**Pro** Katha Pollitt, 2014-10-14 A New York Times Book Review Notable Book From noted feminist and longtime columnist for The Nation award winning author Katha Pollitt's *Pro Reclaiming Abortion Rights* presents a powerful argument for abortion as a moral right and social good As the Supreme Court is set to overturn the landmark decision that legalized abortion nationwide this urgent controversial book reframes abortion as a common part of a woman's reproductive life one that should be accepted as a moral right with positive social implications Nearly fifty years after the Roe v Wade ruling Abortion is still a word that is said with outright hostility by many despite the fact that one in three American women will have terminated at least one pregnancy by menopause Even those who support a woman's right to an abortion often qualify their support by saying abortion is a bad thing an agonizing decision making the medical procedure so remote and radioactive that it takes it out of the world of the everyday turning an act that is normal and necessary into something shameful and secretive Meanwhile the rights once upheld by the Supreme Court are threatened to be repudiated and systematically eroded by state laws designed to end abortion outright *Pro* reaffirms the priority of a woman's life and health and discusses why terminating a pregnancy can be a force for good for women families and society It is time Pollitt argues that we reclaim the lives and the rights of women and mothers A refreshing and comprehensive look at abortion rights *Pro* is a passionate plea and a book that is needed now more than ever Salon Ultimately Pollitt is arguing not just for reproductive rights but for reproductive justice which places the right to mother or not within the global context of human rights and social and economic justice inextricable from the fight for universal health insurance immigration reform and a host of social challenges The Chicago Tribune *Pro: Reclaiming Abortion Rights* Katha Pollitt, 2014-10-14 Argues that abortion is a common part of a woman's reproductive life and should not be vilified but instead accepted as a moral right that can be a force for social good [New Handbook for a Post-Roe America](#) Robin Marty, 2021-03-30 A completely new edition with a new introduction by Amanda Palmer of Robin Marty's best selling manual on what to do if when Roe v Wade is overturned The *New Handbook for a Post Roe America* is a comprehensive and user friendly manual for understanding and preparing for the looming changes to reproductive rights law and getting the health care you need Activist and writer Robin Marty guides readers through various worst case scenarios of a post Roe America and offers ways to fight back including how to acquire financial support how to use existing networks and create new ones and how to when required work outside existing legal systems She details how to plan for your own emergencies how to start organizing now what to know about self managed abortion care with pills and or herbs and how to avoid surveillance The only guidebook of its kind The *New Handbook for a Post Roe America* includes new chapters that cover the needs and tools available for pregnant people across the country This second edition features extensively updated information on abortion legality and access in the United States and

approximately one hundred pages of new content covering such topics as independent alternatives to Planned Parenthood auntie networks taxpayer funded abortions and using social media wisely in the age of surveillance

**Choice Words** Annie Finch, 2020-04-07 A landmark literary anthology of poems stories and essays Choice Words collects essential voices that renew our courage in the struggle to defend reproductive rights Twenty years in the making the book spans continents and centuries This collection magnifies the voices of people reclaiming the sole authorship of their abortion experiences These essays poems and prose are a testament to the profound political power of defying shame Contributors include Ai Amy Tan Anne Sexton Audre Lorde Bobbie Louise Hawkins Camonghne Felix Carol Muske Dukes Diane di Prima Dorothy Parker Gloria Naylor Gloria Steinem Gwendolyn Brooks Jean Rhys Joyce Carol Oates Judith Arcana Kathy Acker Langston Hughes Leslie Marmon Silko Lindy West Lucille Clifton Mahogany L Browne Margaret Atwood Molly Peacock Ntozake Shange Ruth Praver Jhabvala Sharon Doubiago Sharon Olds Shirley Geok Lin Lim Sholeh Wolpe Ursula Le Guin and Vi Khi Nao

**Shout Your Abortion** Amelia Bonow, Emily Nokes, 2018-11-01 Following the U S Congress's attempts to defund Planned Parenthood the hashtag ShoutYourAbortion became a viral conduit for abortion storytelling receiving extensive media coverage and positioning real human experiences at the center of America's abortion debate for the very first time The online momentum sparked a grassroots movement that has subsequently inspired countless individuals to share their abortion stories in art media and community events all over the country and to begin building platforms for others to do the same Shout Your Abortion is a collection of photos essays and creative work inspired by the movement of the same name a template for building new communities of healing and a call to action Since SYA's inception people all over the country have shared stories and begun organizing in a range of ways making art hosting comedy shows creating abortion positive clothing altering billboards starting conversations that had never happened before This book documents some of these projects and illuminates the individuals who have breathed life into this movement illustrating the profound liberatory and political power of defying shame and claiming sole authorship of our experiences With Roe vs Wade on the brink of reversal the act of shouting one's abortion has become explicitly radical and Shout Your Abortion is needed more urgently than ever before

**Scarlet A** Katie Watson, 2018-01-02 Winner of the NCTE George Orwell Award for Distinguished Contribution to Honesty and Clarity in Public Language Although Roe v Wade identified abortion as a constitutional right in 1973 it still bears stigma a proverbial scarlet A Millions of Americans have participated in or benefited from an abortion but few want to reveal that they have done so Approximately one in five pregnancies in the US ends in abortion Why is something so common which has been legal so long still a source of shame and secrecy Why is it so regularly debated by politicians and so seldom divulged from friend to friend This book explores the personal stigma that prevents many from sharing their abortion experiences with friends and family in private conversation and the structural stigma that keeps it that way In public discussion both proponents and opponents of abortion's legality tend to focus on extraordinary cases This tendency keeps the national debate

polarized and contentious and keeps our focus on the cases that occur the least Professor Katie Watson focuses instead on the cases that happen the most which she calls ordinary abortion Scarlet A gives the reflective reader a more accurate impression of what the majority of American abortion practice really looks like It explains how our silence around private experience has distorted public opinion and how including both ordinary abortion and abortion ethics could make our public exchanges more fruitful In Scarlet A Watson wisely and respectfully navigates one of the most divisive topics in contemporary life This book explains the law of abortion challenges the toxic politics that make it a public football and private secret offers tools for more productive private exchanges and leads the way to a more robust public discussion of abortion ethics Scarlet A combines storytelling and statistics to bring the story of ordinary abortion out of the shadows painting a rich rarely seen picture of how patients and doctors currently think and act and ultimately inviting readers to tell their own stories and draw their own conclusions The paperback edition includes a new preface by the author addressing new cultural developments in abortion discourse and new legal threats to reproductive rights and updated statistics throughout

**Handbook for a Post-Roe America** Robin Marty,2019-01-15 The end of Roe v Wade is coming How will you prepare Handbook for a Post Roe America is a comprehensive and user friendly manual for understanding and preparing for the looming changes to reproductive rights law and getting the healthcare you need by any means necessary Activist and writer Robin Marty guides readers through various worst case scenarios of a post Roe America and offers ways to fight back including how to acquire financial support how to use existing networks and create new ones and how to when required work outside existing legal systems She details how to plan for your own emergencies how to start organizing now what to know about self managed abortion care with pills and or herbs and how to avoid surveillance The only guidebook of its kind Handbook for a Post Roe America includes an extensive detailed resource guide for all pregnant people whether cis trans or non binary of clinics action groups abortion funds and practical support groups in each state so wherever you live you can get involved With a newly right wing Supreme Court and a Republican Senate Roe is under threat Robin Marty observes When we say abortion will be illegal in half the states in the nation we are no longer talking about some hypothetical future we are talking about just years down the road We have to act now to secure what access remains shore up the networks supporting those who need care and decide what risks we are willing to take to ensure that any person who wants a termination can still end that pregnancy with or without the government s permission

*Living in the Crosshairs* David S. Cohen,Krysten Connon,2015 A chilling expos of the threats harassment and worse that American abortion providers face on a daily basis and groundbreaking remedies to stop it

**Selfish, Shallow, and Self-Absorbed** Meghan Daum,2015-03-31 Sixteen literary luminaries on the controversial subject of being childless by choice in this critically acclaimed bestselling anthology One of the most provocative and talked about books of the year Selfish Shallow and Self Absorbed is the stunning collection exploring one of society s most vexing taboos One of the main topics of cultural conversation during the last

decade was the supposed fertility crisis and whether modern women could figure out a way to have it all a successful career and the required 2 3 children before their biological clocks stopped ticking Now however the conversation has turned to whether it s necessary to have it all see Anne Marie Slaughter or perhaps more controversial whether children are really a requirement for a fulfilling life In this exciting and controversial collection of essays curated by writer Meghan Daum thirteen acclaimed female writers explain why they have chosen to eschew motherhood Contributors include Lionel Shriver Sigrid Nunez Kate Christensen Elliott Holt Geoff Dyer and Tim Kreider among others who will give a unique perspective on the overwhelming cultural pressure of parenthood This collection makes a smart and passionate case for why parenthood is not the only path to a happy productive life and takes our parent centric kid fixated baby bump patrolling culture to task in the process In this book that shadowy faction known as the childless by choice comes out into the light

### **Feminism**

**Unfinished: A Short, Surprising History of American Women's Movements** Dorothy Sue Cobble,Linda Gordon,Astrid Henry,2014-08-25 Reframing feminism for the twenty first century this bold and essential history stands up against bland corporate manifestos Sarah Leonard Eschewing the conventional wisdom that places the origins of the American women s movement in the nostalgic glow of the late 1960s Feminism Unfinished traces the beginnings of this seminal American social movement to the 1920s in the process creating an expanded historical narrative that dramatically rewrites a century of American women s history Also challenging the contemporary lean in trickle down feminist philosophy and asserting that women s histories all too often depoliticize politics labor issues and divergent economic circumstances Dorothy Sue Cobble Linda Gordon and Astrid Henry demonstrate that the post Suffrage women s movement focused on exploitation of women in the workplace as well as on inherent sexual rights The authors carefully revise our wave vision of feminism which previously suggested that there were clear breaks and sharp divisions within these media driven waves Showing how history books have obscured the notable activism by working class and minority women in the past Feminism Unfinished provides a much needed corrective

Without Apology Jenny Brown,2019-10-01 An indispensable guide to building a fighting feminist movement for reproductive freedom With an antiabortion majority on the Supreme Court and several states attempting to outlaw abortion altogether many activists are on the defensive hoping to hold on to reproductive rights in a few places and cases This spirited book shows how feminism can start winning again Jenny Brown uncovers a century of legal abortion in the United States until 1873 recalls women s experiences in the illegal days and shows how the women s liberation movement of the 1960s really won abortion rights She draws inspiration and lessons from the radicals of Redstockings the Army of Three and the Jane Collective putting together a road map for today s organizers from the black feminist argument for reproductive justice the successful fight to make the morning after pill available over the counter and the recent mass movement to repeal Ireland s abortion ban Brown argues that politically conservative nonprofits have been setting the agenda emphasizing rare tragic cases and relying on the rhetoric of choice and privacy Instead it is time to return to the fundamental ideas that won

legal abortion in the first place Women publicly telling the full truth of their own experience demanding repeal of all abortion restrictions and showing how abortion and birth control are the key demands in the struggle for women s freedom The H-Spot Jill Filipovic,2017-05-02 What do women want The same thing men were promised in the Declaration of Independence happiness or at least the freedom to pursue it For women though pursuing happiness is a complicated endeavor and if you head out into America and talk to women one on one as Jill Filipovic has done you ll see that happiness is indelibly shaped by the constraints of gender the expectations of feminine sacrifice and the myriad ways that womanhood itself differs along lines of race class location and identity In The H Spot Filipovic argues that the main obstacle standing in between women and happiness is a rigged system In this world of unfinished feminism men have long been able to have it all because of free female labor while the bar of achievement for women has only gotten higher Never before have women at every economic level had to work so much whether it s to be an accomplished white collar employee or just make ends meet Never before have the standards of feminine perfection been so high And never before have the requirements for being a good mother been so extreme If our laws and policies made women s happiness and fulfillment a goal in and of itself Filipovic contends many of our country s most contentious political issues from reproductive rights to equal pay to welfare spending would swiftly be resolved Filipovic argues that it is more important than ever to prioritize women s happiness and that doing so will make men s lives better too Here she provides an outline for a feminist movement we all need and a blueprint for how policy laws and society can deliver on the promise of the pursuit of happiness for all *In Our Prime: How Older Women Are Reinventing the Road Ahead* Susan J. Douglas,2020-03-10 A galvanizing manifesto New York Times Book Review Editors Choice With a sharp sense of justice and wit Susan J Douglas raises the alarm about ageist attacks against women whether pushed out of jobs caricatured in the media or preyed upon by the anti aging industry Douglas celebrates women defying stereotypes and embracing activism and puts forward a plan for a brighter future for all women Entertaining and smart you ll want to share this book with your best friend Obstacle Course David S. Cohen,Carole Joffe,2020-02-18 It seems unthinkable that citizens of one of the most powerful nations in the world must risk their lives and livelihoods in the search for access to necessary health care And yet it is no surprise that in many places throughout the United States getting an abortion can be a monumental challenge Anti choice politicians and activists have worked tirelessly to impose needless restrictions on this straightforward medical procedure that at best delay it and at worst create medical risks and deny women their constitutionally protected right to choose Obstacle Course tells the story of abortion in America capturing a disturbing reality of insurmountable barriers people face when trying to exercise their legal rights to medical services Authors David S Cohen and Carole Joffe lay bare the often arduous and unnecessarily burdensome process of terminating a pregnancy the sabotaged decision making clinics in remote locations insurance bans harassing protesters forced ultrasounds and dishonest medical information arbitrary waiting periods and unjustified procedure limitations Based on patients stories as well as

interviews with abortion providers and allies from every state in the country *Obstacle Course* reveals the unstoppable determination required of women in the pursuit of reproductive autonomy as well as the incredible commitment of abortion providers Without the efforts of an unheralded army of medical professionals clinic administrators counselors activists and volunteers what is a legal right would be meaningless for the almost one million people per year who get abortions There is a better way treating abortion like any other form of health care but the United States is a long way from that ideal

**The Eating Instinct** Virginia Sole-Smith,2018-11-13 An exploration both personal and deeply reported of how we learn to eat in today's toxic food culture Food is supposed to sustain and nourish us Eating well any doctor will tell you is the best way to take care of yourself Feeding well any human will tell you is the most important job a mother has But for too many of us food now feels dangerous We parse every bite we eat as good or bad and judge our own worth accordingly When her newborn daughter stopped eating after a medical crisis Virginia Sole Smith spent two years teaching her how to feel safe around food again and in the process realized just how many of us are struggling to do the same thing *The Eating Instinct* visits kitchen tables around America to tell Sole Smith's own story as well as the stories of women recovering from weight loss surgery of people who eat only nine foods of families with unlimited grocery budgets and those on food stamps Every struggle is unique But Sole Smith shows how they're also all products of our modern food culture And they're all asking the same questions How did we learn to eat this way Why is it so hard to feel good about food And how can we make it better

**The Abortionist** Rickie Solinger,2019-10-01 This twenty fifth anniversary edition places abortion politics in the context of reproductive justice today and explains why abortion has been and remains a political flashpoint in the United States Before *Roe v Wade* hundreds of thousands of illegal abortions occurred in the United States every year Rickie Solinger tells the story of Ruth Barnett an abortionist in Portland Oregon from 1918 to 1968 to demonstrate how the law not back alley practitioners endangered women's lives in the years before legalized abortion Women from all walks of life came to Barnett who worked in a proper office undisturbed by legal authorities and never lost a patient But in the illegal era following World War II Barnett and other practitioners were hounded by police and became targets for politicians women seeking abortions were forced to turn to syndicates run by racketeers or to use self induced methods that often ended in injury or death This new edition places abortion politics in the context of reproductive justice today Despite the change in women's status since Barnett's time key cultural and political meanings of abortion have endured Opponents of *Roe v Wade* continue their efforts to recriminalize abortion and reestablish an inexorable relationship between biology and destiny *The Abortionist* is an instructive reminder that legal abortion facilitated women's status as full members of society Barnett's story clarifies the relationship of legal abortion to human dignity and shows why preserving and extending *Roe v Wade* ensures women's freedom to decide for themselves what is best for their health

**Policing the Womb** Michele Goodwin,2020-03-12 This book tells the real life horror story of states abusing laws and infringing on rights to police women and their pregnancies *Controlling Women*

Kathryn Kolbert, Julie F. Kay, 2021-07-13 From two lawyers at the forefront of the reproductive rights movement this fully updated book shares bold strategies meant to help restore and expand reproductive and sexual rights Reproductive freedom has never been in more dire straits Roe v Wade protected abortion rights and Planned Parenthood v Casey unexpectedly preserved them Yet in the following decades these rights have been gutted by restrictive state legislation the appointment of hundreds of anti abortion judges and violence against abortion providers Today the ultra conservative majority at the Supreme Court has overturned our most fundamental reproductive protections With Roe toppled abortion is now a criminal offense in nearly one third of the United States At least six states have enacted bans on abortion as early as six weeks of pregnancy before many women are even aware they are pregnant Today 89% of U S counties do not have a single abortion provider in part due to escalating violence and intimidation aimed at disrupting services We should all be free to make these personal and private decisions that affect our lives and wellbeing without government interference or bias but we can no longer depend on Roe v Wade and the federal courts to preserve our liberties Legal titans Kathryn Kolbert and Julie F Kay share the story of one of the most divisive issues in American politics through behind the scenes personal narratives of stunning losses hard earned victories and moving accounts of women and health care providers at the heart of nearly five decades of legal battles Kolbert and Kay propose audacious new strategies inspired by medical advances state level protections human rights models and activists across the globe whose courage and determination are making a difference No more banging our heads against the Court s marble walls It is time for a new direction *Pro-Choice and Christian* Kira Schlesinger, 2017-10-10 Despite the claim by many Christian leaders that the pro life antiabortion position is the only faithful response to the debate about reproductive rights many people of faith find themselves in a murky middle of this supposedly black and white issue Christians who are pro abortion rights are rarely pro abortion However they view the decision to carry a pregnancy to term as one to be made by the woman her medical team her family or personal counsel rather than by politicians Pro Choice and Christian explores the biblical theological political and medical aspects of the debate in order to provide a thoughtful Christian argument for a pro choice position with regard to abortion issues Kira Schlesinger considers relevant Scriptures the politics of abortion in the United States and the human realities making abortion a vital issue of justice and compassion By examining choice from a Christian perspective Schlesinger provides a common vocabulary for discussing faith and reproductive rights *The Machine* Lee Fang, 2013 The Machine sheds light on all the dark corners of the resurgent right laying out its modus operandi in short accessible chapters

With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Pro Reclaiming Abortion Rights Katha Pollitt books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Pro Reclaiming Abortion Rights Katha Pollitt books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Pro Reclaiming Abortion Rights Katha Pollitt versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Pro Reclaiming Abortion Rights Katha Pollitt books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Pro

Reclaiming Abortion Rights Katha Pollitt books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Pro Reclaiming Abortion Rights Katha Pollitt books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Pro Reclaiming Abortion Rights Katha Pollitt books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
