T'ai-Chi for Geniuses Gene Burnett,2008-12-30 T AI CHI CHUAN is a Chinese martial art based on consciously aligning with the unforced balance of Yin and Yang energies that underlies all things Whether or not you are interested in martial arts T ai Chi principles of balance can be applied to any life activity to increase performance efficiency health and enjoyment T AI CHI FOR GENIUSES is a practice companion not an instructional training manual Rather than presuming that the reader is a dummy or complete idiot author Gene Burnett asserts that there is an inner genius within everyone This genius is a wellspring of intuitive knowledge vastly more intelligent than our conscious minds Burnett encourages the reader to listen to this inner genius while he breaks down the often confusing and mysterious T ai Chi training into four levels of work Bone Muscle Energy and Spirit Applying these levels of work to solo form training partner work weapons training and daily life Burnett shows how you can improve the quality and clarity of your practice eventually becoming your own teacher and

student The Master Key Lyman Frank Baum,1901 A young boy accidentally summons the Demon of Electricity who gives him certain electrical gifts to show the world

The Answer Hugo D. Menendez,2016-04-14 This book by Mr Menendez is a complete departure from his previous books His prior works though written as fiction did in fact chronicle investigations that he had conducted both in the federal and private sectors These cases were successfully litigated in the federal court for the southern district of Florida Mr Menendez maintains his unique style of storytelling however this book is a completely fictional story The story line will keep the reader transfixed and guessing as to what the conclusion will be While reading the story the reader will constantly wonder what the answer is Dr Harold Steiner is an internationally recognized researcher who together with other renown researchers set out to answer the question which scientists have pondered through the years What is the reason why some individuals in rare occasions become a genius The question is why is a genius a genius Dr Steiner as the main researcher and project director for the Genius Project spent over ten years researching this question By accident as often occurs in science he makes a discovery and at first he does not understand the enormous implication of what he has discovered He came to realize his discovery could alter the balance of power in the world if improperly utilized If utilized with the intent of helping the human race it could help in curing many types of mental illnesses He and his fellow researchers preferred risking death rather than allowing this discovery to fall in the hands of the intelligence community of nations His final act was to place upon the shoulders of his son and daughter in law the responsibility for the future course of this discovery
