They call themselves Eagle's Claw, one of the most extreme militia groups in the United States. They have infiltrated the Device Assembly Facility at the Nevada Nuclear Test Site. And the most frightening display of nuclear terrorism is about to unfold. Only the Nebula-nominated collaboration of Kevin J. Anderson and Doug Beason could masterfully blend hard-as-nails high technology with hard-driving intrigue to deliver such an explosive thriller. FBI Special Agent Craig Kreident--

the unforgettable hero from Virtual Destruction--returns in this breathtaking tour de force of terrorism, cutting-edge technology, and raw emotional power. Back from the dead ... and back on the case! Even being murdered doesn't keep a good detective down, and in the Unnatural Quarter--inhabited by ghosts, vampires, werewolves, mummies, and all sorts of creatures that go bump (or thud) in the night - a zombie PI fits right in. Dan Chambeaux, a.k.a. "Shamble", solves a string of madcap cases with his ghost girlfriend Sheyenne, his Best Human Friend Officer Toby McGoohan, and his firebrand lawyer partner Robin Deyer. Working Stiff contains seven cases from the files of Chambeaux & Deyer Investigations. Dan Shamble has to solve the mystery of a stolen deck of fortune-telling cards and the undead-defying feats of a vampire trapeze artist, finds himself sealed in a coffin in the back of a truck with no idea where he's being taken, and is even hired by Santa Claus to

find his lost "naughty and nice" list. Being trapped in an unbreakable monster-proof crypt, deciphering a string of mysterious zombie graffiti, investigating the murder of a costumed fan at a science fiction convention where the monsters are the normal attendees, or tracking down a kidnapped hellhound for legendary vigilante werewolf cop Hairy Harry - it's all in a day's work for Dan Shamble, Zombie PI. Ever since the Big Uneasy unleashed vampires, werewolves, and other undead denizens on the world, it's been hell being a detective - especially for zombie PI Dan Chambeaux. Taking on the creepiest of cases in the Unnatural Quarter with a human lawyer for a partner and a ghost for a girlfriend, Chambeaux redefines "dead on arrival." But just because he was murdered doesn't mean he'd leave his clients in the lurch. Besides, zombies are so good at lurching. Now he's back from the dead and back in business - with a caseload that's downright unnatural. A

resurrected mummy is suing the museum that put him on display. Two witches, victims of a curse gone terribly wrong, seek restitution from a publisher for not using "spell check" on its magical tomes. And he's got to figure out a very personal question: who killed him? For Dan Chambeaux, it's all in a day's work. (Still, does everybody have to call him "Shamble"?) Funny, fresh, and irresistible, this cadaverous caper puts the PI in RIP ... with a vengeance. Main Story by Kevin J. Anderson. Sequel Novelette by Steven Savile. The Stellar Guild Series. \*\*\* Jorie Taylor has lived her whole life on the generation ship Beacon. Fleeing an Earth tearing itself apart from its exhaustive demand for resources, the Beacon is finally approaching Sarbras, the planet circling Tau Ceti they hope to make humanity's new home. \*\*\* But Earth has recovered from its near-death experience and is now under the control of a ruthless dictator whose sights are set on Tau Ceti as well.

President Jurudu knows how to get what he wants-and he wants Sarbras. At the Lawrence Livermore National Laboratory in California--one of the nation's premier nuclear-weapons design facilities--high-level physicists operate within heavy security to model and test new warhead designs. But politics can be just as dangerous as the weapons they design, and with gigantic budgets on the line, scientific egos, and personality clashes, research can turn deadly. When a prominent and abrasive nuclear-weapons researcher is murdered inside a Top Security zone, FBI investigator Craig Kreident is brought in on the case--but his FBI security clearance isn't the same as a Department of Energy or Department of Defense clearance, and many of the clues are "sanitized" before he arrives. Kreident finds that dealing with red tape and political in-fighting might be more difficult than solving a murder. Written by two insiders who have worked at Lawrence Livermore, Virtual Destruction

is not only a gripping thriller and complex mystery, but a vivid portrayal of an actual US nuclear-design facility. Ever since the Big Uneasy unleashed vampires, werewolves, and other undead denizens on the world, it's been hell being a detective-especially for zombie PI Dan Chambeaux. Taking on the creepiest of cases in the Unnatural Quarter with a human lawyer for a partner and a ghost for a girlfriend, Chambeaux redefines "dead on arrival." But just because he was murdered doesn't mean he'd leave his clients in the lurch. Besides, zombies are so good at lurching. Now he's back from the dead and back in business-with a caseload that's downright unnatural. A resurrected mummy is suing the museum that put him on display. Two witches, victims of a curse gone terribly wrong, seek restitution from a publisher for not using "spell check" on its magical tomes. And he's got to figure out a very personal question: who killed him? For Dan Chambeaux, it's all in a day's

work. (Still, does everybody have to call him "Shamble"?) Funny, fresh, and irresistible, this cadaverous caper puts the PI in RIP ... with a vengeance. At Fermilab near Chicago, researchers use the world's largest particle accelerator to unlock the secrets of the subatomic universe. While working late one night, Dr. Georg Dumenico--candidate for the Nobel Prize in physics--is bombarded with a lethal exposure of radiation. He will die horribly within days. FBI Special Agent Craig Kreident knows it was no accident--but he has to prove it, and the clock is ticking. The nation's most valued research is at stake, and only Dumenico himself knows enough to track down his own murderer...if he survives long enough to do it. In the Unnatural Quarter, the Plot Thickens . . . and then runs uncontrollably! When Howard Phillips Publishing announces the 12 + 1 anniversary edition (due to unavoidable production delays) of the famed Necronomicon-the very book that caused the Big Uneasy in

the first place-it takes zombie P.I. Dan Chambeaux, a.k.a. "Shamble," to root out the diabolical schemes surrounding the book, and the fanatics who wish to destroy it. With enough plot twists to confound a professional contortionist, Dan Shamble doesn't have time for light reading. Along with his ghost girlfriend Sheyenne, his firebrand lawyer partner Robin, his best human friend Officer Toby McGoohan, and his ultra-cute vampire half-daughter Alvina, Dan faces an unnatural caseload. Entire neighborhoods in the Quarter have simply vanished into thin air. Rogue werewolf cop Hairy Harry struggles to write and market his memoir. Customer complaints turn monstrous over an auto-mechanic shop run by gremlins, to whom "repair" is a foreign concept. And when unnatural doppelgangers appear in the shadowed streets, it does not mean double the fun. Entangled in it all is the mousy virgin librarian-now turned superstar celebrity-whose blood sacrifice, through an

accidental paper cut, brought back all the monsters thirteen years ago. That anniversary is indeed an unlucky number. An environmental disaster leads to global chaos in this science fiction thriller by the authors of *Assemblers of Infinity*. It is the largest oil spill in history: a supertanker crashes into the Golden Gate Bridge in San Francisco Bay. Desperate to avert environmental damage (as well as a PR disaster), the multinational oil company releases an untested designer oil-eating microbe to break up the spill. What the company didn't realize is that their microbe propagates through the air...and it mutates to consumer anything made of polycarbonates: oil, gasoline, synthetic fabrics, plastics of all kinds. And when every piece of plastic begins to dissolve, it's too late . . . Praise for *Ill Wind* "A high-action, best-seller-caliber disaster novel grounded in unsettlingly accurate science. . . . Using the standard disaster novel format of multiple characters and plot lines, Beason and Anderson

maintain a suspenseful, breakneck pace that carries us to a thrilling finish.” —Booklist “A big, near-future disaster novel straddling the border between science fiction and technothriller, likely to appeal to fans of both.” —Kirkus Reviews “A real winner . . . [the authors’] grasp of the science, the technology, and the political scene is unique.” —Dr. D. Allan Bromley, former assistant to the president for science and technology Back from the dead, back on the case! Dive into the world of Dan Shamble, Zombie P.I. with this omnibus of the first full novel and a collection of individual cases. Is your kingdom bothered by a pesky dragon problem? Need any giant monsters slain? Are your own knights in shining armor unreliable or—worse—cowards? Young Cullin, wanting to see the world, joins a band of renowned knights errant who will slay your dragon for a price. Satisfaction guaranteed! The only problem is, it’s all a scam. The “dragon” is no more

than rumors and tall tales spread by Cullin and his gang, giant three-toed footprints stomped into the ground near strategically burned-down huts and charred skeletons (procured from the local graveyard). It’s a great con job, so long as Cullin and company can take the money and run, move on to the next kingdom before anyone catches on. But even con men can be caught in their own game. Clever, spunky Princess Affonyl doesn’t want any part of the arranged marriage to an evil duke from a neighboring kingdom. And she realizes that a fearsome dragon, even an imaginary one, is the perfect cover for her escape. It’s one caper after another as these medieval dirty, rotten scoundrels try to outsmart one another. And they discover that the dragon business is more than just a game...especially if a real dragon might be involved. There's something fishy going on in the Unnatural Quarter. Bodies are floating face-down, the plumbing is backing up, and something smells rotten-

even to a zombie detective. While feuding weather wizards kick up storms and a gang of thieving lawn gnomes launches a reign of terror, Dan Shamble is running out of time New York Times bestselling author Kevin J. Anderson triumphantly returns to epic fantasy with the Wake the Dragon series. Spine of the Dragon is a politically charged adventure of swords, sorcery, vengeance, and the rise of sleeping giants. Two continents at war, the Three Kingdoms and Ishara, are divided by past bloodshed. When an outside threat arises—the reawakening of a powerful ancient race that wants to remake the world—the two warring nations must somehow set aside generational hatreds and form an alliance to fight their true enemy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. A talent-filled horror anthology featuring 50+ time national and international bestselling author Kevin J. Anderson of Dune, Star Wars,

and X-Files fame! This anthology introduces his new venture, Dan Shambles Zombie P.I. Introduction by Kevin J Anderson Introducing Dan Shamble, Zombie PI Private detectives can be persistent fellows—even more so when they are the walking dead. Dan Chambeaux, affectionately (or not) called “Dan Shamble,” puts the P.I. back in R.I.P. A zombie, but still a gumshoe, Dan is back from the dead and back on the case, solving tough (or just strange) mysteries in the Unnatural Quarter. His partner Robin is a bleeding-heart human lawyer who wants to make sure the newly awakened monsters aren't downtrodden by outdated laws, and he has a ghost for an office manager, who is also a former girlfriend (but “former” in the sense that she's no longer alive, not that she's no longer his girlfriend), and a rough-around-the-edges cop who is his BHF (Best Human Friend). Dan Shamble has plenty of cases, not least of which is figuring out who killed him, and who killed his

girlfriend. There have been a lot of undead or unnatural detectives in fiction and film—vampire detectives, succubus detectives, demon detectives, ghost detectives, werewolf detectives, skeleton detectives. Heck, there have even been zombie detectives before (Tim Waggoner's *Nekropolis* series comes immediately to mind, or Treat Williams in the 1980s film *Dead Heat*). But why is that a drawback? I mean, there have been any number of human detectives, too! It's the story that counts. Zombies are relentless, and "dead guy private eye" seemed like a good idea that lent itself to plenty of humor, some of it quite unfortunate. (Being a corpse and a PI leaves Dan to open to very poor-taste jokes, such as being called a "stiff dick.") I wanted the Dan Shamle series to be laugh-out-loud funny, a fast and entertaining read, and once I started exploring the world of the Unnatural Quarter, the cases suggested themselves, one outrageous situation after

another: A mummy who is suing to be emancipated from the museum because he's a person, dammit, not a piece of property; a skittish vampire who thinks somebody is trying to kill him because he sees wooden stakes everywhere; a witch seeking restitution after an incantation from a spellbook went horribly wrong and turned her sister into a fat sow, so she is suing the publisher for not running a "spell check"; an investigation into Jekyll Lifestyle Products and Necroceuticals—purveyors of toiletries, perfumes, soaps, and lotions that cater to monsters—because one batch of their special vampire shampoo was accidentally contaminated with garlic oil, which made all the vampires' hair fall out. Yes, I had a lot of fun writing the series. I am a prolific writer with many bestsellers, best known for my doorstep-sized science fiction or fantasy epics, but I have never limited myself only to SF/F. My first novel, *Resurrection, Inc.*, was nominated for the Bram Stoker

Award given by the Horror Writers Association (it was a Gothic horror, science fiction, murder mystery), and I've written thrillers with Dean Koontz, Kristine Kathryn Rusch, and Doug Beason. If you are looking for more Dan Shambles stories, you can find them on Amazon. "Slimy Underbelly" "Stakeout at the Vampire Circus," "Road Kill," "Naughty & Nice" (a zombie Christmas story, of course), "Role Model," "Beware of Dog," "The Writing on the Wall," and now "Locked Room." A zombie private detective must determine who's scalping werewolves in this mystery by a New York Times-bestselling author. The fur really flies when a serial scalper stalks the supernatural citizens of the Unnatural Quarter, targeting werewolves—and what's sadder than a bald lycanthrope? Dan Shamble, zombie P.I., is on the case, trying to stop an all-out gang war between full-time and full-moon werewolves. As he combs through the tangled clues to

hunt down the bald facts, things get hairy fast. Shamble lurches through a loony landscape of voodoo tattoo artists, illicit cockatrice fights, body builders assembling make-your-own human kits, and perhaps scariest of all, crazed fans in town for the Worldwide Horror Convention. Yet the reign of hair-raising terror grows longer. If Shamble can't snip this off at the roots, the whole world could end up howling mad. Praise for Hair Raising: "Dan . . . who'll clearly do anything for a laugh, seems to be having the time of his afterlife. The result is like an early, funny Woody Allen film with zombies, ghosts, vampires and werewolves." —Kirkus Reviews "Fans of humorously handled urban fantasies, mysteries, and horror stories won't stop laughing until long after they've finished the book." —Booklist Create rich, complex fictional settings with tips from a New York Times-bestselling author and Nebula, Hugo, and Bram Stoker Award nominee. International bestselling author

Kevin J. Anderson has created many extensive fictional universes, ranging from sweeping galactic empires to complex steampunk fantasies, to humorous monster-filled cities. He has become known for his skill in worldbuilding. Now, in *Worldbuilding: From Small Towns to Entire Universes*, he describes the techniques he uses in creating a rich fictional setting, leading writers through the countless questions and topics one must consider. Whether it's geography, climate, politics, economics, society, religion, science, arts, or history, all of these ingredients form the basis for a believable setting for your story to unfold—and the expertise provided in this book by a prolific master of science fiction, fantasy, and horror with over twenty million of copies in print will show you how to create universes of your own. Tales of the Weird Wild West. Top authors take on the classic western, with a weird twist. Includes new stories by Larry Correia and Jim Butcher! Come visit the Old West, the

land where gang initiations, ride-by shootings and territory disputes got their start. But these tales aren't the ones your grandpappy spun around a campfire, unless he spoke of soul-sucking ghosts, steam-powered demons and wayward aliens. Here then are seventeen stories that breathe new life in the Old West. Among them: Larry Correia explores the roots of his best-selling *Monster Hunter International* series in "Bubba Shackleford's Professional Monster Killers." Jim Butcher reveals the origin of one of the *Dresden Files*' most popular characters in "Fistful of Warlock." And Kevin J. Anderson's Dan Shamble, *Zombie P.I.*, finds himself in a showdown in "High Midnight." Plus stories from Alan Dean Foster, Sarah A. Hoyt, Jody Lynn Nye, Michael A. Stackpole, and many more. This is a new Old West and you'll be lucky to get outta town alive! Contributors: David Boop Larry Correia Jody Lynn Nye Sam Knight Robert E. Vardeman Phil Foglio Nicole

Rourke Peter J. Wacks Jim  
Butcher \*\* Book 1 of the  
Gamearth Trilogy Gamearth: It  
was supposed to be just  
another Sunday night fantasy  
role-playing game for David,  
Tyrone, Scott, and Melanie. But  
after years of playing, the  
game had become so real that  
all their creations-humans,  
sorcerers, dragons, ogres,  
panther-folk, cyclops-now had  
existences of their own. And  
when the four outside players  
decide to end their game, the  
characters inside the world of  
Gamearth-warriors, scholars,  
and the few remaining wielders  
of magic-band together to keep  
their land from vanishing. Now  
they must embark on a  
desperate quest for their own  
magic-magic that can twist the  
Rules enough to save them all  
from the evil that the players  
created to destroy their entire  
world. In order to terraform  
Mars, Earth first had to

transform people... The Red  
Planet is a harsh place, and  
normal humans cannot survive  
there during the many years of  
taming the planet. But a group  
of humans-called "volunteers,"  
even though they were taken  
from prison gulags-have been  
surgically altered to survive the  
environment. They are exiles,  
never again able to breathe  
Earth's air. But for all their  
work, as they make Mars a  
place where normal humans  
can live, these altered humans  
are no longer suited for their  
own home. They are obsolete  
people. They sacrificed their  
humanity to become the first  
Martians. And they will not  
stand by as humans come to  
take their home. In this stand-  
alone sequel to the New York  
Times-bestselling Clockwork  
Angels, a woman embarks on  
adventures to discover her own  
epic life story. Some lives can  
be summed up in a sentence or  
two. Other lives are epics. In  
Clockwork Angels, number-one  
best-selling author Kevin J.  
Anderson and legendary Rush  
drummer and lyricist Neil  
Peart created a fabulous,

adventurous steampunk world in a novel to accompany the smash Rush concept album of the same name. With *Clockwork Lives*, Anderson and Peart have returned to their colorful creation to explore the places and the characters that still have a hold on their imaginations. Marinda Peake is a woman with a quiet, perfect life in a small village; she long ago gave up on her dreams and ambitions to take care of her ailing father, an alchemist and an inventor. When he dies, he gives Marinda a mysterious inheritance: a blank book that she must fill with other people's stories—and ultimately her own. *Clockwork Lives* is a steampunk *Canterbury Tales* and much more, as Marinda strives to change her life from a mere “sentence or two” to a true epic. Praise for *Clockwork Angels*: “Stands on its own merits as a grand adventure tale woven with threads of various themes enough to keep it fresh, exciting and engaging. Ultimately, *Clockwork Angels* is one of the most human of

stories.” —Book Reporter  
“Firmly planted in the steampunk genre, an epic-scale story . . . with beautiful illustrations . . . a fine piece of dystopian fiction, and it will appeal to readers young and old.” —Booklist  
A New York Times bestseller imagines the life of Jules Verne in this “rollicking whopper of a novel [that] glides down smoothly” (*Publishers Weekly*). Captain Nemo is the fictional life story of one of Jules Verne’s most memorable characters from *20,000 Leagues Under the Sea* and *The Mysterious Island*. This alternate history covers his boyhood friendship with the dreamer, Jules Verne, adventures aboard sailing ships, battles with pirates, and survival on a mysterious deserted island. Each time he returns home to his beloved France, Captain Nemo shares the tales of his exploits with the struggling writer Verne. We follow Nemo’s exploration of hidden caverns that lead to the center of the earth, travels across darkest Africa in a hydrogen balloon, and his

imprisonment by an evil Ottoman caliph who commands the dark genius to construct a sub-marine boat, the Nautilus, in order to attack merchant ships that venture through the newly completed Suez Canal. "K. J. Anderson seamlessly blends events of Jules Verne's real life with the plotlines of his fictional works. His portrayal of Verne is masterful: a man able to break free from the circumstances that stifle him through his vivid imagination and the inspiration provided by his lifelong friend, Nemo." —Harry Turtledove, New York Times–bestselling author of *The Guns of the South* "A swashbuckling mix of Jules Verne, Daniel DeFoe, and Michael Crichton." —Terry Brooks, New York Times–bestselling author of *The Sword of Shannara* In *DUNE: The Graphic Novel, Book 2: Muad'Dib*, the second of three volumes adapting Frank Herbert's *Dune*, young Paul Atreides and his mother, the lady Jessica, find themselves stranded in the deep desert of Arrakis.

Betrayed by one of their own and destroyed by their greatest enemy, Paul and Jessica must find the mysterious Fremens, or perish. This faithful adaptation of the 1965 novel, *Dune*, by Brian Herbert, son of Frank Herbert, and the New York Times bestselling author Kevin J. Anderson, continues to explore Paul's journey as he evolves from boy to mysterious messiah. Illustrated by Raúl Allén and Patricia Martín, this spectacular blend of adventure and spirituality, environmentalism, and politics is a groundbreaking look into our universe and transformed by the graphic novel format into a powerful, fantastical tale for a new generation of readers. A zombie detective faces feral chickens, a serial-killer demon, redneck vampires, and more, in this humorous mystery by a New York Times–bestselling author. Dan Shamble, zombie PI faces his most fowl case yet, when a flock of murderous feral chickens terrorizes the Unnatural Quarter. Also in the caseload, Dan deals with the

sinister spokesman for Monster Chow Industries, a spreading contamination that drives vampires berserk, a serial-killer demon from the Fifth Pit of Hell, a black-market blood gang led by the nefarious Ma Hemoglobin, a ghost fighting a hostile takeover of his blood bars . . . and a cute little vampire girl who may, or may not, be his daughter. With his ghost girlfriend Sheyenne, his bleeding-heart lawyer partner Robin, and his best human friend Officer Toby McGoohan, Dan Shamble is back from the dead and back on the case. The feathers will fly as he goes face-to-beak with the evil peckers. Bonus: Includes the short story "Road Kill." Praise for *Tastes Like Chicken* "A rollicking detective yarn, with villains galore, and a story you can sink your teeth into. While this Dan Shamble, *Zombie PI* series doesn't have the same level of brutality as *The Walking Dead*, some of the things in *Tastes Like Chicken* are truly horrific. The humor and fun characters help balance the horror with great

storytelling." —Fresh Fiction "Another full caseload for the zombie detective . . ." in this "inventive" urban fantasy novel from a New York Times-best-selling author (Kirkus Reviews). *To Be Dead Or Not To Be Dead In the Unnatural Quarter*, golems slave away in sweatshops, necromancers sell black-market trinkets to tourists, and the dead rise up—to work the night shift. But zombie detective Dan Shamble is no ordinary working stiff. When a local senator and his goons picket a ghostly production of Shakespeare in the Dark—condemning the troupe's "unnatural" lifestyles—Dan smells something rotten. And if something smells rotten to a zombie, you're in serious trouble . . . Before his way of life, er, death, is destroyed, Dan wants answers. Along the way he needs to provide security for a mummified madame, defend a mixed-race couple (he's a vampire, she's a werewolf) from housing discrimination, and save his favorite watering hole, the

Goblin Tavern, from drying up. Throw in a hairy hitman, a necro-maniac, and a bank robber who walks through walls, and Dan Shamble's plate is full. Maybe this time, the zombie detective has bitten off more than he can chew . . .

Praise for *Death Warmed Over*: "A darkly funny, wonderfully original detective tale."

—Kelley Armstrong, #1 New York Times–bestselling author of *A Twist of Fate*). "An unpredictable walk on the weird side. Prepare to be entertained." —Charlaine Harris, #1 New York

Times–bestselling author of the *Sookie Stackhouse True Blood* series "Like Alexander McCall Smith's *Mma Precious Ramotswe*, [Anderson's] sleuths really do settle most of their cases, and they provide a lot of laughs along the way."

—Kirkus Reviews Together in one volume, two frighteningly hilarious Dan Shamble, *Zombie P.I.* adventures! **UNNATURAL ACTS** To be dead, or not to be dead... In the *Unnatural Quarter*, golems slave away in sweatshops, necromancers sell

black-market trinkets to tourists, and the dead rise up—to work the night shift. But zombie detective Dan Shamble is no ordinary working stiff. When a local senator and his goons picket a ghostly production of Shakespeare in the Dark—condemning the troupe's "unnatural" lifestyles—Dan smells something rotten. And if something smells rotten to a zombie, you're in serious trouble.... Before his way of life, er, death is destroyed, Dan wants answers. Along the way, he needs to provide security for a mummified madame, defend a mixed-race couple (he's a vampire, she's a werewolf) from housing discrimination, and save his favorite watering hole, the Goblin Tavern, from drying up. Throw in a hairy hitman and a bank robber who walks through walls, and Dan Shamble's plate is full. Maybe this time the zombie detective has bitten off more than he can chew... **HAIR RAISING** The fur really flies when a serial scalper stalks the supernatural citizens of the *Unnatural*

Quarter, targeting werewolves—and what's sadder than a bald lycanthrope? Dan Shamble, zombie P.I., is on the case, trying to stop an all-out gang war between full-time and full-moon werewolves. As he combs through the tangled clues to hunt down the bald facts, things get hairy fast. Shamble lurches through a loony landscape of voodoo tattoo artists, illicit cockatrice fights, body builders assembling make-your-own human kits, and perhaps scariest of all, crazed fans in town for the Worldwide Horror Convention. Yet the reign of hair-raising terror grows longer. If Shamble can't snip this off at the roots, the whole world could end up howling mad. Earth's thriving lunar colony faces a mysterious, growing threat on the far side of the Moon . . . an alien invasion or nanotechnology run amuck. The crew of Moonbase Columbus makes an amazing discovery on the far side of the Moon—a massive alien structure is erecting itself,

built up atom by atom by living machines, microscopically small, intelligent, and unstoppable, consuming everything they touch. The mysterious structure begins to expand and take shape, and its creators begin to multiply. Is this the first strike in an alien invasion from the stars? Is it an attempt at first contact? Or has human nanotechnology experimentation gone awry, triggering an unexpected infestation? As riots rage across a panicked Earth, scientists scramble to learn the truth before humanity's home is engulfed by the voracious machines. Praise for Assemblers of Infinity Nebula Award Nominee “The authors have a fine grasp of character and a slick writing style.” —Science Fiction Review “Anderson and Beason are the heavyweight tag-team of hard science fiction!” —Allen Steele, author of *Labyrinth of Night* “Wonderfully vivid, Terrifying, and worse yet . . . realistic!” —David Brin, author of *Startide Rising* From a New York Times-bestselling author, nine

hilarious mysteries—two original to this collection—starring a zombie detective who puts the P.I. in R.I.P. Dan Chambeaux was a human private investigator in the Unnatural Quarter, where all the monsters have gathered in hopes of finding normal lives. Even though he was killed in a back alley when a case went sour, Dan “Shamble” is still on the case. Even death won’t keep a good detective down . . . Now, teamed up with his partner Robin Deyer, a bleeding-heart human lawyer who wants justice for all monsters, his ghost girlfriend Sheyenne, and his BHF (Best Human Friend) Officer Toby McGoohan, Shamble solves a host of bizarre mysteries involving Mayan sacrificial Christmas turkeys, a headless man who is sure his head has been kidnapped, a book collector who finds deadly curses instead of valuable autographs, a medusa who battles stringent beauty contest rules, a vengeful poltergeist who won’t obey a restraining order, an infernal

monster cooking contest, and more! From a New York Times–bestselling author, seven hilarious mystery stories starring a zombie detective who won’t let death stop his pursuit of justice. Even being murdered doesn’t keep a good detective down, and in the Unnatural Quarter—inhabited by ghosts, vampires, werewolves, mummies, and all sorts of creatures that go bump (or thud) in the night—a zombie P.I. fits right in. Dan Chambeaux, a.k.a. “Shamble,” solves a string of madcap cases with his ghost girlfriend Sheyenne, his Best Human Friend Officer Toby McGoohan, and his firebrand lawyer partner Robin Deyer. Working Stiff contains seven cases from the files of Chambeaux & Deyer Investigations. Dan Shamble must solve the mystery of a stolen deck of fortune-telling cards and the undead-defying feats of a vampire trapeze artist, finds himself sealed in a coffin in the back of a truck with no idea where he’s being taken, and is even hired by Santa Claus to

find his lost “naughty and nice” list. Being trapped in an unbreakable monster-proof crypt, deciphering a string of mysterious zombie graffiti, investigating the murder of a costumed fan at a science fiction convention where the monsters are the normal attendees, or tracking down a kidnapped hellhound for legendary vigilante werewolf cop Hairy Harry—it’s all in a day’s work for Dan Shamble, *Zombie P.I.* After escaping extermination by the humans, young Jommy Cross searches for the meaning of the Slans’ great mental superiority. Dan Chambeaux was a human private investigator in the *Unnatural Quarter*, where all the monsters have gathered in hopes of finding normal lives. Even though he was killed in a back alley when a case went sour, Dan “Shamble” is still on the case. Even death won’t keep a good detective down. Now, teamed up with his partner Robin Deyer, a bleeding-heart human lawyer who wants justice for all monsters, his ghost girlfriend

Sheyenne, and his BHF (Best Human Friend) Officer Toby McGoohan, Shamble solves a host of bizarre mysteries involving Mayan sacrificial Christmas turkeys, a headless man who is sure his head has been kidnapped, a book collector who finds deadly curses instead of valuable autographs, a medusa who battles stringent beauty contest rules, a vengeful poltergeist who won’t obey a restraining order, an infernal monster cooking contest, and more! In these nine cases—two original to this collection!—Dan Shamble puts the P.I. back into R.I.P. Kevin J. Anderson’s sequel to *Spine of The Dragon* brings bitter rivalry and blood feud—that might be the downfall of the human kingdoms. Two continents at war, the Three Kingdoms and Ishara, have been in conflict for a thousand years. But when an outside threat arises—the reawakening of a powerful ancient race that wants to remake the world—the two warring nations must somehow set aside generations of hatred

to form an alliance against a far more deadly enemy. Book One awakened the great dragon, and set the kingdoms at each other's throats. In Book Two, Vengewar, the Three Kingdoms are shattering under pressure from an inexperienced new King who is being led by an ambitious regent to ignore the threat of the Wreths, in favor of a Vengewar with Ishara. His brother and uncle can see only the danger of the Older Race. In Ishara, the queen lies in a coma, while an ambitious priest seizes power. But he has neither the training nor the talent to rule a nation— or even a city. Ishara is in deadly peril, and the Wreths have not even appeared on their continent. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Meet Dan Chambeaux—a.k.a. Dan Shamble—zombie detective, a persistent hardboiled gumshoe (or maybe that's something more sinister on the bottom of his shoe...) Even being murdered doesn't keep a good

detective down, and in the Unnatural Quarter—inhabited by ghosts, vampires, werewolves, mummies, and all sorts of creatures that go bump (or thud!) in the night—a zombie P.I. fits right in. Dan Shamble solves a string of madcap cases with his ghost girlfriend Sheyenne, his Best Human Friend Officer Toby McGoohan, and his firebrand lawyer partner Robin Deyer. And first on the list: finding out who murdered him. This Zomnibus contains the complete first Dan Shamble novel, *Death Warmed Over*, plus the seven individual cases showcased in the collection *Working Stiff*, together in one volume. It's a perfect way to dig up the dirt on a lot of things that would rather stay buried. Dan Shamble puts the PI in RIP. Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and

decides to use a cybernetic army to fight them. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result. "Another in a long line of wildly imaginative and entertaining detective stories. Dan Shamble is a zombie take on Philip Marlowe." —Fresh Fiction There's something fishy going on in the Unnatural Quarter. Bodies are floating face-down, the plumbing is backing up, and something smells rotten—even to a zombie detective like Dan Shamble. Diving into the slimy underbelly of a diabolical plot, Dan comes face-to-tentacles with an amphibious villain named Ah'Chulhu (to which the

usual response is "Gesundheit!"). With his snappy gang of gator-guys—former pets flushed down the toilet—Ah'Chulhu wreaks havoc beneath the streets. While feuding weather wizards kick up storms and a gang of thieving lawn gnomes continues their reign of terror, Dan Shamble is running out of time—before the whole stinking city goes down the drain . . . "Anderson's obviously found his niche. Readers who share it will be in zombie heaven, or wherever zombies would go if there were life after undeath." —Kirkus Reviews Ever since the Big Uneasy unleashed vampires, werewolves, and other undead denizens on the world, it's been hell being a detective?especially for zombie PI Dan Chambeaux. Taking on the creepiest of cases in the Unnatural Quarter with a human lawyer for a partner and a ghost for a girlfriend, Chambeaux redefines "dead on arrival."? But just because he was murdered doesn't mean he'd leave his clients in the

lurch. Besides, zombies are so good at lurching. Now he's back from the dead and back in business?with a caseload that's downright unnatural. A resurrected mummy is suing the museum that put him on display. Two witches, victims of a curse gone terribly wrong, seek restitution from a publisher for not using "spell check" on its magical tomes. And he's got to figure out a very personal question: who killed him? For Dan Chambeaux, it's all in a day's work. (Still, does everybody have to call him "Shamble"?) Funny, fresh, and irresistible, this cadaverous caper puts the PI in RIP ? with a vengeance. "A zombie sleuth prowls the mean streets as he works a half-dozen seriously weird cases ? Like Alexander McCall Smith's *Mma Precious Ramotswe*, the sleuths really do settle most of their cases, and they provide a lot of laughs along the way." ?Kirkus Reviews "Anderson's world-building skills shine through in his latest series, *Dan Shamble, Zombie P.I.* Readers looking for

a mix of humor, romance, and good old-fashioned detective work will be delighted by this offering." ?*Romantic Times* (four stars) "A dead detective, a wimpy vampire, and other interesting characters from the supernatural side of the street make *Death Warmed Over* an unpredictable walk on the weird side. Prepare to be entertained." ?Charlaine Harris "Sharp and funny; this zombie detective rocks!" ?Patricia Briggs "A darkly funny, wonderfully original detective tale." ?Kelley Armstrong "Master storyteller Kevin J. Anderson's *Death Warmed Over* is wickedly funny, deviously twisted and enormously satisfying. This is a big juicy bite of zombie goodness. Two decaying thumbs up!" ?Jonathan Maberry "Kevin J. Anderson's *Death Warmed Over* and his *Dan Shamble, Zombie P.I.* novels are truly pure reading enjoyment?funny, intriguing?and written in a voice that charms the reader from the first page and onward. Smart, savvy?fresh,

incredibly clever! I love these books!" ?Heather Graham "A good detective doesn't let a little thing like being murdered slow him down. He's the kind of zombie you want to root for, and his cases are good lighthearted fun." ?Larry Correia "Kevin J. Anderson shambles into Urban Fantasy with his usual relentless imagination, and a unique blend of hardboiled detective who's refreshing, if not exactly fresh." ?Vicki Pettersson "Death Warmed Over is just plain good fun. I enjoyed every minute it took me to read it." ?Glen Cook "The Dan Shamble books are great fun." ?Simon R. Green "Down these mean streets a man must lurch.? With his Big Sleep interrupted, Chambeaux the zombie private eye goes back to sleuthing, in Death Warmed Over, Kevin J. Anderson's wry and inventive take on the Noir paradigm. The bad guys are werewolves, the clients are already deceased, and the readers are in for a funny, action-packed adventure, following that dead man walking ?" ?Sharyn

McCrum. Featuring short stories from Jim Butcher, Seanan McGuire, Kevin J. Anderson, and Rob Thurman, this dark and gritty "must-read anthology for UF fans"(RT Book Reviews) proves that nothing is as simple as black and white, light and dark, good and evil... In #1 New York Times bestselling author Jim Butcher's Cold Case, Molly Carpenter—Harry Dresden's apprentice-turned-Winter Lady—must collect a tribute from a remote Fae colony and discovers that even if you're a good girl, sometimes you have to be bad... New York Times bestselling author Seanan McGuire's Sleepover finds half-succubus Elsie Harrington kidnapped by a group of desperate teenage boys. Not for anything "weird." They just need her to rescue a little girl from the boogeyman. No biggie. In New York Times bestselling Kevin J. Anderson's Eye of Newt, Zombie P.I. Dan Shamble's latest client is a panicky lizard missing an eye who thinks someone wants him dead. But the truth is that

someone only wants him for a very special dinner... And New York Times bestselling author Rob Thurman's infernally heroic Caliban Leandros takes a trip down memory lane as he deals with some overdue—and nightmarish—vengeance involving some quite nasty Impossible Monsters. ALSO INCLUDES STORIES BY Tanya Huff \* Kat Richardson \* Jim C. Hines \* Anton Strout \* Lucy A. Snyder \* Kristine Kathryn Rusch \* Erik Scott de Bie \* From a New York Times bestseller, “a zombie sleuth prowls the mean streets as he works a half-dozen seriously weird cases” in this urban sci-fi fantasy (Kirkus Reviews). *Single Dead Detective Seeks Clue* Ever since the Big Uneasy unleashed vampires, werewolves, and other undead denizens on the world, it's been hell being a detective—especially for zombie P. I. Dan Chambeaux. Taking on the creepiest of cases in the Unnatural Quarter with a human lawyer for a partner and a ghost for a girlfriend, Chambeaux redefines “dead on

arrival.” But just because he was murdered doesn't mean he'd leave his clients in the lurch. Besides, zombies are so good at lurching. Now he's back from the dead and back in business—with a caseload that's downright unnatural. A resurrected mummy is suing the museum that put him on display. Two witches, victims of a curse gone terribly wrong, are seeking restitution. And he's got to figure out a very personal question—*who killed him?* For Dan Chambeaux, it's all in a day's work . . . “A darkly funny, wonderfully original detective tale.” —Kelley Armstrong, #1 New York Times bestselling author of *A Twist of Fate*. “Wickedly funny, deviously twisted and enormously satisfying. This is a big juicy bite of zombie goodness. Two decaying thumbs up!” —Jonathan Maberry, New York Times bestselling author of *Kagan the Damned* “An unpredictable walk on the weird side. Prepare to be entertained.” —Charlaine Harris, #1 New York

Times–bestselling author of the Sookie Stackhouse True Blood series “Like Alexander McCall Smith’s *Mma Precious Ramotswe*, [Anderson’s] sleuths really do settle most of their cases, and they provide a lot of laughs along the way.” –Kirkus Reviews

Back from the dead...and back on the case! Even being murdered doesn't keep a good detective down, and in the Unnatural Quarter—inhabited by ghosts, vampires, werewolves, mummies, and all sorts of creatures that go bump (or thud!) in the night—a zombie P.I. fits right in. Dan Chambeaux, a.k.a. “Shamble,” solves a string of madcap cases with his ghost girlfriend Sheyenne, his Best Human Friend Officer Toby McGoohan, and his firebrand lawyer partner Robin Deyer. Urban fantasy, comedy, and detective fiction at their best! “A fun, nostalgia-filled anthology of twenty-three original, lighthearted horror tales riffing on the movie monsters of both modern cinema and B-movie favorites.” —Publishers Weekly

Lights! Camera! Monsters?

Sometimes you go to the movies. And sometimes, the movies—and their monsters—come to you. At any moment, without notice, monsters once relegated to the screen become a reality. Aliens and demons, dragons and ghosts, werewolves, vampires, zombies, and seemingly ordinary people who are just plain evil. Join award-winning authors Jonathan Maberry, Fran Wilde, David Gerrold, Rick Wilber and others for twenty-three all-new tales of haunted theaters, video gods, formidable demons, alien pizza, and delirious actors. Each story takes you to the silver screen with monstrous results. Funny or grim, unsettling or cozy . . . You’ll laugh! You’ll sigh! You’ll scream! Grab popcorn—and good running shoes—and enjoy the show. From a New York Times bestseller, “firmly planted in the steampunk genre, an epic-scale story . . . with beautiful illustrations” based on the album from Rush (Booklist). A remarkable collaboration that is unprecedented in its scope and

realization, this exquisitely wrought novel represents an artistic project between the bestselling science fiction author Kevin J. Anderson and the multiplatinum rock band Rush. Rush's concept album, *Clockwork Angels*, sets forth a story in Neil Peart's lyrics that has been expanded by Peart and Anderson into this epic novel. In a young man's quest to follow his dreams, he is caught between the grandiose forces of order and chaos. He travels across a lavish and colorful world of steampunk and alchemy with lost cities, pirates, anarchists, exotic carnivals, and a rigid Watchmaker who imposes precision on every aspect of daily life. The mind-bending story is complemented with rich paintings by the five-time Juno Award winner for Best Album Design, Hugh Syme. "Stands on its own merits as a grand adventure tale woven with threads of various themes enough to keep it fresh, exciting and engaging. Ultimately, *Clockwork Angels* is one of the most human of

stories." —Book Reporter "A fine piece of dystopian fiction, and it will appeal to readers young and old." —Booklist
