Toxic Parents Darrell Bailey, 2022-12-11 How to heal from a toxic parent As they get older children are fully reliant on their parents for everything Parents on the other hand give their children the finest care possible by giving them everything they have However the majority of parents believe that a parent must perform all of these duties Parents abuse their children physically and emotionally which lowers the self-esteem of the adult child Because their parents never taught them how to do so these kids don't know how to deal with the outside world These parents' adult children grow up and drift away from them The majority of parents who strive to connect with their adult children as they age find that the relationship only becomes worse Because adult children are prone to make the same error with their own children this cycle keeps happening indefinitely Trying to live a fulfilling life after hitting rock bottom is difficult You spent a lot of time trying to change the people around you or repair the unhealthy relationships you had for a very long time Instead of caring for others this is the ideal moment to begin your own healing process What you will learn in this book is as follows How to identify toxic parents and warning indications that you may be living with them Toxic parent types Effects of toxic parenting on children's lives How to handle abusive parents Healing from a toxic parent By implementing Darrell's self-healing techniques you'll be able to leave the anguish of toxic parenting behind and enter bliss If you are prepared to heal scroll up and click the Add to Cart button
