A Different Mirror for Young People Ronald Takaki, 2012-10-30 A longtime professor of Ethnic Studies at the University of California at Berkeley Ronald Takaki was recognized as one of the foremost scholars of American ethnic history and diversity When the first edition of A Different Mirror was published in 1993 Publishers Weekly called it a brilliant revisionist history of America that is likely to become a classic of multicultural studies and named it one of the ten best books of the year Now Rebecca Stefoff who adapted Howard Zinn's best selling A People's History of the United States for younger readers turns the updated 2008 edition of Takaki's multicultural masterwork into A Different Mirror for

Young People Drawing on Takaki's vast array of primary sources and staying true to his own words whenever possible. A Different Mirror for Young People brings ethnic history alive through the words of people including teenagers who recorded their experiences in letters, diaries, and poems. Like Zinn's A People's History, Takaki's A Different Mirror offers a rich and rewarding people's view perspective on the American story.

Strategic Operations Management Steve Brown, Richard Lamming, John Bessant, Peter Jones, 2007-06-01. This is a substantial new edition of a successful textbook which continues to have a sensible and easy-to-read style. Each Chapter has a past-present-future theme with a real strategic approach. Strategic Operations Management shows operations as combining products and services into a complete offer for the customer. Services are therefore seen as key and are integrated throughout the material. In each chapter, manufacturing, service, supply, and other key factors are all shown to be in place. In an era where companies are fond of talking about core competences but still struggle to understand their operations, this is an important book for academics and practitioners alike. Only when managers understand their operations will they be able to leverage them into any sort of capabilities that will lead to competitive advantage. Online tutor resource materials accompany the book.
