The Sorcerer's Secrets Jason Miller, 2009-01-01 If you're interested in assuring that you obtain real tangible results with your spells and are willing to put the work into doing so this is definitely the book for you. Completely filled with some amazing insights, ideas, and tips that come from experience. His ideas are some that I've never seen in other books. This book alone completely changed how I approach giving offerings to spirits and deities. Mat Auryn, author of *Psychic Witch*. This book is about real magick effecting real change in a real world. There are some books on magick that teach it purely as spiritual advancement. There are others that teach it as a form of psychological self-help that effects only inner change. While magick can and should be both of these, it is something more. *The Sorcerer's Secrets* is about success in practical magick; it is a book that aims at change in both the outer and inner worlds. Beyond a mere spell book or training course, *The Sorcerer's Secrets* is a field manual on successful sorcery written by a professional sorcerer. The first part of the book lays out the qualities, concepts, and exercises necessary to attempt practical magick. The second part presents clear strategies for tackling almost any type of issue with sorcery. In this book, you will learn how to attack problems from multiple angles, not just by casting a spell. Blend mundane and magickal action to ensure success. Figure out whether what you are doing is working. Fix it if it isn't. Go beyond readings into magickal intelligence gathering. Influence the minds of other people. Work most effectively on behalf of others. *The Sorcerer's Secrets* will help rescue the art of Magick from those who have ignored, downplayed, or just outright denied the existence of practical sorcery in favor of arcane titles, intangible results, and fantasy attainments.

Both beginning spellcasters and experienced Witches who want to boost the success rate of their magickal workings will benefit from this engaging step-by-step book. You'll learn how to raise, direct, and release energy. Clearly define the intent of your spell. Choose trigger words that act as magickal shortcuts.
