working for the vice squad in a small North Carolina coastal town. His job is to dress as a seductive prostitute and lure johns into an arrest. But Barbie has a profoundly embarrassing secret. Once all the tricks have been cuffed and stuffed, it's Barbie's turn to get stuffed as she hits the streets looking for lustful and lucrative encounters in the night as she trawls for dates with the other working girls. But Barbie has even more naughty secret than cruising for sex. In this scandalously erotic tale Barbie picks up the young and exceptionally endowed beach-bum Ritchie for a \$500/hr rendezvous at a trashy motel. Is there something more at play than a quick exchange of cash and bodily fluids? Will Ritchie get out of the encounter unscathed or will Barbie come out on top, vastly richer and physically satisfied by the affair? And what is going on behind those louvered doors anyway? So if making a few hundred bucks for an hour's worth of your time and having depraved and carnal sex with well-endowed men in the process sounds like fun to you, then you already know that it pays handsomely to be A COP BY DAY TRANNY HOOKER BY NIGHT. Sure, there's the uniform with handcuffs, gun, and billy club, and the confidence, authority, and sense of danger. But there's something more that gives these uncompromising women their commanding, overwhelming sexuality. The top-flight fiction writers tapped by Lambda Award-winning editor Sacchi Green in *Women with Handcuffs* capture that irresistible force — and channel it into fiercely erotic stories. Delilah Devlin's cops play their "Only Game in Town" in a Southern city that's small without being small-minded. What is it about cops that so excites gay men? Could it be the buzz cut and chiseled jaw, those bulging thighs under tight blue serge, the cool mirrored glasses that reflect unbridled lust in the eyes (and other body parts) of their beholders? Maybe it's the promise of punishment at the end of a nightstick. Perhaps it's the sheer pleasure of transgression — of getting down and dirty with a man who's supposed to enforce the law but seems more interested in the perp than in his crime. *Hot Cops: Gay Erotic Stories* explores the hotter, wilder side of these masculine icons. Keywords: men in uniform, uniform erotica, cop romance, military romance, romantic erotica, police erotica, police romance, cop sex, cop erotica Reader Advisory: This story is for mature audiences only and features intensely erotic situations, bimbification, the use of potent aphrodisiacs, a highly erotic medical examination, body transformation, multiple partners, group sex, anal sex and double penetration, submissiveness and dominance. All characters are 18 or older. A wiretap has finally managed to implicate crime boss John Cheever, and Officer Katie Topaz is the smug cop who'll be bringing him into the station under charges of possessing a powerful and highly illegal aphrodisiac. But when a staffing problem leaves the precinct headquarters empty, Katie gets stuck guarding the holding cells until the bail hearings in the morning. It's been a long shift, and she can't pretend she's not a little curious what's so special about these little pills that the notorious man was willing to risk jailtime to have them in his penthouse. It won't hurt to just look at them a little, will it? But when curiosity trumps her better judgement, she quickly finds out she's in for a lot more than she bargained for, and all sorts of very bad ideas start to sound sort of like good ones. Before she knows what's happening, new feelings have drowned out the little voice that says no and her urges have pushed her into the arms and at the mercy of the crime boss and his cell mates, who are more than happy to help her fill her sudden cravings ... Excerpt: Now she was in his grasp, controlled by him utterly. His fingers knew her body so impossibly, impossibly well. Every touch and stroke seemed the single most important thing that had ever happened to her. She pressed against the bars, trying to will herself through them and into the arms of this man she so desperately wanted to give herself to. There wasn't room for any other thought but that simple, driving desire. It felt like she was the one in jail, held back by these awful metal bars from the only place in the world she wanted to be. But something, some distant residual memory, held her back. "I can't," she repeated, though by now the only thing she could remember about what she couldn't do was that she wanted to do it anyways. "I shouldn't." His fingers ran down her smooth, trembling stomach and paused tantalizingly. "We all do things we shouldn't do," he murmured. "Isn't that where all the fun is?" "Couldn't I just --" "Are you ready for a punish-fuck?" he wonders. Her lips are still wrapped around his cock and Angelika can only nod her reply. He pulls out from her beautiful, plump lips." Today Angelika and Ludvig are doing a role play together: Cop & Robber. They will leave their ordinary lives, musts, personalities and set roles behind to instead take on a whole new existence and transform into someone else. Albeit briefly. Amidst other people, they will play the first scene in public downtown. Part two will, however, be enacted behind closed doors. Angelika is the robber. Ludvig is the police. The tension****

between them is almost palpable, as electrically charged as it is thrilling. The props, the dialogue, the roles - everything is set. They are full of erotic anticipation and virtually trembling with horniness... Let the game begin. The Roleplay: Cops & Robbers is an erotic short story about the thrill and possibilities of transforming into someone else for a moment. B. J. Hermansson skillfully creates short stories that encompass both quick-witted prose and poetic descriptions. The underlying tone in these texts often inspires the reader to contemplate and question our established, pre-conceived ideas, especially when it comes to the normal, standards and sexuality. She thought turning eighteen would make her free, but now he'll make her face her biggest humiliation yet... Kayla just wants to live a normal life, dating boys and hanging out with her friends. So when a planned study night turns into a full blown party she knows she's done for this time. The cops are outside and her daddy is with them... But Kayla has no idea how far things are about to go... Tensions are high for Mike Dolan, iron-jawed ex-marine and the meanest cop in town. His no-good wife ran off years ago and now that the step-daughter she saddled him with has finally come of age, the similarities between his "girl" and the bombshell cheating wife who left him are making him lose control. If he doesn't get some release soon, he knows he won't be able to stop himself... And then he gets the call... Soon Kayla finds herself facing the biggest humiliation of her life as her daddy forces her to strip right there in front of all her friends so he can perform a full body search. But now that he's finally getting a taste of what he's wanted all along, will Kayla's psycho cop daddy be able to stop himself before things go too far? Attention: All characters in this book are unrelated (by blood), over the age of eighteen, and willing participants in the encounters they find themselves in. It's not just the uniform, with handcuffs and weapons, or the confidence, authority, and sense of danger. There's something more as well, an irresistible force that these writers have channeled into fiercely erotic stories of policewomen in or out of uniform, on patrol or undercover, in charge or in need of healing, on the case or under the sheets. The action can be gut-level tough, as in Jove Belle's "Hollis" where anti-terrorism boot camp surges over the inevitable edge into BDSM, or heart-wrenching as in Evan Mora's "A Cop's Wife" when death threats sharpen the need for life-affirming sex to a keen edge, or quirky as well as steamy while Teresa Noelle Roberts's cop finds a way to maintain respect for her own "Dress Uniform" while indulging her anime-girl lover's cos-play kink. Delilah Devlin, Andrea Dale, R. G. Emanuelle, Cheyenne Blue, and all the other contributors offer their own sizzling visions of the complexity and depth, the strength and vulnerability, and above all the commanding, overwhelming sex appeal of Lesbian Cops. Rookie cops are irresistible—a little "wet behind the ears," still a little innocent and oh-so eager! These hot young copes are fresh out of the police academy and ready to learn the ropes. Between the buzz cut and chiseled jaw, those bulging thighs under tight blue serge, the cool mirrored glasses that reflect unbridled lust in the eyes (and other body parts), they are the sexiest thing on wheels. Maybe it's the promise of punishment at the end of a nightstick or perhaps it's the sheer pleasure of transgression, of getting down and dirty with a man who's supposed to enforce the law but seems more interested in the perp than in his crime. Rookies explores the sexier, sleazier side of these masculine icons and working-class heroes from park rangers and policemen to MPs, security guards, and private dicks. A sexy aristocrat. Because of his long-standing relationship with police officers and their trust in him, he was able to produce this unprecedented work. The police embody extreme concepts of masculinity in American society. Dr. Suraci was struck by the contradiction between their super-masculine image and the passive aspects of their sexuality. If the police had passive aspects to their sexuality, what would we find in men in less stereotypically masculine occupations? Dr. Suraci conducted personal interviews with police officers and with men in other occupations. In these case studies we get an intimate look into that very private world of conflict among a man's sexual feelings, fantasies, desires, beliefs, fears and behavior. The author discovered that men have a passive component--a desire to relinquish the burden of active, dominant, masculine sexuality. The rape fantasy is a dramatic example of this: many men have a fantasy not only of raping but of being raped, not only by a woman but sometimes even by a man.--Adapted from bok jacket.
