Rain School James Rumford, 2010-10-25 Shows how important learning is in a country where only a few children are able to go to school

Antoine of Oregon : A Story of the Oregon Trail James Otis, 2013 Antoine of Oregon A Story of the Oregon Trail The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes The several narratives deal with the struggles of those adventurous people who forced their way westward ever westward whether in hope of gain or in answer to the call of the wild and who in so doing wrote their names with their blood across this country of ours from the Ohio to the Columbia To excite in the hearts of the young people of this land a desire to know more regarding the building up of this great nation and at the same time to entertain in such a manner as may stimulate to noble deeds is the real aim of these stories In them there is nothing of romance but only a careful truthful record of the part played by children in the great battles with those forces human as well as natural which for so long a time held a vast 4 portion of this broad land against the advance of home seekers With the knowledge of what has been done by our own people in our own land surely there is no reason why one should resort to fiction in order to depict scenes of heroism daring and sublime disregard of suffering in nearly every form
