The Cross and the Lynching Tree James H. Cone,2011 A landmark in the conversation about race and religion in America They put him to death by hanging him on a tree Acts 10 39 The cross and the lynching tree are the two most emotionally charged symbols in the history of the African American community In this powerful new work theologian James H Cone explores these symbols and their interconnection in the history and souls of black folk Both the cross and the lynching tree represent the worst in human beings and at the same time a thirst for life that refuses to let the worst determine our final meaning While the lynching tree symbolized white power and black death the cross symbolizes divine power and black life God overcoming the power of sin and death For African Americans the image of Jesus hung on a tree to die powerfully grounded their faith that God was with them even in the suffering of the lynching era In a work that spans social history theology and cultural studies Cone explores the message of the spirituals and the power of the blues the passion and of Emmet Till and the engaged vision of Martin Luther King Jr he invokes the spirits of Billie Holliday and Langston Hughes Fannie Lou Hamer and Ida B Well and the witness of black artists writers preachers and fighters for justice And he remembers the victims especially the 5 000 who perished during the lynching period Through their witness he contemplates the greatest challenge of any Christian theology to explain how life can be made meaningful in the face of death and injustice

*My Soul Looks Back* James H. Cone,1986 What is the relationship James Cone asks between my training as a theologian and the black struggle for freedom For what reason has God allowed a poor black boy from Bearden to become a professional systematic theologian As I struggled with these questions I could not escape the overwhelming conviction that God s spirit was calling me to do what I could for the enhancement of justice in the world especially on behalf of my people My Soul Looks Back chronicles the author s grappling with these questions as well as his formulation of an answer an answer that would lead to the development of a black theology of liberation Firmly rooted in the black church tradition James Cone relates the formative features of his faith journey from his childhood experience in Bearden Arkansas and his father s steadfast resistance to racism through racial discrimination in graduate school to his controversial articulation of a faith that seeks to break the shackles of racial oppression In describing his more recent encounters with feminist Marxist and Third World thinkers James Cone provides a compelling description of liberation theology and a vivid portrayal of what it means to profess a faith that does justice Back cover

*Black Theology and Ideology* Harry H. Singleton, 2002 In this work Harry H Singleton III uniquely combines the theological methods of Juan Luis Segundo and James H Cone Segundo s method of deideologization is appropriated to argue that relevant theological reflection must depart from the exposing of religio political ideologies that justify human oppression in the name of God and their need to be effectively countered by the creation of new theological presuppositions rooted in liberation Singleton then contextualizes Segundo s method by offering Cone s theological perspective as the best example of such an approach in America insofar as it is able to discern the link between religio political ideologies and black oppression

**The Genesis of Liberation** Emerson B. Powery, Rodney S. Sadler Jr., 2016-04-04 Considering that the Bible was used to justify and perpetuate African American enslavement why would it be given such authority In this fascinating volume Powery and Sadler explore how the Bible became a source of liberation for enslaved African Americans by analyzing its function in pre Civil War freedom narratives They explain the various ways in which enslaved African Americans interpreted the Bible and used it as a source for hope empowerment and literacy The authors show that through their own engagement with the biblical text enslaved African Americans found a liberating word The Genesis of Liberation recovers the early history of black biblical interpretation and will help to expand understandings of African American hermeneutics

Jesus' Death in New Testament Thought: Two-Volume Complete Edition David A. Brondos,2018-07-16 Jesus Death in New Testament Thought is unlike anything written on the subject to date It represents a radical break with the traditional models or theories of atonement based on ideas such as penal substitution participation in Christ and the Christus Victor motif claiming that all of these ideas as commonly understood are foreign to New Testament thought On the basis of his analysis of second temple Jewish thought Brondos demonstrates that for Jews in antiquity what atoned for sins and led people to be declared righteous in God's sight was not sacrifice suffering or death in themselves but the renewed commitment to living in accordance with God's will which they manifested by means of their sacrificial offerings and at times their willingness to endure suffering and death out of faithfulness to that will According to the thought of Jesus first followers in accordance with a divine plan conceived of before the ages in Jesus God had sent his Son in order to establish around him a community of people fully committed to practicing the love justice solidarity and righteousness associated with God's will for all Jesus dedication to this task led to confrontation and conflict with the powers and authorities of his day who sought to silence him by having him put to death Because he stood firm and remained faithful to that task rather than backing down from it he was crucified on a Roman cross Paradoxically however in this way he laid the basis for the existence of the community God had desired from the start stamping it forever as one to which no one could truly belong without assuming the same firm commitment to Jesus and everything for which he had lived and died Those who form part of this community living out of faith under Jesus as their risen Lord come to practice God's will as redefined through Jesus and on that basis are forgiven and accepted as righteous by God Thus by giving up his life out of love for others in faithfulness to the task his Father had given him Jesus has attained the redemption reconciliation cleansing and justification of those who now live under his lordship as members of the worldwide community of believers from all nations that God has established through him and his death in fulfillment of the promises that God had made of old to his people Israel In Volume 1 Brondos looks to the relevant texts from antiquity to trace the background and development of these ideas His argument will leave the reader with no doubt that Jesus first followers understood the salvific significance of his death or blood in the manner just outlined and therefore that the traditional interpretations of his death that have prevailed from patristic times to the present do not reflect faithfully their thought as we find it in the New Testament In Volume 2 Brondos examines the formulaic allusions to Jesus death that we find scattered throughout the New Testament and other early Christian writings so as to demonstrate that these are precisely the ideas that lie behind those allusions At the same time through his analysis of the writings of Melito of Sardis and Irenaeus of Lyons he provides clear evidence that by the late second century ideas that are foreign to those texts began to be read back into them with the result that the original understandings of Jesus death that had developed among his first followers came to be replaced by other understandings that run contrary to their thought In his Conclusion Brondos argues that only by rejecting the traditional models of atonement and returning to the New Testament teaching on this central doctrine can the Christian church respond effectively to the crisis it faces today and bring about the restoration of the type of communities envisioned by Jesus and his first followers
