The Primary Source Edition utilizes primary sources, along with critical thinking questions for each, to immerse the reader in the unfolding

story of America. Co-authors Mark Carnes and John Garraty explore the relationship between these various histories and show how it took the voices and actions of many peoples to produce this singular political structure - The United States of America. Long renowned for its elegant narrative style, *The American Nation* in this Twelfth Edition retains its most significant strength-its rich and memorable prose.

The American Nation Apr 04 2024

The Making of the American Nation Nov 18 2022 Excerpt from *The Making of the American Nation: A Book for American Boys and Girls* To the works of original research that the author mentioned in the former volumes are to be added others which give fresh studies of particular portions of the period here under discussion. In wading through the record of the war of parties and the bloody stories of civil strife, the author has endeavored to free his mind from all party bias, his only wish being to keep himself true to that idea of an American Nation which filled the mind of the Father of his Country. If our sons and daughters can be educated to have a proper appreciation of their country without arrogance, and a regard for other nations without cringing obsequiousness, we may feel that we are in a fair way to bring up a nation that will be strong and respected. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in

the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. American Nations Jun 06 2024 • A New Republic Best Book of the Year • The Globalist Top Books of the Year • Winner of the Maine Literary Award for Non-fiction

Particularly relevant in understanding who voted for who during presidential elections, this is an endlessly fascinating look at American regionalism and the eleven “nations” that continue to shape North America According to award-winning journalist and historian Colin Woodard, North America is made up of eleven distinct nations, each with its own unique historical roots. In *American Nations* he takes readers on a journey through the history of our fractured continent, offering a revolutionary and revelatory take on American identity, and how the conflicts between them have shaped our past and continue to mold our future. From the Deep South to the Far West, to Yankeedom to El Norte, Woodard (author of *American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good*) reveals how each region continues to uphold its

distinguishing ideals and identities today, with results that can be seen in the composition of the U.S. Congress or on the county-by-county election maps of any hotly contested election in our history.

Rise of the American Nation Mar 11 2022

Next American Nation Jul 27 2023 Are we now, or have we ever been, a nation? As this century comes to a close, debates over immigration policy, racial preferences, and multiculturalism challenge the consensus that formerly grounded our national culture. The question of our national identity is as urgent as it has ever been in our history. Is our society disintegrating into a collection of separate ethnic enclaves, or is there a way that we can forge a coherent, unified identity as we enter the 21st century? In this "marvelously written, wide-ranging and thought-provoking"* book, Michael Lind provides a comprehensive revisionist view of the American past and offers a concrete proposal for nation-building reforms to strengthen the American future.

He shows that the forces of nationalism and the ideal of a trans-racial melting pot need not be in conflict with each other, and he provides a practical agenda for a liberal nationalist revolution that would combine a new color-blind liberalism in civil rights with practical measures for reducing class-based barriers to racial integration. A stimulating critique of every kind of orthodox opinion as well as a vision of a new "Trans-American" majority, *The Next American Nation* may forever change the way we think and talk about American identity. *New York Newsday
