**in Wonderland and Other Stories** Lewis Carroll, 2013-11-12 Scurry down the rabbit hole and step through the looking glass with this luxurious compilation of works from Lewis Carroll Don't be late it's a very important date Witty whimsical and often nonsensical the fiction of Lewis Carroll has been popular with both children and adults for over 150 years Canterbury Classics's Alice's Adventures in Wonderland takes readers on a trip down the rabbit hole in Alice's Adventures in Wonderland where height is dynamic animals talk and the best solutions to drying off are a dry lecture on William the Conqueror and a Caucus Race in which everyone runs in circles and there is no clear winner Through the Looking Glass begins the adventure anew when Alice steps through a mirror into another magical world where she can instantly be made queen if she can only get to the other side of the colossal chessboard Complete with the original drawings by John Tenniel this luxurious leather bound edition is a steal for new readers and Carroll fans alike *Feeding the Mind* Lewis Carroll, 1907 **The Longman Companion to Victorian Fiction** John Sutherland, 2014-10-13 With over 900 biographical entries more than 600 novels synopsized and a wealth of background material on the publishers reviewers and readers of the age the Longman Companion to Victorian Fiction is the fullest account of the period's fiction ever published Now in a second edition the book has been revised and a generous selection of images have been chosen to illustrate various aspects of Victorian publishing writing and reading life Organised alphabetically the information provided will be a boon to students researchers and all lovers of reading The entries though concise meet the high standards demanded by modern scholarship The writing marked by Sutherland's characteristic combination of flair clarity and erudition is of such a high standard that the book is a joy to read as well as a definitive work of reference *Lewis Carroll's Library* Jeffrey Stern, 1981 *Scribner's Magazine* Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1903 [The Publishers Weekly](#), 1926 [A General Catalogue of the Bound Volumes, in the Raffles Library, Singapore](#) Raffles Museum and Library, 1887 **Through the Language Glass** Guy Deutscher, 2010-08-31 A masterpiece of linguistics scholarship at once erudite and entertaining confronts the thorny question of how and whether culture shapes language and language culture Linguistics has long shied away from claiming any link between a language and the culture of its speakers too much simplistic even bigoted chatter about the romance of Italian and the goose stepping orderliness of German has made serious thinkers wary of the entire subject But now acclaimed linguist Guy Deutscher has dared to reopen the issue Can culture influence language and vice versa Can different languages lead their speakers to different thoughts Could our experience of the world depend on whether our language has a word for blue Challenging the consensus that the fundamentals of language are hard wired in our genes and thus universal Deutscher argues that the answer to all these questions is yes In thrilling fashion he takes us from Homer to Darwin from Yale to the Amazon from how to name the rainbow to why Russian water a she becomes a he once you dip a tea bag into her demonstrating that language does in fact reflect culture in ways that are anything but trivial Audacious delightful and field changing Through the Language Glass is a classic of intellectual discovery [Sex, War, and "Sin"](#) James
