The Orion Mystery Unlocking Secrets Of Pyramids Robert Bauval

The Orion Mystery Robert Bauval, Adrian Gilbert, 1995-08-22 A revolutionary book that explains the most enigmatic and fascinating wonder of the ancient world the Pyramids of Egypt In 1993 German robotics engineer Rudolf Gantenbrink discovered a sealed door within the Great Pyramid of Giza a door left unopened for 4 500 years With this discovery Robert Bauval who spent the decade prior to the discovery researching the pyramids and Adrian Gilbert used astronomical data to reveal that more than just tombs the pyramids were created to serve as a gateway to the stars in the process they uncovered what they believe to be the key to the plan that governed the construction of the great pyramids the Orion Constellation An absorbing and fascinating work of archaeological detection clearly and rivetingly told the book is highly and compulsively readable London Sunday Times *The Orion Mystery* Robert Bauval, 1996-09-01 There exists a secret hidden for thousands of years that will forever change our understanding of the meaning and purpose of the most fascinating wonder of the Ancient World the Pyramids of Egypt What purpose did these massive structures one of the largest construction projects ever undertaken serve Why were they scattered across the desert in a seemingly random pattern The mystery deepened when in 1993 a secret door within the Great Pyramid was discovered a door unopened for 5 500 years Robert Bauval and Adrian Gilbert have uncovered the key to the plan that governed the construction of the pyramids A dramatic combination of history and meticulous detective work *The Orion Mystery* provides a stunning conclusion to one of the world's greatest mysteries

The Orion Mystery Robert Bauval, Adrian Geoffrey Gilbert, 1994-01 *The Message of the Sphinx* Graham Hancock, Robert Bauval, 2009-06-10 NATIONAL BESTSELLER Two Egypt experts posit a revolutionary theory The Sphinx and other great Egyptian monuments are older than common history books tell us and are arranged in such a way as to send us a message from the silent past Graham Hancock is featured in *Ancient Apocalypse* a Netflix original docuseries Guardian of the ancient mysteries the keeper of secrets For thousands of years the Great Sphinx of Egypt has gazed toward the east its eyes focused on eternity reading a message in the stars that mankind has long forgotten And today as our civilization stands poised at the end of a great cycle it is a message that beckons insistently to be understood All the clues are in place Geology and archaeo astronomy have already indicated that the lion bodied Sphinx may be vastly older than Egyptologists currently believe dating not from 2500 B C but from 10 500 B C the beginning of the astrological Age of Leo And we now know that the three pyramids of Giza standing on high ground half a mile to the west of the Sphinx are in fact a precise map of the three stars of Orion's belt formed in fifteen million tons of solid stone Are these monuments trying to tell us something And if so what In *The Message of the Sphinx* Robert Bauval and Graham Hancock present a tour de force of historical and scientific detective work that unravels the millennial code embodied in these structures Using sophisticated computer simulations of ancient skies they unravel the riddle of the Sphinx and they present a startling new theory concerning the enigmatic Pyramid

Texts and other archaic Egyptian scriptures Their discoveries lead the authors to this question Does mankind have a rendezvous with destiny a rendezvous not in the future but in the distant past at a precise place and time The secrets can be kept no longer The Message of the Sphinx brings them to light Secret Chamber Robert Bauval,1999 In the last three years a covert archaeological search has taken place at Giza to locate the Hall of Records under the Sphinx and also find a reputed secret room inside the Great Pyramid *Black Genesis* Robert Bauval,Thomas Brophy,2011-03-28 Presents proof that an advanced black African civilization inhabited the Sahara long before Pharaonic Egypt Reveals black Africa to be at the genesis of ancient civilization and the human story Examines extensive studies into the lost civilization of the Star People by renowned anthropologists archaeologists genetic scientists and cultural historians as well as the authors archaeoastronomy and hieroglyphics research Deciphers the history behind the mysterious Nabta Playa ceremonial area and its stone calendar circle and megaliths Relegated to the realm of archaeological heresy despite a wealth of hard scientific evidence the theory that an advanced civilization of black Africans settled in the Sahara long before Pharaonic Egypt existed has been dismissed and even condemned by conventional Egyptologists archaeologists and the Egyptian government Uncovering compelling new evidence Egyptologist Robert Bauval and astrophysicist Thomas Brophy present the anthropological climatological archaeological geological and genetic research supporting this hugely debated theory of the black African origin of Egyptian civilization Building upon extensive studies from the past four decades and their own archaeoastronomical and hieroglyphic research the authors show how the early black culture known as the Cattle People not only domesticated cattle but also had a sophisticated grasp of astronomy created plentiful rock art at Gilf Kebir and Gebel Uwainat had trade routes to the Mediterranean coast central Africa and the Sinai held spiritual and occult ceremonies and constructed a stone calendar circle and megaliths at the ceremonial site of Nabta Playa reminiscent of Stonehenge yet much older Revealing these Star People as the true founders of ancient Egyptian civilization this book completely rewrites the history of world civilization placing black Africa back in its rightful place at the center of mankind s origins *Imhotep the African* Robert Bauval,Thomas Brophy,2013-09-01 An Exploration of Imhotep Architect of the Step Pyramid at Saqqara High Priest of Ra and Royal Astronomer as Well as His Influence as the True Father of African Civilization In this groundbreaking book Egyptologist Robert Bauval and astrophysicist Thomas Brophy uncover the mystery of Imhotep an ancient Egyptian superstar pharaonic Da Vinci Michelangelo Galileo and Newton all rolled into one Based on their research at the Step Pyramid Complex at Saqqara Bauval and Brophy delve into observational astronomy to decode the alignments and other design features of the Step Pyramid Complex to uncover the true origins and genius of Imhotep Like a whodunit detective story they follow the clues that take them on an exhilarating magical mystery tour starting at Saqqara leading them to temples in Upper Egypt and to the stones of Nabta Playa and the black African stargazers who placed them there Imhotep the African describes how Imhotep was the ancient link to the birth of modern civilization restoring him to his proper place at

the center of the birthing of Egyptian and world civilization **Breaking the Mirror of Heaven** Robert Bauval, Ahmed Osman, 2012-07-26 Exposes the many cycles of monument destruction and cultural suppression in Egypt from antiquity to the present day Details the vandalism of Egyptian antiquities and suppression of ancient knowledge under foreign rulers who sought to cleanse Egypt of its pagan past Reveals the real reason behind Napoleon's invasion of Egypt Freemasonry Shows how the censorship of nonofficial Egyptology as well as new archaeological discoveries continued under Antiquities Minister Zahi Hawass Called the Mirror of Heaven by Hermes Thoth and regarded as the birthplace of civilization science religion and magic Egypt has ignited the imagination of all who come in contact with it since ancient times from Pythagoras and Plato to Alexander the Great and Napoleon to modern Egyptologists the world over Yet despite this preeminence in the collective mind Egypt has suffered considerable destruction over the centuries Even before the burning of the Great Library at Alexandria the land of the pharaohs was pillaged by its own people With the arrival of foreign rulers both Arabic and European the destruction and thievery continued along with suppression of ancient knowledge as some rulers sought to cleanse Egypt of its pagan past Exploring the many cycles of destruction and suppression in Egypt as well as moments of salvation such as the first registered excavations by Auguste Mariette Robert Bauval and Ahmed Osman investigate the many conquerors of Egypt through the millennia as well as what has happened to famous artifacts such as the Rosetta Stone They show how Napoleon through his invasion wanted to revive ancient Egyptian wisdom and art because of its many connections to Freemasonry They reveal how the degradation of monuments theft of relics and censorship of ancient teachings continue to this day Exposing recent cover ups during the tenure of Antiquities Minister Zahi Hawass they explain how new discoveries at Giza were closed to further research Clearing cultural and historical distortions the authors reveal the long hidden and persecuted voice of ancient Egypt and call for the return of Egypt to its rightful place as the Mother of Nations and the Mirror of Heaven *The Egypt Code* Robert Bauval, 2007-10-01 Why did the ancients align their monuments so precisely with the stars What were the practical and symbolic reasons behind these mysterious configurations From the author of *The Orion Mystery* the best selling book that introduced the revolutionary star correlation theory about the Giza pyramids *The Egypt Code* reveals an amazing Grand Unified Plan behind the legendary temples of upper Egypt Robert Bauval one of the world's most prominent and controversial Egyptologists completes his groundbreaking investigation of astronomy as related to Egyptian monuments and related religious texts *The Egypt Code* revisits the Pyramid Age and the Old Kingdom proposing a vast sky ground correlation for the Memphite Heliopolis region and presenting the possibility of a grand plan spanning three thousand years of Pharaonic civilization and involving pyramids and major temple sites along the Nile The central idea of the book is that the cosmic order which the ancients referred to as Maat was comprised of the observable cycles of the sun and stars in particular the star Sirius and that the changes that took place due to the precession of the equinoxes and the so called Sothic Cycle are reflected in the orientation and location of religious sites **The Giza**

Prophecy Scott Creighton, Gary Osborn, 2012-01-25 A detailed study of the proportions of the Giza pyramids and how they reveal shifts in the Earth's axis in the remote past and near future Debunks the pyramids as tombs theory and shows how they are recovery vaults to ensure the rebirth of civilization after a global disaster Explains in detail how the angles and geometry of the Great Pyramid record a shift of the world's axis in 3980 BCE and predict more to come Uncovers the location of an additional as yet undiscovered recovery vault on the Giza plateau as revealed in the myth of Osiris Offering a radical new perspective on the Great Pyramid of Giza and all the structures surrounding it including the Sphinx Scott Creighton and Gary Osborn show how the designers of Giza intentionally arranged these massive structures to create an astronomical timeline recording catastrophic events in the past as well as warning later generations of the precise times of future catastrophes They reveal how the Old Kingdom pyramids of Giza were created not as tombs for the pharaohs and their queens but as recovery vaults to ensure the rebirth of the Kingdom of Egypt after a global disaster by acting as storehouses for ancient Egyptian culture its tools seeds art and sacred texts Through the use of photos maps and diagrams of the Giza plateau the authors explain in detail how the angles and geometry of the Great Pyramid align with the stars of Orion's Belt to encode an important message that changes in the tilt of the world's axis have occurred in the remote past most recently in 3980 BCE and will occur again in the near future Highlighting the ubiquitous appearance of 23.5 degree angles the most important of the precessional angles encoded in the Giza pyramids in classic works of art including the work of Leonardo da Vinci and portraits of John the Baptist and George Washington the authors reveal how this angle the Great Pyramid and its fateful message are tied to Freemasonry and other secret societies Concluding with the remarkable revelation triggered by the myth of Osiris that there may be an as yet undiscovered 14th recovery vault on the Giza plateau Creighton and Osborn show that the prophecy of Giza is a message of first importance to our own civilization

Origins of the Sphinx Robert M. Schoch, Robert Bauval, 2017-03-16 New research and evidence that the Sphinx is thousands of years older than previously thought Contrasts what Egyptologists claim about the Sphinx with historical accounts and new research including reanalysis of seismic studies and updates to Schoch's water weathering research and Bauval's Orion Correlation Theory Examines how the Sphinx is contemporaneous with Gbekli Tepe aligned with the constellation Leo and was recarved during the Old Kingdom era of Egypt Reveals that the Sphinx was built during the actual historical Golden Age of ancient Egypt the period known in legend as Zep Tepi No other monument in the world evokes mystery like the Great Sphinx of Giza It has survived the harsh climate of Egypt for thousands of years and will remain long after our own civilization is gone According to orthodox Egyptology the Sphinx was built around 2500 BCE as a memorial to the pharaoh Khafre Yet this fact has scant to no supportive evidence When was the Sphinx really built and most importantly why In this provocative collaboration from two Egyptology outsiders Robert M Schoch Ph D and Robert Bauval combine their decades of research to show how the Sphinx is thousands of years older than the conventional Egyptological timeline and was built by a long forgotten pre Pharaonic

civilization They examine the known history of the Sphinx contrasting what Egyptologists claim with prominent historical accounts and new research including updates to Schoch's geological water weathering research and reanalysis of seismic studies Building on Bauval's Orion Correlation Theory they investigate the archaeoastronomical alignments of the monuments of the Giza Plateau and reveal how the pyramids and Sphinx were built to align with the constellations of Orion and Leo Analyzing the evidence for a significantly older construction phase at Giza and the restoration and recarving of the Sphinx during the Old Kingdom era they assert that the Sphinx was first built by an advanced pre Pharaonic civilization that existed circa 12 000 years ago on the Giza Plateau contemporaneous with the sophisticated G bekli Tepe complex The authors examine how the monuments at Giza memorialize Zep Tepi the Golden Age of legend shown here to be an actual historical time period from roughly 10 500 BCE through 9700 BCE Moving us closer to an understanding of the true age and purpose of the Great Sphinx Schoch and Bauval provide evidence of an early high civilization witnessed by the Great Sphinx before the end of the last ice age Summary of Robert Bauval & Adrian Gilbert's The Orion Mystery Everest

Media,2022-05-18T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I bought a book called The Sirius Mystery by Robert Temple in 1979 It was a historical detective story about an African tribe that every sixty years enacted a ceremony called the Sigui during which their priests put on masks and performed a complex dance This was a renewal ceremony based on the apparent motion of Sirius 2 The Egyptians were the greatest astronomers of the ancient world but their knowledge was restricted to a small group of initiates They may have had a secret knowledge of the stars and it may have been passed down through the Dogon tribe 3 The land of Egypt was the result of the Nile River which was fed by the reservoirs of Lake Tana in Ethiopia and Lakes Albert and Victoria in Uganda The Egyptians had good reason to worship the Nile which was the manifestation of the gods 4 The two kingdoms of Egypt were originally separated by the Nile River and were ruled by two separate pharaohs The capital of Upper Egypt was at Nekheb near Hierakonopolis under the protection of the vulture goddess Nekhebet The capital of Lower Egypt was at Pe a town in the Delta **The**

Secret of the Great Pyramid Bob Brier,Jean-Pierre Houdin,2008-10-01 A decade ago French architect Jean Pierre Houdin became obsessed by the centuriesold question How was the Great Pyramid built How in a nation of farmers only recently emerged from the Stone Age could such a massive complex and enduring structure have been envisioned and constructed Laboring at his computer ten hours a day for five years creating exquisitely detailed 3 D models of the Pyramid's interior Houdin finally had his answer It was a startling revelation that cast a fresh light on the minds that conceived one of the wonders of the ancient world Written by world renowned Egyptologist Bob Brier in collaboration with Houdin The Secret of the Great Pyramid moves deftly between the ancient and the modern chronicling two equally fascinating interrelated histories It is a remarkable account of the step by step planning and assembling of the magnificent edifice the brainchild of an innovative genius the Egyptian architect Hemienou who imagined organized and oversaw a monumental construction

project that took more than two decades to complete and that employed the services of hundreds of architects mathematicians boatbuilders stonemasons and metallurgists Here also is the riveting story of Jean Pierre Houdin s single minded search for solutions to the mysteries that have bedeviled Egyptologists for centuries such as the purpose of the enigmatic Grand Gallery and the Pyramid s crack The Master Game Graham Hancock,Robert Bauval,2011-09-13 The Master Game is a rollercoaster intellectual journey through the back streets and rat runs of history to uncover the traces in architecture and monuments of a secret religion that has shaped the world Pivotal historical events and processes not least the Renaissance the birth of scientific rationalism and the French and American revolutions are radically reevaluated in the light of new investigative evidence presented in The Master Game Even the belief that the United States has a global mission so obvious today may ultimately prove to be less the result of a shortterm reaction to terrorism than the inevitable working out of a covert plan originally set in motion almost two thousand years ago The Master Game refers to a scheme or game played on the world stage to bring about a world order governed by a lofty goal which today we term the Masonic Ideal The Master Game traces the origins of this game of symbols and words and talismans from ancient Egypt all the way to modern times and places it squarely on the elitist Scottish Rite Freemasonry headquartered in Washington DC and ruled by a secretive and powerful brotherhood of men who have attained the thirtythird degree The Master Game exposes this world order s true purpose and more importantly shows how it has affected the United States of America and badly backfired on 9 11 The book is adapted and expanded from the authors earlier outofprint book Talisman **Gods of the Dawn** Peter Lemesurier,1998-12 The Pyramids of Giza are one of the great wonders of the world but what if they were built not by the Ancient Egyptians nor even by the legendary Atlanteans but by a still more ancient civilization from outside our solar system This book presents the theory that the Egyptian Pyramids are part of an ancient star map a message in stone from a vastly superior intelligence designed to guide us through the present steer us towards the future and finally summon us to the stars

Keeper Of Genesis Robert Bauval,Graham Hancock,2011-01-25 FROM THE BESTSELLING AUTHORS OF FINGERPRINTS OF THE GODS AND THE ORION MYSTERY An exciting book deservedly a bestseller SPECTATOR

_____ In Keeper of Genesis Graham Hancock and Robert Bauval present a tour de force of historical and scientific detective work When and where did history begin When was the genesis of civilisation in Egypt How and why were the Great Sphinx and the three pyramids of Giza designed to serve as parts of an immense three dimensional model of the sky of First Time What is contained in the rectangular chamber that seismic surveys have located in the bedrock far below the paws of the sphinx What lies behind the mysterious doors recently discovered at the end of a previously unexplored shaft inside the Great Pyramid Does mankind have a rendezvous with destiny a rendezvous not in the future but in the distant past at a precise place and time Using sophisticated computer simulations of the ancient skies to crack the millennial code that the monuments transcribe Bauval and Hancock set out a startling new theory of the Pyramid

Texts and other archaic Egyptian scriptures _____ Reads like a detective story with the reader enthusiastically trying to outguess the writers Literary Review Start the book in the early evening and continue uninterrupted till you complete it in the small house The effect is wonderful Your entire world view has been shifted a hundred yards You fall asleep thinking that nothing will ever be the same again Sunday Telegraph
