Suffering and the Sovereignty of God John Piper, Justin Taylor, 2006-09-13 In the last few years 9 11 a tsunami Hurricane Katrina and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous Against the overwhelming weight and seriousness of the Bible many Christians are choosing to become more shallow more entertainment oriented and therefore irrelevant in the face of massive suffering In *Suffering and the Sovereignty of God* contributors John Piper Joni Eareckson Tada Steve Saint Carl Ellis David Powlison Dustin Shrimek and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word They urge readers to look to Christ even in suffering to find the greatest confidence deepest comfort and sweetest fellowship they have ever known

The Poisonwood Bible Barbara Kingsolver, 2009-10-13 New York Times Bestseller Finalist for the Pulitzer Prize An Oprah's Book Club Selection Powerful Kingsolver has with infinitely steady hands worked the prickly threads of religion politics race sin and redemption into a thing of terrible beauty Los Angeles Times Book Review *The Poisonwood Bible* now celebrating its 25th anniversary established Barbara Kingsolver as one of the most thoughtful and daring of modern writers Taking its place alongside the classic works of postcolonial literature it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa The story is told by the wife and four daughters of Nathan Price a fierce evangelical Baptist who takes his family and mission to the Belgian Congo in 1959 They carry with them everything they believe they will need from home but soon find that all of it from garden seeds to Scripture is calamitously transformed on African soil The novel is set against one of the most dramatic political chronicles of the twentieth century the Congo's fight for independence from Belgium the murder of its first elected prime minister the CIA coup to install his replacement and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy Against this backdrop Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa a tale indelibly darkened by her own losses and unanswerable questions about her own culpability Also narrating the story by turns are her four daughters the teenaged Rachel adolescent twins Leah and Adah and Ruth May a prescient five year old These sharply observant girls who arrive in the Congo with racial preconceptions forged in 1950s Georgia will be marked in surprisingly different ways by their father's intractable mission and by Africa itself Ultimately each must strike her own separate path to salvation Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility

Command Of The Air General Giulio Douhet, 2014-08-15 In the pantheon of air power spokesmen Giulio Douhet holds center stage His writings more often cited than perhaps actually read appear as excerpts and aphorisms in the writings of numerous other air power spokesmen advocates and critics Though a highly controversial figure the very controversy that surrounds him offers to us a testimonial of the value and depth of his work and the need for airmen today to become familiar with his thought The progressive development of air power to the point where today it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact in many ways the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision Douhet together with Hugh Boom Trenchard of Great Britain and William Billy Mitchell of the United States is justly recognized as one of the three great spokesmen of the early air power era This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book published in 1921 Readers may well find much that they disagree with in this book but also much that is of enduring value The vital necessity of Douhet's central vision that command of the air is all important in modern warfare has been proven throughout the history of wars in this century from the fighting over the Somme to the air war over Kuwait and Iraq
