Thank you ... Muchas gracias ... Tusen tak ... Merci beaucoup. No matter what language you speak you can own and operate a Rent-A-Maid business. The boundaries of how large or how many areas in which you operate are only in your dreams. WHAT YOU THINK YOU BECOME! Always think positive thoughts; your thoughts control you right down to your next step. Never give up. Take a vacation yes, but remember you need to get back up some day. The sooner the better: get started and get back to work. It may sound like I am writing this to myself, and I am. I closed my Rent-A-Maid office in Oklahoma City in the fall of 1997. I enjoyed running Rent-A-Maid; it was fun, exciting, challenging and sometimes it was a heartbreaking job, but it was easy. So, ten years later, I'm starting again. I'm a strong believer in God, the Holy Spirit and Jesus. I believe that those who believe in him succeed in ways that the secular world would not believe. If you are a believer, that was the biggest step that you have ever made. No one is perfect, but we can strive in that direction. Your next big step is to make up your mind that you're going to do this. As Napoleon Hill once said, "Do it now". Please understand my friend, that where you find yourself tomorrow is a function of the positive decisions and actions you take today. Opportunities are like sunrises - if you wait too long, you miss them. Progress always involves risks. You can't steal second base and keep your foot on first. To solve any problem, here are three questions to keep in mind. First, what could I do? Second, what could I READ? And third, who could I ask? Don't wish it were easier, wish you were better. Take advantage of every opportunity. The wonderful thing about the game of life is that winning and losing are only temporary...unless you quit. Only through experience of trial and suffering can the soul be strengthened, vision cleared, ambition inspired, and success achieved. TABLE OF CONTENTS 1. This book is written in faith 2. An instant classic and eerily prescient cultural phenomenon, from "the patron saint of feminist dystopian fiction" (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate "Handmaids" under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred's persistent memories of life in the "time before" and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood's devastating irony, wit, and acute perceptive powers in full force, *The Handmaid's Tale* is at once a mordant satire and a dire warning. For more than a quarter century, *How to Be Your Dog's Best Friend* has been the standard against which all other dog-training books have been measured. This expanded edition preserves the best features of the original classic while bringing the book fully up-to-date. The result: the ultimate training manual for a new generation of dog owners--and, of course, for their canine best friends. The Monks of New Skete have achieved international renown as breeders of German shepherds and as outstanding trainers of dogs of all breeds. Their unique approach to canine training, developed and refined over four decades, is based on the philosophy that "understanding is the key to communication, compassion, and communion" with your dog. *How to Be Your Dog's Best Friend* covers virtually every aspect of living with and caring for your dog, including: Selecting a dog (what breed? male? female? puppy or older dog?) to fit your lifestyle Where to get--and where not to get--a dog Reading a pedigree Training your dog or puppy--when, where, and how The proper use of praise and discipline Feeding, grooming, and ensuring your dog's physical fitness Recognizing and correcting canine behavioral problems The particular challenges of raising a dog where you live - in the city, country, or suburb The proper techniques for complete care of your pet at every stage of his or her life In its scope, its clarity, and its authority, *How to Be Your Dog's Best Friend* remains unrivaled as a basic training guide for dog owners. Like no other book, this guide can help you understand and appreciate your dog's nature as well as his or her distinct personality--and in so doing, it can significantly enrich the life you share with your dog. This book addresses the changing, growing role of the housekeeping department to include maintenance of health club facilities, grounds, valet, and foodservice facilities. Every American fighting man and woman share one thing in common: they have all survived basic military training. *Basic* tells the story of that training. Medal of Honor recipient Col. Jack Jacobs and David Fisher recount the funny, sad, dramatic, poignant, and sometimes crazy history of how America has trained its military, told through the personal accounts of those who remember the experiences as if they happened yesterday. If you've been through basic or boot camp, these memories of drill instructors, marching chants, combat training (and the "gas chamber"), hospital corners, and the shared feeling of triumph are guaranteed to make you smile. And those who haven't done it will understand and appreciate this life-changing experience that turns a civilian into a soldier—and in just eight weeks. A sobering read from another lost front. - Kirkus Reviews What happens when you drop an experienced American cop in the middle of a war zone - with very little preparation or support - to train Iraqi police? *Under the Gun in Iraq* tells you in high fidelity detail about this vital aspect of U.S. efforts to build a nation.-BRYAN VILA, Ph.D., Professor at Washington State University, former Marine, Los Angeles police officer and cross-cultural police trainer One moment, I was standing there with my buddies unloading a truck. The next moment, my ears picked up the distinct 'pssst' sound homing in on us.... Hit the ground! someone yelled. Right behind the first mortar was a second, then a third, then a fourth. They each slammed into the earth with an enormous impact. The ground shook. The eight-story building above us shuddered, and we all covered our heads when the windows blew out. As I lay there with glass and debris raining down on me, all I could think was, 'Holy shit, what did I get myself into?' President Bush is fond of saying, When Iraq can stand up, America can stand down. A large part of standing up is having a well-trained police force in place to maintain peace and order. Why is it taking so long to put a solid police force together? How prepared are the Iraqis to carry out their duties? What pitfalls are Americans facing as they try to get Iraqi police up to speed? In this book Robert Cole—a retired California police officer hired by DynCorp as an international police trainer—presents a vivid account of the challenges of training the Iraqis to handle their own security. In blunt, everyday language, Cole gives the reader an unusually candid and often hair-raising glimpse into reality at the street level as he and his colleagues navigate the dangerous sectors of Baghdad, Tikrit, and Kirkuk, dodging explosions and bullets aimed at them by young, Iraqi, wannabe heroes. Cole describes situations not shown in the media that fly in the face of the party line from Washington: men in their sixties being hired as policemen, Iraqi detectives who extract information from people by ramming toothpicks under their fingernails, officers suggesting that the best way to subdue potential suspects who flee is by shooting them in the back, police hunkered down in their barracks who refuse to patrol neighborhoods for fear of violence, an enemy that easily blends into a population armed to the teeth with loaded AK-47s, and the routine frustrations of cultural and language barriers to communication. In sharp contrast to the usual bromides about staying the course, *Under the Gun in Iraq* paints a brutally realistic picture of the bleak, perilous road ahead. This is essential reading for all Americans seeking an honest understanding of the dire situation in Iraq. Robert Cole was a police officer for over 25 years. He retired from the force in East Palo Alto, California, where he was one of the

commanders that helped bring the city back from its status as the murder capital of the United States. Cole recently finished almost two years in the United Nations Peacekeeping Mission in Haiti. He served a one-year tour of duty working for DynCorp as an international police trainer in Iraq and will be redeployed for another in 2008.
