**American History Jul 22 2023 NEW AND UPDATED VERSION PUBLISHED IN JUNE 2017 American History - History of the United States: From Indians to Modern History of America. People, Places and Events that Shaped US History How did America become the superpower that it is today? If you ever wondered this, then this book is for you. It presents the main events that shaped the American culture: how it developed from a group of colonists into the most prominent nation in the world. How did everything start? Who were the invaded and the invaders? This book will reveal each step that "constructed" America, aiming at addressing the most common questions concerning the difficulties of this "free land." The tone of this book is straightforward as the succession of points is presented clearly. Everything began with Columbus' remarkable first journey to America. Numerous battles and wars followed the founding of the Plymouth Colony. In spite of that, this didn't stop the newcomers from fighting for a land that was already inhabited. With every battle, the Indians become more of a minority, which somehow reduced the number of military conflicts. Still, only after the American Revolution did they manage to break away from their motherland's control. This way, they became the independent state that it is today. Soon afterward, the Civil War broke on the grounds of slavery, which was followed by the Two World Wars and the Cold War. In short, this book takes you on a discovery journey that begins with Columbus' first visit to America. It features an**

***A History of the American People Apr 18 2023 "The creation of the United States of America is the greatest of all human adventures," begins Paul Johnson. "No other national story holds such tremendous lessons, for the American people themselves and for the rest of mankind." In his prize-winning classic, Johnson presents an in-depth portrait of American history from the first colonial settlements to the Clinton administration. This is the story of the men and women who shaped and led the nation and the ordinary people who collectively created its unique character. Littered with letters, diaries, and recorded conversations, it details the origins of their struggles for independence and nationhood, their heroic efforts and sacrifices to deal with the 'organic sin' of slavery and the preservation of the Union to its explosive economic growth and emergence as a world power. Johnson discusses contemporary topics such as the politics of racism, education, the power of the press, political correctness, the growth of litigation, and the influence of women throughout history. He sees Americans as a problem-solving people and the story of their country as "essentially one of difficulties being overcome by intelligence and skill, by faith and strength of purpose, by courage and persistence... Looking back on its past, and forward to its future, the auguries are that it will not disappoint humanity." Sometimes controversial and always provocative, A HISTORY OF THE AMERICAN PEOPLE is one author's challenging and unique interpretation of American history. Johnson's views of individuals, events, themes, and issues are original, critical, and in the end admiring, for he is, above all, a strong believer in the history***

*and the destiny of the American people.*

***An Indigenous Peoples' History of the United States (10th Anniversary Edition) Dec 15 2022 New York Times Bestseller***  
***Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, An Indigenous Peoples' History of the United States is an essential resource providing historical threads that are crucial for understanding the present. In An Indigenous Peoples' History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the***

**Seminole: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.**

**Outline of U.S. History Apr 30 2024 'Outline of U.S. History' is a publication of the U.S. Department of State. The first edition (1949-50) was produced under the editorship of Francis Whitney, first of the State Department Office of International Information and later of the U.S. Information Agency. Richard Hofstadter, professor of history at Columbia University, and Wood Gray, professor of American history at The George Washington University, served as academic consultants. D. Steven Endsley of Berkeley, California, prepared additional material. It has been updated and revised extensively over the years by, among others, Keith W. Olsen, professor of American history at the University of Maryland, and Nathan Glick, writer and former editor of the USIA journal, Dialogue. Alan Winkler, professor of history at Miami University (Ohio), wrote the post-World War II chapters for previous editions. This new edition has been completely revised and updated by Alonzo L. Hamby, Distinguished Professor of History at Ohio University. Professor Hamby has written extensively on American politics and society.**

**Boundaries of the State in US History Apr 06 2022 The question of how the American state defines its power not what it is" but what it does has become central to a range of historical discourses, from the founding of the Republic and the role of the educational system, to the functions of agencies and America's place in the world. Here, James Sparrow, William J. Novak, and Stephen Sawyer assemble some definitional work in this area, showing that the state is**

***an integral actor in physical, spatial, and economic exercises of power. They further imply that traditional conceptions of the state cannot grasp the subtleties of power and its articulation. Contributors include C.J. Álvarez, Elisabeth Clemens, Richard John, Robert Lieberman, Omar McRoberts, Gautham Rao, Gabriel Rosenberg, Jason Scott Smith, Tracy Steffes, and the editors.***

***A Concise American History Aug 30 2021 Expertly steering readers through the often tumultuous and exhilarating history of the United States, from its early modern Native American roots to twenty-first-century neoliberalism and the shifting political climate of the past decade, this highly readable textbook provides a compelling overview of American development over the last five centuries. This book avoids either celebratory or condemnatory rhetoric to present a critical examination of domestic America and its interaction with the rest of the world. Balancing coverage of political, social, cultural, and economic history, each chapter also includes a wealth of features to facilitate learning: Timelines situating key events in their wider chronology Lists of topics covered within each chapter for easy reference Concept boxes discussing selected issues in more detail Historiography boxes exploring key debates Chapter summaries offering condensed outlines of the main themes of each chapter Further reading lists guiding readers to additional resources Maps and images bringing to life important events and figures from America's history Clearly and engagingly written and positioning America's narrative within the wider global context, this textbook is particularly accessible for non-US students and is the perfect introduction for those new to US history. This textbook is also supported by a companion website offering interactive content including a timeline, multiple-choice quizzes, and links to selected web resources.***

***A History of US: Reconstructing America Jan 04 2022***

***Recommended by the Common Core State Standards for English Language Arts and Literacy as an exemplary informational text. Covering a time of great hope and incredible change, Reconstruction and Reform is a dramatic look at life after the Civil War in the newly re United States. Railroad tycoons were roaring across the country. New cities sprang up across the plains, and a new and different American West came into being: a land of farmers, ranchers, miners, and city dwellers. Back East, large scale immigration was also going on, but not all Americans wanted newcomers in the country. Technology moved forward: Thomas Edison lit up the world with his electric light. And social justice was on everyone's mind with Carry Nation wielding a hatchet in her battle against drunkenness and Booker T. Washington and W. E. B. DuBois counseling newly freed African Americans to behave in very different ways. Through it all, the reunited nation struggles to keep the promises of freedom in this exciting chapter in the A History of US. About the Series: Master storyteller Joy Hakim has excited millions of young minds with the great drama of American history in her award-winning series A History of US. Recommended by the Common Core State Standards for English Language Arts and Literacy as an exemplary informational text, A History of US weaves together exciting stories that bring American history to life. Hailed by reviewers, historians, educators, and parents for its exciting, thought-provoking narrative, the books have been recognized as a break-through tool in teaching history and critical reading skills to young people. In ten books that span from Prehistory to the 21st century, young people will never think of American history as boring again.***

***The New American History Feb 27 2024 Originally released in 1990, The New American History edited for the American Historical Association by Eric Foner, has become an indispensable volume for teachers and students. In essays***

***that chart the shifts in interpretation within their fields, some of our most prominent American historians survey the key works and themes in the scholarship of the last three decades. Along with substantially revised essays from the first edition, this volume presents three entirely new ones - on intellectual history, the history of the West, and the histories of the family and sexuality. The second edition of The New American History reflects, in Foner's words, "the continuing vitality and creativity of the study of the past, how traditional fields are being expanded and redefined even as new ones are created." Author note: Eric Foner is DeWitt Clinton Professor of History at Columbia University. He is the author of numerous books, including Reconstruction, 1863-1877 which was awarded the Bancroft Prize.***

***American History of the 20th Century May 08 2022 This book deals with American history since 1880—a period when the United States was transformed from a relatively small, remote, and isolated outpost to the planet's richest, most powerful, and most influential nation. It is also, not coincidentally, a period that produced some of the world's most unforgettable characters—and some of its best stories. History is not fixed, not two-dimensional, not black-and-white; it is always open to interpretation, always subject to speculation, always riddled with mystery. Only one thing is certain about history: All of it was essential to creating the world we live in today. In that regard, every story you will read in this book, and any other history book, is your story, too. What happens to you today has a great deal to do with what happened to other people a century ago; what you do tomorrow is influenced, whether you know it or not, by what other people did yesterday. In learning about history, we invariably learn a lot about ourselves, too.***

***From humble beginnings to the United States we know today The story of any nation tends to be long and typically full of growing pains that present as conflicts or wars. The formation of what we know today as the United States of America was no different. From her humble beginnings as a series of colonies to the world power that she is today, America is not without her controversies. While it seems impossible to include the history of an entire nation in one book, there is no doubt that certain events are pivotal enough to include as key event of America's history. While this is not a complete history, the important ideas are met with thoughtful analysis, examining not only the event but the circumstances surrounding the event in a way that even the most novice historian can understand. In the colorful history of the United States there are examples of honor, of rebellion, and of mistakes. The best way to honor and learn from that history is to learn about that history. Through this book, you can do just that. Here's just a few things you'll learn about: The Anarchy that may have sparked a revolution The real deal on slavery and freedom What happened when the market crashed Events that will shape the history books of the next generation "American History" will take you through a side of history that some novice historians may be unaware of and put you in a front row seat to the formation of our nation. DOWNLOAD NOW! Scroll up to Buy with One-Click!"***

***A People's History of the United States Jan 16 2023 "It's a wonderful, splendid book—a book that should be read by every American, student or otherwise, who wants to understand his country, its true history, and its hope for the future." —Howard Fast, author of Spartacus and The Immigrants "[It] should be required reading." —Eric Foner, New York Times Book Review Library Journal calls Howard Zinn's iconic A People's History of the United States "a***

***brilliant and moving history of the American people from the point of view of those...whose plight has been largely omitted from most histories.” Packed with vivid details and telling quotations, Zinn’s award-winning classic continues to revolutionize the way American history is taught and remembered. Frequent appearances in popular media such as The Sopranos, The Simpsons, Good Will Hunting, and the History Channel documentary The People Speak testify to Zinn’s ability to bridge the generation gap with enduring insights into the birth, development, and destiny of the nation.***

***American Military History, Volume II Jul 30 2021 From the Publisher: This latest edition of an official U.S. Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army. This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership development. It is also an essential addition to any personal military history library.***

***American History for Everyone Jun 20 2023 American History for Everyone: A Narrative History of the United States tells the story of the development of the United States, from the arrival of humans in Alaska more than 10,000 years ago to the opening of the twenty-first century. Focusing on the nation’s successive waves of individuals that make up the story of American history the book offers a look at the individuals that created the United States of today. In the book vague recollections are clarified, myths are removed, and misconceptions are corrected. American History for Everyone: A Narrative History of the United States tells the story of the nation and the people who created it. Those individuals often in conflict with each other and always struggling fashioned the United States into the wealthiest***

***The Private Side of American History: Since 1865 Mar 18 2023***

***Teaching What Really Happened Jun 28 2021 "Should be in the hands of every history teacher in the country."— Howard Zinn James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.***

***The American Yawp Oct 25 2023 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we***

***Year In* the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its “sweeping, sobering account of the American past” (New York Times Book Review), Jill Lepore’s one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation’s history. The American experiment rests on three ideas—“these truths,” Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation’s truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. “A nation born in contradiction... will fight, forever, over the meaning of its history,” Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With *These Truths*, Lepore has produced a book that will shape our view of American history for decades to come.**

***Reader's Guide to American History* Nov 13 2022 There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The *Reader's Guide to American History* is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and**

***The American Past Aug 11 2022 This is Volume II (Since 1865) of THE AMERICAN PAST: A SURVEY OF AMERICAN HISTORY, Seventh Edition. Now in its Seventh Edition, Conlin's introductory American history text continues to offer a colorful and engaging look at the individuals, events, and ideas that have shaped our nation's past. Accessible and lively, it emphasizes political history, yet provides balanced coverage of social, cultural, economic, intellectual, constitutional, diplomatic, and military events. Consistent scholarship and a unique organization make this book comprehensive and manageable, while new chronologies offer students quick reference and easy review of the major events and movements covered in each chapter. The text benefits from Conlin's literary narrative, which lends a unifying voice that captures and holds students' interest. THE AMERICAN PAST: A SURVEY OF AMERICAN HISTORY, SEVENTH EDITION is available in the following split options: THE AMERICAN PAST: A SURVEY OF AMERICAN HISTORY, Comprehensive, Seventh Edition (Chapters 1-51), ISBN: 0534621368; THE AMERICAN PAST, VOLUME I: TO 1877, Seventh Edition (Chapters 1-25), ISBN: 0534621376; THE AMERICAN PAST, VOLUME II: SINCE 1865, Seventh Edition***

**(Chapters 25-51), ISBN: 0534621384.**

***American History in 90 Minutes Mar 25 2021 It is important for Americans to know and understand their history, as we all play a role in the direction our country will go. Everyone needs a refresher now and then. This book is a concise, easy to read account of the significant people and events which have shaped our great nation. It covers the first immigrants arriving in the Americas over 10,000 years ago through the first eighteen months of the Trump Administration. What drove the colonists to overthrow the British? Why was the U.S. Constitution created the way it was? What key factors and events enabled the Union to win the Civil War? Never again be caught unprepared when the Battle of Bunker (Breed's) Hill, the Connecticut Compromise or the Truman Doctrine comes up in polite conversation.***

***Cuba (Winner of the Pulitzer Prize) May 27 2021 In 1961, at the height of the Cold War, the United States severed diplomatic relations with Cuba, where a momentous revolution had taken power three years earlier. For more than half a century, the stand-off continued--through the tenure of ten American presidents and the fifty-year rule of Fidel Castro. His death in 2016, and the retirement of his brother and successor Raúl Castro in 2021, have spurred questions about the country's future. Meanwhile, politics in Washington--Barack Obama's opening to the island, Donald Trump's reversal of that policy, and the election of Joe Biden--have made the relationship between the two nations a subject of debate once more. Now, award-winning historian Ada Ferrer delivers an ambitious chronicle written for an era that demands a new reckoning with the island's past. Spanning more than five centuries, Cuba: An American History reveals the evolution of the modern nation, with its dramatic record of conquest and colonization, of slavery and freedom, of independence and revolutions made and unmade.***

***Along the way, Ferrer explores the influence of the United States on Cuba and the many ways the island has been a recurring presence in US affairs. This is a story that will give Americans unexpected insights into the history of their own nation and, in so doing, help them imagine a new relationship with Cuba. Filled with rousing stories and characters, and drawing on more than thirty years of research in Cuba, Spain, and the United States--as well as the author's own extensive travel to the island over the same period--this is a stunning and monumental account like no other. --***

*The impact of the atomic bomb*  
*The Bill of Rights and the Declaration of Independence*

*U.S. History As Women's History Jul 10 2022*  
*This outstanding collection of fifteen original essays represents innovative work by some of the most influential scholars in the field of women's history. Covering a broad sweep of history from colonial to contemporary times and ranging over the fields of legal, social, political, and cultural history, this book, according to its editors, 'intrudes into regions of the American historical narrative from which women have been excluded or in which gender relations were not thought to play a part.'*  
*State formation, power, and knowledge have not traditionally been understood as the subjects of women's history, but they are the themes that permeate this book. Individually and together, the essays explore how gender serves to legitimize particular constructions of power and knowledge and to meld these into accepted practice and state policy. They show how the field of women's history has moved from the discovery of women to an evaluation of social processes and institutions. The book is dedicated to pioneering women's historian Gerda Lerner, whose work inspired so many of the contributors, and it includes a bibliography of her works.*  
*from the book*  
*The contributors to this volume grew up into a world in which history was rigidly limited. It paid little attention to social relationships, to*

*issues of race, to the concerns of the poor, and virtually none to women. Women figured in it for their ritual status, as wives of presidents like Abigail Adams or Dolly Madison; for their role as spoilers, from the witches of Salem to Mary Todd Lincoln, or for their sacrificial caregiving, like Clara Barton or Dorothea Dix. Even when women like Sojourner Truth, Jane Addams, and Eleanor Roosevelt were named by historians, the radical substance of their work and their lives was routinely ignored. A very few historians of women--Eleanor Flexner, Julia Cherry Spruill, Caroline Ware--worked on the margins of the profession, their contributions unappreciated, and their writing vulnerable to the charge of irrelevance.*

**Contents**

**Part 1. State Formation**

Linda K. Kerber on women and the obligations of citizenship  
Kathryn Kish Sklar on two political cultures in the Progressive Era  
Linda Gordon on women, maternalism, and welfare in the twentieth century  
Alice Kessler-Harris on the Social Security Amendments of 1939  
Nancy F. Cott on marriage and the public order in the late nineteenth century

**Part 2. Power**

Nell Irvin Painter on 'soul murder' as a legacy of slavery  
Judith Walzer Leavitt on Typhoid Mary and early twentieth-century public health  
Estelle B. Freedman on women's institutions and the career of Miriam Van Waters  
William H. Chafe on how the personal translates into the political in the careers of Eleanor Roosevelt and Allard Lowenstein  
Jane Sherron De Hart on women, politics, and power in the contemporary United States

**Part 3. Knowledge**

Barbara Sicherman on reading Little Women  
Joyce Antler on the Emma Lazarus Federation's efforts to promulgate women's history  
Amy Swerdlow on Left-feminist peace politics in the cold war  
Ruth Rosen on the origins of contemporary American feminism among daughters of the fifties  
Darlene Clark Hine on the making of Black Women in America: An Historical Encyclopedia

**Why You Can't Teach United States History without American**

***Indians Nov 25 2023 A resource for all who teach and study history, this book illuminates the unmistakable centrality of American Indian history to the full sweep of American history. The nineteen essays gathered in this collaboratively produced volume, written by leading scholars in the field of Native American history, reflect the newest directions of the field and are organized to follow the chronological arc of the standard American history survey. Contributors reassess major events, themes, groups of historical actors, and approaches--social, cultural, military, and political--consistently demonstrating how Native American people, and questions of Native American sovereignty, have animated all the ways we consider the nation's past. The uniqueness of Indigenous history, as interwoven more fully in the American story, will challenge students to think in new ways about larger themes in U.S. history, such as settlement and colonization, economic and political power, citizenship and movements for equality, and the fundamental question of what it means to be an American. Contributors are Chris Andersen, Juliana Barr, David R. M. Beck, Jacob Betz, Paul T. Conrad, Mikal Brotnov Eckstrom, Margaret D. Jacobs, Adam Jortner, Rosalyn R. LaPier, John J. Laukaitis, K. Tsianina Lomawaima, Robert J. Miller, Mindy J. Morgan, Andrew Needham, Jean M. O'Brien, Jeffrey Ostler, Sarah M. S. Pearsall, James D. Rice, Phillip H. Round, Susan Sleeper-Smith, and Scott Manning Stevens.***

***A People's History of the United States May 20 2023 Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell***

***America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.***

***A Patriot's History of the United States Oct 13 2022 Revised and updated, this 15th anniversary edition of the #1 New York Times bestseller salutes America's true and proud history. Fifteen years ago, Professors Larry Schweikart and Michael Allen set out to correct the doctrinaire biases that had distorted the way America's past is taught - and they succeeded. A Patriot's History of the United States is the definitive objective history of our country, presented honestly and fairly. Schweikart and Allen don't ignore America's mistakes through the years. Instead, they put them back in the proper perspective, celebrating the strengths of the men and women who cleared the wilderness, abolished slavery, and rid the world of fascism and communism. Now in this revised fifteenth-anniversary edition, a new generation of readers will learn the truth about America's discovery, founding, and advancement, from Columbus's voyage to Trump's promise to "Make America Great Again."***
