Saturn's Children Charles Stross,2008-07-01 Sometime in the twenty third century humanity went extinct leaving only androids behind to fulfill humanity's dreams And having learned well from their long dead masters they've established a hierarchical society one with humanoid aristo rulers at the top and slave chipped workers at the bottom performing the lowly

tasks all androids were originally created to do Designed as a concubine for a species that hasn't existed for two hundred years femmebot Freya Nakamichi 47 one of the last of her kind still functioning accepts a job from a stranger to deliver a package from mercury to Mars Unfortunately she's just made herself a moving target for some very powerful very determined humanoids desperate to retrieve the package's contents

Halting State Charles Stross, 2007-10-02 Halting State is a near future story that is at once over the top and compellingly believable Vernor Vinge author of Rainbows End In the year 2018 Sergeant Sue Smith of the Edinburgh constabulary is called in on a special case A daring bank robbery has taken place at Hayek Associates a dot com start up company that's just floated onto the London stock exchange But this crime may be a bit beyond Smith's expertise The prime suspects are a band of marauding orcs with a dragon in tow for fire support The bank is located within the virtual reality land of Avalon Four and the robbery was supposed to be impossible When word gets out Hayek Associates and all its virtual economies are going to crash hard For Smith the investigation seems pointless But the deeper she digs the bigger the case gets There are powerful players both real and pixelated who are watching her every move Because there is far more at stake than just some game head's fantasy financial security

Toast Charles Stross, 2004-01-01 Bruce Sterling on speed The imagination of Sterling squared All of the glitz glibly tossed off newly invented or hybrid tech terms thrown at the reader like an info blizzard at hurricane force but with more core storyline than in some of Sterling's Deep Eddy stories if you like Sterling you're gonna love Stross In an ironic sense Bruce Sterling was the buffer we needed to be able to handle Charles Stross Tangent
