**The Art of Fire** Jan 17 2022 Fire can fascinate, inspire, capture the imagination and bring families and communities together. It has the ability to amaze, energize and touch something deep inside all of us. For thousands of years, at every corner of the globe, humans have been huddling around fires: from the basic and primitive essentials of light, heat, energy and cooking, through to modern living, fire plays a central role in all of our lives. The ability to accurately and quickly light a fire is one of the most important skills anyone setting off on a wilderness adventure could possess, yet very little has been written about it. Through his narrative Hume also meditates on the wider topics surrounding fire and how it shapes the world around us.

*After the Fire* May 13 2024 On January 19, 2000, a fire raged through Seton Hall University's freshman dormitory, killing three students and injuring 58 others. Among the victims were Shawn Simons and Alvaro Llanos, roommates from poor neighborhoods who made their families proud by getting into college. They managed to escape, but both were burned terribly. *After the Fire* is the story of these young men and their courageous fight to recover from the worst damage the burn unit at Saint Barnabas hospital had ever seen. It is the story of the extraordinary doctors and nurses who work with the burned. It is the story of mothers and fathers, of faith and family and the invisible ties that bind us to each other. It is the story of the search for the

arsonists -- and the elaborate cover-up that nearly obscured the truth. And it is the story of the women who came to love these men, who knew that real beauty is a thing not seen in mirrors.

**The Wicked Deep** Dec 16 2021 A New York Times bestseller. “A wickedly chilling debut.” —School Library Journal “Complex and sweetly satisfying.” —Booklist “Prepare to be bewitched.” —Paula Stokes, author of *Girl Against the Universe* “A story about the redemptive power of love.” —Amber Smith, New York Times bestselling author of *The Way I Used to Be* “Eerie and enchanting.” —Jessica Spotswood, author of *The Cahill Witch Chronicles* *Hocus Pocus* and *Practical Magic* meets the Salem Witch trials in this haunting story about three sisters on a quest for revenge—and how love may be the only thing powerful enough to stop them. Welcome to the cursed town of Sparrow... Where, two centuries ago, three sisters were sentenced to death for witchery. Stones were tied to their ankles and they were drowned in the deep waters surrounding the town. Now, for a brief time each summer, the sisters return, stealing the bodies of three weak-hearted girls so that they may seek their revenge, luring boys into the harbor and pulling them under. Like many locals, seventeen-year-old Penny Talbot has accepted the fate of the town. But this year, on the eve of the sisters’ return, a boy named Bo Carter arrives; unaware of the danger he

has just stumbled into. Mistrust and lies spread quickly through the salty, rain-soaked streets. The townspeople turn against one another. Penny and Bo suspect each other of hiding secrets. And death comes swiftly to those who cannot resist the call of the sisters. But only Penny sees what others cannot. And she will be forced to choose: save Bo, or save herself.

After the Fire, a Still Small Voice Nov 14 2021 After the departure of the woman he loves, Frank struggles to rebuild his life among the sugarcane and sand dunes that surround his oceanside shack. Forty years earlier, Leon is drafted to serve in Vietnam and finds himself suddenly confronting the same experiences that haunt his war-veteran father. As these two stories weave around each other—each narrated in a voice as tender as it is fierce—we learn what binds Frank and Leon together, and what may end up keeping them apart. Set in the unforgiving landscape of eastern Australia, Evie Wyld’s accomplished debut tackles the inescapability of the past, the ineffable ties of family, and the wars fought by fathers and sons.

*The Thirtymile Fire* Mar 07 2021 A riveting account of the deadly Thirtymile fire and the controversy and recriminations that raged in its aftermath, from our premier chronicler of wildfires and those who fight them The Thirtymile fire in the remote North Cascade range near the Canadian border in Washington began as a simple mop-

up operation. In a few hours, a series of catastrophic errors led to the entrapment and deaths of four members of the fire crew—two teen-age girls and two young men. Each had brought order and meaning to their lives by joining the fire world. Then the very flames they pursued turned on them, extinguishing their lives. When the victims were blamed for their own deaths, the charge brought a storm of controversy that undermined the firefighting community. Continuing a tradition established in his previous books, and by his father Norman's *Young Men and Fire*, John N. Maclean serves as an unflinching guide to the rogue fire's unexpected violence—which is almost matched by the passions released by the official verdict of the blaze. Weaving together the astonishing stories told by the witnesses, the victims' family members, and the official reports, Maclean produces a dramatic narrative of a catastrophe that has changed the way fire is fought. More than anything, it is a story of humanity at risk when wildfire, ancient and unpredictable, breaks loose

**Through the Fire To Be On Fire** Jul 23 2022 There is not much that I can't relate to in this life. I have been through abuse, divorce, betrayal, financial difficulties, military deployments, being fired, heartbreaks, death, suicidal thoughts, insecurity, anxiety, and temptations I have overcome and those I have failed. God has allowed me to be thrown into the fires of life several times. I never understood why when I was younger. I

always felt that God hated me, or He was punishing me, or that I was less than other people. It wasn't until I broke free from going through religious motions and entering into a relationship with Jesus that I started to understand why I had to go through the fires I went through in this life. There is a reason you are going through the things you are going through. You are not just incurring pain for no reason. There is a story being written, there is a testimony being formed, and the difference between success or failure is learning how to get comfortable inside the fire. You must learn how to survive the fires of life. The only way to do this is by having the proper mind-set. Being victorious in the fire is a choice!

“Center gives readers a sharp and witty exploration of love and forgiveness that is at once insightful, entertaining, and thoroughly addictive.” — KIRKUS, STARRED REVIEW  
“An appealing heroine, a compelling love story, a tearjerking twist, and a thoroughly absorbing story. Another winner from Center.” — BOOKLIST, STARRED REVIEW  
“A spirited, independent heroine meets a smoking-hot fireman in Center’s smart romance... If you enjoyed ‘The Kiss Quotient,’ by Helen Hoang, read Things

You Save in a Fire” – THE WASHINGTON POST From the New York Times bestselling author of How to Walk Away comes a stunning new novel about courage, hope, and learning to love against all odds. Cassie Hanwell was born for emergencies. As one of the only female firefighters in her Texas firehouse, she's seen her fair share of them, and she's a total pro at other people's tragedies. But when her estranged and ailing mother asks her to give up her whole life and move to Boston, Cassie suddenly has an emergency of her own. The tough, old-school Boston firehouse is as different from Cassie's old job as it could possibly be. Hazing, a lack of funding, and poor facilities mean that the firemen aren't exactly thrilled to have a "lady" on the crew—even one as competent and smart as Cassie. Except for the infatuation-inspiring rookie, who doesn't seem to mind having Cassie around. But she can't think about that. Because love is girly, and it's not her thing. And don't forget the advice her old captain gave her: Never date firefighters. Cassie can feel her resolve slipping...and it means risking it all—the only job she's ever loved, and the hero she's worked like hell to become. Katherine Center's *Things You Save in a Fire* is a heartfelt and healing tour-de-force about the strength of vulnerability, the nourishing magic of forgiveness, and the life-changing power of defining courage, at last, for yourself.

**Shoutin' in the Fire** Jul 03 2023 A stirring meditation of being Black and learning to

love in a loveless, anti-Black world “Only once in a lifetime do we come across a writer like Danté Stewart, so young and yet so masterful with the pen. This work is a thing to make dungeons shake and hearts thunder.”—Robert Jones, Jr., New York Times bestselling author of *The Prophets In Shoutin’ in the Fire*, Danté Stewart gives breathtaking language to his reckoning with the legacy of white supremacy—both the kind that hangs over our country and the kind that is internalized on a molecular level. Stewart uses his personal experiences as a vehicle to reclaim and reimagine spiritual virtues like rage, resilience, and remembrance—and explores how these virtues might function as a work of love against an unjust, unloving world. In 2016, Stewart was a rising leader at the predominantly white evangelical church he and his family were attending in Augusta, Georgia. Like many young church leaders, Stewart was thrilled at the prospect of growing his voice and influence within the community, and he was excited to break barriers as the church’s first Black preacher. But when Donald Trump began his campaign, so began the unearthing. Stewart started overhearing talk in the pews—comments ranging from microaggressions to outright hostility toward Black Americans. As this violence began to reveal itself en masse, Stewart quickly found himself isolated amid a people unraveled; this community of faith became the place where he and his family now found themselves most alone. This set Stewart on a

journey—first out of the white church and then into a liberating pursuit of faith—by looking to the wisdom of the saints that have come before, including James H. Cone, James Baldwin, and Toni Morrison, and by heeding the paradoxical humility of Jesus himself. This sharply observed journey is an intimate meditation on coming of age in a time of terror. Stewart reveals the profound faith he discovered even after experiencing the violence of the American church: a faith that loves Blackness; speaks truth to pain and trauma; and pursues a truer, realer kind of love than the kind we're taught, a love that sets us free.

**The Fire** Sep 24 2022 2003, Colorado: Alexandra Solarin is summoned home to her family's ancestral Rocky Mountain hideaway for her mother's birthday. Thirty years ago, her parents, Cat Velis and Alexander Solarin, believed that they had scattered the pieces of the Montglane Service around the world, burying with the chessmen the secrets of the power that comes with possessing them. But Alexandra arrives to find that her mother is missing—and that the Game has begun again. 1822, Albania: Haidee, the young daughter of a powerful Ottoman ruler, embarks on a dangerous mission to smuggle a valuable relic out of Albania and deliver it into the hands of the one man who might be able to save it. Haidee's journey brings forth chilling revelations that burn through history to the present day.

All Fires the Fire May 09 2021 “One of the most adventurous and rewarding collections since the publication of Cortázar’s own Blow-up.” —Los Angeles Times A traffic jam outside Paris lasts for weeks. Che Guevara and Fidel Castro meet on a mountaintop during the Cuban Revolution. A flight attendant becomes obsessed with a small Greek island, resulting in a surreal encounter with death. In *All Fires the Fire*, Julio Cortázar (author of *Hopscotch* and the short story “Blow-Up” ) creates his own mindscapes beyond space and time, where lives intersect for brief moments and situations break and refract. *All Fires the Fire* contains some of Julio Cortázar’s most beloved stories. It is a classic collection by “one of the world’s great writers” (Washington Post).

**Into the Fire** Mar 11 2024 An isolated Alaskan fishing village is torn apart by a morals controversy when the mayor's wife walks naked through town in a desperate attempt to

get the attention of her philandering husband. At the height of the crisis a mysterious man is washed ashore, setting the community on fire in more than one way. This humorous and poetic drama explores awakening, rebirth and small town life with magical realism given an Alaskan twist.

**To Light a Fire on the Earth** Jun 21 2022 The highly anticipated follow-up to Bishop Robert Barron's hugely successful *Catholicism: A Journey to the Faith* As secularism gains influence, and increasing numbers see religion as dull and backward, Robert Barron wants to illuminate how beautiful, intelligent, and relevant the Catholic faith is. In this compelling new book—drawn from conversations with and narrated by award-winning Vatican journalist John L. Allen, Jr.—Barron, founder of Word on Fire Catholic Ministries, proclaims in vivid language the goodness and truth of the Catholic tradition. Through Barron's smart, practical, artistic, and theological observations as well as personal anecdotes—from engaging atheists on YouTube to discussing his days as a young diehard baseball fan from Chicago—*To Light a Fire on the Earth* covers prodigious ground. Touching on everything from Jesus to prayer, science, movies, atheism, the spiritual life, the fate of Church in modern times, beauty, art, and social media, Barron reveals why the Church matters today and how Catholics can intelligently engage a skeptical world.

EMS by Fire Aug 24 2022 Firefighter, medic and author Michael Morse bares his soul with first-person accounts from a 25-year career vividly defining the first responder's vital role as a medical professional. EMS by Fire: The Making of a Fire Medic puts the reader at the scene "where people desperately wait, frantic, impatient, lonely, dying or dead ... the public we serve is not interested in who arrives at their emergency, as long as somebody comes, preferably well trained and well equipped." "Writing for and about firefighters and EMS personnel from the ambulance officer's seat is tricky on the good days, career suicide on the bad, and quite gratifying on the rest. "The truth is that the ratio of misery to inspiration is greatly exaggerated in my writings, with misery beating inspiration by a 20-1 margin. Yet, it is those moments of inspiration that make the misery bearable ..." Features: Gain a better understanding of the jobs of fire-based EMS personnel Improve your skills and build teamwork between firefighters and EMS True stories and real-life scenarios from a veteran of the EMS and Fire service

Into the Fire Jul 11 2021 "The story of what Dakota did . . . will be told for generations."—President Barack Obama, from remarks given at Meyer's Medal of Honor ceremony In the fall of 2009, Taliban insurgents ambushed a patrol of Afghan soldiers and Marine advisors in a mountain village called Ganjigal. Firing from entrenched positions, the enemy was positioned to wipe out one hundred men who

were pinned down and were repeatedly refused artillery support. Ordered to remain behind with the vehicles, twenty-one year-old Marine corporal Dakota Meyer disobeyed orders and attacked to rescue his comrades. With a brave driver at the wheel, Meyer stood in the gun turret exposed to withering fire, rallying Afghan troops to follow. Over the course of the five hours, he charged into the valley time and again. Employing a variety of machine guns, rifles, grenade launchers, and even a rock, Meyer repeatedly repulsed enemy attackers, carried wounded Afghan soldiers to safety, and provided cover for dozens of others to escape—supreme acts of valor and determination. In the end, Meyer and four stalwart comrades—an Army captain, an Afghan sergeant major, and two Marines—cleared the battlefield and came to grips with a tragedy they knew could have been avoided. For his actions on that day, Meyer became the first living Marine in three decades to be awarded the Medal of Honor. Into the Fire tells the full story of the chaotic battle of Ganjigal for the first time, in a compelling, human way that reveals it as a microcosm of our recent wars. Meyer takes us from his upbringing on a farm in Kentucky, through his Marine and sniper training, onto the battlefield, and into the vexed aftermath of his harrowing exploits in a battle that has become the stuff of legend. Investigations ensued, even as he was pitched back into battle alongside U.S. Army soldiers who embraced him as a fellow grunt. When it

was over, he returned to the States to confront living with the loss of his closest friends. This is a tale of American values and upbringing, of stunning heroism, and of adjusting to loss and to civilian life. We see it all through Meyer's eyes, bullet by bullet, with raw honesty in telling of both the errors that resulted in tragedy and the resolve of American soldiers, U.S. Marines, and Afghan soldiers who'd been abandoned and faced certain death. Meticulously researched and thrillingly told, with nonstop pace and vivid detail, *Into the Fire* is the unvarnished story of a modern American hero. Praise for *Into the Fire* "A story of men at their best and at their worst . . . leaves you gaping in admiration at Medal of Honor winner Dakota Meyer's courage."—National Review "Meyer's dazzling bravery wasn't momentary or impulsive but deliberate and sustained."—The Wall Street Journal "[A] cathartic, heartfelt account . . . Combat memoirs don't get any more personal."—Kirkus Reviews "A great contribution to the discussion of an agonizingly complex subject."—The Virginian-Pilot "Black Hawk Down meets Lone Survivor."—Library Journal

**Fire** Apr 19 2022 Over vast expanses of time, fire and humanity have interacted to expand the domain of each, transforming the earth and what it means to be human. In this concise yet wide-ranging book, Stephen J. Pyne--named by Science magazine as "the world's leading authority on the history of fire"--explores the surprising dynamics

of fire before humans, fire and human origins, aboriginal economies of hunting and foraging, agricultural and pastoral uses of fire, fire ceremonies, fire as an idea and a technology, and industrial fire. In this revised and expanded edition, Pyne looks to the future of fire as a constant, defining presence on Earth. A new chapter explores the importance of fire in the twenty-first century, with special attention to its role in the Anthropocene, or what he posits might equally be called the Pyrocene.

**To Build a Fire** Mar 31 2023 Describes the experiences of a newcomer to the Yukon when he attempts to hike through the snow to reach a mining claim.

**And After the Fire** Oct 14 2021 National Jewish Book Award Winner The New York Times bestselling author of *A Fierce Radiance* and *City of Light* returns with a powerful and passionate novel—inspired by historical events—about two women, one European and one American, and the mysterious choral masterpiece by Johann Sebastian Bach that changes both their lives. In the ruins of Germany in 1945, at the end of World War II, American soldier Henry Sachs takes a souvenir, an old music manuscript, from a seemingly deserted mansion and mistakenly kills the girl who tries to stop him. In America in 2010, Henry's niece, Susanna Kessler, struggles to rebuild her life after she experiences a devastating act of violence on the streets of New York City. When Henry dies soon after, she uncovers the long-hidden music manuscript. She

becomes determined to discover what it is and to return it to its rightful owner, a journey that will challenge her preconceptions about herself and her family's history—and also offer her an opportunity to finally make peace with the past. In Berlin, Germany, in 1783, amid the city's glittering salons where aristocrats and commoners, Christians and Jews, mingle freely despite simmering anti-Semitism, Sara Itzig Levy, a renowned musician, conceals the manuscript of an anti-Jewish cantata by Johann Sebastian Bach, an unsettling gift to her from Bach's son, her teacher. This work and its disturbing message will haunt Sara and her family for generations to come. Interweaving the stories of Susanna and Sara, and their families, *And After the Fire* traverses over two hundred years of history, from the eighteenth century through the Holocaust and into today, seamlessly melding past and present, real and imagined. Lauren Belfer's deeply researched, evocative, and compelling narrative resonates with emotion and immediacy.

The Great Chicago Fire Aug 12 2021 On October 8, 1871, a fierce fire broke out in the bustling city of Chicago. Jumping rivers and burning miles of buildings and homes, the flames raged for more than two days. More than a hundred people died, and thousands were left homeless. Could the city have prevented this blaze? To understand the impact of a disaster, you must understand its causes. How did Chicago's building methods add

fuel to the fire? How did human error delay help when the fire broke out? Investigate the disaster from a cause-and-effect perspective and find out!

**The Fire Outside My Window** Apr 07 2021 A survivor's heart-stopping account of a modern megafire, with a new introduction by the author "The Cedar fire was a landmark event in American and California fire history. It continues to be a valuable case study for fire-line leaders and emergency responders. *The Fire Outside My Window* captures the epic scale, drama, and impact of today's recurring megafires better than any other book I know, and Sandra Younger's harrowing account of her own brush with death should be required reading for all emergency responders and anyone who lives in the wildland-urban interface. *The Fire Outside My Window* has become a classic account of a historic wildfire." -Tom Boatner, Chief, Bureau of Land Management (BLM) Fire Operations (retired) One of the largest and most destructive fires in California's recorded history, the Cedar Fire ravaged the San Diego area in late 2003, burning 273,246 acres, destroying 2,820 structures, and killing 15 people. In a hopeful new introduction to this special 20th anniversary edition of *The Fire Outside My Window*, author Sandra Millers Younger reveals lessons learned from the historic California fire that took her home and signaled a new era in fire and climate history. Younger's own miraculous saga of escape, ruin and renewal unifies a tapestry of

experiences that takes readers into the heart of the epic firefight with stories of firefighters scrambling to combat a disaster bigger than they'd ever imagined, and civilians racing desperately to escape the flames. *The Fire Outside My Window* is a riveting and nuanced tale that captures the intensity of a catastrophic wildfire, honors those lost to its fury, and celebrates the human spirit's innate capacity to triumph over adversity.

**Fire Study** Nov 07 2023 From New York Times Bestselling Author Maria V. Snyder  
The apprenticeship is over—now the real test has begun. When word that Yelena is a Soulfinder—able to capture and release souls—spreads like wildfire, she faces mistrust and fear in Sitia. What's more, she keeps discovering new, unusual sides of her abilities. As the Council debates Yelena's fate, she receives a disturbing message: a plot is rising against her homeland, led by a murderous sorcerer she has defeated before... **On Fire** Sep 05 2023 In the bestselling tradition of Brene Brown's *Daring Greatly* and Nick Vujicic's *Life Without Limits* comes a rousing 7-step plan for living a life on fire, filled with hope and possibility—from an inspirational speaker who survived a near-fatal fire at the age of nine and now runs a successful business inspiring people all around the world. When John O'Leary was nine years old, he was almost killed in a devastating house fire. With burns on one hundred percent of his body, O'Leary mustered an almost unimaginable amount of inner strength just to survive the ordeal. The insights he gained through this experience and the heroes who stepped into his life to help him through the journey—his family, the medical staff, and total strangers—changed his life. Now he is committed to living life to the fullest and inspiring others to do the same. An incredible and emotionally honest account of triumph over tragedy, *On Fire* contains O'Leary's reflections on being that little boy, the life-giving choices made then, and the resulting lessons he learned. O'Leary very clearly shares that without the right people providing the right guidance, at the right time, he never would have made it through those five months in the hospital, let alone

the years that followed as he struggled to regain mobility, embrace his story, and ignite clarity of his life's purpose. *On Fire* encourages us to seize the power to choose our path and transform our lives from mundane to extraordinary. Once we stop thinking solely on the big moments in our lives, we can begin to focus on those smaller opportunities that tend to pass us by. These are the events—the inflection points in our lives—that can determine how we feel about life now, where we are headed in the future, and how many lives we can impact along the way. We can't always choose the path we walk, but we can choose how we walk it. Empowering, inspiring, remarkably honest, and heartfelt, O'Leary's strength and incredible spirit shine through on every page.

**After the Fire** Jan 09 2024 First published in 1872, this two-volume memoir by explorer, ethnographer and diplomat Sir Richard Burton (1821–90) was written while Burton and John Hanning Speke were making preparations for their expedition to solve one of the major geographical mysteries of the nineteenth century - the location of the source of the Nile. Burton and Speke arrived in Zanzibar in December 1856, and spent several months in preparations for their journey. During this time, Burton made detailed notes on his surroundings which were later developed into this book. Volume 1 focuses on 'The City and the Island'. Burton discusses the significance of the 'Nile

question' as well as recording geographical, botanical, meteorological, and ethnographic observations. Volume 2 concerns the two expeditions of 1857–9, including the discovery of Lake Tanganyika and Speke's later independent discovery of Lake Victoria, which gave rise to a notorious dispute between the two men.

**Fire Is Your Water** Dec 08 2023 Sacred chants are Ada Franklin's power and her medicine. By saying them, she can remove warts, stanch bleeding, and draw the fire from burns. At age twenty, her reputation as a faith healer defines her in her rural Pennsylvania community. But on the day in 1953 that her family's barn is consumed by flame, her identity as a healer is upended. The heat, the roar of the blaze, and the bellows of the trapped cows change Ada. For the first time, she fears death and—for the first time—she doubts God. With her belief goes her power to heal. Then Ada meets an agnostic named Will Burk and his pet raven, Cicero. *Fire Is Your Water* is acclaimed memoirist Jim Minick's first novel. Built on magical realism and social observation in equal measure, it never gives way to sentimentality and provides an insider's glimpse into the culture of Appalachia. A jealous raven, a Greek chorus of one, punctuates the story with its judgments on the characters and their actions, until a tragic accident brings Ada and Will together in a deeper connection.

**The Invention of Fire** Feb 10 2024 The author of the acclaimed medieval mystery *A*

Burnable Book once again brings fourteenth-century London alive in all its color and detail in this riveting thriller featuring medieval poet and fixer John Gower—a twisty tale rife with intrigue, danger mystery, and murder. Though he is one of England’s most acclaimed intellectuals, John Gower is no stranger to London’s wretched slums and dark corners, and he knows how to trade on the secrets of the kingdom’s most powerful men. When the bodies of sixteen unknown men are found in a privy, the Sheriff of London seeks Gower’s help. The men’s wounds—ragged holes created by an unknown object—are unlike anything the sheriff’s men have ever seen. Tossed into the sewer, the bodies were meant to be found. Gower believes the men may have been used in an experiment—a test for a fearsome new war weapon his informants call the “handgonne,” claiming it will be the “future of death” if its design can be perfected. Propelled by questions of his own, Gower turns to courtier and civil servant Geoffrey Chaucer, who is working on some poems about pilgrims that Gower finds rather vulgar. Chaucer thinks he just may know who commissioned this new weapon, an extremely valuable piece of information that some will pay a high price for—and others will kill to conceal. . .

**The Fire of Freedom** Aug 04 2023 Examines the life of a former slave who became a radical abolitionist and Union spy, recruiting black soldiers for the North, fighting

racism within the Union Army and much more.

*The Fire Line* Jun 02 2023 “In Fernanda Santos’ expert hands, the story of 19 men and a raging wildfire unfolds as a riveting, pulse-pounding account of an American tragedy; and also as a meditation on manhood, brotherhood and family love. *The Fire Line* is a great and deeply moving book about courageous men and women.” - Héctor Tobar, author of *Deep Down Dark: The Untold Stories of 33 Men Buried in a Chilean Mine and the Miracle that Set Them Free*. When a bolt of lightning ignited a hilltop in the sleepy town of Yarnell, Arizona, in June of 2013, setting off a blaze that would grow into one of the deadliest fires in American history, the twenty men who made up the Granite Mountain Hotshots sprang into action. An elite crew trained to combat the most challenging wildfires, the Granite Mountain Hotshots were a ragtag family, crisscrossing the American West and wherever else the fires took them. The Hotshots were loyal to one another and dedicated to the tough job they had. There's Eric Marsh, their devoted and demanding superintendent who turned his own personal demons into lessons he used to mold, train and guide his crew; Jesse Steed, their captain, a former Marine, a beast on the fire line and a family man who wasn't afraid to say “I love you” to the firemen he led; Andrew Ashcraft, a team leader still in his 20s who struggled to balance his love for his beautiful wife and four children and his passion for fighting

wildfires. We see this band of brothers at work, at play and at home, until a fire that burned in their own backyards leads to a national tragedy. Impeccably researched, drawing upon more than a hundred hours of interviews with the firefighters' families, colleagues, state and federal officials, and fire historians and researchers, New York Times Phoenix Bureau Chief Fernanda Santos has written a riveting, pulse-pounding narrative of an unthinkable disaster, a remarkable group of men and the raging wildfires that threaten our country's treasured wild lands. *The Fire Line* is the winner of the 2017 Spur Award for Best First Nonfiction Book, and Spur Award Finalist for Best Western Contemporary Nonfiction.

*The Fire This Time* Jun 09 2021 "Ward takes James Baldwin's 1963 examination of race in America, *The Fire Next Time*, as a jumping off point for this ... collection of essays and poems about race from ... voices of her generation and our time"--

*A Fire Story* Apr 12 2024 The award-winning author and illustrator presents a personal account of the Northern California wildfires of 2017 in this moving graphic memoir. On October 9th, 2017, wildfires burned through Northern California, resulting in forty-four fatalities and the destruction of thousands of homes. In *A Fire Story*, Brian Fies shares an unflinching account of this tragedy as he and his wife experienced it—including losing their house and every possession that didn't fit in their car. As the

fires continued to burn through the area, Brian pulled together A Fire Story and posted it online. It immediately went viral. He later expanded the webcomic to include environmental insight and the fire stories of his neighbors. A Fire Story is a candid testimony of the wildfires that left homes destroyed, families broken, and a community determined to rebuild. This updated and expanded edition includes thirty-two pages of all-new material, extending the story past the events of the hardcover edition to include updates on the rebuilding, wrestling with insurance, wrangling with contractors, the management of sometimes volatile emotions, and the threats of yet another wildfire.

**Trial by Fire** Feb 15 2022 In only 90 seconds, a fire in the Station nightclub killed 100 people and injured hundreds more. It would take nearly 20 years to find out why—and who was really at fault. All it took for a hundred people to die during a show by the hair metal band Great White was a sudden burst from two giant sparklers that ignited the acoustical foam lining the Station nightclub. But who was at fault? And who would pay? This being Rhode Island, the two questions wouldn't necessarily have the same answer. Within 24 hours the governor of Rhode Island and the local police commissioner were calling for criminal charges, although the investigation had barely begun, no real evidence had been gathered, and many of the victims hadn't been identified. Though many parties could be held responsible, fingers pointed quickly at

the two brothers who owned the club. But were they really to blame? Bestselling author and three-time Emmy Award-winning reporter Scott James investigates all the central figures, including the band's manager and lead singer, the fire inspector, the maker of the acoustical foam, as well as the brothers. Drawing on firsthand accounts, interviews with many involved, and court documents, James explores the rush to judgment about what happened that left the victims and their families, whose stories he also tells, desperate for justice. *Trial By Fire* is the heart-wrenching story of the fire's aftermath because while the fire, one of America's deadliest, lasted fewer than two minutes, the search for the truth would take twenty years.

*The Hamlet Fire* Oct 26 2022 For decades, the small, quiet town of Hamlet, North Carolina, thrived thanks to the railroad. But by the 1970s, it had become a postindustrial backwater, a magnet for businesses in search of cheap labor and almost no oversight. Imperial Food Products was one of those businesses. The company set up shop in Hamlet in the 1980s. Workers who complained about low pay and hazardous working conditions at the plant were silenced or fired. But jobs were scarce in town, so workers kept coming back, and the company continued to operate with impunity. Then, on the morning of September 3, 1991, the never-inspected chicken-processing plant a stone's throw from Hamlet's city hall burst into flames. Twenty-five people perished

that day behind the plant's locked and bolted doors. It remains one of the deadliest accidents ever in the history of the modern American food industry. Eighty years after the Triangle Shirtwaist Fire, industrial disasters were supposed to have been a thing of the past in the United States. However, as award-winning historian Bryant Simon shows, the pursuit of cheap food merged with economic decline in small towns across the South and the nation to devalue laborers and create perilous working conditions. The Hamlet fire and its aftermath reveal the social costs of antiunionism, lax regulations, and ongoing racial discrimination. Using oral histories, contemporary news coverage, and state records, Simon has constructed a vivid, potent, and disturbing social autopsy of this town, this factory, and this time that exposes how cheap labor, cheap government, and cheap food came together in a way that was destined to result in tragedy.

*The Fire by Night* May 01 2023 The International Bestseller! A powerful and evocative debut novel about two American military nurses during World War II that illuminates the unsung heroism of women who risked their lives in the fight—a riveting saga of friendship, valor, sacrifice, and survival combining the grit and selflessness of *Band of Brothers* with the emotional resonance of *The Nightingale*. In war-torn France, Jo McMahan, an Italian-Irish girl from the tenements of Brooklyn, tends to six

seriously wounded soldiers in a makeshift medical unit. Enemy bombs have destroyed her hospital convoy, and now Jo singlehandedly struggles to keep her patients and herself alive in a cramped and freezing tent close to German troops. There is a growing tenderness between her and one of her patients, a Scottish officer, but Jo's heart is seared by the pain of all she has lost and seen. Nearing her breaking point, she fights to hold on to joyful memories of the past, to the times she shared with her best friend, Kay, whom she met in nursing school. Half a world away in the Pacific, Kay is trapped in a squalid Japanese POW camp in Manila, one of thousands of Allied men, women, and children whose fates rest in the hands of a sadistic enemy. Far from the familiar safety of the small Pennsylvania coal town of her childhood, Kay clings to memories of her happy days posted in Hawaii, and the handsome flyer who swept her off her feet in the weeks before Pearl Harbor. Surrounded by cruelty and death, Kay battles to maintain her sanity and save lives as best she can . . . and live to see her beloved friend Jo once more. When the conflict at last comes to an end, Jo and Kay discover that to achieve their own peace, they must find their place—and the hope of love—in a world that's forever changed. With rich, superbly researched detail, Teresa Messineo's thrilling novel brings to life the pain and uncertainty of war and the sustaining power of love and friendship, and illuminates the lives of the women who risked everything to

save others during a horrifying time.

*Fire* Jun 14 2024 Over vast expanses of time, fire and humanity have interacted to expand the domain of each, transforming the earth and what it means to be human. In this concise yet wide-ranging book, Stephen J. Pyne—named by Science magazine as “the world’s leading authority on the history of fire”—explores the surprising dynamics of fire before humans, fire and human origins, aboriginal economies of hunting and foraging, agricultural and pastoral uses of fire, fire ceremonies, fire as an idea and a technology, and industrial fire. In this revised and expanded edition, Pyne looks to the future of fire as a constant, defining presence on Earth. A new chapter explores the importance of fire in the twenty-first century, with special attention to its role in the Anthropocene, or what he posits might equally be called the Pyrocene.

**The Fire Outside My Window** Nov 26 2022 *The Fire Outside My Window: A Survivor Tells the True Story of California's Epic Cedar Fire* is both a poignant memoir and a veteran journalist's narrative nonfiction account of a catastrophic event that crippled postcard-perfect San Diego and dominated international headlines in October 2003. Author Sandra Millers Younger's miraculous saga of escape, ruin and renewal

unifies a tapestry of experiences woven from more than 100 interviews with firefighters, survivors and the families of those who died. The fire itself, one of the biggest and most destructive in California history, is the main character in this epic story--a rampaging monster, framed within historical context, battled by understaffed, under-equipped firefighters, and confronted from the rare perspective of terrified civilians caught in its path. Timing, location and weather conspired against air tankers, fire engines and bulldozers, enabling a lost hunter's signal fire to gather strength in the mountains east of San Diego. Overnight, a swelling wind sent flames galloping toward the Pacific, killing 15 people, 12 of them the author's neighbors; incinerating more than 2,200 homes, including hers; and creating a lunarscape 20 times the size of Manhattan. In this revealing narrative, Younger takes readers into the heart of an epic firefight, telling the stories of fire chiefs and air tanker pilots trying to combat a catastrophe bigger than they had ever imagined, and recounting both survivors' and victims' desperate efforts to escape flames moving faster than fire engines could drive. *The Fire Outside My Window* is a riveting and nuanced tale that captures the intensity of a runaway wildfire, honors those lost to its fury, and celebrates the human spirit's innate capacity to triumph over adversity.

*Fire in America* Oct 06 2023 From prehistory to the present-day conservation

movement, Pyne explores the efforts of successive American cultures to master wildfire and to use it to shape the landscape.

**With the Fire on High** May 21 2022 From New York Times bestselling author of *POET X* comes a story of a girl with talent, pride and a little bit of magic that keeps her fire burning bright. Ever since she got pregnant during freshman year, Emoni Santiago's life has been about making the tough decisions, doing what has to be done for her daughter and her abuela. The one place she can let all that go is in the kitchen. There, she lets her hands tell her what to cook, listening to her intuition and adding a little something magical every time, turning her food into straight-up goodness. Even though she's always dreamed of working in a kitchen after she graduates, Emoni knows that it's not worth her time to pursue the impossible. But then an opportunity presents itself to not only enrol in a culinary arts class in her high school, but also to travel abroad to Spain for an immersion program. Emoni knows that her decisions post high school have to be practical ones, but despite the rules she's made for her life — and everyone else's rules that she refuses to play by — once Emoni starts cooking, her only choice is to let her talent break free.

*Fire Season* Dec 28 2022 “Fire Season both evokes and honors the great hermit

celebrants of nature, from Dillard to Kerouac to Thoreau—and I loved it.” —J.R. Moehringer, author of *The Tender Bar* “[Connors’s] adventures in radical solitude make for profoundly absorbing, restorative reading.” —Walter Kirn, author of *Up in the Air* Phillip Connors is a major new voice in American nonfiction, and his remarkable debut, *Fire Season*, is destined to become a modern classic. An absorbing chronicle of the days and nights of one of the last fire lookouts in the American West, *Fire Season* is a marvel of a book, as rugged and soulful as Matthew Crawford’s bestselling *Shop Class as Soulcraft*, and it immediately places Connors in the august company of Edward Abbey, Annie Dillard, Aldo Leopold, Barry Lopez, and others in the respected fraternity of hard-boiled nature writers.
