the faithful under the aegis of the Church's hierarchical leaders. The method followed in presenting the Church's doctrine is a combination of history and logic. Doctrines are placed into a historical framework by tracing their origins to the Old and New Testaments and placing their development within the context of persons, places, and times. The doctrine thus becomes more intelligible because it is viewed in the setting of its vital growth over the centuries. The intended reading audience of this Catholic catechism are all those priests, religious, and laity and above all parents and teachers who are looking for a concise statement of the faith they profess, the conduct they practice, and the worship they give to the Lord.
