***Sociology* Mar 13 2024 "Throughout this text, the goal is to share with your students how fascinating and enlightening sociology is. Because sociology is about social life and we live in a changing global society, this 15th edition of *Sociology: A Down-to-Earth Approach* continues to reflect the national and global changes that engulf us, as well as presents new sociological research. The down-to-earth examples, for which this text is known, will help your students see how sociology applies to them. So will the photos, about 555 of them, of which 228 are new. The photos are neither random nor "fillers." I have either selected or taken each of these photos, as well as written each caption. By tying the photos and their captions directly into the text, they become part of your students' learning**

experience"--

Understanding Public Policy Feb 12 2024 This leading introduction to public policy is designed to provide learners with concrete tools for not only understanding public policy in general, but for analyzing "specific" public policies. It focuses on "what" policies governments pursue, "why" governments pursue the policies they do, and what the "consequences" of these policies are. Very contemporary in perspective, it introduces eight analytical models currently used by political scientists to describe and explain political life and then, using these various analytical models singly and in combination explores specific public policies in a variety of key domestic policy areas. For individuals interested in a summary of current public policy in a variety of areas.

You will become as personally involved in your clients' lives as their physicians or dentists are, and with study and practice, you can be as much in demand as a well-regarded medical provider. - Preface.

Sociology Mar 21 2022 Like its predecessors, the seventh edition of this text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. An optional package combines Schaefer, Sociology, Seventh Edition and Reel Society Interactive Movie 2.0 CD-ROM at nominal extra cost. "The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment, the AIDS crisis, welfare reform, the death penalty, and the offshoring of service jobs." Richard T. Schaefer

Foundations of Education Mar 01 2023 Foundations of Education incorporates relevant interdisciplinary perspectives and emphasizes coverage of key issues in education, with up-to-date research, primary resources, and documentation. This text provides comprehensive and substantive coverage of all foundational areas--including social, philosophical, historical, political, economic, curricular, and legal--for students who are preparing for a career in teaching and for those who simply wish to learn more about significant contemporary issues in education. The authors have included strong, thought-provoking pedagogy, and have emphasized the growing role of technology in education, especially in the new **Technology@School** feature. **New!** In This Case boxed features contain brief, fictional case scenarios that describe situations in which a new teacher might find themselves. Readers are asked to think critically about concepts discussed in each chapter to answer questions that encourage critical and applied analysis. **New!** Expanded topical overview charts in each chapter summarize and compare key developments and topics in education. **New!** Information about standards addresses the growing emphasis on holding students, teachers and schools accountable for performing at levels specified by local, state, and national standards. New sections focus on preparing teachers for the stress related to state/district standards, and legal issues, including the No Child Left Behind act, are addressed. **Technology@School**, a popular feature in every chapter, updates students on relevant developments in educational technology and provides information that may prove useful in their teaching careers. Topics include, **Using the Internet to Learn About World Schools (Chapter 3)**, **Helping Students Develop Media Literacy (Chapter 9)**, and **Protecting Students from Undesirable Material on the Web (Chapter 13)**. **Focus Questions** appear at the beginning of each chapter and provide students with an organized reference to chapter material--**Refocus Questions** appear after major text sections and are designed to help reinforce and improve the students' comprehension by reviewing the information in the chapter. **Taking issue charts** appear in each chapter to present controversial issues in the field of education, offering arguments on both sides of a question to illustrate why the topic is important and how

it affects contemporary schools. Instructors can use these charts as the basis for class discussions or essay assignments. Eduspace, a customizable, powerful, interactive platform, provides instructors with text-specific online courses and content in multiple disciplines. Eduspace gives an instructor the ability to create all or part of their course online using the widely recognized tools of Blackboard and quality text-specific content from HMCo. Instructors can quickly and easily assign homework exercises, quizzes, tests, tutorials and supplemental study materials and can modify that content or even add their own.
