Right here, we have countless books **Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies** and collections to check out. We additionally provide variant types and also type of the books to browse. The standard book, fiction, history, novel, scientific research, as with ease as various new sorts of books are readily friendly here.

As this Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies, it ends stirring being one of the favored ebook Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies collections that we have. This is why you remain in the best website to look the amazing ebook to have.

Eventually, you will unconditionally discover a supplementary experience and skill by spending more cash. nevertheless when? accomplish you acknowledge that you require to acquire those every needs subsequently having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to comprehend even more more or less the globe, experience, some places, in imitation of history, amusement, and a lot more?

It is your completely own mature to take action reviewing habit. accompanied by guides you could enjoy now is **Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies** below.

As recognized, adventure as with ease as experience about lesson, amusement, as without difficulty as pact can be gotten by just checking out a ebook **Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies** after that it is not directly done, you could take on even more on the order of this life, vis--vis the world.

We find the money for you this proper as competently as simple showing off to acquire those all. We pay for Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies that can be your partner.

This is likewise one of the factors by obtaining the soft documents of this **Roger Waters And Pink Floyd**

The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies by online. You might not require more times to spend to go to the books establishment as well as search for them. In some cases, you likewise get not discover the pronouncement Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies that you are looking for. It will totally squander the time.

However below, afterward you visit this web page, it will be in view of that categorically simple to get as skillfully as download lead Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies

It will not admit many mature as we notify before. You can realize it even though exploit something else at house and even in your workplace. so easy! So, are you question? Just exercise just what we have the funds for below as with ease as evaluation **Roger Waters And Pink Floyd The Concept Albums The Fairleigh Dickinson University Press Series In Communication Studies** what you in imitation of to read!

Pink Floyd created the music that an entire generation lived by in the psychedelic '60s and '70s. Their albums Dark Side of the Moon and The Wall are among the bestsellers of rock history. Now music critic and Pink Floyd confidante Karl Dallas tells their story. Photos. In celebration of the 45th anniversary of The Dark Side of the Moon, Bill Kopp explores the ingenuity with which Pink Floyd rebranded itself following the 1968 departure of Syd Barrett. Not only did the band survive Barrett's departure, but it went on to release landmark albums that continue to influence generations of musicians and fans. Reinventing Pink Floyd follows the path taken by the remaining band members to establish a musical identity, develop a songwriting style, and create a new template for the manner in which albums are made and even enjoyed by listeners. As veteran music journalist Bill Kopp illustrates, that path was filled with failed experiments, creative blind alleys, one-off musical excursions, abortive collaborations, general restlessness, and—most importantly—a dedicated search for a distinctive musical personality. This exciting guide to the works of 1968 through 1973 highlights key innovations and musical breakthroughs of lasting influence. Kopp places Pink Floyd in its historical, cultural, and musical contexts while celebrating the test of fire that took the band from the brink of demise to enduring superstardom. From gigs in tiny church halls in the mid-sixties to multimillion-selling albums and spectacular stadium shows all around the world, the Pink Floyd story is a pop legend. Pink Floyd: In the Flesh combines, for the first time, a detailed listing of every single Pink Floyd show with a biographical account of the band's collective and individual careers. Illustrated throughout with scores of previously unpublished photographs and a wealth of rare graphic memorabilia, including posters, advertisements, handbills and tickets from every era of the band's remarkable thirty-year history. En 1977, Roger Waters, bassiste et parolier de Pink Floyd, esquisse sur une feuille de papier le croquis d'un mur séparant public et musiciens. Partant de cette intuition, le groupe enregistre un double album au concept fort et qui rencontre un succès massif - plus de trente millions de copies vendues. Porté par le single «Another Brick In The Wall Part 2», prolongé par des concerts au dispositif révolutionnaire et un film d'Alan Parker, The Wall séduit bien au-delà du public habituel du Floyd. Dans Pink Floyd The Wall, Philippe Gonin retrace, de la genèse du projet aux concerts récents de Roger Waters, l'histoire d'une oeuvre plusieurs fois reprise, repensée et dont l'universalité du propos dépasse ses auteurs, rendant justice aux collaborations cruciales du producteur Bob Ezrin et du dessinateur Gerald Scarfe. (Guitar Play-Along). The Guitar Play-Along Series will help you play your favorite songs quickly and easily! Just follow the tab, listen

to the audio to hear how the guitar should sound, and then play along using the separate backing tracks. The melody and lyrics are also included in case you want to sing, or to simply help you follow along. Songs: Any Colour You Like * Brain Damage * Breathe * Eclipse * Money * Time * Us and Them. John Cavanagh is a former presenter of the Rock Show on BBC Radio One. He is a regular presenter on several other BBC Radio networks. And he owns a Farfisa Compact Duo organ which was used by Pink Floyd on many of their early recordings. The definitive story of Pink Floyd--from the inside out--is told by the only consistent member of the band through its entire 40-year history. Nick Mason has witnessed every twist, turn, and somersault from behind his drum kit. This illustrated biography explores the ultimate pioneers of psychedelic, then progressive rock. The book reveals how Pink Floyd has sold over 200 million albums worldwide and how their cult following continues with a worldwide fanbase and influence on many new bands and artists. ""More Than Music" is a rigorous examination of Pink Floyd's Dark Side of the Moon, providing clear correlations of the music and lyrics to human culture, ancient and present. The songs and the album overall evoke and tie together themes from myriad philosophical, mythological, psychological, religious, historical, literary, and other cultural sources"-- "A biography of British rock band Pink Floyd"-- Provided by publisher. A chronology and analysis of albums, shows, and recordings by Pink Floyd and individual band members as solo artists. The Complete Pink Floyd is an incredible book. It lists every concert, every appearance, every song, every turn and twist in the amazing story of one of the world's most famous bands. Acknowledged expert Glenn Povey first published Echoes in 2006 but since then he has been allowed access to all of the band's Abbey Road recording notes (the only person to do so) and the band have announced the release of a new album. This complete reboot of the original is illustrated with all-new material, including hundreds of photographs and rare memorabilia. Every solo concert has been updated for Waters and Gilmour, and details of the band's many re-released albums have been added, including never-before-published research into their earliest recordings from 1965. The original Echoes was a great book but this full upgrade is the essential reference for any serious Pink Floyd fan. Pink Floyd are one of the most commercially successful and influential rock bands of all time. They have sold more than 250 million records worldwide, including 75 million certified units in the United States, and 37.9 million albums sold in the US since 1993. This book is based on fans, friends and colleagues memories of the band from their earliest days in Cambridge through the on stage pyrotechnics of Dark Side and through to the massive stage events like The Wall. Includes new insights into the band with Syd Barrett. The album-matching folio to The Wall, the transatlantic No. 1 hit and one of the all-time, longest-running albums on the charts. Titles are: In the Flesh? * The Thin Face * Another Brick in the Wall (Part 1) * The Happiest Days of Our Lives * Another Brick in the Wall (Part 2) * Mother * Goodbye Blue Sky * Empty Spaces (What Shall We Do Now?) * Young Lust * One of My Turns * Don't Leave Me Now * Another Brick in the Wall (Part 3) * Goodbye Cruel World * Hey You * Is There Anybody Out There? * Nobody Home * Vera * Bring the Boys Back Home * Comfortably Numb * The Show Must Go On * In the Flesh * Run Like Hell * Waiting for the Worms * Stop * The Trial * Outside the Wall. Pink Floyd's The Dark Side of the Moon (1973) is one of the most beloved albums of all time. A sonically stunning exploration into dark themes of madness, death, anxiety, and alienation, it has sold a staggering 30 million copies worldwide, and continues to sell 250,000 copies a year. Besides being perhaps the most fully realized and elegant concept album ever recorded, The Dark Side of the Moon was also one of the most technically advanced LPs of its day. It has aged remarkably well and still sounds as contemporary and cutting edge as it did on the day it was released. A perfect blend of studio wizardry and fearless innovation, The Dark Side of the Moon is illuminated by John Harris's exploration of the band's fractured history, his narrative skill, and his deft exploration of the album's legacy, such as its massive influence on bands like Radiohead and Nine Inch Nails. Drawing on original, new interviews with every member of the band--bassist and chief songwriter Roger Waters, guitarist Dave Gilmour, keyboardist Rick Wright, and drummer Nick Mason-- The Dark Side of the Moon is a must-have for the millions of devoted fans who desire to know more about one of the most timeless, compelling, commercially successful, and mysterious albums ever made. Embark on a mesmerizing journey through the kaleidoscopic history of Pink Floyd, the English rock band that forever reshaped the landscape of music. Formed in London in 1965, Pink Floyd quickly emerged as pioneers of British psychedelic music. Led by the visionary Syd Barrett, the band's early years were marked by hit singles like "Arnold Layne" and "See Emily Play," and the

groundbreaking debut album "The Piper at the Gates of Dawn" (1967). As David Gilmour joined in 1968 and Barrett departed due to mental health struggles, Roger Waters took the reins as the primary lyricist and conceptual force. This marked the beginning of an era that would see Pink Floyd ascend to unparalleled heights of success. Albums like "The Dark Side of the Moon" (1973), "Wish You Were Here" (1975), "Animals" (1977), and "The Wall" (1979) solidified their status as progressive rock legends. The narrative delves into the band's triumphs and tribulations, exploring Waters' thematic leadership, the departure of Richard Wright and Waters in the 1980s, and the later resurgence with albums like "A Momentary Lapse of Reason" (1987) and "The Division Bell" (1994). The book navigates the personal tensions, reunions, and poignant losses of founding members Syd Barrett and Richard Wright, providing a comprehensive account of Pink Floyd's enduring impact. With over 250 million records sold worldwide, Pink Floyd's legacy is immortalized in iconic albums like "The Dark Side of the Moon" and "The Wall," both inducted into the Grammy Hall of Fame. From their cinematic ventures to protest songs against global conflicts, Pink Floyd's influence stretches beyond music, earning them a place in the Rock and Roll Hall of Fame and the Polar Music Prize. The story continues with David Gilmour and Nick Mason's 2022 reunion for the release of "Hey, Hey, Rise Up!" in response to the Russian invasion of Ukraine. Uncover the enigmatic allure of Pink Floyd--a band that forever painted sonic landscapes that resonated across generations. The Routledge Handbook of Pink Floyd is intended for scholars and researchers of popular music, as well as music industry professionals and fans of the band. It brings together international researchers to assess, evaluate and reformulate approaches to the critical study and interpretation of one of the world's most important and successful bands. For the first time, this Handbook will 'tear down the wall,' examining the band's collective artistic creations and the influence of social, technological, commercial and political environments over several decades on their work. Divided into five parts, the book provides a thoroughly contextualised overview of the musical works of Pink Floyd, including coverage of performance and sound; media, reception and fandom; genre; periods of Pink Floyd's work; and aesthetics and subjectivity. Drawing on art, design, performance, culture and counterculture, emergent theoretical resources and analytical frames are evaluated and discussed from across the social sciences, humanities and creative arts. The Handbook is intended for scholars and researchers of popular music, as well as music industry professionals. It will appeal across a range of related subjects from music production to cultural studies and media/communication studies. The Rough Guide to Pink Floyd is the ultimate companion to the band that changed the sound and scale of pop music forever. Features include: The Story: from the Syd Barrett era, the Dark Side of the Moon phenomenon to their transformation into one of the world's biggest bands, The Music: 50 essential Floyd songs and the stories behind them, plus all the albums and recording sessions, side-projects and solo careers, Floyd On Film: the movies and film soundtracks from The Wall and More to Zabriskie Point and Pink Floyd at Pompeii, Floydology file: the cover versions, rarities, DVDs, books and websites. From the psychedelic "happenings" of 60s London to the arena gigs, world tours and Live 8 reunion - it's all here. All of Pink Floyd's 70s albums are a barometer of Britain's changing moods, as an age of optimism gave way to angst and apprehension. As the group evolved from the Flower Power world of their late-sixties music through the era-defining Dark Side of the Moon to the acerbic, late-seventies attitudes of The Wall, they became arguably the only British rock act to straddle the cultural divide between the swinging 60s and the post-punk 70s. In Pink Floyd's The Wall, Jeff Bench and Daniel O'Brien describe the making of The Wall--both the album and the film--and place it in the context of the changes in music and society which the album reflected. The book contains scores of rare color and black-and-white illustrations, including exclusive shots of the 1980 and 1990 live performances. Tapping into the harmony as well as the discord of the creative process, Pink Floyd was a pioneer in producing concept albums and including pyrotechnics in live performances. Full-color images, fascinating personal facts, and engaging narratives will pull the reader right into the trials and triumphs of Pink Floyd, who even after losing founding member and creative genius Syd Barrett, sold more than two hundred million albums, was inducted into the Rock and Roll Hall of Fame, and inspired legions of musical performers, including David Bowie and Queen. Readers will discover why more than fifty years after the first album, Pink Floyd continues to attract new generations of fans. Called by The Chicago Tribune "the best book around on this enduringly popular band", Saucerful of Secrets is the first in-depth biography of this very private group. It

goes beyond the smoke and lasers of Pink Floyd's incredible stage shows and into the secretive and often tumultuous lives of each band member. 16 pages of photographs. The endurance of Pink Floyd's *The Dark Side of the Moon* on the Billboard Top 100 Chart is legendary, and its continuing sales and ongoing radio airplay ensure its inclusion on almost every conceivable list of rock's greatest albums. This collection of essays provides indispensable studies of the monumental 1973 album from a variety of musical, cultural, literary and social perspectives. The development and change of the songs is considered closely, from the earliest recordings through to the live, filmed performance at London's Earls Court in 1994. The band became almost synonymous with audio-visual innovations, and the performances of the album at live shows were spectacular moments of mass-culture although Roger Waters himself spoke out against such mass spectacles. The band's stage performances of the album serve to illustrate the multifaceted and complicated relationship between modern culture and technology. The album is therefore placed within the context of developments in late 1960s/early 1970s popular music, with particular focus on the use of a variety of segues between tracks which give the album a multidimensional unity that is lacking in Pink Floyd's later concept albums. Beginning with 'Breathe' and culminating in 'Eclipse', a tonal and motivic coherence unifies the structure of this modern song cycle. The album is also considered in the light of modern day 'tribute' bands, with a discussion of the social groups who have the strongest response to the music being elaborated alongside the status of mediated representations and their relation to the 'real' Pink Floyd. An authentic and compelling story of the group that gave alternative London its first real soundtrack and launched on the rock world a radical combination of music, light shows and pyrotechnic stage effects. A revealing diary of Pink Floyd's daily routine, from their roots in Cambridge to cult status in Sixties London. Author Barry Miles saw the band play when they were still called The Pink Floyd Sound and he wrote the first ever article about them for a New York underground newspaper in 1966. He also knew band members socially, witnessed the rapid decline of Syd Barrett and became actively involved in setting up some of Floyd's major gigs. Barry Miles is an acclaimed music writer and expert on 'Beat' poetry and poets. A founder of the Indica bookshop and gallery in the Sixties, he went on to launch International Times and write for NME. He ghost-wrote *Many Years From Now*, Paul McCartney's autobiography and has written books on The Beatles, The Rolling Stones and Frank Zappa. (Guitar Recorded Versions). This iconic concept album by British rock band Pink Floyd topped the US Billboard album charts for 15 weeks when it was released in 1979. This folio includes new authentic transcriptions with notes and tablature for all 26 songs from the album, including: Another Brick in the Wall * Bring the Boys Back Home * Comfortably Numb * Empty Spaces * Goodbye Cruel World * Hey You * Is There Anybody Out There? * Nobody Home * Run like Hell * Stop * The Thin Ice * Waiting for the Worms * Young Lust * and more. Describes the development of the iconic Pink Floyd album and subsequent film and tour, all created in close collaboration with the author's art studio, and provides commentaries by the director of the film and the band members. The newest addition to the best-selling *All the Songs* series details the unique recording history of Pink Floyd, one of the world's most commercially successful and influential rock bands. Since 1965, Pink Floyd have been recording sonically experimental and philosophical music, selling more than 250 million records worldwide, including two of the best-selling albums of all time *Dark Side of the Moon* and *The Wall*. While much is known about this iconic group, few books provide a comprehensive history of their time in the studio. In *Pink Floyd All the Songs*, authors Margotin and Guesdon describe the origin of their nearly 200 released songs, details from the recording studio, what instruments were used, and behind-the-scenes stories of the tensions that helped drive the band. Organized chronologically by album, this massive, 544-page hardcover begins with their 1967 debut album *The Piper at the Gates of Dawn*, the only one recorded under founding member Syd Barrett's leadership; through the loss of Barrett and the addition of David Gilmour; to Richard Wright leaving the band in 1979 but returning; to Roger Waters leaving in 1985 and the albums recorded since his departure, including their 2014 farewell album, *The Endless River*, which was downloaded 12 million times on Spotify the week it was released. Packed with more than 500 photos, *All the Songs* is also filled with stories fans treasure, such as Waters working with engineer Alan Parsons to employ revolutionary recording techniques for *The Dark Side of the Moon* at Abbey Road Studios in 1972 or producer Bob Ezrin's contribution in refining Water's original sprawling vision for *The Wall*. With their early experiments in psychedelic rock music in the 1960s, and their epic recordings of the 1970s and '80s,

offsite.creighton.edu

Pink Floyd became one of the most influential and recognizable rock bands in history. As "*The Pink Floyd Sound*," the band created sound and light shows that defined psychedelia in England and inspired similar movements in the Jefferson Airplane's San Francisco and Andy Warhol's New York City. The band's subsequent recordings forged rock music's connections to orchestral music, literature, and philosophy. "*Dark Side of the Moon*" and "*The Wall*" ignored pop music's ordinary topics to focus on themes such as madness, existential despair, brutality, alienation, and socially induced psychosis. They also became some of the best-selling recordings of all time. In this collection of essays, sixteen scholars expert in various branches of philosophy set the controls for the heart of the sun to critically examine the themes, concepts, and problems—usually encountered in the pages of Heidegger, Foucault, Sartre, or Orwell—that animate and inspire Pink Floyd's music. These include the meaning of existence, the individual's place in society, the interactions of knowledge and power in education, the contradictions of art and commerce, and the blurry line—the tragic line, in the case of Floyd early member Syd Barrett (died in 2006)—between genius and madness. Having dominated pop music for nearly four decades, Pink Floyd's dynamic and controversial history additionally opens the way for these authors to explore controversies about intellectual property, the nature of authorship, and whether wholes—especially in the case of rock bands—are more than the sums of their parts. *Pink Floyd: Behind the Wall* is a comprehensive history of the legendary band featuring photos, album covers, and posters as well as insight into their iconic songs and albums. (Guitar Recorded Versions). This 2014 album from the legendary rock band Pink Floyd reached #3 on the Billboard album charts. Our matching folio includes all 18 tracks in standard guitar notation and tab: Autumn '68 * Calling * Ebb and Flow * It's What We Do * The Lost Art of Conversation * Louder Than Words * Night Light * On Noodle Street * Skins * Things Left Unsaid * Unsung * and more. Mark Blake's history of Pink Floyd – the first for fifteen years – has already been acknowledged as the final word on this remarkable band's life. Lucidly written, incorporating over a hundred new and exclusive interviews, it covers Pink Floyd from their Cambridge beginnings in the early sixties to their triumphant re-formation at Live 8 in 2005 24 years after their last live performance together and the death of their troubled founder-member Syd Barrett a year later. Pink Floyd's albums like *Dark Side of the Moon* remain some of rock's biggest sellers of all every year on CD; Both David Gilmour and Roger Waters continue to do arena and stadium gigs, and the market for this book will exist for many years. More than four decades since their first album, and 35 years after the release of the iconic *Dark Side of the Moon*, Pink Floyd continue to inspire and mystify rock fans around the world. *Pink Floyd FAQ*, by pop culture author Stuart Shea, lays out the band's strange, winding history through a new series of prisms. What were the band's most memorable gigs? What are their greatest moments on record, as a group and individually? What contemporary records influenced them, and which performers follow in their wake? What was it like to be at a Pink Floyd show in 1967, in 1973, in 1980? *Pink Floyd FAQ* tells the band's story, dissects their most popular work, and provides little-known facts, all adding up to a provocative must-read for fans. With pages of stories, history, observation, opinion, photos, and reminiscences from those who were there, *Pink Floyd FAQ* will discuss frankly what made the band great – as well as note their not-so-great moments – and their place in modern pop culture, giving credit where credit is due – and maybe puncturing some inflatable pigs along the way. Commemorating the 50th anniversary of the release of Pink Floyd's *The Dark Side Of The Moon*, this beautiful, authorized book combines rare and unseen backstage and onstage photography with the visual evolution of the iconic album artwork in one highly desirable album-sized package designed by Pentagram. March 3, 2023 marks the 50th anniversary of the release of *The Dark Side Of The Moon* by Pink Floyd. Designed by Pentagram to high specifications, this official book commemorates the band and the album. This luxurious book is divided into two parts. The first documents the members of the band between 1972 and 1975, during the making of the album, the album release and throughout the album tours in the UK, US, Europe and Japan through 128 black-and-white photographs. A review of the October 1972 Wembley gig by Chris Charlesworth, originally published in *Melody Maker*, provides insight into one of Floyd's most celebrated performances. The second part explores in 65 color images how the original prism motif by Hipgnosis and StormStudios evolved into an array of graphics and homages to the world's great artists, some of which went on to grace further projects of the band. Co-founder of StormStudios, Peter Curzon, recalls the details of each brief and the development of the graphics over a 50-year period. This is the only book to commemorate the 50th

anniversary of one of the most enduring albums of all time. This will be a covetable package for the legions of Floyd fans out there both new and old. This special edition of the book is accompanied by an exclusive original artwork print, personally signed by the artist, available with the 100 copy limited edition of The Art of Pink Floyd's The Wall. The print shows Gerald Scarfe's interpretation of the horrors that lurk behind the character Pink's personal defences: the smothering Mother, the cruel, sarcastic Teacher and the cold, poisonous Wife. These were all inspired by Roger Waters lyrics for the legendary 'Wall'. The Art of Pink Floyd The Wall is a sumptuously illustrated book, collecting Gerald Scarfe's iconic work for Pink Floyd. First The Wall was an album, then it was a stage show, a film - now there will be the definitive book, which will be a work of art in its own right. This large, landscape-format book, presented in a stunning slipcase designed by Scarfe, is packed with photos, drawings and designs which will incorporate the iconic imagery of The Wall alongside new and previously unseen material. Forty years on, The Wall has lost none of its impact, and its themes are more relevant than ever. Presenting the phenomenal artwork as it has never been seen before, The Art of Pink Floyd The Wall is a must-have for any Pink Floyd fan. Beyond its elucidation and critique of traditional 'notation-centric' musicology, this book's primary emphasis is on the negotiation and construction of meaning within the extended musical multimedia works of the classic British group Pink Floyd. Encompassing the concept albums that the group released from 1973 to 1983, during Roger Waters' final period with the band, chapters are devoted to Dark Side of the Moon (1973), Wish You Were Here (1975), Animals (1977), The Wall (1979) and The Final Cut (1983), along with Waters' third solo album Amused to Death (1993). This book's analysis of album covers, lyrics, music and film makes use of techniques of literary and film criticism, while employing the combined lenses of musical hermeneutics and discourse analysis, so as to illustrate how sonic and musical information contribute to listeners' interpretations of the discerning messages of these monumental musical artifacts. Ultimately, it demonstrates how their words, sounds, and images work together in order to communicate one fundamental concern, which—to paraphrase the music journalist Karl Dallas—is to affirm human values against everything in life that should conspire against them. The acclaimed, definitive biography of Pink Floyd, from their iconic beginnings in psychedelic, Swinging London to their historic reunion at the Live8 concert ("The most complete, insightful, and current account of Pink Floyd...nearly as essential as the music itself."--Austin Chronicle) Mark Blake draws on his own interviews with band members as well as the

group's friends, road crew, musical contemporaries, former housemates, and university colleagues to produce a riveting history of one of the biggest rock bands of all time. We follow Pink Floyd from the early psychedelic nights at UFO, to the stadium-rock and concept-album zenith of the seventies, to the acrimonious schisms of the late '80s and '90s. Along the way there are fascinating new revelations about Syd Barrett's chaotic life at the time of Piper at the Gates of Dawn, the band's painstaking and Byzantine recording sessions at Abbey Road, and the fractious negotiations to bring about their fragile, tantalizing reunion in Hyde Park. Meticulous, exacting, and ambitious as any Pink Floyd album, Comfortably Numb is the definitive account of this most adventurous--and most English--rock band. Mark Blake draws on his own interviews with band members as well as the group's friends, road crew, musical contemporaries, former housemates, and university colleagues to produce a history of one of the biggest rock bands of all time. We follow Pink Floyd from the early psychedelic nights at UFO, to the stadium-rock and concept-album zenith of the seventies, to the acrimonious schisms of the late '80s and '90s. Self-proclaimed rock historians will delight in the scope and detail of this all-inclusive encyclopedia of Pink Floyd. A close study of each album is accompanied by an exhaustive listing of their songs, cover art, production credits, recording and sales information, and U.S. and U.K. release dates. The promotional art of each concert and tour is also provided, along with details on independent solo concerts and albums produced by individual band members, six appendices providing the dates of every performance arranged in chronological order, and an equipment appendix describing the make and model of every Pink Floyd amplifier, guitar, and cymbal since the band's creation. This new edition features thousands of new band-related facts and a bonus CD featuring a rare version of "Interstellar Overdrive" and tracks from the British sci-fi band Hawkwind. From their gigs in tiny church halls to multimillion-selling albums--"The Dark Side" "of the Moon," "Wish You Were Here," and the rock opera "The Wall"--and elaborate stadium shows, this tome celebrates legendary rock band Pink Floyd. Lavishly illustrated with previously unpublished photographs and rare graphic memorabilia, including posters, advertisements, handbills, and tickets from every era of the band's remarkable history, this survey provides a comprehensive overview of the group, its members, and the times. In addition to a biographical account of the band's collective and individual careers--from their pre-Floyd times in the early 1960s to the present day and their music's evolution from psychedelic and space rock to progressive rock genres--this definitive reference presents a meticulously researched chronological listing of every Pink Floyd and solo concert with set lists, radio and television appearances, and a UK and U.S. discography.
