Organs Without Bodies Deleuze And Consequences Slavoj Žižek

Organs without Bodies Slavoj Žižek, 2012-05-04 With a new introduction by the author In this deliciously polemical work a giant of cultural theory immerses himself in the ideas of a giant of French thought In his inimical style Žižek links Deleuze's work with both Oedipus and Hegel figures from whom the French philosopher distanced himself Žižek turns some Deleuzian concepts around in order to explore the organs without bodies in such films as Fight Club and the works of Hitchcock Finally he attacks what he sees as the radical chic Deleuzians arguing that such projects turn Deleuze into an ideologist of today's digital capitalism With his brilliant energy and fearless argumentation Žižek sets out to restore a truer more radical Deleuze than the one we thought we knew

Organs without Bodies Slavoj Žižek, 2016-05-06 The latest book by the Slovenian critic Slavoj Žižek takes the work of French philosopher Gilles Deleuze as the beginning of a dazzling inquiry into the realms of radical politics philosophy film Hitchcock Fight Club and psychoanalysis Of Organs without Bodies Joan Copjec Imagine There's No Woman has written With all his usual humor and invention Žižek the acknowledged master of the 180 degree turn here takes a trip into enemy territory to deliver Deleuze of a marvelously rebellious child one that seriously challenges Deleuze's other progeny with a surprising but convincing bid for succession Those who thought Deleuze's forward march into the future would follow a straight path are forced to rethink their stance From now on all readings of Deleuze will have to take a detour through this important even necessary book Eric Santner On the Psychopathology of Everyday Life describes Organs without Bodies as offering an entirely new degree of conceptual clarity and political urgency Through his deep engagement with the logic of Deleuze's project Žižek opens up new possibilities of thought beyond the terms of the current political debates on globalization democratization war on terror Once again Žižek has produced an utterly timely and radically untimely meditation Recently profiled in The New Yorker and hailed by the Village Voice as the giant of Ljubljana Žižek is one of the most provocative and entertaining thinkers at work today

Organs Without Bodies: Deleuze and Consequences Slavoj Žižek (socioloog, filosoof, psychoanalyticus en cultuurcriticus), 2004

Lacan and Deleuze Bostjan Nedoh, 2016-10-26 It is often said that Lacan is the most radical representative of structuralism a thinker of negativity and alienation whereas Deleuze is pictured as a great opponent of the structuralist project a vitalist and a thinker of creative potentialities of desire It seems the two cannot be further apart This volume of 12 new essays breaks the myth of their foreignness if not hostility and places the two in a productive conversation By taking on topics such as baroque perversion death drive ontology topology face linguistics and formalism the essays highlight key entry points for a discussion between Lacan's and Deleuze's respective thoughts The proposed lines of investigation do not argue for a simple equation of their thoughts but for a disjunctive

synthesis which acknowledges their differences while insisting on their positive and mutually informed reading The Shortest Shadow Alenka Zupancic, 2003-09-26 Restoring Nietzsche to a Nietzschean context examining the definitive element that animates his work What is it that makes Nietzsche Nietzsche In The Shortest Shadow Alenka Zupancic counters the currently fashionable appropriation of Nietzsche as a philosopher who was ahead of his time but whose time has finally come the rather patronizing reduction of his often extraordinary statements to mere opinions that we can share Zupancic argues that the definitive Nietzschean quality is his very unfashionableness his being out of the mainstream of his or any time To restore Nietzsche to a context in which the thought lives on its own credit Zupancic examines two aspects of his philosophy First in Nietzsche as Metapsychologist she revisits the principal Nietzschean themes his declaration of the death of God which had a twofold meaning God is dead and Christianity survived the death of God the ascetic ideal and nihilism as ideas that are very much present in our hedonist postmodern condition Then in the second part of the book she considers Nietzsche's figure of the Noon and its consequences for his notion of the truth Nietzsche describes the Noon not as the moment when all shadows disappear but as the moment of the shortest shadow not the unity of all things embraced by the sun but the moment of splitting when one turns into two Zupancic argues that this notion of the Two as the minimal and irreducible difference within the same animates all of Nietzsche's work generating its permanent and inherent tension

Opera's Second Death Slavoj Žižek, Mladen Dolar, 2013-10-18 Opera's Second Death is a passionate exploration of opera the genre its masterpieces and the nature of death Using a dazzling array of tools Slavoj Žižek and coauthor Mladen Dolar explore the strange compulsions that overpower characters in Mozart and Wagner as well as our own desires to die and to go to the opera The Sublime Object of Ideology Slavoj Žižek, 1989 In this provocative and original work Slavoj Žižek takes a look at the question of human agency in a postmodern world From the sinking of the Titanic to Hitchcock's Rear Window from the operas of Wagner to science fiction from Alien to the Jewish Joke the author's acute analyses explore the ideological fantasies of wholeness and exclusion which make up human society Žižek takes issue with analysts of the postmodern condition from Habermas to Sloterdijk showing that the idea of a post-ideological world ignores the fact that even if we do not take things seriously we are still doing them Rejecting postmodernism's unified world of surfaces he traces a line of thought from Hegel to Althusser and Lacan in which the human subject is split divided by a deep antagonism which determines social reality and through which ideology operates Linking key psychoanalytical and philosophical concepts to social phenomena such as totalitarianism and racism the book explores the political significance of these fantasies of control In so doing The Sublime Object of Ideology represents a powerful contribution to a psychoanalytical theory of ideology as well as offering persuasive interpretations of a number of contemporary cultural formations Hegel and Deleuze Karen Houle, Jim Vernon, 2013-06-30 Hegel and Deleuze cannily examines the various resonances and dissonances between these two major philosophers The collection represents the best in contemporary international scholarship on G W F Hegel and

Gilles Deleuze and the contributing authors inhabit the as yet uncharted space between the two thinkers collectively addressing most of the major tensions and resonances between their ideas and laying a solid ground for future scholarship. The essays are organized thematically into two groups: those that maintain a firm but nuanced disjunction or opposition between Hegel and Deleuze and those that chart possible connections, syntheses, or both. As is clear from this range of texts, the challenges involved in grasping, appraising, appropriating, and developing the systems of Deleuze and Hegel are varied and immense. While neither Hegel nor Deleuze gets the last word, the contributors ably demonstrate that partisans of either can no longer ignore the voice of the other.

Imagine There's No Woman Joan Copjec, 2004-09-17 A psychoanalytic and philosophical exploration of sublimation as a key term in Jacques Lacan's theories of ethics and feminine sexuality. Jacques Lacan claimed that his theory of feminine sexuality, including the infamous proposition "the Woman does not exist," constituted a revision of his earlier work on the ethics of psychoanalysis. In *Imagine There's No Woman*, Joan Copjec shows how Freud's ragtag, nearly incoherent notion of sublimation was refashioned by Lacan to become the key term in his ethics. To trace the link between feminine being and Lacan's ethics of sublimation, Copjec argues, one must take the negative proposition about the woman's existence not as just another nominalist denunciation of thought's illusions about the existence of universals, but as recognition of the power of thought which posits and gives birth to the difference of objects from themselves. While the relativist position currently dominant insists on the difference between my views and another's, Lacan insists on this difference within the object: I see. The popular position fuels the disaffection with which we regard a world in a state of decomposition, whereas the Lacanian alternative urges our investment in a world that awaits our invention. In the book's first part, Copjec explores positive acts of invention: sublimation, Antigone's burial of her brother, the silhouettes by the young black artist Kara Walker, Cindy Sherman's *Untitled Film Stills*, and Stella Dallas's final gesture toward her daughter in the well-known melodrama. In the second part, the focus shifts to sublimation's adversary, the cruelly uncreative superego. As Copjec analyzes Kant's concept of radical evil, envy's corruption of liberal demands for equality and justice, and the difference between sublimation and perversion, she maintains her focus on artistic texts, weaving her arguments through discussions of Pasolini's *Salo*, the film noir classic *Laura*, and the Zapruder film of the Kennedy assassination.

[The Most Sublime Hysteric](#) Slavoj Žižek, 2014-08-12 What do we know about Hegel? What do we know about Marx? What do we know about democracy and totalitarianism, Communism, and psychoanalysis? What do we know that isn't a platitude that we've heard a thousand times or a self-satisfied certainty? Through his brilliant reading of Hegel, Slavoj Žižek, one of the most provocative and widely read thinkers of our time, upends our traditional understanding, dynamites every cliché, and undermines every conviction in order to clear the ground for new ways of answering these questions. When Lacan described Hegel as the most sublime hysteric, he was referring to the way that the hysteric asks questions because he experiences his own desire as if it were the Other's desire. In the dialectical process, the question asked of the Other is resolved through a reflexive turn in which the

question begins to function as its own answer We had made Hegel into the theorist of abstraction and reaction but by reading Hegel with Lacan Zizek unveils a Hegel of the concrete and of revolution his own and the one to come This early and dazzlingly original work by Zizek offers a unique insight into the ideas which have since become hallmarks of his mature thought It will be of great interest to anyone interested in critical theory philosophy and contemporary social thought

What IS Sex? Alenka Zupancic,2017-09-08 Why sexuality is at the point of a short circuit between ontology and epistemology Consider sublimation conventionally understood as a substitute satisfaction for missing sexual satisfaction But what if as Lacan claims we can get exactly the same satisfaction that we get from sex from talking or writing painting praying or other activities The point is not to explain the satisfaction from talking by pointing to its sexual origin but that the satisfaction from talking is itself sexual The satisfaction from talking contains a key to sexual satisfaction and not the other way around even a key to sexuality itself and its inherent contradictions The Lacanian perspective would make the answer to the simple seeming question What is sex rather more complex In this volume in the Short Circuits series Alenka Zupan i approaches the question from just this perspective considering sexuality a properly philosophical problem for psychoanalysis and by psychoanalysis she means that of Freud and Lacan not that of the kind of clinician practitioners called by Lacan orthopedists of the unconscious Zupan i argues that sexuality is at the point of a short circuit between ontology and epistemology Sexuality and knowledge are structured around a fundamental negativity which unites them at the point of the unconscious The unconscious as linked to sexuality is the concept of an inherent link between being and knowledge in their very negativity *Deleuze and the Social* Martin Fuglsang,Bent Meier Sørensen,2006 Deleuze and the Social is concerned

with the most basic notions of the social It seeks both to comprehend the multiplicity of the social in Deleuzian terms the becoming of the social itself and it seeks to develop a new social analytical practice **Organs Without Bodies** Slavoj Zizek, First published in 2004 Routledge is an imprint of Taylor Francis an informa company [On the Psychotheology of Everyday Life](#) Eric L. Santner,2007-11-01 In [On the Psychotheology of Everyday Life](#) Eric Santner puts Sigmund Freud in dialogue with his contemporary Franz Rosenzweig in the service of reimagining ethical and political life By exploring the theological dimensions of Freud s writings and revealing unexpected psychoanalytic implications in the religious philosophy of Rosenzweig s masterwork *The Star of Redemption* Santner makes an original argument for understanding religions of revelation in therapeutic terms and offers a penetrating look at how this understanding suggests fruitful ways of reconceiving political community Santner s crucial innovation in this new study is to bring the theological notion of revelation into a broadly psychoanalytic field where it can be understood as a force that opens the self to everyday life and encourages accountability within the larger world Revelation itself becomes redefined as an openness toward what is singular enigmatic even uncanny about the Other whether neighbor or stranger thereby linking a theory of drives and desire to a critical account of sociality Santner illuminates what it means to be genuinely open to another human being or culture and to share

and take responsibility for one's implication in the dilemmas of difference. By bringing Freud and Rosenzweig together, Santner not only clarifies in new and surprising ways the profound connections between psychoanalysis and the Judeo-Christian tradition, he makes the resources of both available to contemporary efforts to rethink concepts of community and cross-cultural communication.

The Trouble with Pleasure Aaron Schuster, 2016-02-26 An investigation into the strange and troublesome relationship to pleasure that defines the human being, drawing on the disparate perspectives of Deleuze and Lacan. Is pleasure a rotten idea, mired in negativity and lack, which should be abandoned in favor of a new concept of desire? Or is desire itself fundamentally a matter of lack, absence, and loss? This is one of the crucial issues dividing the work of Gilles Deleuze and Jacques Lacan, two of the most formidable figures of postwar French thought. Though the encounter with psychoanalysis deeply marked Deleuze's work, we are yet to have a critical account of the very different postures he adopted toward psychoanalysis and especially Lacanian theory throughout his career. In *The Trouble with Pleasure*, Aaron Schuster tackles this tangled relationship head-on. The result is neither a Lacanian reading of Deleuze nor a Deleuzian reading of Lacan, but rather a systematic and comparative analysis that identifies concerns common to both thinkers and their ultimately incompatible ways of addressing them. Schuster focuses on drive and desire, the strange, convoluted relationship of human beings to the forces that move them from within. The trouble with pleasure. Along the way, Schuster offers his own engaging and surprising conceptual analyses and inventive examples. In the Critique of Pure Complaint, he provides a philosophy of complaining, ranging from Freud's theory of neurosis to Spinoza's intellectual complaint of God and the Deleuzian great complaint. Schuster goes on to elaborate, among other things, a theory of love as mutually compatible symptoms, an original philosophical history of pleasure, including a hypothetical Heideggerian treatise and a Platonic theory of true pleasure, and an exploration of the 1920s literature of the death drive, including Thomas Mann, Italo Svevo, and Blaise Cendrars.

Gilles Deleuze's Difference and Repetition James Williams, 2013-01-31 A new edition of this introduction to Deleuze's seminal work, *Difference and Repetition*, with new material on intensity, science, and action, and new engagements with Bryant, Sauvagnargues, Smith, Somers, Hall, and de Beistegui.

On Belief Slavoj Žižek, 2003-09-02 What is the basis of belief in an era when globalization, multiculturalism, and big business are the new religion? Slavoj Žižek, renowned philosopher and irrepressible cultural critic, takes on all comers in this compelling and breathless new book. From cyberspace reason to the paradox that is Western Buddhism, *On Belief* gets behind the contours of the way we normally think about belief in particular, Judaism, and Christianity. Holding up the so-called authenticity of religious belief to critical light, Žižek draws on psychoanalysis, film, and philosophy to reveal, in startling fashion, that nothing could be worse for believers than their beliefs turning out to be true.
