*Who Are They Really?* Daniel Harran, 2021-07-28 Who are they really You may be astounded to learn that UFOs and extraterrestrial beings have been visiting Earth regularly for ages but not in the way you might think And abductions are terrifyingly real For a very long time men and women have been confronted with nonhuman beings who physically abused them Supported by previously overlooked traditional religious and spiritual knowledge this first of its kind study shows that abductions of human beings into UFOs are committed by beings connected to humankind The philosophical significance of these discoveries is immense These space travelers or visitors or kidnapers conduct themselves as neutral observers of the progress of Earth s affairs Even more surprising they can be human beings like us or elementals such as fairies and elves and some of them live among us His shocking science based analysis turns previous notions about UFOs and abductions on their head The presence of aliens on Earth is now established but not all aliens are extraterrestrials

*Walking Among Us* David M. Jacobs, PhD, 2015-09-01 In his 1998 book *The Threat* Jacobs uncovered disconcerting reports about aliens plans for the future of Earth He reported that a change is coming a future when very human like hybrids would intermingle with humans in everyday life Soon we will all be together the aliens said Soon everyone will be happy and everyone will know his place This book examines a chilling phenomenon that Jacobs began noticing in 2003 The alien integration action plan has kicked into high gear The incidents of alien abductions have declined as occurrences of alien involvement in everyday life have accelerated A silent and insidious invasion has begun Alien hybrids have moved into your neighborhood and into your workplace They have been trained by human abductees to pass to blend in to society to appear as normal as your next door neighbor This book illustrates in detail the process of alien integration into society and the strategy and support structure that has been developed to make this happen seamlessly While he is not certain why they are doing it the final chapter of the book will provide some chilling possible answers as to why they are here and what they want to accomplish Jacobs is a careful researcher who has investigated more than 1150 abduction events experienced by more than 150 abductees This book focuses on the experiences of thirteen abductees
