From former US Congressman and CIA Officer Will Hurd, a “how-to guide with a prescription for getting the nation on the right footing” (Politico) and “a clarion call for a major political pivot” (San Antonio Report) rooted in the timeless ideals of bipartisanship, inclusivity, and democratic values. “Hurd has the biography and the charisma and the God-given political chops to put the Republican Party—and the rest of the country—on notice.” —THE ATLANTIC It’s getting harder to get big things done in America. The gears of our democracy have been mucked up by political nonsense. To meet the era-defining challenges of the 21st century, our country needs a reboot. In American Reboot, Hurd, called “the future of the GOP” by Politico, provides a “detailed blueprint” (Robert M. Gates, Secretary of Defense, 2006–2011) for America grounded by what Hurd calls pragmatic idealism—a concept forged from enduring American values to achieve what is actually achievable. Hurd takes on five seismic problems facing a country in crisis: the Republican Party’s failure to present a principled vision for the future; the lack of honest leadership in Washington, DC; income inequality that threatens the livelihood of millions of Americans; US economic and military dominance that is no longer guaranteed; and how technological change in the next thirty years will make the advancements of the last

thirty years look trivial. Hurd has seen these challenges up close. A child of interracial parents in South Texas, Hurd survived the back alleys of dangerous places as a CIA officer. He carried that experience into three terms in Congress, where he was, for a time, the House's only Black Republican, representing a seventy-one percent Latino swing district in Texas that runs along 820 miles of the US-Mexico border. As a cyber security executive and innovation crusader, Hurd has worked with entrepreneurs on the cutting edge of technology to anticipate the shockwaves of the future. Hurd, who the Houston Chronicles calls "a refreshing contrast to the panders, petty demagogues, and political provocateurs who reign these days," draws on his remarkable experience to present "a call to Americans to consider the most contentious issues of our times more holistically" (The Atlantic). He outlines how the Republican party can look like America by appealing to the middle, not the edges. He maps out how leaders should inspire rather than fearmonger. He forges a domestic policy based on the idea that prosperity should be a product of empowering people, not the government. He articulates a foreign policy where our enemies fear us and our friends love us. And lastly, he charts a forceful path forward for America's technological future. We all know we can do better. It's time to hit "ctrl alt del" and start the American Reboot. Features of Michigan Real Estate License Exam Prep (MI-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (17 pages) Michigan-Specific Laws and

Practices (22 pages) National Practice Tests (500 questions)
Michigan Practice Tests (100 questions) Michigan Sample Exam (100 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Michigan Real Estate License Exam Prep (MI-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works – or fails to work. MI-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is Michigan-specific – not just simplistic national content, but terse, relevant and accurate Michigan laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. MI-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice – one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for Michigan. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your Michigan license exam. A word about the test questions... MI-RELEP's testing practice section consists of ten national practice tests, six state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews – which reinforces your learning of the total body of information tested by your Michigan exam. The questions are direct, to the point, and

designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Michigan real estate exam. So good luck!! This leading textbook for the college introductory real estate principles course is a comprehensive, well written text known for its easy to understand and practical approach to the principles of real estate. Highlights include: * Instructor Resources available online at www.dearbornRE.com, including a PowerPoint presentation. * "Real Estate Today" advisory boxes analyze specific legal cases and controversial issues in the industry. * A recurring case study is woven throughout the book, highlighting the decision process in a typical real estate transaction. * "Close Ups," "Legal Highlights" and "Case Studies" appear throughout to provide "real world" applications of the concepts. * Contains a student study guide CD ROM with interactive case studies. - Brené Brown has taught us what it means to dare greatly, rise

strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries **Brené Brown: Atlas of the Heart!** **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership** is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS

style that millions of readers have come to expect and love. Brown writes, “One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It’s learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It’s why we’re here.” Whether you’ve read *Daring Greatly* and *Rising Strong* or you’re new to Brené Brown’s work, this book is for anyone who wants to step up and into brave leadership.

Features of Real Estate License Exam Prep (RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) National Practice Tests (500 questions) Sample Exam (75 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That’s why we created the Real Estate License Exam Prep (RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works – or fails to work. First, RELEP is comprehensive in that it contains both key content review and testing practice. RELEP’s national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, *Principles of Real Estate Practice* – one of the

most widely used principles textbooks in the country. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of the three major testing services for the national portion of the state exam. A word about the test questions... RELEP's testing practice section consists of ten national practice tests and one sample test. The practice tests are roughly 50 questions in length and the sample test is 75 questions. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. Your particular study and testing practice strategy using RELEP is up to you. But to fully exploit its comprehensive content coverage, you should try to review and memorize the key point reviews as much as possible. Then you should make every effort to take each exam, review your mistakes, and re-read the key point reviews that cover your weaker areas. One note of caution is also in order: this National edition of RELEP does not contain state laws and practices applicable in your state of residence or where you intend to get your license. Therefore you will need to study state-level laws given to you by your prelicense school in order to pass the state portion of the state exam. While we are in the process of adding state-level materials to our RELEP series we still have a ways to go. So, until we have state review materials for your state, we give you this publication – a total-coverage review and practice resource of the highest quality for the national portion of the state exam. Now that we've have been straightforward with you, a second word of caution. Don't be fooled by other national prep books – that contain no state-level materials – that advertise you will pass your state exam by learning and reviewing what's in

their publication. You won't. It is absolutely essential that you develop a comprehensive understanding of both national and state laws and principles in order to pass your state's license examination. While RELEP is as comprehensive a national prep text as it gets, in the end -- as your prelicense course hopefully informed you -- it's all up to you. It still takes hard work and study to pass. But we have done our best here to get you ready for the national portion of the state exam. Following that, the most we can do is wish you the best of success in taking and passing your state exam. So good luck!! When starting out as an agent, there are many challenges you come across. You may have great ideas blowing up in your mind but before long, you realize that nothing has worked. If you are at this stage, don't worry, you are not alone. The main reason why over 80 percent of the beginner agents quit is that they do not know how to differentiate the REALITY from the REAL ESTATE. I feel like I wasted my first 2 years an agent. I did not make any progress in my career. I made unnecessary mistakes and my personal and professional life was full of struggles. I can't remember how many times I felt like quitting. But then I also learned a few secrets that I want to

pass out to all aspiring and beginner agents. My Name is Chastin J. Miles and I'm an award-winning and accomplished real estate agent. I started off in Dallas, TX and had to struggle like most agents. Through the many years of my career, I have managed to turn things around and now I sit among the best. I have won over 10 awards in this short period including being named Best Real Estate Agent by D Magazine and the 2018 Top Social Media Expert Texas by Top Agent Magazine. My work has been featured in over 8 magazines and even TV shows. I could go on and on about my success but this is not about me. This is about you and what you need to break through. The Real Before The Estate is a book I wrote specifically to help those trying to scale up the ladder in the industry. The Real Before The Estate takes you away from the theories you learn in school and the ideas you have in your mind by introducing you to the real world of real estate. Think of this book as the demo mode of Real Estate world. This book gives you practical knowledge and step by step processes on how to get started and actually succeed in the real estate world. It took me over six years of making mistakes, interacting with industry leaders, and making tough decisions to acquire this knowledge. If I had the knowledge I have now when I started I would be very far in my career. But I don't regret anything; through years of experience, I have managed to reach the peak of my career. Now I use my knowledge to mentor upcoming agents. This is everything you must know before you get into the prosperous yet tumultuous community of Real Estate Agents.
