At head of title: Airport Cooperative Research Program. Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries. Most aviation accidents are attributed to human error, pilot error especially. Human error also greatly effects productivity and profitability. In his overview of this collection of papers, the editor points out that these facts are often misinterpreted as evidence of deficiency on the part of operators involved in accidents. Human factors research reveals a more accurate and useful perspective: The errors made by skilled human operators - such as pilots, controllers, and mechanics - are not root causes but symptoms of the way industry operates. The papers selected for this volume have strongly influenced modern thinking about why skilled experts make errors and how to make aviation error resilient. Special edition of the Federal register, containing a codification of documents of general applicability and future effect as of April 1 ... with ancillaries. Engineering Experiment Station Series, Bulletin Number 50. Includes annual summary and 11 supplements. The primary target is the A&P mechanic who wants to learn what information he/she needs to know/seek according to service on a Cessna 172, the secondary target is owners who want to do service according to Preventive maintenance FAR 43, Appendix A or Limited Pilot Owner Maintenance EASA No 2042/2003, PART-M, Appendix VIII.
