

Enterprise Buildings Integrator (EBI) LifeSafety Manager

UL LISTED FIRE & SECURITY SYSTEM

SPECIFICATION DATA

APPLICATION

The Honeywell Enterprise Buildings Integrator™ (EBI) LifeSafety Manager™ is a fully listed fire and security system that runs the Honeywell LifeSafety Manager application software. It consists of a complete network of workstations, peripherals, and TCP/IP[®] addressable LAN network components that are listed for the full range of life safety applications, including UL864 UICJZ fire alarm and UL 294/1076 security/access control and UL2017 critical process applications. The components have been specially designed and hardened to meet the rigorous quality level required by these standards.

The workstation consists of a high reliability personal computer platform enclosed in a sturdy W7063 housing assembly that is securely mounted to the building structure. All power and data wiring connections are fully enclosed to prevent tampering and inadvertent disconnection. Vital PC functions are monitored by special circuits to insure operational integrity at all times. The communications power of the PC is augmented with network interface cards for LAN connectivity, as well as additional listed RS-232/RS-485 ports for direct access to fire, security and HVAC controller buses. The system supports the full range of NFPA 72 signaling line circuit communication styles, up to and including Style 7 redundant connections.

FEATURES

- Ruggedized high reliability components listed/ approved for life safety service.
- UL, ULC listed (FM pending) components for fire, security, smoke control and HVAC.
- UL Listed for critical process monitoring and control.
- High speed, flexible industry standard LAN topologies.
- Listed hubs, routers and terminal servers.
- Physical security and electronic supervision for equipment wiring and mounting.
- Seamless and scalable integration of all facility fire, security, HVAC, process and energy control functions.

The powerful W7064 Server Housing Assembly includes a UL 864 listed Dell[®] PC with dual XEON[®] processors, ultra-reliable RAID hard drive technology, and built-in redundant power supplies. This server is the heart of any system that requires superior performance for data intensive multi-tasking including building control, life safety, and monitoring applications.

The EBI system can be matched to the unique requirements of a facility by utilizing a wide variety of Honeywell listed controllers and network components.

Using an extensive array of graphic and database management applications, the EBI can monitor and control alarm notification points from Honeywell XLS3000, XLS140, XLS1000/200 and DeltaNet™ FS90 fire alarm control panels, as well as customized interfaces to existing equipment in retrofit applications. These panels are also fully listed for smoke control and security applications.

The EBI security functionality is further enhanced by state of the art features such as proximity card access, photo ID creation, database management, audio/video communication and AES certified encryption of TCP/IP network communication.

With the deluge of information that enterprises face given their global operations and complex business models as well as the advent of big data technology it is not surprising that making sense of the large piles of data is of paramount importance. Enterprises must therefore put much greater emphasis on managing and monetizing both structured and unstructured data. As Saumya Chaki, an information management expert and consultant with IBM, explains in *Enterprise Information Management in Practice*, it is now more important than ever before to have an enterprise information strategy that covers the entire life cycle of information and its consumption while providing security controls. With Fortune 100 consultant Saumya Chaki as your guide, *Enterprise Information Management in Practice* covers each of these and the other pillars of EIM in depth, which provides readers with a comprehensive view of the building blocks for EIM. Enterprises today deal with complex business environments where information demands take place in real time, are complex, and often serve as the differentiator among competitors. The effective management of information is thus crucial in managing enterprises. EIM has evolved as a specialized discipline in the business intelligence and enterprise data warehousing space to address the complex needs of information processing and delivery and to ensure the enterprise is making the most of its information assets.

Business Processes: Operational Solutions for SAP Implementation Portugal, Victor, Sundaram, David, 2005-12-31. Winning Now, Winning Later David M. Cote, 2020-06-30. From local coffee shops to the largest Fortune 500 companies, everyone is struggling to make the impossible choice between chasing short-term objectives and creating a secure future for their company. David Cote understood this dilemma and rejected it. In these pages, he shows you how taking the same revolutionary approach might be the smartest business decision you'll ever make. This book reveals the bold, operational reforms and counterintuitive leadership practices you can put into practice that will allow you to do two conflicting things at the same time: pursue strong short- and long-term results. This tested and proven approach can strengthen your business like never before and even rescue it from the brink of disaster, no matter how dire the current circumstances may seem. In *Winning Now, Winning Later*, Cote shares 10 essential principles for winning today and tomorrow, such as Spot practices that seem attractive in the short term but will cost the company in the future. Determine where and how to invest in growth for maximum impact. Sustain both short-term performance and long-term investments, even in challenging times such as during recessions and leadership transitions. Feel inspired to stand up to investors and other managers who are solely focused on either short- or long-term objectives. Step

back think independently and foster independent thinking among others around you Presenting a comprehensive solution to a perennial problem Winning Now Winning Later is a go to guide for you and leaders everywhere to finally transcend short termism s daily grind and leave an enduring legacy of success
