The Road To The Bridge Laurence O'Bryan, 2019-12-04 Torn between love and duty Constantine faces disaster Juliana his mistress has been kidnapped by a raiding party and taken to northern Germania out of reach of his legions Ignoring his mother's demands for him to marry quickly Constantine assembles a Roman cavalry cohort and heads into the endless forest Somewhere far ahead is the meeting place of the tribes where Juliana is facing a fight to the death among a people who collect skulls as ornaments and are ruled by a queen with a strong blood lust Constantine then

finds out that his young son has been taken to Rome as a hostage His only hope of rescuing him is to march on the city Battered and in disarray he and his legions finally reach the city walls His Saxon allies have defected He is seriously injured and every key battle his army has won was because of his personal intervention Then his closest friend the leader of the Christians in Rome also defects to the enemy Is this the end for Constantine The Battle of the Milvian Bridge was one of the most important in history This story tells us what could have happened that stormy day in 312 A D and who the women were who changed the course of the battle *The Mandaean Book of John* Charles G. Häberl, James F. McGrath, 2019-11-18 Given the degree of popular fascination with Gnostic religions it is surprising how few pay attention to the one such religion that has survived from antiquity until the present day Mandaism Mandaean who esteem John the Baptist as the most famous adherent to their religion have in our time found themselves driven from their historic homelands by war and oppression Today they are a community in crisis but they provide us with unparalleled access to a library of ancient Gnostic scriptures as part of the living tradition that has sustained them across the centuries Gnostic texts such as these have caught popular interest in recent times as traditional assumptions about the original forms and cultural contexts of related religious traditions such as Judaism Christianity and Islam have been called into question However we can learn only so much from texts in isolation from their own contexts Mandaean literature uniquely allows us not only to increase our knowledge about Gnosticism and by extension all these other religions but also to observe the relationship between Gnostic texts rituals beliefs and living practices both historically and in the present day *Science and Application of High-Intensity Interval Training* Laursen, Paul, Buchheit, Martin, 2019 The popularity of high intensity interval training HIIT which consists primarily of repeated bursts of high intensity exercise continues to soar because its effectiveness and efficiency have been proven in use by both elite athletes and general fitness enthusiasts Surprisingly few resources have attempted to explain both the science behind the HIIT movement and its sport specific application to athlete training That's why *Science and Application of High Intensity Interval Training* is a must have resource for sport coaches strength and conditioning professionals personal trainers and exercise physiologists as well as for researchers and sport scientists who study high intensity interval training

Assume Nothing, Believe Nobody, Challenge Everything Mike Craven, 2015-03-05 Betrayals of trust poker cheats ambitious barristers cyber bullies lost diplomats and revenge are just some of the themes explored in this collection of short stories As Mike Craven introduces Detective Inspector Avison Fluke and the rest of his characters from Cumbria's Force Major Incident Team in tales where little is at stake seems the only thing you can do is Assume Nothing Believe No One Challenge Everything In F I I Fluke is called to the bedside of a malnourished child Why is she so thin Why is her mother so keen to help Is she ill or is something sinister happening As Fluke gradually exposes a mother's shocking secret his belief in human nature is tested to the absolute limit But even with a full admission the case might still have one last sting in the tail In *Under the Gun* Fluke finds himself playing poker at the FMIT monthly get together These social events are supposed to be fun a way for

the team to relax and enjoy each others company outside the pressures of work So why is Fluke cheating Will anyone find out and more importantly what will happen if they do Because this isn t about money it s about bragging rights and bragging rights are priceless Mot Juste sees Fluke giving evidence at court Part and parcel of the job Carlisle Crown Court is like a second home The crimes FMIT investigate result in huge prison sentences so it s no surprise they attract their fair share of not guilty pleas Called to give evidence Fluke is questioned by an ambitious barrister who will ask anything and go anywhere to get his client off Nothing unusual in that if you re facing fifteen years why not throw the dice But Fluke s antenna is up Because this time he s been called as a witness for the defence And he has no idea why Skuttlebutt is the new social media site kids are dying to immerse themselves in Sometimes literally A farmer desperate for answers as to why his son killed himself asks Fluke to investigate Although he s convinced the coroner s verdict was correct Fluke asks Jiao long the team s resident computer genius to give the boy s laptop a cursory examination But Jiao long doesn t do cursory examinations He takes computers seriously and he finds something On the other side of the Atlantic in the middle of America s bible belt lives an evil so abhorrent Fluke has no choice but to do something even if it costs him his job But how do you stop someone who lives thousands of miles away who can t be extradited and hasn t even committed a crime In the Sudan flown in to assist the search effort for a missing diplomat in Lost and Found Fluke finds himself stranded in the middle of a civil war The embassy has given him a map a mobile phone an old Land Rover and not much else So far he s driven over two hundred miles without picking up the scent of Olivia Stone and just wants to get back to the hotel for bath and a beer before starting again the next day But this is Africa and nothing is ever straightforward Fifty miles from the hotel his Land Rover develops a mechanical fault and Fluke is about to find out there are things far worse than breaking down in the African bush at night With Fluke in hospital Detective Sergeant Matt Towler investigates the brutal murder of Eleanor Hobbs She has been kicked to death in the street With all evidence pointing to two brothers from the notorious Bunney family Towler moves quickly to arrest them But he is too late and the family have escaped justice They were last seen in the Port of Whitehaven getting on a fishing vessel bound for Ireland But Towler isn t convinced He used to be a Para and he s heard the name Hobbs before Towler doesn t think the Bunney family have fled at all Because Eleanor s husband Stan Hobbs is A Different Kind of Animal

Achebe and Salman Rushdie to show how subject peoples produced their own vigorous cultures of opposition and resistance Vast in scope and stunning in its erudition Culture and Imperialism reopens the dialogue between literature and the life of its time

Inconceivable Beasts Asa Simon Mittman, Susan M. Kim, 2013 Bound with Beowulf the Old English Wonders of the East a catalogue of marvelous beings describes the very creatures it depicts as ungefraegelicu unheard of inconceivable Insistently these representations both visual and textual provoke questions about the nature and possibility of representation itself In doing so they also destabilize the notion of scholarship as being able to provide final concrete meanings even as they suggest the possibility for other ways of approaching meanings including the question of what it meant and means to be a monster and thus to be human Containing the first color facsimile of the Wonders transcription translation and extensive commentary this volume should be of interest to students and scholars of Old English literature Anglo Saxon art and monster studies Book jacket

The Spy Novels of John Le Carré M. Aronoff, 1998-12-14 Using espionage as a metaphor for politics John le Carré explores the dilemmas that confront individuals and governments as they act during and in the aftermath of the Cold War His unforgettable characters struggle to maintain personal and professional integrity while facing conflicting personal institutional and ideological loyalties In The Spy Novels of John le Carré author Myron Aronoff interprets the ambiguous ethical and political implications of the work of John le Carré revealing him to be one of the most important political writers of our time Aronoff shows how through his writing le Carré poses the difficult question of to what extent are western governments justified in pursuing raison d'état without undermining the very democratic freedoms that they claim to defend He also draws parallels between the self parody of le Carré and that of the seventeenth century Dutch artist Jan Steen and explains how it expresses a unique form of ambiguous moralism In this volume Aronoff relates le Carré's fictional world to the real world of espionage and demonstrates the need to balance the imperatives of ethics and politics in regard to some of the most pressing issues facing the world today
