China's Influence and American Interests Larry Diamond, Orville Schell, 2019-08-01 While Americans are generally aware of China's ambitions as a global economic and military superpower few understand just how deeply and assertively that country has already sought to influence American society As the authors of this volume write it is time for a wake up call In documenting the extent of Beijing's expanding influence operations inside the United States they aim to raise awareness of China's efforts to penetrate and sway a range of American institutions state and local governments academic institutions think tanks media and businesses And they highlight other aspects of the propagandistic discourse war waged by the Chinese government and Communist Party leaders that are less expected and more alarming such as their view of Chinese Americans as members of a worldwide Chinese diaspora that owes undefined allegiance to the so called Motherland Featuring ideas and policy proposals from leading China specialists China's Influence and American Interests argues that a successful future relationship requires a rebalancing toward greater transparency reciprocity and fairness Throughout the authors also strongly state the importance of avoiding casting aspersions on Chinese and on Chinese Americans who constitute a vital portion of American society But if the United States is to fare well in this increasingly adversarial relationship with China Americans must have a far better sense of that country's ambitions and methods than they do now

Scholarship Reconsidered Ernest L. Boyer, Drew Moser, Todd C. Ream, John M. Braxton, 2015-10-06 Shifting faculty roles in a changing landscape Ernest L Boyer's landmark book Scholarship Reconsidered Priorities of the Professoriate challenged the publish or perish status quo that dominated the academic landscape for generations His powerful and enduring argument for a new approach to faculty roles and rewards continues to play a significant part of the national conversation on scholarship in the academy Though steeped in tradition the role of faculty in the academic world has shifted significantly in recent decades The rise of the non tenure track class of professors is well documented If the historic rule of promotion and tenure is waning what role can scholarship play in a fragmented unbundled academy Boyer offers a still much needed approach He calls for a broadened view of scholarship audaciously refocusing its gaze from the tenure file and to a wider community This expanded edition offers in addition to the original text a critical introduction that explores the impact of Boyer's views a call to action for applying Boyer's message to the changing nature of faculty work and a discussion guide to help readers start a new conversation about how Scholarship Reconsidered applies today

In the Realm of the Diamond Queen Anna Lowenhaupt Tsing,2021-04-13 In this highly original and much anticipated ethnography Anna Tsing challenges not only anthropologists and feminists but all those who study culture to reconsider some of their dearest assumptions By choosing to locate her study among Meratus Dayaks a marginal and marginalized group in the deep rainforest of South Kalimantan Indonesia Tsing deliberately sets into motion the familiar and stubborn urban fantasies of self and other Unusual encounters with her remarkably creative and unconventional Meratus friends and teachers however provide the opportunity to rethink notions of tradition community culture power and gender and the doing of anthropology Tsing s masterful weaving of ethnography and theory as well as her humor and lucidity allow for an extraordinary reading experience for students scholars and anyone interested in the complexities of culture Engaging Meratus in wider conversations involving Indonesian bureaucrats family planners experts in international development Javanese soldiers American and French feminists Asian Americans right to life advocates and Western intellectuals Tsing looks not for consensus and coherence in Meratus culture but rather allows individual Meratus men and women to return our gaze Bearing the fruit from the lively contemporary conversations between anthropology and cultural studies In the Realm of the Diamond Queen will prove to be a model for thinking and writing about gender power and the politics of identity

ESG and Responsible Institutional Investing Around the World: A Critical Review Pedro Matos,2020-05-29 This survey examines the vibrant academic literature on environmental social and governance ESG investing While there is no consensus on the exact list of ESG issues responsible investors increasingly assess stocks in their portfolios based on nonfinancial data on environmental impact e g carbon emissions social impact e g employee satisfaction and governance attributes e g board structure The objective is to reduce exposure to investments that pose greater ESG risks or to influence companies to become more sustainable One active area of research at present involves assessing portfolio risk exposure to climate change This literature review focuses on institutional investors which have grown in importance such that they have now become the largest holders of shares in public companies globally Historically institutional investors tended to concentrate their ESG efforts mostly on corporate governance the G in ESG These efforts included seeking to eliminate provisions that restrict shareholder rights and enhance managerial power such as staggered boards supermajority rules golden parachutes and poison pills Highlights from this section There is no consensus on the exact list of ESG issues and their materiality The ESG issue that gets the most attention from institutional investors is climate change in particular their portfolio companies exposure to carbon risk and stranded assets Investors should be positioning themselves for increased regulation with the regulatory agenda being more ambitious in the European Union than in the United States Readers might come away from this survey skeptical about the potential for ESG investing to affect positive change I prefer to characterize the current state of the literature as having a healthy dose of skepticism with much more remaining to be explored Here I hope the reader comes away with a call to action For the industry practitioner I believe that the investment industry should strive to achieve positive societal goals CFA Institute provides an exemplary case in its Future of Finance series www.cfainstitute.org/research/future-finance For the academic community I suggest we ramp up research aimed at tackling some of the open questions around the pressing societal goals of ESG investing I am optimistic that practitioners and academics will identify meaningful ways to better harness the power of global financial markets for addressing the pressing ESG issues facing our society

From Neurons to Neighborhoods National Research Council, Institute of Medicine, Board on Children, Youth, and Families, Committee on Integrating the Science of Early Childhood Development, 2000-11-13 How we raise young children is one of today's most highly personalized and sharply politicized issues in part because each of us can claim some level of expertise The debate has intensified as discoveries about our development in the womb and in the first months and years have reached the popular media How can we use our burgeoning knowledge to assure the well being of all young children for their own sake as well as for the sake of our nation Drawing from new findings this book presents important conclusions about nature versus nurture the impact of being born into a working family the effect of politics on programs for children the costs and benefits of intervention and other issues The committee issues a series of challenges to decision makers regarding the quality of child care issues of racial and ethnic diversity the integration of children's cognitive and emotional development and more Authoritative yet accessible From Neurons to Neighborhoods presents the evidence about brain wiring and how kids learn to speak think and regulate their behavior It examines the effect of the climate family child care community within which the child grows
