Department of the Army, 1977 **The Homeowner's Guide to Renewable Energy** Dan Chiras, 2011-07-05 Presents information on how to improve a home's energy efficiency and switch to renewable energy resources to provide electricity hot water heat and cooling for a home [Don't Be Evil](#) Rana Foroohar, 2019-11-05 A penetrating indictment of how today's largest tech companies are hijacking our data our livelihoods our social fabric and our minds from an acclaimed Financial Times columnist and CNN analyst WINNER OF THE PORCHLIGHT BUSINESS BOOK AWARD NAMED ONE OF THE BEST

BOOKS OF THE YEAR BY FOREIGN AFFAIRS AND EVENING STANDARD Don't be evil was enshrined as Google's original corporate mantra back in its early days when the company's cheerful logo still conveyed the utopian vision for a future in which technology would inevitably make the world better, safer, and more prosperous. Unfortunately, it's been quite a while since Google or the majority of the Big Tech companies lived up to this founding philosophy. Today, the utopia they sought to create is looking more dystopian than ever, from digital surveillance and the loss of privacy to the spreading of misinformation and hate speech to predatory algorithms targeting the weak and vulnerable to products that have been engineered to manipulate our desires. How did we get here? How did these once scrappy and idealistic enterprises become rapacious monopolies with the power to corrupt our elections, co-opt all our data, and control the largest single chunk of corporate wealth while evading all semblance of regulation and taxes? In *Don't Be Evil*, Financial Times global business columnist Rana Foroohar tells the story of how Big Tech lost its soul and ate our lunch. Through her skilled reporting and unparalleled access won through nearly thirty years covering business and technology, she shows the true extent to which behemoths like Google, Facebook, Apple, and Amazon are monetizing both our data and our attention without us seeing a penny of those exorbitant profits. Finally, Foroohar lays out a plan for how we can resist by creating a framework that fosters innovation while also protecting us from the dark side of digital technology. Praise for *Don't Be Evil*: At first sight, *Don't Be Evil* looks like it's doing for Google what muckraking journalist Ida Tarbell did for Standard Oil over a century ago. But this whip-smart, highly readable book's scope turns out to be much broader. Worried about the monopolistic tendencies of big tech, the addictive apps on your iPhone, the role Facebook played in Donald Trump's election, Foroohar will leave you even more worried, but a lot better informed. Niall Ferguson, Milbank Family Senior Fellow at the Hoover Institution, Stanford, and author of *The Square and the Tower*. Messages, Signs, and Meanings Marcel Danesi, 2004. *Messages, Signs, and Meanings* can be used directly in introductory courses in semiotics, communications, media, or culture studies. Additionally, it can be used as a complementary or supplementary text in courses dealing with cognate areas of investigation: psychology, mythology, education, literary studies, anthropology, linguistics. The text builds upon what readers already know intuitively about signs and then leads them to think critically about the world in which they live, a world saturated with images of all kinds that a basic knowledge of semiotics can help filter and deconstruct. The text also provides opportunities for readers to do hands-on semiotics through the exercises and questions for discussion that accompany each chapter. Biographical sketches of the major figures in the field are also included, as is a convenient glossary of technical terms. The overall plan of the book is to illustrate how message-making and meaning-making can be studied from the specific vantage point of the discipline of semiotics. This third edition also includes updated discussions of information technology throughout, focusing especially on how meanings are now negotiated through such channels as websites, chat rooms, and instant messages. Jacket *Substance Abuse* Alan David Kaye, Nalini Vadivelu, Richard D. Urman, 2014-12-01. This book is written for any clinician who encounters
