## INTRODUCTION

1 - Front    2 - Right    3 - Rear    4 - Left  
Views of location

There are a few facts that you should know about your hydraulic drive tractor.

The hydraulic drive will require minimum service if recommended operating and maintenance procedures are followed. Should you have difficulties with the unit consult your International Service dealer.

**UNDER NO CIRCUMSTANCE SHOULD YOU ATTEMPT TO SERVICE THESE UNITS YOURSELF.** Only your dealer is authorized to repair or replace units on the hydraulic drive under the terms of the warranty.

You cannot start the engine by towing the tractor, attempts to do so will damage the hydraulic pump.

To tow the tractor, place the High-Range Selector in neutral. Refer to Towing the Tractor.

Never attempt to effect a high speed coast by putting the speed valve control lever in neutral or by depressing the Foot-Brake pedal.

Never coast the tractor with the engine shut off.

Change the filters at the specified interval. The 50 hour and 100 hour changes are extremely important and must not be overlooked.
