God's Plan Revealed Robert C Luisi, Jr, 2020-11-03 Creation the belief that God was and is the Creator of all that is seen and unseen went virtually undisputed in the Judeo Christian orthodoxy until the 19th century That is until Charles Darwin an English biologist published his theory of evolution in 1859 Gradually evolution became the preferred curriculum in our school systems and we were offered little evidence to choose between our faith and secular beliefs Through this book you are offered an alternative curriculum to the theory of evolution that properly timelines the Bible from the Book of Genesis through the Book of Revelations Through visions and revelations the author recorded how the sixty six books of the Bible pertain to this timeline Will you open the pages of this book with an open mind and receptive heart or will you allow your religious and worldly belief systems to be a stumbling block for you Remember this one thing that the Lord rewards those who diligently seek him

Stay Alert and Take Notes Jesse Crimm,2013-08 Teaching Christian values and concepts to small groups is a weighty and worthy challenge The purpose of this book is to make your yoke easily bearable As Barnabus was to Paul this book can be your encourager your intercessor and your foundation for inspired teaching and learning Within you will find specific guidance on conducting Christian development classes and thirty three lessons proven in real life to be ones where the students do indeed stay alert and take notes Also included are lists of subject appropriate hymns for classes that sing A catalog of additional source readings is offered for your continuing enrichment and growth as a teacher or student Your presentation of a lesson begins with your willingness to prepare and that simple willingness is our beginning point No more is needed Acts 16 10 For any number of possible reasons someone asked you to teach Sunday school this week Acts15 3 That someone trusted you enough to propose the question Truly if you think about it your reputation preceded the asking of that question And for any number of possible reasons you said yes Most likely you were predisposed to say yes Maybe you said yes just to help out because no one else would say yes Maybe you have wanted to teach but were always too modest to broach the thought publically If any of these reasons are true you have a great adventure in front of you Enjoy learn teach and catch the flame
