U.S. History P. Scott Corbett, Volker Janssen, John M. Lund, Todd Pfannestiel, Sylvie Waskiewicz, Paul Vickery, 2024-09-10 U S History is designed to meet the scope and sequence requirements of most introductory courses The text provides a balanced approach to U S history considering the people events and ideas that have shaped the United States from both the top down politics economics diplomacy and bottom up eyewitness accounts lived experience U S History covers key forces that form the American experience with particular attention to issues of race class and gender Major Problems in African American History Thomas C. Holt, Holt, 2000-09-15 **Native America** Michael Leroy Oberg, 2015-06-23 This history of

Native Americans from the period of first contact to the present day offers an important variation to existing studies by placing the lives and experiences of Native American communities at the center of the narrative. Presents an innovative approach to Native American history by placing individual native communities and their experiences at the center of the study. Following a first chapter that deals with creation myths, the remainder of the narrative is structured chronologically covering over 600 years from the point of first contact to the present day. Illustrates the great diversity in American Indian culture and emphasizes the importance of Native Americans in the history of North America. Provides an excellent survey for courses in Native American history. Includes maps, photographs, a timeline, questions for discussion, and A Closer Focus textboxes that provide biographies of individuals and that elaborate on the text, exposing students to issues of race, class, and gender.

Major Problems in American History Since 1945 Natasha Zaretsky, Mark Lawrence, Robert Griffith, Paula Baker, 2013. Designed to encourage critical thinking about history, the Major Problems in American History series introduces students to both primary sources and analytical essays on important topics in U.S. history. Each volume presents a carefully selected group of readings in a format that asks students to evaluate primary sources, test the interpretations of distinguished historians and others, and draw their own conclusions. *American History, Volume 1* Thomas S. Kidd, 2019-04-01. American History volume 1 surveys the broad sweep of American history from the first Native American societies to the end of the Reconstruction period following the Civil War. Drawing on a deep range of research and years of classroom teaching experience, Thomas S. Kidd offers students an engaging overview of the first half of American history. The volume features illuminating stories of people from well-known presidents and generals to lesser-known men and women who struggled under slavery and other forms of oppression to make their place in American life. The role of Christianity in America is central in this book. Americans' faith sometimes inspired awakenings and the search for an equitable society, but at other times it justified violence and inequality. Students will come away from American History volume 1 better prepared to grapple with the challenges presented by the history of America's founding, the problem of slavery, and our nation's political tradition.

Teaching What Really Happened James W. Loewen, 2018-09-07. Should be in the hands of every history teacher in the country. Howard Zinn. James Loewen has revised *Teaching What Really Happened*, the bestselling go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas including Eurocentrism, the American Indian experience, and slavery. **Book Features:** An up-to-date assessment of the potential

and pitfalls of U S and world history education Information to help teachers expect and get good performance from students of all racial ethnic and socioeconomic backgrounds Strategies for incorporating project oriented self learning having students conduct online historical research and teaching historiography Ideas from teachers across the country who are empowering students by teaching what really happened Specific chapters dedicated to five content topics usually taught poorly in today s schools

A History of American Higher Education John R. Thelin,2019-04-02 Anyone studying the history of this institution in America must read Thelin s classic text which has distinguished itself as the most wide ranging and engaging account of the origins and evolution of America s institutions of higher learning
